Mission Statement

*The Discipline Action Committee of Decatur Public School District #61 is charged with maintaining and updating the language contained within the **Student Code of Conduct and Parent Handbook**. Our goal is to provide parents and students of District #61 with expectations for student conduct and the consequences for failure to adhere to the policies stated within the handbook. The Committee will update the handbook's language as dictated by changes to Federal and State laws and to meet District #61's needs. We will provide our schools with the tools to promote positive, responsible standards of student behavior in order to provide quality educational environments free from disruptions that interfere with the learning process.*

SCHOOL ADMISSION PROCEDURE

All students must register for school each year on the dates and at the places designated by the Superintendent.

Students enrolling in the District for the first time must present a birth certificate or other reliable proof of identity and age, as well as proof of residence. Refer to *Health Requirements* in this publication for specific medical and dental requirements. Refer any enrollment questions to the school secretary.

Age of Entrance

To be eligible for admission, a child must be 5 years old on or before September 1 of that school term. A child entering first grade must be 6 years of age on or before September 1 of that school year. Based upon an assessment of the child's readiness, a child will be allowed to attend first grade if he or she attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will be 6 years old on or before December 31 of that school year. A child with exceptional needs who qualifies for special education services is eligible for admission at 3 years of age.

Athletic Fee

Any Middle or High school student who is participating in an Athletic Activity is required to pay athletic fees as described. Fee maximums apply per FAMILY/per BUILDING.

Elementary and Middle School (grades K – 8): \$10 per sport/ \$50 maximum per family/per building
High School (grades 9 – 12) - \$20 per sport/ \$100 maximum per family/per building

Instructional Materials Fee

Each pupil is required to pay an instructional materials fee at the time of registration. Fees for the **2018-2019** school year are:

Early Childhood-Grade 6.....\$80.00
Grades 7-12.....\$100.00

The instructional materials fees are applied toward the purchase of basic and supplemental tests, hard-cover, paperback, periodicals, workbooks, and other related materials. Additional replacement costs are charged for materials lost or damaged beyond normal wear.

The District qualifies under the USDA Eligibility Provision (CEP) to provide breakfast and lunch to each child in the District at no charge to the student. The CEP designation does not qualify the child for free textbooks. In order to qualify for free textbooks, the child must be identified by the State as a "Direct Certification" student, or the parent must complete the appropriate application and file the paperwork with Aramark Services for evaluation. Students who do not qualify will be notified by Aramark and the full instructional materials fee will apply.

Parents may establish a payment schedule with the school if they are unable to pay the entire fee at registration. Fees must be paid in full by February 1 to avoid credit bureau collection.

Students attending Macon-Piatt Special Education Programs from county school districts should register in their resident (county) school and pay the instructional materials fees required of that district. Decatur Public Schools will seek instructional materials fees from the Macon-Piatt Special Education District, rather than directly from the pupil.

Decatur Public Schools Check Policy

If your check is returned, you authorize Decatur Public School District 61 and its agents to collect this item electronically through eCash Flow Services. The check writer will be assessed a check collection fee as allowed by law and will be responsible for all other collection costs.

Emergency Phone Contact

In any school emergency, parents are immediately notified. The State of Illinois requires parents to provide the working telephone numbers of two responsible adults to be contacted when parents are not available. Failure to comply with this requirement may result in the student being denied the privilege of school attendance.

Health Requirements

Parent(s)/guardian(s) shall present proof of their child's examinations and immunizations as required by the State of Illinois and the District. **Requirements shall be submitted on the first day of school.** All health forms are available at the individual schools and district website.

Medical examinations shall be performed by a physician licensed to practice medicine in all of its branches, or an Advanced Practice Nurse, or Physician's Assistant, and recorded on the State of Illinois Certificate of Child Health Examination form. Sports physical forms are not acceptable for this requirement. Examinations shall be conducted within one year prior to the date of first entry into:

1. Pre-K;
2. Kindergarten;
3. Sixth grade;
4. Ninth grade; and
5. Any grade level when it is the student's first entry into a school in Illinois.

Dental examinations shall be performed by a licensed dentist, and recorded on the Proof of School Dental Examination form. Examinations shall be conducted within 18 months prior to May 15 of the year your child enters:

1. Kindergarten;
2. Second grade; and
3. Sixth grade

Immunizations and screenings against preventable communicable diseases are required per Department of Health rules at the above intervals and/or as specified. All requirements are due by the first day of school. **All 6th, 7th and 8th grade students must show evidence of receiving one MCV4 (meningococcal) vaccine and 12th grade students must show evidence of receiving two MCV4 (meningococcal) vaccine.**

Detailed information on required vaccines can be found in "School Health Guidelines" and the District website.

Vision Examinations shall be performed by an optometrist or ophthalmologist, and recorded on the appropriate State of Illinois Proof of Vision Examination Form. Examinations shall be conducted within one year prior to the date of first entry into Kindergarten or first entry into an Illinois school, and submitted to the school on or before the first day of school.

A student may be exempted from this policy's requirements on religious grounds if the student's parents/guardians present to the Superintendent or designee a signed Certification of Religious Exemption explaining the objection, and shall be signed by a health care provider that they have provided education to the parents or legal guardians about the benefits of immunizations and the health risks of not vaccinating students. A student may be exempted from immunizations on medical grounds if a physician provides a written verification on the examination form. All statements of medical exemption must be approved by the Illinois Department of Public Health. In August, parents/guardians will receive "Student Health Guidelines" which further explain all health requirements and policies required under 77 Illinois Administrative Code 665.280 and 665.520.

Magnet and Montessori Schools

The parent/guardian must fill out a magnet application and attend a mandatory orientation before the student will be considered as entered into the Magnet lottery. This must be done within the time period of the open lottery. If your child is accepted at one of the Magnet schools, you will need to fill out the required registration paperwork. Once you have accepted a seat at the school and the school year has started, your child will be required to remain at the location for that current school year. If you wish to remove your child from a Magnet school for the following school year, you must do so in writing before June 15. If you move out of the DPS boundary or leave the program, you will need to complete the lottery process again to re-enter for the following school year.

Cafeteria Services

A complete Type A Breakfast and Type A Lunch is available in every school to every student at no charge to the student. The Type A lunch and breakfast consist of a combination of hot and cold foods prepared to meet a significant portion of the minimum daily nutritional requirements for good health, as established by the U.S. Department of Agriculture under the National School Lunch Act. Students are urged to eat the Type A lunch and breakfast each day, thereby assuring themselves of at least two well-balanced meals daily. Students may bring a lunch from home or participate in the school lunch program.

Transportation

For student transportation information, or to make special arrangements or address changes concerning your child's transportation, **please contact the school** that your child attends. **DO NOT** call the bus company—all changes **MUST** go through your school office.

Changes made during the course of the school year require a minimum of three days to become effective. Parents may be required to provide transportation for the student to and from school during this time.

Parents or legal guardians who provide transportation to and from school, because free transportation was not available for their students, may be eligible to receive money from the State of Illinois to help offset some costs for Decatur Public Transit bus fares or for private automobiles at the current approved rate. Your student must be under 21 on June 5th, be a full-time student, and reside more than one and one-half miles from school to be eligible. If you want to file a claim, you must go to the school your student attends by June 15th and file the claim in person. Funding of this program is determined by the State General Assembly and is not controlled by Decatur Public Schools.

Parents or legal guardians who provide transportation to and from school because their student(s) must walk to school under hazardous traffic conditions, may be eligible to receive money from the state to offset some costs of Decatur Public Transit fares or mileage reimbursement for private automobiles at the current approved rate. Your child must be under 21 by June 5th, be a full-time student, and within one and one-half miles from school. If you wish to file a claim, first you must go to the Regional Superintendent of Schools Office, 1690 Huston Dr., Decatur, IL 62526, and prepare a hazardous conditions form before February 1. When the form is approved by the state, you must then file a claim at your child's school prior to June 15.

ATTENDANCE & TRUANCY

Definitions

Truant - A “truant” is a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion thereof.

Valid Cause for Absence - A child may be absent from school because of illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the student’s control as determined by the Board of Education, or such other circumstances which cause reasonable concern to the parent for the safety or health of the student.

Chronic or Habitual Truant - A “chronic or habitual truant” is a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5 percent (9 unexcused days) or more of the current 180 regular attendance days.

Truant Minor - A child to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs, and other school and community resources, have been provided and have failed to result in the cessation of chronic truancy, or have been offered and refused.

Truancy

The School District will determine if the student is a truant, chronic or habitual truant, or a truant minor. The Superintendent shall direct the appropriate School District staff to develop diagnostic procedures to be used for identifying the cause(s) of unexcused student absenteeism. The diagnostic procedures shall include, but not be limited to, interviews with the student, his or her parent(s)/guardian(s), and any school official(s) or other people who may have information.

The following supportive services may be offered to truant or chronically truant students:

- Parent-teacher conferences
- Student and/or family counseling
- Information about community agency services

If truancy continues after supportive services have been offered, the building principal shall refer the matter to the Regional Superintendent of Schools or designee. The designee may call upon the resources of outside agencies. The School Board, Superintendent, School District administrators, and teachers shall assist and furnish such information as they have to aid truant officers. Truancy may result in legal consequences.

Absence Notification

A student’s parent(s)/guardian(s) must: (1) upon their child’s enrollment, provide working telephone numbers to the building principal and update them as necessary, and (2) authorize all absences and notify the school in advance or at the time of the child’s absence.

If a student is absent without prior authorization by the parent(s)/guardian(s), the designated school official shall make a reasonable effort to notify the parent(s)/guardian(s) of their child's absence after the first class by telephoning the numbers given.

Students are expected to be present and to participate every day throughout the school year unless there is an appropriate reason for being absent. When a student is absent from class, credit for the course can be affected, as the student loses teacher instruction and class interaction. Students with an absence will be allowed to make up work for equal value upon request of the student or guardian. Request shall be done within 48 hours of the absence. Student will be allowed up to 1 day for every day the student is absent from school.

For anticipated absences, the student is required to bring a note (or phone call) from his or her parent/guardian prior to the absence. To be approved, absences must meet the excused absence criteria. Students returning to school with what they consider to be an approved absence must show proof or the absence will become unexcused. Students are allowed three excused parent notifications per quarter.

Excused Absence Criteria:

Student will be allowed makeup privileges based on the Absence Notification information provided above.

- A. Parent/guardian notes describing illness for son/daughter. Parent notes that exceed three notes per quarter will be considered unexcused unless approved by the building principal.
- B. A verified doctor appointment: the student will be required to secure a written report from the doctor in order to be excused.
- C. Funeral: Funeral that requires traveling and absences more than three days shall be discussed with administration to be excused.
- D. Student illness verified in writing by a doctor or students sent home by school nurse.
- E. One college day for juniors and two college days for seniors with proof of the college attended.
- F. Court appearances.
- G. Absences due to extenuating circumstances shall be discussed and approved by an administrator.
- H. Out-of-school suspensions: Please refer to Section I, Part C, "Suspension Procedures," of the *Student Code of Conduct and Procedures Handbook* under "The Disciplinary Policy."
- J. Religious Observations.

Unexcused Absence Criteria:

- A. Truancy from school.
- B. Returning to school without a note from parent/guardian or without prior notification (phone call or note) of absence.
- C. Absences explained by a parent/guardian note that exceed three days without a doctor's note or other unexcused absence.
- D. Any other reason not included in excused absences nor approved by an administrator.

Tardy Policy

The Decatur Public Schools does not penalize students who come late to school occasionally for reasons recognized by the State of Illinois as valid causes for missing school. However, the district and the state consider a student who arrives late without valid cause, unexcused. If the tardiness becomes habitual, building administrators or designee will meet with parents/guardians to determine the cause and then begin interventions to assist the child and/or family. Tardies ultimately equal unexcused absences from school. Once a student reaches four or more unexcused absences, the parent/guardian will be sent a letter regarding truancy. A copy of that letter will also be sent to the Regional Office of Education. Tardy counts start over at the beginning of each quarter.

1-3 Cumulative Tardies	Student will be given a pass to class and recorded as tardy in the school system.
4-5 Cumulative Tardies	Student will be given a pass to class, recorded as tardy in the school system, and a letter mailed home informing parents.
6 Cumulative Tardies	Student will be given a pass to class, recorded as tardy in the school system, and parent conference scheduled with administrator or designee.
Subsequent Tardies	Student will be given a pass to class, recorded as tardy in the school system, and parent escort to class recommended in lieu of discipline ranging from lunch detention through 3 days in AIR.

Homebound Instruction

Home services may be provided to a student if that student has a medical condition and will be out of school for a minimum of 10 days or more, or on an intermittent basis due to medical treatment. For Home Study to take place, a conference to determine eligibility must be held with the appropriate school administrator. If it is determined Home Study is the best option, parents will be given next steps which will include a Medical Certification Form to be completed by the parent and physician overseeing the child's medical needs. *Pregnancy does not automatically qualify for Home Study.* (Students on Home Study are not allowed to take Driver's Education and/or Behind the Wheel.)

Student Employment

The Superintendent shall develop procedures and present them to the Board of Education for its approval for excusing from attendance those students necessarily and lawfully employed.

Visitors to the School

The District encourages visits by School Board members, parents/guardians, citizens, and taxpayers to all School District buildings. All visitors must report to the main office and sign a visitor's log, show identification, and wear a visitor's badge. When leaving the building, visitors will sign out and return the visitor's badge. If the purpose of a visit is to meet with staff, please call and schedule an appointment to prevent disruption to the learning environment. Teacher conferences outside of Parent/Teacher Conferences scheduled by the School District will be held outside school hours or during the teacher's planning period. Visitors causing a disruption to the educational environment will be removed by building staff and authorities may be notified.

Equal Educational Opportunities

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, religious beliefs, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities. Any student may file a discrimination grievance by using the *Uniform Grievance Procedure*.

The Decatur Public Schools will, upon request of an individual, make reasonable accommodations in compliance with the ADA and Section 504 of the Rehabilitation Act. Requests shall be submitted to the Director of Human Resources.

Early Graduation

Decatur High Schools are designed to be four-year institutions. While the overwhelming majority of students attend high school for the full four years, it is possible to graduate after seven semesters. The school is not responsible to provide courses in a specific sequence to allow a student to graduate early.

Students who intend to graduate early must complete an application with their guidance counselor by December 1st of their junior year. Upon the completion of the application, the counselor will submit a request to the principal. In order to graduate early, a student must meet all requirements for graduation by the last day of final exams in December. Seniors intending to graduate early must meet with their counselor to ensure that all requirements are met. The eighth (8th) semester of PE will be waived under those circumstances.

Students who graduate early are allowed to participate in all spring senior activities, which include prom and graduation ceremonies as well as any graduation activities. Early graduates will be invited to attend any applicable awards assemblies or honor banquets. Early graduates who qualify are eligible to receive Graduation Honors but will not be considered to speak at graduation as the selected Summa Cum Laude speaker or Orator. Students who graduate early may not participate in any extracurricular activities after final exams in December.

Transfer students must complete one full semester at Decatur High Schools to be eligible for early graduation.

Graduation Honor Requirements – (determined after 7 semesters)

Summa Cum Laude (Must meet all of the following criteria)

- At least a 4.0 GPA

A person denied re-enrollment will be provided recommendations for alternatives, including adult education programs that lead to graduation or receipt of a GED. This section does not apply to students eligible for special education under the Individuals with Disabilities Act or accommodation plans under the Americans with Disabilities Act.

Student Identification

In order to provide a safer school environment, the district has provided student identification (I.D.) cards to students at the middle and high schools. The I.D.'s allow for admittance into the schools, as well as admission at extracurricular activities. It is stressed that the I.D. be in the student's possession at all times. Refer to the school handbook for specific school procedures concerning student identification.

GIFTED EDUCATION

The gifted identification process has been developed to satisfy Illinois State rules and regulations and meet the particular needs of the District 61 school community.

Gifted identification takes place towards the end of second grade. FastBridge is the Universal Screener assessment used to screen students recommended for additional gifted testing. Students scoring in the 80th percentile or above on Fastbridge will be considered for additional gifted testing utilizing the CoGAT (Form 8) assessment. The CoGAT assesses verbal skills (language), quantitative (math), and nonverbal skills (spatial reasoning).

Teachers and parents may recommend that students be tested at any time during the year.

Subjective Criteria

At the beginning of each school year, district principals and staff are notified of students identified as gifted. Included in this notification is specific data identifying areas where students are gifted.

Nomination/Withdrawal Procedure

Students who do not meet the objective criteria may be nominated to the gifted list by a core academic educator or parent/guardian. One of the following must be submitted in writing to the Director of Curriculum & Instruction, along with written confirmation by at least one other district academic educator who is familiar with, but not related to, the student:

- ☐ A narrative documenting the learning characteristics of the student.
- ☐ Completion of Joseph Renzulli's Scale for Rating the Behavioral Characteristics for the student.

Nominations will be considered for the current school year up to the end of the first quarter.

As needed, a meeting involving educators and/or parents, Gifted Services staff, and (when age appropriate) the student, may be arranged to discuss the nomination or withdrawal recommendation.

District Identification Schedule

Gifted Services systematically identifies students with objective measures at the following intervals:

Grade 2 – Fastbridge

Grade 6- Fastbridge recheck

Grade 9 – PSAT

Summer School

Summer School may be offered for students from pre-kindergarten through grade twelve. Remedial, developmental, and enrichment programs are designed to meet individual student needs. Dates, times and locations of classes vary. Information regarding summer school is available in each school building in March.

Parent Participation

Each school in District #61 seeks to involve parents as active partners to assist students to reach their academic goals. The Parent-Teacher Association (PTA) and formal booster clubs welcome parents to be part of their organizations. Volunteers are welcome to assist in the classrooms and with a variety of activities within the schools.

Schools with Title I programs have developed formal **School-Parent Compacts**. The Compact is intended to identify the role that students, parents, teachers, and administrators will provide in order to enhance student achievement.

School-Parent Compact

It shall be the goal and purpose of Decatur Public Schools to provide a high-quality curriculum and instruction in a supportive learning environment that enables the children served under Title I to meet the State's student academic achievement standards. Parents can foster this purpose by carefully monitoring attendance, homework, and behavior. Parents shall stress the need to make learning a priority. Parents are encouraged to visit the school and become involved in their children's educational career; and are encouraged to be active in the educational decisions of the child and be supportive of extra-curricular participation by their children.

Students will be given the opportunity to be successful in school and life. They will attend classes taught by highly qualified staff and be given a curriculum which will help them to achieve an education which is second to none in Illinois. They will be assessed based on the Illinois Standards of Learning. Additional assistance will be provided to students who fall behind in educational endeavors. Services include, but are not limited to, tutoring and appropriate referrals to additional programs as indicated.

Each Title I school has developed a **Parent Involvement Policy** which outlines how parents may actively participate in the education of their child(ren). The District's Parent Involvement Policy is outlined in Board Policy 6:170, "Title 1 Programs," with exhibits for both the district level and school levels. This policy and related exhibits may be accessed on the District's website, www.dps61.org, by clicking on the "Our District" tab and the "District Policies" tab.

The Abused and Neglected Child Reporting Act

Whenever there is cause to suspect that a child (any person under the age of 18 years) is "abused" or "neglected," the Illinois law requires school personnel to report it to the Department of Children and Family Services (DCFS).

"**Abused child**" means a child whose parent or immediate family member, or any person responsible for the child's welfare, or any individual residing in the same home as the child, or a paramour of the child's parent: a) inflicts, causes to be inflicted, or allows to be inflicted upon such child physical injury, by other than accidental means, which causes death, disfigurement, impairment of physical or emotional health, or loss or impairment of any bodily function; b) creates a substantial risk of physical

injury to such child, by other than accidental means, which would be likely to cause death, disfigurement, impairment of physical or emotional health, or loss or impairment of any bodily function; c) commits or allows to be committed any sex offense against such child, as defined in the Criminal Code of 2012 or in the Wrongs to Children Act, and extending those definitions of sex offenses to include children under 18 years of age; d) commits or allows to be committed an act or acts of torture upon such child; e) inflicts excessive corporal punishment or, in the case of a person working for an agency who is prohibited from using corporal punishment, inflicts corporal punishment upon a child or adult resident with whom the person is working in his or her professional capacity; (f) commits or allows to be committed the offense of female genital mutilation, as defined in Section 12-34 of the Criminal Code of 2012, against the child; (g) causes to be sold, transferred, distributed, or given to such child under 18 years of age, a controlled substance as defined in Section 102 of the Illinois Controlled Substances Act in violation of Article IV of the Illinois Controlled Substances Act or in violation of the Methamphetamine Control and Community Protection Act, except for controlled substances that are prescribed in accordance with Article III of the Illinois Controlled Substances Act and are dispensed to such child in a manner that substantially complies with the prescription; or (h) commits or allows to be committed the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons as defined in Section 10-9 of the Criminal Code of 2012 against the child. A child shall not be considered abused for the sole reason that the child has been relinquished in accordance with the Abandoned Newborn Infant Protection Act.

"Neglected child" means any child who is not receiving the proper or necessary nourishment or medically indicated treatment including food or care not provided solely on the basis of the present or anticipated mental or physical impairment as determined by a physician acting alone or in consultation with other physicians or otherwise is not receiving the proper or necessary support or medical or other remedial care recognized under State law as necessary for a child's well-being, or other care necessary for his or her well-being, including adequate food, clothing and shelter; or who is subjected to an environment which is injurious insofar as (i) the child's environment creates a likelihood of harm to the child's health, physical well-being, or welfare and (ii) the likely harm to the child is the result of a blatant disregard of parent, caretaker, or agency responsibilities; or who is abandoned by his or her parents or other person responsible for the child's welfare without a proper plan of care; or who has been provided with interim crisis intervention services under Section 3-5 of the Juvenile Court Act of 1987 and whose parent, guardian, or custodian refuses to permit the child to return home and no other living arrangement agreeable to the parent, guardian, or custodian can be made, and the parent, guardian, or custodian has not made any other appropriate living arrangement for the child; or who is a newborn infant whose blood, urine, or meconium contains any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or a metabolite thereof, with the exception of a controlled substance or metabolite thereof whose presence in the newborn infant is the result of medical treatment administered to the mother or the newborn infant. A child shall not be considered neglected for the sole reason that the child's parent or other person responsible for his or her welfare has left the child in the care of an adult relative for any period of time. A child shall not be considered neglected for the sole reason that the child has been relinquished in accordance with the Abandoned Newborn Infant Protection Act. A child shall not be considered neglected or abused for the sole reason that such child's parent or other person responsible for his or her welfare depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care as provided under Section 4 of this Act. A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of The School Code, as amended.

In addition to the report to DCFS, District #61 personnel will report all real or suspected abuse to the Juvenile Offices of the Decatur Police Department.

School Student Records

The principal is the official records custodian of each school. Student records are maintained at the school of last attendance until five (5) years after the student's normal graduation from high school. At that time, temporary records are destroyed and permanent records transferred to the central office for microfilming.

The following information pertains to the rights and obligations of parents, students and the school under the Illinois School Student Records Act (ISSRA) and the rules promulgated by the Illinois State Board of Education.

1. The student permanent record consists of basic identifying information, academic transcript, attendance record, accident reports, health record, record of release of permanent record information, and may also consist of records of awards and participation in school-sponsored activities. 2. "Student Temporary Record" means all information contained in a school student record but not contained in the student permanent record. Such information may include family background information, intelligence test scores, aptitude test scores, psychological and personality test results, teacher evaluations, and other information of clear relevance to the education of the student, all subject to regulations of the State Board. The information shall include information provided under Section 8.6 of the Abused and Neglected Child Reporting Act. Examples of sexual harassment include unwelcome touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities.

Students who believe they are victims of sexual harassment or have witnessed sexual harassment are encouraged to discuss the matter with the Building Principal, Assistant Building Principal or a counselor. Students may choose to report to a person of the students' same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Care of Students With Diabetes

The Illinois legislature enacted the *Care of Students with Diabetes Act* ("Act") effective December 1, 2010 (105 ILCS 145/1 et. Seq). The Act **requires a parent or guardian** to submit a Diabetes Care Plan to the school for any student who seeks assistance with diabetes care in the school setting or who has been managing his or her diabetes care in the school setting.

Under the Act, specific information must be provided in the Diabetes Care Plan such as physician instructions for the student's diabetes management and designation of appropriate school staff who will provide and supervise services for the student. Therefore, parents and guardians are encouraged to collaborate with the student's physician and school personnel in the creation of the plan.

The Diabetes Care Plan must be submitted to the school at the beginning of each school year, upon enrollment, as soon as practical following a student's diagnosis, or when a student's care needs change during the school year. **It is the parent or guardian's responsibility** to inform the school in a timely manner of any changes to the Diabetes Care Plan recommended by the student's physician.

In addition to the Diabetes Care Plan, **parents must also complete forms provided by the school district regarding authorization for the administration of medication** and authorization for designated district representatives to communicate directly with the student's physician regarding the necessary management of the student's diabetes. **Failure to do so may result in a welfare safety call to the Department of Children and Family Services (DCFS).**

To assist the school district in safely transporting the student, the Act also requires that an information sheet be provided to any school employee who transports a student for school-sponsored activities. The information sheet identifies potential emergencies that may occur as a result of the student's diabetes and the appropriate responses to such emergencies. Parents must assist the district in the completion of the transportation information sheet by providing the information and authorizations necessary to complete the form.

To begin the process of completing the Diabetes Care Plan and other required documents, the parent or guardian must contact the student's building principal.

Life-Threatening Food Allergy Management Program

The District has implemented a policy for managing students with life-threatening food allergies (Board Policy 7:285). If your student has a life-threatening food allergy, you must inform the building principal and submit the necessary health information and medication authorization forms to the school. A meeting will then be scheduled to review the health information submitted by the student's physician, assess the student's allergy management needs and develop an individual health care plan and emergency action plan for the student. An individual health care plan indicates the steps the school will take to accommodate the individual needs of the student with a life-threatening food allergy in school and at school-related activities. The accommodations provided in an individual health care plan will depend on the age of the student, the allergens involved and the facilities at the school. An emergency action plan indicates the specific treatment steps school personnel will take if a student has a life-threatening allergic reaction while at school or at a school-related activity.

Asthma

Public Act 099-0843 requires schools to request an Asthma Action Plan (AAP) from parents of students with asthma.

Medications at School

Only in exceptional cases, where failure to take a prescribed medication could jeopardize the student's health and/or education, may medication be taken in school. Taking of medication is limited to students with long-term chronic illness or disability. **Antibiotics and over-the-counter drugs (e.g., Tylenol, cough medications, and cough drops) will not be taken at school.** Homeopathic products derived from minerals, botanical substances, animal parts, microorganisms, and other sources will not be taken at school. **The nurse may decline to administer a medication that does not meet guidelines, that might be given outside of school hours, or that might jeopardize student safety.**

Authorization for the administration of both prescription and non-prescription drugs at school shall be provided on Student Health Form 24A (acquired from schools or physicians) and shall consist of written order obtained from the student's licensed prescriber and written request by the parent or guardian that medication be given during school hours.

Rights Under the School Visitation Rights Act

Parents of students attending Illinois Schools who work for employers who employ at least 50 or more individuals in Illinois have certain rights under the School Visitation Rights Act (820 ILCS 147/1). Employed parents who have worked for an employer for at least six consecutive months, who work at least half-time, and who are unable to meet with educators because of a work conflict must be given leave of up to 8 hours during the school year to attend school conferences or classroom activities related to the employee's child if the conference or classroom activities cannot be scheduled during non-work hours. However, no more than 4 hours of this time can be taken on any given day and leave under this Act may not be taken unless the employee has exhausted all accrued vacation leave, personal leave, compensatory leave, and any other leave that may be granted to the employee, except sick leave and disability leave. Before arranging attendance at the conference or activity, the employee shall provide the employer with a written request for leave at least 7 days in advance of the time the employee is required to utilize the visitation right. In emergency situations, no more than 24 hours' notice shall be required. The employee must consult with the employer to schedule the leave so as not to disrupt unduly the operations of the employer. The District will provide documentation for parents' use confirming the date and time of each school visitation upon a parent's request for such documentation. For regularly scheduled, non-emergency visitations, the District will make time available for visitation during both regular school hours and evening hours, when it is practicable and the District is readily able to do so.

Teen Dating Violence Policy

As required by state law, the Board of Education of Decatur Public Schools has adopted a Board Policy which prohibits teen dating violence; incorporates age-appropriate education about teen dating violence in grades 7 through 12; and establishes procedures for the manner in which school employees are to respond to incidents of teen dating violence that take place at the school, on school grounds, as a school-sponsored activity or in vehicles used for school-provided transportation. Teen dating violence means a pattern of behavior in which a person uses or threatens to use physical, mental or emotional abuse to control another person who is in a dating relationship with the person where one or both persons are 13 to 19 years of age, or behavior by which a person uses or threatens to use sexual violence against another person who is in a dating relationship with the person where one or both of the persons are 13 to 19 years of age. A copy of the Board Policy can be obtained by contacting the building principal or Superintendent or on the District's website (www.dps61.org).

STANDARDS OF CONDUCT

General Conduct

It is necessary for any community to establish rules of conduct for its members if it is to achieve its goals. The school community is no exception. The school environment includes not only the school/district grounds, but also includes attendance and participation in all extracurricular activities and other school-related functions scheduled on or off the school campus, or while riding the school bus. Therefore, certain rules of behavior have been established for students. Students have the following responsibilities, and failure to carry out these responsibilities may result in disciplinary action:

1. It is the responsibility of each student to conduct himself/herself in the classroom in such a manner that does not interfere with his/her own learning or the learning of others in the class.
2. It is the responsibility of each student to attend class on time and to be prepared to participate.
3. It is the responsibility of each student to help keep the building clean; not to litter, mark on or deface school property and community areas.
4. It is the responsibility of each student to respect all staff and other students, and to be honest, polite and friendly. Directions are to be complied with regardless of whether a student is in the classroom, in the halls, in the cafeteria, at extracurricular activities, or at any other location on the school grounds. The perception that "he/she is not my teacher, so why should I listen to him/her" is to be avoided.
5. Students are not permitted to smoke in the building or on the school grounds or at school activities.
6. It is the responsibility of each student to keep doorways, hallways, restrooms and stairs clear at all times.
7. It is the responsibility of each student to leave the area in the event a disruption involving students occurs. The student's mere presence as an onlooker tends to lend support and encouragement to those students causing the disruption.
8. Verbal or physical harassment, bullying, and/or intimidation will not be tolerated while at school. Any student who experiences such a situation shall report the incident to the principal or his/her designee as soon as possible. No student shall try to settle the problem himself/herself by allowing the situation to escalate into a physical confrontation.
9. During fire or disaster drills it is the responsibility of each student to move quickly and quietly to the assigned safety areas. Appropriate instructions given by school personnel are to be obeyed. The health and safety of many people depends upon cooperation from students.
10. It is the responsibility of students to observe the same appropriate standards of conduct at extracurricular activities (home or away) as they do at school. Violence, disruptive behavior, involvement with drugs or alcohol at extracurricular activities or on fan buses will result in serious disciplinary action. Such action may include suspension and/or expulsion from school, suspension from attendance and/or participation at future extracurricular activities, and/or police action. Parents may be required to pick up their student at an out-of-town function.
11. Students shall not engage in Sexual Misconduct which includes, but is not limited to, sexual advances, request for sexual favors, and exhibit sexually motivated physical/verbal conduct or communications of any sexual nature. See Sexual Misconduct on page 53.
12. All students are entitled to have the opportunity to obtain maximum benefit from their educational experience. Thus, it is necessary to have rules and regulations that provide an educational climate in which learning can best take place. Students who show disrespect for the rights of others and disregard regulations may be subject to disciplinary action, which could include suspension or expulsion. In addition, they may be subject to removal from extracurricular activities and/or positions of leadership (i.e., Student Council, officer of Student Council or class).

Bus Conduct

According to School Board Policy, certain misbehavior and misconduct will be grounds for suspension from riding the school buses. It will be the responsibility of the parent/guardian to provide transportation to and from school if this occurs. Behaviors include:

1. Prohibited student conduct as defined in the Student Code of Conduct Policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of the bus driver's or other supervisor's directives.
6. Such other behavior as the administration deems to threaten the safe operation of the bus and/or its occupants. *(Please see the guidelines provided by the building incorporated in the student bus schedules.)*

Video/audio cameras may be used on school buses as necessary in order to monitor conduct and maintain a safe environment for students and employees.

Students suspended from the school bus who do not have alternate transportation to school shall have the opportunity to complete make up work for equivalent academic credit. It is the responsibility of the parent/guardian to notify the school that the student does not have alternate transportation.

Student Dress Code (K-12th Grade)

Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency. Principals shall have the authority to determine proper attire for the school. An administrator may require that a student change into appropriate clothing. Continued failure to comply with the student dress code may result in disciplinary action.

Student Uniform Policy (High School)

The Board of Education has adopted a School Uniform Policy currently applicable only to high school students. All high school students are expected to wear an adopted school uniform that is consistent with the District Uniform Policy. A parent or guardian of a student may request for the student to be exempted from the uniform requirement on religious grounds. In order to exercise this option, the parent or guardian must present to the Superintendent a signed, written statement of objection detailing the grounds of objection.

High school students failing to comply with the School Uniform Policy will be provided with appropriate "loaned clothing" from the school's uniform bank. If no such "loaned clothing" is available, the student will call home or be sent home to secure a change of clothes to comply with the Uniform Policy. The "loaned clothing" shall be returned no later than the end of the next school day. Non-compliance with the School Uniform Policy may result in disciplinary action.

THE DISCIPLINARY POLICY

SECTION I

ADMINISTRATIVE PROCEDURES

The Board of Education believes that its primary goal is to prepare students to be productive, contributing members of the society through education. The Board encourages the most effective use of educational strategies and techniques to achieve this goal. It is within this spirit that the Code of Conduct was created to address students' behavior in and around the school as well as during school-related functions. The Code outlines specific behaviors that are both disruptive to the educational process and/or illegal and subject to disciplinary action.

The Board recognizes that conduct is learned, and acceptable conduct, like its academic counterpart, can be taught. While disruptive conduct will not be tolerated, the Board encourages the use of educational interventions to correct the unacceptable behavior. The corrective actions taken will also be guided by preventative and educational objectives. Finally, the Board is committed to creating an environment that is safe for students and staff, and promotes learning.

The Decatur Public School District 61 considers habitual, disruptive behavior unacceptable. In most cases, a system of progressive discipline (violations and consequences) will be followed. **Should severe or repeated misbehavior occur, the building administrator reserves the right to administer appropriate discipline in alignment with the range of administrative consequences/interventions.**

Hard & Soft Lockdown

The lockdown of a school is not a form of student discipline. Lockdowns are used when there is danger in or near the school and students and staff need to be protected from danger. A lockdown involves securing doors and windows in an attempt to keep intruders from gaining access to staff and students. In the event of a preventative or SOFT LOCKDOWN, exterior doors are secured and no one is allowed in or out of the building; however, the routine of the school is maintained (or may be restricted) consistent with an external threat (such as a robbery at a nearby facility, suspicious activity in an area, gas leak at a nearby facility, etc). In the event of a full or HARD LOCKDOWN, there is a total cessation of school activity, no teaching, students seek shelter, classrooms are locked or doors closed, silence is

maintained in the building, no one is allowed in or out of the building. Hard lockdowns are normally reserved for serious security situations.

Alternative Education Program

As a means of progressive intervention and assisting students who may require a more structured environment, the Decatur Public School District provides a voluntary Alternative Instruction and Social Intervention Services for grades 6-12 which is housed at Phoenix Academy and Milligan Academy. Students will be eligible for recommendation after the schools have exhausted available and appropriate interventions at the building level. All recommendations are reviewed by the Alternative Education transition committee to determine approval and length of time, as well as assist in establishing interventions upon transition. The mission of these services is to implement quality instructional practices in a small class environment. Interventions are geared towards social development so students may achieve academic and behavioral success. Students in this program will have the opportunity to return to their respective learning environment upon completion of their Plan of Success.

Students eligible for this program whose parent(s)/guardian(s) do not consent to placement in the program are subject to all disciplinary procedures contained in Parts A-D below.

Part A

GENERAL PROCEDURES

1. Students committing acts of gross disobedience/misconduct as defined herein may be disciplined in any manner provided in this policy, including detention, being assigned to an Alternative Intervention Room, suspension out of school, suspension from the school bus, or expulsion.
2. When a student is suspended from school, it is that student's responsibility to keep up with class assignments. Upon request, teachers will provide and will evaluate make-up work resulting from suspension, although in some cases (science experiments, for instance) alternate assignments may be provided.
 - Students suspended from school will be allowed to make up missed work for full credit. Request for missed work shall be made within 48 hours of a student's return from suspension. Student will be allowed up to 1 day for every day the student is suspended from school.
3. Teachers may remove disruptive students from the classroom by sending them to the office. Teachers may also detain students after school when parents are notified. The building administrator will develop a procedure for handling disruptive students when he or she is away from the building. This procedure shall be made known to the staff.
4. Before removing any student from the school or the school bus during the school day, the building administrator will make reasonable efforts to notify the parent or guardian. He or she will make reasonable efforts to ensure the safety of the student. The student may be retained until the end of the day unless parents, guardians or emergency contacts can be reached.
5. School personnel may use reasonable physical force or restraint against a student to the extent the staff member reasonably deems such force or restraint necessary:
 - to defend or protect him/herself from the student; or
 - to defend or protect other persons from the student; or
 - to prevent or stop fights, breaches of the peace, and other disruptions; or
 - to prevent damage to the property of the district or other persons; or
 - to remove a student from any location, room or assembly where his/her continued presence creates a risk or threat of physical harm to himself/herself or others, or of damage to school property, or of unreasonable interference with the school or classroom instruction or program.

Part B

EXPULSION HEARINGS AND BOARD SUSPENSION REVIEW HEARINGS

The Superintendent or designee shall implement expulsion procedures that provide, at a minimum, for the following:

1. Before a student may be expelled, the student and his or her parent(s)/guardian(s) shall be provided a written request to appear at a hearing to determine whether the student shall be expelled. The request shall be sent by registered or certified mail, return receipt requested. The request shall include:
 - a) The time, date, and place for the hearing.
 - b) What will happen during the hearing.

2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the School Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from the Dept. of Human Services to consult with the Board.
3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student shall not be expelled. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.
4. If the Board acts to expel the student, its written expulsion decision shall:
 - a) Detail the specific reasons why removing the student from his or her learning environment is in the best interest of the school.
 - b) Provide a rationale for the specific duration for the recommended expulsion.
 - c) Document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student.
 - d) Document how the student's continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.
5. Upon expulsion, the District may refer the student to appropriate and available support services.

Part C

 - i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:
 - a) A threat to school safety, or
 - b) A disruption to other students' learning opportunities.
 - ii. For a suspension of 4 or more school days, an explanation:
 - a) That other appropriate and available behavioral and disciplinary interventions have been exhausted;

- A special education student may be suspended for an aggregate of ten (10) days of school per school year, regardless of whether the student's gross disobedience/ misconduct is a manifestation of his disabling condition, except that such student shall receive educational services in accordance with the IDEA.
- Any special education student who has or will exceed ten (10) days of suspension may be temporarily excluded from school by court order or by order of a duly appointed State of Illinois hearing officer if the exclusion is warranted because maintaining the student in his current placement is substantially likely to result in injury to himself or others.

3. No later than ten (10) school days after the decision to suspend the student for an aggregate of 10 or more days, the District shall convene a meeting to review the relationship between the student's disability and the behavior subject to the disciplinary action, in accordance with the provisions described in Paragraphs 2 – 4 below. In addition to reviewing whether the conduct is a manifestation of the student's disability, the team shall also review and, if appropriate, modify the student's behavior management plan. If there is no behavior management plan in place, the District shall develop an assessment plan to address the behavior.

Special Education Expulsion Procedures

1. Prior to making a recommendation to expel a special education student, the authorized administrator will convene a Manifestation Determination Review (MDR) to determine whether the student's act of gross disobedience/misconduct is a manifestation of his disability.
2. At the Manifestation Determination Review, the MDR team shall include the members of the student's IEP team and other qualified personnel, including, but not limited to, the authorized administrator familiar with the act of misconduct.
3. In carrying out the Manifestation Determination Review, the team shall consider, in terms of the behavior subject to the disciplinary action, all relevant information, including:
 - (a) Evaluation and diagnostic results, including relevant information supplied by the parents;
 - (b) Observations of the student; and
 - (c) The student's IEP and placement.
4. The team shall make the following determinations regarding whether the student's conduct was a manifestation of his/her disability:
 - Was the misconduct caused by, or did it have a direct and substantial relationship to, the student's disability? OR
 - Was the misconduct the direct result of the LEA's failure to implement the IEP?
5. If, at the manifestation review conference, it is determined that the behavior of the student was a manifestation of his disability, the authorized administrator will not recommend expulsion. The authorized administrator may request a review of the appropriateness of the educational placement of the student in accordance with the Special Education Rules and Regulations. During the period necessary to propose a new placement, the student will remain in his then-current placement unless:
 - The student has not previously been suspended for a period exceeding ten (10) school days during the same school year, in which case the student may be suspended for a maximum of ten (10) school days less such previous suspension(s);
 - Parents and school district agree on an interim placement; or
 - The school district obtains an order from a court of competent jurisdiction or a State of Illinois hearing officer changing the then-current placement or providing for other appropriate relief.
6. If, at the manifestation review conference, it is determined that the behavior of the student was not a manifestation of his disability, the authorized administrator may recommend expulsion to the Board. The expulsion notice to the parents/guardians sent pursuant to Expulsion Notification under Expulsion Hearings and Board Suspension Review Hearings, will also include three (3) additional statements that:
 - (a) The parents are entitled to all rights provided under the IDEA and those set forth in the Special Education Rules and Regulations, as available to the parents from the School District. A copy of parents' rights shall be included with the notice of the expulsion hearing.
 - (b) In addition to issues regularly determined at an expulsion hearing, the authorized administrator must present evidence that the manifestation review team met and concluded that the student's misconduct was not a manifestation of his disability, which shall be duly noted by the Board of Education.
 - (c) The administration shall ensure that relevant special education and disciplinary records of the student are transmitted for consideration by the Board of Education.
7. If a special education student is expelled from school in accordance with the procedures set forth above, the District shall convene an IEP meeting to develop an educational program to deliver educational services to the student during such period of expulsion.

Part E

SEARCHES OF STUDENTS AND STUDENT LOCKERS/SEIZURE OF PROPERTY

To maintain order and security in the schools, school authorities are authorized to conduct searches of school property and equipment. School authorities are authorized to conduct searches of students and their personal effects where there is reasonable and individualized suspicion that the student is

committing, is about to commit, or has committed an offense. "School Authorities" includes school liaison police officer. See the complete policy in Section III, Part D, of this document.

Part F

PROCEDURES FOR HANDLING MISCONDUCT ON BUS

1. A bus driver shall work with children to minimize misconduct on the bus.
2. If a student misbehaves on a bus, the driver may issue a Bus Misconduct Referral. A copy of the referral shall be given to the student, the school and the bus company. A representative of the bus company must report serious misbehavior to the principal or designee on the same day or in the morning of the next school day. Upon receiving a misconduct referral, the principal or designee shall make the determination of the action to be taken and shall notify the bus company and parents/guardian. (Parents/guardians shall be notified in writing. They shall be expected to sign the letter and return it promptly to the principal or designee.) Conduct resulting in a bus suspension of 1-10 days shall be determined at the discretion of the principal or designee. Conduct resulting in a bus suspension of greater than 10 days shall be determined at the discretion of the Board.
3. If the student's conduct is severe, the principal or designee may use any of the steps outlined under Section II, Part B, *Range of Administrative Consequences/Interventions*, in disciplining the student. The bus company and parents shall be notified of action taken.
4. Special education students who are removed from the bus and do not attend school because of the bus suspension will have these days counted as part of the ten (10) day limit.

The district is not responsible for the conduct of students at the city bus stop. This responsibility lies with the parents.

SECTION II

GENERAL CONSEQUENCES

Part A

EXPECTATIONS

Students representing their school or attending a school-sponsored activity at a location other than their own school shall conform to the same standards of conduct expected in the school. Infractions are subject to the appropriate Administrative Discipline Consequences. Police or juvenile authorities and the Superintendent of Schools shall be notified of illegal infractions.

Teachers at every level must be on the alert for behavioral problems which indicate a need for help. Early detection and consistent work with the student and parents/guardians enhances the probability for successful adjustment. Administrative Discipline Consequences shall be implemented which assist in teaching the acceptable behavior when at all possible.

Any of the procedures described in Administrative Discipline Consequences may be utilized to try to prevent minor problems from becoming major problems (except as limited by the student conduct regulations—see Part B, *Range of Administrative Consequences/Interventions*).

- Each teacher is expected to maintain a classroom climate favorable to learning and to handle most behavioral problems through teacher-student interaction. Teachers are to establish a Classroom Management Plan to be approved by the appropriate administrator and

implemented prior to making an office referral, unless the behavior is of such serious nature that immediate office referral is warranted.

- If the above procedures are not producing the desired results, the teacher shall confer with the principal, counselor, social worker or assistant principal. The participants shall implement whatever plans they devise for corrections.
- If deemed advisable, a parent/guardian-teacher-student conference may be held.
- A modified school day or temporary time-out from normal activity may be used as an intervention if deemed necessary. This shall not be considered a suspension.

If a student persists in unacceptable behavior, the student shall be sent to the principal or assistant principal at the secondary level and the principal or the acting principal at the elementary level. Administrators may use any of the following appropriate Administrative Discipline Consequences/Interventions outlined in this code of conduct, depending upon the seriousness of the behavioral problem. See Part C, *Definitions for Consequences*, for distinction.

Part B

RANGE OF ADMINISTRATIVE CONSEQUENCES/INTERVENTIONS

The following range of consequences/interventions may be used to address student misbehavior. This list does not display a required sequence of disciplinary actions. These consequences/interventions may be utilized in any order at the discretion of the administrator, except where Board approval is required.

<ul style="list-style-type: none">• Alternative Intervention Room (AIR)• Detention (before/after school or lunch)• Expulsion (Board approval required)• Out-of-School Suspension• Parent Contact• Parent Conference	<ul style="list-style-type: none">• Referral to an Alternative Education Program• Restitution• Social Probation• Supervision Room/Isolated Time-Out• Warning
--	--

Parent notification shall occur for all consequences/interventions excluding warnings and lunch detentions and shall be made by: writing, email, text, phone, and/or in person. Support Services may occur at all levels in the *Range of Administrative Consequences/Interventions*.

DEFINITIONS OF CONSEQUENCES/INTERVENTIONS (placed in alphabetical order)

Alternative Intervention Room (AIR)

Alternative Intervention Room serves a multifunctional purpose to support the needs of the student. This room will serve as an opportunity for students to self-regulate, participate in behavioral modification strategies, self-reflection, coping skills, and other restorative practices. In addition to support strategies, students will be given the opportunity to complete academic assignments for equivalent credit.

Detention

Time assigned the student by a staff member or administrator to be served outside of the academic portion of the school day.

Expulsion

Board of Education approved exclusion of a student for a period of time greater than ten (10) attendance days but not to exceed two (2) calendar years. Expelled students are not allowed on District #61 property or allowed to attend any activity sanctioned by the Decatur Schools until their term

of expulsion has been completed, except for the limited purpose of attending an alternative school on district property.

Out-of-School Suspension

A temporary exclusion of a student from school (including all activities sanctioned by Decatur Schools), from all school district property, from riding the school bus or from a class or classes for a period of time not to exceed ten (10) attendance days unless approved by the Board of Education. A student may be suspended from riding the school bus in excess of ten (10) attendance days for safety reasons. It is the responsibility of the parent to transport the student to and from school if the student is suspended from the bus. (Refer to Part E, *Special Education Suspension Procedures*, for special education students.)

Parent Contact

Parents/Guardians are notified of the discipline concern by phone, mail, and/or in person.

Parent Conference

A formal scheduled meeting with parents/guardians to discuss a student's behavior.

Referral to an Alternative Education Program

Referral to an alternative education program, which students attend in place of their regular attendance center. If more than 10 days, parents/guardians will need to agree to the length of stay in writing.

Restitution

Students may be required to perform simple work consistent with the nature of the offense committed to remedy the damage which they or others have caused to property or grounds—for example: removal of gum from under desks and seats, repair of damaged property, removal of gang identifiers painted on buildings, repair of grounds damaged by vehicles, etc. Restitution can be assessed based on equivalent replacement or compensation for loss, damage, or injury caused.

Social Probation

Exclusion from participation in and/or attendance at an extracurricular school-sanctioned activity.

Supervision Room/Isolated Time-Out

Temporary holding situation: Students are placed in the Supervision Room for one or two class periods after a staff member has removed them from a class or situation for disciplinary reasons. During a supervision period, the student will work on class assignments under the supervision of a district employee (used with students with IEPs).

Warning

Students are told that repeated offense(s) will result in more severe disciplinary action.

Part C

INTERVENTIONS AND RESOURCES

Support Services

Services which may be recommended and/or provided to students and/or families by varying levels of district employees, including building level intervention team members and Student Services employees. These services may include, but are not limited to, counseling, monitoring, and follow-ups by district staff.

Continuum of Support Services

The creation of a positive school culture requires students, families, teachers, and administrators to work together to uphold and respect each other's rights and responsibilities.

AWARE (Advancing Wellness and Resilience in Education) Counselors

Overview -

Decatur Public Schools has partnered with Heritage Behavioral Health Center to provide AWARE Counselors to the six Project IL AWARE Schools (MacArthur High School, Stephen Decatur Middle School, South Shores Elementary, Durfee Magnet, Garfield Montessori, and Phoenix Academy). The goals of the Project IL AWARE grant are to increase access to comprehensive and coordinated behavioral health services, establish a Multi-Tiered System of Support (MTSS), and increase mental health literacy. This will be accomplished by housing AWARE Counselors in the buildings.

Per the Illinois Mental Health and Developmental Disabilities Code (405 ILCS 5/3-501(a), minors between the ages of 12-17 are allowed to receive up to eight (8) 90-minute sessions of counseling before the worker makes a service decision. Parent/guardian permission is required for more than the eight (8) sessions.

Multi-Tiered System of Support

Schools have been working to develop their continuum of available and appropriate support services. These services are accessible to all students, and the frequency (as well as duration) of interventions increase based on the needs of students. A Multi-Tiered System of Support provides three tiers of intervention, and a problem-solving process for students both academically and behaviorally. The tiers provide a layering approach to intervening with additional targeted skill-building for students.

Tier 1- provides intervention and prevention supports for all students.

Tier 2- provides intervention for students who have received all Tier 1 supports and are identified based on accumulated data points as needing additional support.

Tier 3- provides intervention for students who have received all Tier 1 and Tier 2 supports and are identified based on accumulated data points as needing more intensive supports.

Within the Multi-Tiered System of Support, schools use evidence-based approaches and practices for students needing additional supports.

Positive Behavior Interventions and Supports (PBIS) is a proactive systems approach that helps schools use effective interventions accurately and successfully.

Behavior Intervention Support Team (BIST) is a behavior management plan that partners adults with students to help them manage and regulate disruptive or hurtful behavior over time.

Restorative Practices is a philosophy that seeks to establish norms of behavior and recognize any and all harm done to relationships and individuals, with the goal of making things right. Restorative Practices' three main goals are Accountability, Community Safety, and Competency Development.

Part D

DISCIPLINE VIOLATIONS AND RANGES OF CONSEQUENCES

All parents/guardians and students shall be aware that some of the acts listed below, as well as violations of the Safe School Zone, can also bring criminal prosecution and penalties as well as school disciplinary action, even if methods such as Restorative Justice are used. The school, the police or state's attorney, parents/guardians and/or students can bring legal action. The District will notify the police department of any act involving illegal drugs, weapons, and/or battery of district employees.

Violation of the District drug policy occurs when a student or students are involved in using, being under the influence, possessing, distributing, purchasing, or selling illegal drugs or controlled substances on school district property or at any school event or activity. ***Infractions are reported electronically (known as referrals) by staff to administration.*** The asterisk (*) indicates violations that may be reported to the police.

Tardy (Repeated Unexcused)

The Decatur Public Schools do not penalize students who come late to school occasionally for reasons recognized by the State of Illinois as valid causes for missing school. Please refer to pages 9-10 regarding the district tardy policy. Students who arrive tardy to class during the school day disrupt the lesson and hinder learning. Students are considered tardy to class when they arrive to class after the tardy bell (start of class) without a valid pass from the building administrator or designee. If the tardiness becomes habitual, administrators or designee will meet with parents/guardians to determine the cause and develop a plan of assistance. Tardies to class will start over each quarter.

OTHER POLICIES

Part A

INTERNET and TECHNOLOGY USE POLICY

Acceptable Use

The use of DPS 61 technology resources is a privilege and not a right. The privilege of using the technology resources provided by DPS 61 is not transferable or extendable by students to groups outside the district and terminates when a person is no longer a student of DPS 61. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources.

If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the School District technology resources may be denied, and the appropriate disciplinary action may be applied per the Student Code of Conduct. Law enforcement agencies may be notified in appropriate cases.

DPS 61 Student Responsibilities:

- Read, understand and follow the DPS 61 Acceptable Use Policy.
- Use devices in a responsible and ethical manner.
- Obey general school rules and district policies concerning behavior.
- Use technology resources in an appropriate manner that does not result in the informational damage of school equipment. This “damage” includes, but is not limited to, the loss of data resulting from delays, non-deliveries, mis-deliveries or service interruptions caused by the student’s own negligence, errors or omissions.
- Use any information obtained via DPS 61’s network at your own risk. DPS 61 specifically denies any responsibility for the accuracy or quality of information obtained through its services.
- Report physical damage to devices immediately to the Technology Department.
- Secure devices against theft or loss.
- Help DPS 61 protect devices by contacting the Technology Department about any security problems encountered.
- Monitor all activity on your account(s).

Device cases furnished by DPS 61 must be returned with only normal wear and no alterations to avoid paying a case replacement fee.

Devices that malfunction or are damaged must be reported to the DPS 61 Technology Department. The school district will be responsible for repairing devices that malfunction.

Devices that have been damaged from student misuse, neglect or accident will be repaired. If the damages to a device are not covered under the warranty, and/or do not have it covered under their homeowner's insurance, the student's family will be responsible for the total cost of repairs up to the replacement cost of the device. Students may be provided a temporary device while their assigned device is being repaired.

Police reports shall not be filed if the device is misplaced or left unintentionally. Devices that are lost must be reported to DPS 61 Technology Department through an established procedure.

Legal Propriety:

Students must comply with trademark and copyright laws and all license agreements. If the student is unsure, ask a staff member for guidance.

Use or possession of hacking software is strictly prohibited and violators are subject to discipline. Violation of applicable state or federal law may result in criminal prosecution and/or disciplinary action by the District, including expulsion or police involvement.

The Decatur Public School District owns and operates the equipment and software that compose our network resources. The school is obligated to take steps to insure that all facilities are used legally. Any illegal use of network resources is prohibited. All content created, sent, accessed or downloaded using any part of the District's network resources or district-owned devices is subject to the rules stated in this policy. School administration monitors our network and may find it necessary to investigate electronic incidents even if they happen after hours and outside of school. As the owners of our network resources, including email system, the school administration reserves the right, if needed, and at its discretion, to remotely access, open, examine and/or delete any electronic file.

The District does not have control of the information on the Internet or incoming emails, nor does it provide any technical barriers to account holders accessing the full range of information while not connected to the School District's network. Sites accessible via the Internet may contain material that is defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, illegal or otherwise inconsistent with the mission of Decatur Public Schools District. While the District's intent is to make Internet access available for educational goals and objectives, account holders may have the ability to access other materials as well. Students shall obey the Acceptable Use Policy when using the Internet on the network and/or the device.

District account holders take full responsibility for their access to the District's network resources and Internet. Specifically, DPS 61 makes no warranties with respect to school network resources nor does it take responsibility for:

1. The content of any advice or information received by an account holder;
2. The costs, liability or damages incurred as a result of access to school network; or
3. Any consequences of service interruptions.

This policy exists along with all other District policies, rules, guidelines and procedures. Specific items not covered here may be addressed by other policies, District rules, guidelines, or procedures at the discretion of the Board of Education or its designee.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to student vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent or a designee may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner which is reasonably related to its objectives and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

When feasible, the search shall be conducted as follows:

- outside the view of others, including students;
- in the presence of a school administrator or adult witness; and
- by a certified employee or liaison police officer of the same sex as the student.

Immediately following a search, if the search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities. A written report shall be made by school authorities who conducted the search and given to the Superintendent when drugs or weapons are found.

Seizure of Property

Bullying on the basis of actual or perceived race, color, nationality, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

For purposes of this policy, the term *bullying* means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, and/or harassment may take various forms, including without limitation: threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

The Superintendent or designee shall:

1. Fully implement and enforce each of the following Board policies:
 - a. 7:20, *Bullying, Intimidation and Harassment of Students Prohibited*. This policy prohibits any person from harassing, intimidating, or bullying a student based on an actual or perceived characteristic that is identified in the policy. Each of those characteristics is also identified in this policy's second paragraph.
 - b. 7:190, *Student Behavior*. This policy is to provide effective discipline and practices that ensure the safety and dignity of students and staff while maintaining a positive, weapons-free and drug-free environment, and keeping school property and the property of others secure.
 - c. 7:310, *Restrictions on Publications*. This policy prohibits students from: (i) accessing and/or distributing at school any written, printed, or electronic material, including material from the Internet, that will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities, and (ii) creating and/or distributing written, printed, or electronic material, including photographs and Internet material and blogs, that causes substantial disruption to school operations or interferes with the rights of other students or staff members.
 - d. 6:235, *Access to Electronic Networks*. This policy states that the use of the District's electronic networks is limited to: (1) support of education and/or research, or (2) a legitimate business use. It subjects any individual to the loss of privileges, disciplinary action, and/or appropriate legal actions for violating the District's *Authorization of Electronic Network Access*.

Full implementation of the above policies includes: (a) conducting a prompt and thorough investigation of alleged incidents of bullying, intimidation, harassing behavior, or similar conduct; (b) providing each student who violates one or more of these policies with appropriate consequences and remedial action; and (c) protecting students against retaliation for reporting such conduct.

2. Examine the appropriate steps to understand and rectify conditions that foster bullying, intimidation, and harassment, and contemplate taking action to eliminate or prevent these disruptive behaviors beyond traditional punitive disciplinary actions.
3. Include bullying prevention and character instruction in all grades in accordance with State law and Board policy 6:60, *Curriculum Content*. This includes incorporating student social and emotional development into the District's educational program as required by State law and in alignment with Board policy 6:65, *Student Social and Emotional Development*.
4. Fully inform staff members of the District's goal to prevent students from engaging in bullying and the measures being used to accomplish it. This includes: (a) communicating the District's expectation—and the State law requirement—that teachers and other certificated employees maintain discipline; and (b) establishing a process for staff members to fulfill their obligation to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
5. Encourage all members of the school community, including students, parents, volunteers, and visitors, to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
6. Actively involve students' parents/guardians in the remediation of the behavior(s) of concern. This includes ensuring that all parents/guardians are notified, as required by State law, whenever their child engages in aggressive behavior.

7. Communicate the District's expectation that all students conduct themselves with a proper regard for the rights and welfare of other students. This includes a process for commending or acknowledging students for demonstrating appropriate behavior.
8. Annually communicate this policy to students and their parents/guardians. This includes annually disseminating information to all students and parents/guardians explaining the serious disruption caused by bullying, intimidation, or harassment, and that these behaviors will be taken seriously and are not acceptable in any form.
9. Engage in ongoing monitoring that includes collecting and analyzing appropriate data on the nature and extent of bullying in the District's schools and, after identifying appropriate indicators, assess the effectiveness of the various strategies, programs, and procedures and report the results of this assessment to the Board along with recommendations to enhance effectiveness.
10. Comply with State and federal law and ensure alignment with Board policies. This includes prompting the Board to update the policy beginning every 2 years after its initial adoption and filing this policy with the Illinois State Board of Education after the Board adopts or updates it.

This policy is not intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 or 4 of Article 1 of the Ill. Constitution.

PARENT-TEACHER ADVISORY COMMITTEE

Per Illinois School Code 105 ILCS 5/10-20.14 (from Ch. 122, par. 10-20.14):

Sec. 10-20.14. Student discipline policies; parent-teacher advisory committee.

(a) To establish and maintain a parent-teacher advisory committee to develop with the school board or governing body of a charter school policy guidelines on pupil discipline, including school searches and bullying prevention as set forth in Section 27-23.7 of this Code. School authorities shall furnish a copy of the policy to the parents or guardian of each pupil within 15 days after the beginning of the school year, or within 15 days after starting classes for a pupil who transfers into the district during the school year, and the school board or governing body of a charter school shall require that a school inform its pupils of the contents of the policy. School boards and the governing bodies of charter schools, along with the parent-teacher advisory committee, must annually review their pupil discipline policies, the implementation of those policies, and any other factors related to the safety of their schools, pupils, and staff.

(a-5) On or before September 15, 2016, each elementary and secondary school and charter school shall, at a minimum, adopt pupil discipline policies that fulfill the requirements set forth in this Section, subsections (a) and (b) of Section 10-22.6 of this Code, Section 34-19 of this Code if applicable, and federal and State laws that provide special requirements for the discipline of students with disabilities.

(b) The parent-teacher advisory committee in cooperation with local law enforcement agencies shall develop, with the school board, policy guideline procedures to establish and maintain a reciprocal reporting system between the school district and local law enforcement agencies regarding criminal offenses committed by students. School districts are encouraged to create memoranda of understanding with local law enforcement agencies that clearly define law enforcement's role in schools, in accordance with Section 10-22.6 of this Code.

(c) The parent-teacher advisory committee, in cooperation with school bus personnel, shall develop, with the school board, policy guideline procedures to establish and maintain school bus safety procedures. These procedures shall be incorporated into the district's pupil discipline policy.

(d) The school board, in consultation with the parent-teacher advisory committee and other community-based organizations, must include provisions in the student discipline policy to address students who have demonstrated behaviors that put them at risk for aggressive behavior, including without limitation bullying, as defined in the policy. These provisions must include procedures for notifying parents or legal guardians and early intervention procedures based upon available community-based and district resources.
