REPORT
CARD

GRADES : 7 8

State and federal laws require public school districts to release report cards to the public each year.

This year, we have updated the report card to provide a full picture of school performance beyond just test scores. A display of this data designed with parents and communities in mind is available on illinoisreportcard.com. All of the metrics posted on illinoisreportcard.com are also included in this report.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs. **Total Enrollment** is based on Home School. **Homeless** students are who do not have permanent and adequate homes.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading and mathematics. The ISAT reading and math cut scores were reset for school year 2013. Starting in 2013, Illinois raised the performance cut scores in reading and math to align with college and career ready expectations.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

IAA scores in the Progressing and Attaining performance levels count the same, respectfully, as scores on other state assessments that meet or exceed Standards.

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

**PERFORMANCE ON STATE ASSESSMENTS**

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

ILLINOIS ALTERNATE ASSESSMENT (IAA)

The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate. The table below presents the percentages of student scores in each of four performance levels.

- Level 1 -- Entry - Students do not demonstrate knowledge and skills in the subject through links to the Illinois Learning Standards.
- Level 2 -- Foundational - Students demonstrate emerging knowledge and skills in the subject as linked to the Illinois Learning Standards. Students exhibit an ability to reproduce knowledge and skills.
- Level 3 -- Satisfactory - Students demonstrate basic knowledge and skills in the subject through links to the Illinois Learning Standards. Students exhibit an ability to associate their knowledge and skills.
- Level 4 -- Mastery - Students demonstrate knowledge and skills in the subject through links to the Illinois Learning Standards. Students exhibit the ability to apply their knowledge and skills.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 92.5% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 92.5% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 92% attendance rate for non-high schools and at least 82% graduation rate for high schools.
4. At least 85% graduation rate for high schools. The State would first examine whether the school met the target for the four-year graduation rate. If it did not, the State would then determine whether the school met the five-year graduation rate target. If either of those rates were met, this would indicate that the school met the other academic indicator for AYP. The largest number among the 4-year and 5-year graduation rates would be printed.

* Includes only students enrolled as of 05/01/2012.

** Safe Harbor Targets of 92.5% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

2013 STUDENT ACADEMIC GROWTH

State	102.1	101.1

Illinois has chosen to use a value table methodology to determine the school and district growth metric based on student performance on large-scale assessments (the ISAT). The numbers contained in the value table represent the number of students in each cell. The average of all students' academic growth over two year's performance will be used to determine the growth metric..
