

JOHNS HILL MAGNET SCHOOL SUPPLY LIST

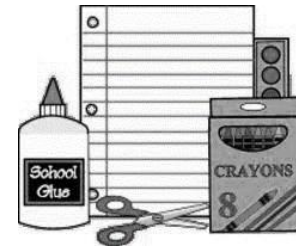

Decatur Public Schools understands that students need additional tools to learn whether at home or in school. The supply list below is only a suggestion to help supplement materials needed at home to be successful during virtual learning. However, we want students to be prepared should we transition back to in-person learning, and now is a good time to take advantage of back to school sales. DPS will provide sanitizing and cleaning items for each district building, the cleaning items below would only be used to supplement the district's supplies.
