## **PHILOSOPHY OF THE DECATUR PUBLIC SCHOOLS ATHLETIC PROGRAM**

The athletic program is an integral part of the education of all students who attend the Decatur Public Schools. Our goals and objectives are consistent with and comparable to those of the school district. All students have an equal opportunity to participate in athletic programs. No student shall be deprived of the right to participate because of lack of financial resources, nationality, race, color, religion, or sex, sexual orientation, disability, or marital status.

The Middle School Athletics Parent/Student Guide is designed for middle school parents and middle school students. The information is annually reviewed and updated by administrators, athletic directors, and coaches.

The athletic program will be broad based and as extensive as the facilities, staff, and finances can adequately support.

The leadership shall be of the highest quality so as to exemplify to the participants the desired type of individual to be developed from the athletic program.

The measurement of success of the leadership is not limited to win/loss records. It includes the success experienced in helping each participant develop his/her talents and desirable personal characteristics to their fullest.

The athletic program is a laboratory where students experience many of life's situations. Participation in this laboratory activity offers students the opportunity to improve character, dignity, self-worth, and concern for others. Students may learn to develop these human traits and grow as individuals to the extent of their capacity.

## **STATEMENT OF PURPOSE FOR THE ATHLETIC PROGRAM OF DPS #61**

- A. Participation helps develop character, social competence, cooperation, and moral and ethical values that are an everyday part of our society.
- B. Participation develops a mutual respect for all who are involved in the competition: teammates, opponents, coaches, and officials.
- C. Participants must learn to abide by the rules, regulations, and decisions of officials, just as we all must abide by the laws that govern our society.
- D. Participation leads to a better understanding of our democratic ideals, social and economic well-being, and the spirit of fair play.
- E. Participation teaches a student that discipline and self-sacrifice are necessary ingredients of teamwork, if the end result is to be accomplished.
- F. Through participation, the individual will develop a healthy body, a sound mind, and a better understanding of individual differences.
- G. Participation provides valuable lessons which are learned in the course of competition; for example, winning, as well as losing, reflects team effort.
- H. Competition helps to develop the fundamental processes that lead to emotional maturity and self-control.
- I. Participation in the athletic program will cause participants and spectators to look forward to attending school, resulting in an improved student attitude toward school and school- related activities.
- J. Participation in athletic competition will give students an opportunity to achieve, not only for themselves, but for their team and school community and receive their just rewards in return.
- K. The individual school administration must provide adequate control and safety measures for the participants, officials, and spectators in order to insure the proper atmosphere for interscholastic events.
- L. Members of the athletic staff shall abide by the rules and regulations and officials' decisions which govern each sport, maintain the highest standard of ethics, recognize each participant as an individual, conduct themselves in a manner befitting their responsibilities, and develop the kind of rapport with the total school community that will improve the total educational program.

## **STUDENT CODE OF ETHICS**

**Decatur Public Schools #61 considers the welfare of the student our priority consideration.**

A firm and fair policy of enforcement is necessary to uphold the regulations and standards of the athletic department. Decatur Public Schools Administration and the coaching staff feel strongly that high standards of conduct and citizenship are essential in maintaining a sound program of athletics. All athletes shall abide by a code of ethics which will earn them the honor and respect that participation and competition in the interscholastic program affords.

Any conduct that results in dishonor to the athlete, the team, the school, or Decatur Public Schools will not be tolerated. Acts of unacceptable conduct, such as, but not limited to theft, vandalism, disrespect, immorality or violations of law, tarnish the reputation of everyone associated with the athletic programs and will not be tolerated.

The student's first responsibility is to acquire a quality education. Our athletic programs are co-curricular activities, and the students first priority must be academic achievement.

Athletes are representatives of their school, and their actions and behavior must be such as to reflect a respected image of themselves, fellow students, parents, school, and community. They will spend a great amount of time and effort in participation with their respective sport, but hopefully, they will find it to be a rewarding and enjoyable experience that will be important to them now and in the years to come.

### **DPS #61 ATHLETIC CODE PROCEDURES**

1. Coaches' rules shall be written and distributed so all participants and parents may read and review them. Rules will be shared through mandatory parent meetings.
2. Each coach will hold a team meeting to review team rules with the participants at the beginning of the sport season to make sure the participants are aware of them. A copy of the team rules, seasonal activity participation, and the Athletic Code will be distributed to the parents, or available online, attached to a participation permission form.
3. Coaches' rules must also include consequences for students who violate the rules.
4. Any student accused of violating a rule and subject to a consequence of a suspension of greater than three (3) games shall be informed of the nature of the offense and may request a hearing before the Principal and Athletic Director.

## **PROCEDURAL OFFENSES IN VIOLATION OF THE ATHLETIC CODE**

A student found in violation of the Athletic Code may receive consequences up to and including dismissal from the team/activity for the remainder of the season or school year. Such violations include, but are not limited to:

- Use, possession, transfer, attempted transfer, sale or attempted sale of alcohol, tobacco products, e-cigarettes and/or any controlled/illegal substances or any lookalike, including any substance held out to be a drug, alcohol or tobacco product.
- Violations of individual coaches' rules, insubordination, poor sportsmanship, conduct detrimental to the team and to school spirit.
- Violations of academic integrity and ethics.
- Violations of the DPS 61 Student Code of Conduct.

## **DISCIPLINARY ACTION / ENFORCEMENT**

### ***Participation in athletics is a privilege.***

A student who violates the Athletic Code and who has been provided a hearing and assessed a consequence cannot avoid the consequence by transferring to another Decatur Public School. The penalty will be enforced at the student's new school before the student can become eligible for participation.

When a student is dropped from his/her team for disciplinary reasons, it is important that he/she receive a fair notice and that he/she be given a hearing.

All coaches are responsible for reviewing the athletic code, individual school rules, and rules for their respective sport during the first week of practice with the Athletic Director, assistant coaches, students, and parents.

## **OUT-OF-SCHOOL SUSPENSION / CARE – TRANSITION ROOM PLACEMENT**

Any situation where a student athlete is receiving an out-of-school suspension for disciplinary reasons by the Building Administrator automatically deems said student unable to practice and/or compete in any athletic events scheduled for the duration of the suspension. The student and parent/legal guardian shall be notified by the Building Administrator as such.

This includes the date the suspension is issued, and any weekends/ school holidays, throughout the time until the student returns to regular class attendance status. The appropriate sport Coach(s) and Athletic Director shall be notified by Building Administration upon any student athlete being suspended from school.

In example, a student athlete is suspended on Friday morning for a disciplinary infraction and is out of school for the suspension through Monday... successfully returning to classes Tuesday morning. This student CANNOT participate in any school-sponsored

athletic event, nor practice, beginning Friday thru Monday night... They may resume activities Tuesday morning.

In the case where a student athlete is placed in the school's Care Room or Transition Room for disciplinary action reasons by the Building Administrator, resulting in a 1/2 day placement or more, the same denial of athletic participation and notification shall occur - as indicated for an out-of-school suspension. *\*Placements less than the individual school's "½ day bell schedule" will not result in any suspension of participation in athletics.*

## Illinois Elementary School Association

The Association shall be known as the Illinois Elementary School Association (IESA). The Association shall be registered with the State of Illinois as a not-for-profit corporation.

- The Association through the employment of the instrumentalities hereinafter established shall:
  - Regulate all the interscholastic activities in which its member schools may engage; and
  - Perform such other functions related to interscholastic activities as may from time to time be approved and adopted by the Board of Directors.
- In the performance of these functions, the ultimate educational objectives of the Association are:
  - To elevate standards of sportsmanship
  - To encourage the growth of responsible citizenship; and
  - To encourage academic excellence

### **ACADEMIC ELIGIBILITY**

The IESA requires that a weekly grade check is completed for every athlete who is on a competition athletic roster. This report must be completed on the same day of each week and athletes must be notified of any failing grade. The IESA determines eligibility considering all grades that are reported on the quarterly report card. The athlete must pass each class in which he or she is enrolled with a grade of D or better. If an athlete has a failing grade in any of his or her classes, the athlete is ineligible the next week and will continue to be ineligible until all failing grades have been raised to at least a D.

Eligibility can be recorded in one of two methods: Skyward computer program printouts or Teacher/Athletic Director hard copy checklists. Coaches may address grade issues with individual athletes who are showing signs of grade trouble in classes. In some cases, the coach will request a parent conference to help the student athlete improve his or her grades.

Most schools run grades the day before a week concludes, which in most weeks, is Thursday. Some weeks, however, are shorter due to in-service days and holidays. Those weeks' grades must be submitted the day before the week concludes.

The element of eligibility that confuses athletes and their parents is that the measure is always a week behind the week of the contests. The athlete can be showing passing grades after the weekly grade check has been recorded but is still excluded from participation due to the failing grades that were recorded at the end of the prior week.

***The grade recorded on the weekly eligibility check is final and cannot be changed at a later date.***

*Ex: Grades are turned in Thursday and show that a student athlete is failing a subject, but when the parent looks on Skyward on Friday afternoon, it shows as a passing grade. That athlete is still ineligible for any event the following week.*

**The cutoff day must be the same each week and reporting must be consistent.**

Once the grades are turned in and the computer grade check run, print the weekly report and retain (in files) as proof of grades. Notify the athlete, coach, teachers and athletic administration. A report of ineligibility should be delivered to an ineligible athlete before he or she leaves the building on the last day of each week.

## **2.040 SCHOLASTIC STANDING**

**2.041** - All contestants shall be in grades five through eight (5-8) and shall not have passed eighth grade standing. At no time, may a student who is in fourth grade or lower practice or participate with a member school.

**2.042** - A student shall be doing passing work as determined by the local school district in all school subjects and the school shall certify compliance with this By-Law. Use of a player, contestant, or participant shall be deemed such certification.

**2.043** - For all IESA activities, athletic as well as non-athletic, passing work shall be checked weekly. Eligibility will be applied to the Monday through Saturday following the week that was checked. Students must be passing each subject each week to be eligible. Grades shall be cumulative for the school's grading period.

**2.044** - The eligibility check shall be the same day each week unless school is not in session; then it must be taken on the last day of student attendance that week.

**2.045** - For fall sports, the first eligibility check shall be made following the first full week of attendance at the beginning of the school year. During the succeeding weeks of the school year, the eligibility check shall begin the week prior to the first contest in an activity.

**2.046** - In cases where a contest has been postponed or re-scheduled, the current week eligibility shall be used to determine a student's eligibility. For example, a contest is scheduled to be played on Tuesday and because of poor weather, the contest is

rescheduled for two weeks later. A student who was grade eligible for the originally scheduled game but is ineligible during the week of the rescheduled game is not eligible. Conversely, a student who was ineligible the week of the originally scheduled game and is grade eligible the week of the rescheduled contest is eligible to play.

### **IESA Penalties: Ejections for Unsportsmanlike Behavior**

***The IESA Board of Directors approved a change to the penalties assessed to players, coaches, and now fans who are removed from a contest for unsportsmanlike behavior. These changes will become effective with the start of the 2020-21 school year.***

Consequences for behaviors meriting ejection from a school sponsored event:

**A. Student – Athletes:**

- 1<sup>st</sup> ejection: the student is required to miss the next 2 contests and complete the National Federation of State High School Association Sportsmanship course. This course can be found at [www.iesa.org](http://www.iesa.org) Upon course completion, a printed certificate of completion must be submitted to the IESA via the school Athletic Director.
- 2<sup>nd</sup> ejection(same sport): the student is required to miss the next 5 contests and pay \$100 fine to the IESA.

**B. Coaches:**

- 1<sup>st</sup> ejection: the coach is required to miss the next 2 contests, pay \$100 fine and complete the National Federation of State High School Association Sportsmanship course. This course can be found at [www.iesa.org](http://www.iesa.org) Upon course completion, a printed certificate of completion must be submitted to the IESA via the school Athletic Director.
- 2<sup>nd</sup> ejection: the coach will be required to miss the next 5 contests and pay \$250 fine to the IESA.

**C. Fans/Parents:**

- Removal from ALL future contests until completion of the National Federation of State High School Association Sportsmanship course. This course can be found at [www.iesa.org](http://www.iesa.org) Upon course completion, a printed certificate of completion must be submitted to the IESA via the school Athletic Director.

### **IESA Transfer Rules 2.060**

A transfer student is defined as one who transfers from one school to another school after the first day of classes at his/her school.

Effective with the start of the 2022-23 school year, a student who transfers after the first day of practice in a given activity will be allowed to join the team for his or her new school only if he/she did not tryout, practice, or participate in a contest for the previous school prior to the beginning of the IESA regulated season. They would still need to sit 10 days before participating in a contest for the new school.

A student who transfers from one school to another is eligible immediately if the school from which he/she transfers is involved in a co-op with the school to which he/she is transferring.

### **CONFERENCE AFFILIATION: Soy City Conference**

The following schools: American Dreamer, Dennis Lab, Hope Academy, Johns Hill Magnet, Montessori Academy of Peace, Robertson Charter, and Stephen Decatur are members of the Soy City Conference.

No conference commitments shall be made which would be inconsistent with the athletic policies of the Decatur Public Schools.

### **Participating Schools & Activities**

**American Dreamer:** Baseball (Co-Op), Softball (Co-Op), Cross Country, Girls Basketball, Boys Basketball, Cheerleading, Wrestling (Co-Op), Girls Volleyball, Track & Field

**Dennis Lab:** Baseball, Softball (Co-Op), Cross Country, Girls Basketball, Boys Basketball, Cheerleading, Wrestling (Co-Op), Girls Volleyball, Track & Field

**Hope Academy:** Baseball (Co-Op), Softball (Co-Op), Cross Country, Girls Basketball, Boys Basketball, Cheerleading, Wrestling (Co-Op), Girls Volleyball, Track & Field

**Johns Hill Magnet:** Baseball (Co-Op), Softball (Co-Op), Cross Country, Girls Basketball, Chess Club, Show Choir, Boys Basketball, Cheerleading, Wrestling (Co-Op), Girls Volleyball, Track & Field

**Montessori Academy of Peace:** Baseball (Co-Op), Softball (Co-Op), Cross Country, Girls Basketball, Boys Basketball, Cheerleading, Wrestling (Co-Op), Girls Volleyball, Track & Field

**Stephen Decatur:** Baseball (Co-Op), Softball (Co-Op), Cross Country, Girls Basketball, Boys Basketball, Cheerleading, Wrestling (Co-Op), Girls Volleyball, Track & Field

### **Tryouts / Team Roster Cuts/Sports Physicals**

In all sports/activities where there are “roster limitations”, there is a chance that the school’s coaching staff might have to hold tryouts and make roster cuts to meet these limits due to the number of students trying out. The IESA and/or DPS restricts roster numbers in the following sports/activities: Softball, Baseball, Soccer, Girls Basketball, Boys Basketball, Cheerleading, and Volleyball.

The District requires a minimum of a 3-day tryout in Middle School sports/activities where cuts are deemed necessary. The try-out schedule will be designated by the coach and

Athletic Director. **A current physical MUST be on file with the office, nurse, or Athletic Director prior to try-out for an activity. *These Physicals must be renewed EVERY year of participation.*** A pre-season informational meeting will be held (in addition to in-school announcements and/or fliers and online notifications) as to when a specific sport/activity will begin tryouts or practices. Coaches will determine (with the assistance of the school's Athletic Director) a practice schedule utilizing the availability of the school's athletic facilities. Every effort will be made to notify all students (prior to the beginning of a sport season) as to when tryouts/practices will begin.

Team roster cuts may be based upon (but not limited to) the student's: ability in the sport; age/academic status; disciplinary/behavior issues in school; attendance at tryouts/practices/contests; and their ability to work cooperatively with other team athletes and coaches in the sport.

### **ACTIVITY / PARTICIPATION FEES:**

Every student athlete is expected to pay a participation fee of \$10.00 per sport upon making the team and by the end of the first week of regular practice activity. There is a \$50 maximum per student/ school year. If a parent/guardian writes a check, it must be made out to the school of enrollment.

### **Dual Participation in Middle School Sports\***

In DPS61, Middle School students may participate in more than one athletic activity at a time throughout the school year. Due to the various calendar dates over which DPS/IESA sports seasons occur, there might be a situation where a student wishes to try-out for/participate in more than 1 sport and/or activity at the same time (dual participation). In the instances where this occurs, the student athlete must determine, in writing, which sport/activity is their primary activity at the beginning of the seasons in conflict. Their commitment of a "primary" sport/activity will indicate their 1<sup>st</sup> area priority (choice) in the event of a scheduling conflict between 2 or more co-existing athletic events. \*A copy of the athlete's choice of their primary sport/activity will be on file with the school Athletic Director and given to all coaches involved.

The precedent for attendance at/participating in the primary sport/activity is as follows:

- Games over Practice
- Primary choice Games over secondary choice Games
- Games/Practices over Open Gyms
- Primary practices over secondary practices.
- In the event where there are overlapping /conflicting practices the coaches shall get together to work out a shared time schedule so that the student might be able to attend both sports where the overlap might occur.
- No coach may penalize a student athlete participating in multiple overlapping activities for missing a practice or contest when following the precedent set above.

### **Daily Attendance / Athletic Contest Participation:**

District policy states that a student must be “in attendance” at school at least ½ day on the day of an athletic contest in order to be allowed to participate in that day’s contest.

*Each individual school’s “1/2 day” is determined by their actual bell schedule... \*i.e.: a ½ day at an “early dismissal school” might be 10:45 AM, whereas at a “later dismissal school” their ½ day might be 12:05 PM.*

Items such as “doctor/dentist appointments, funerals, and court appearances.” are all excused providing that the parent/legal guardian signs the student in/out at the school office for said events. \*School-sponsored events, such as off-campus field trips and performances are also excused.

### **Punctuality**

**Parent will bring their child to practice on time and they will pick up their child from practice, home games and away games no later than 10 minutes after practice or game is over. The coaches stay to protect your child, please respect the coach by being responsible. Failure to be to practice on time and coming later than 10 minutes to pick your child up, may affect their playing time.**

### **Parental Concerns Policy**

A copy of the team rules, seasonal activity participation, and the Athletic Code will be distributed to parents and attached to the permission form. Coaches shall have mandatory parent meeting before the start of the sport season and review their rules and schedules. ## Concussion Information Sheet

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:	
<ul style="list-style-type: none"><li>• Headaches</li><li>• “Pressure in head”</li><li>• Nausea or vomiting</li><li>• Neck pain</li><li>• Balance problems or dizziness</li><li>• Blurred, double, or fuzzy vision</li><li>• Sensitivity to light or noise</li><li>• Feeling sluggish or slowed down</li><li>• Feeling foggy or groggy</li><li>• Drowsiness</li><li>• Change in sleep patterns</li></ul>	<ul style="list-style-type: none"><li>• Amnesia</li><li>• “Don’t feel right”</li><li>• Fatigue or low energy</li><li>• Sadness</li><li>• Nervousness or anxiety</li><li>• Irritability</li><li>• More emotional</li><li>• Confusion</li><li>• Concentration or memory problems (forgetting game plays)</li><li>• Repeating the same question/comment</li></ul>
Signs observed by teammates, parents and coaches include:	
<ul style="list-style-type: none"><li>• Appears dazed</li><li>• Vacant facial expression</li><li>• Confused about assignment</li><li>• Forgets plays</li><li>• Is unsure of game, score, or opponent</li><li>• Moves clumsily or displays in coordination</li><li>• Answers questions slowly</li><li>• Slurred speech</li><li>• Shows behavior or personality changes</li><li>• Can’t recall events prior to hit</li><li>• Can’t recall events after hit</li><li>• Seizures or convulsions</li><li>• Any change in typical behavior or personality</li><li>• Loses consciousness</li></ul>	

### **What can happen if my child keeps on playing with a concussion or returns too soon?**

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents and students is the key to student-athlete's safety.

### **If you think your child has suffered a concussion**

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. The Return-to-Play Policy of the IESA and IHSA requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches prior to returning to play or practice following a concussion or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all schools are required to follow this policy.

You should also inform your child's coach if you think that your child may have a concussion. Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

## **PHILOSOPHY OF THE DECATUR PUBLIC SCHOOLS ATHLETIC PROGRAM**

The athletic program is an integral part of the education of all students who attend the Decatur Public Schools. Our goals and objectives are consistent with and comparable to those of the school district. All students have an equal opportunity to participate in athletic programs. No student shall be deprived of the right to participate because of lack of financial resources, nationality, race, color, religion, or sex, sexual orientation, disability, or marital status.

The athletic program will be broad based and as extensive as the facilities, staff, and finances can adequately support.

The leadership shall be of the highest quality to exemplify to the participants the desired type of individual to be developed from the athletic program.

The measurement of success of the leadership is not limited to won and lost records. It includes the success experienced in helping each participant develop his/her talents and desirable personal characteristics to their fullest.

The athletic program is a laboratory where students experience many of life's situations. Participation in this laboratory activity offers students the opportunity to improve character, dignity, self-worth, and concern for others. Students may learn to develop these human traits and grow as individuals to the extent of their capacity.

## **STATEMENT OF PURPOSE FOR THE ATHLETIC PROGRAM OF SCHOOL DISTRICT 61**

- A. Participation helps develop character, social competence, cooperation, and moral and ethical values that are an everyday part of our society.
- B. Participation develops a mutual respect for all who are involved in the competition: teammates, opponents, coaches, and officials.
- C. Participants must learn to abide by the rules, regulations, and decisions of officials, just as we all must abide by the laws that govern our society.
- D. Participation leads to a better understanding of our democratic ideals, social and economic well-being, and the spirit of fair play.
- E. Participation teaches a student that discipline and self-sacrifice are necessary ingredients of teamwork, if the end result is to be accomplished.
- F. Through participation, the individual will develop a healthy body, a sound mind, and a better understanding of individual differences.
- G. Participation provides valuable lessons which are learned during competition; for example, winning, as well as losing, reflects team effort.
- H. Competition helps to develop the fundamental processes that lead to emotional maturity and self-control.
- I. Participation in the athletic program will cause participants and spectators to look forward to attending school, resulting in an improved student attitude toward school and school-related activities.
- J. Participation in athletic competition will give students an opportunity to achieve, not only for themselves, but for their team and school community and receive their just rewards in return.
- K. The individual school administration must provide adequate control and safety measures for the participants, officials, and spectators in order to insure the proper atmosphere for interscholastic events.
- L. Members of the athletic staff shall abide by the rules and regulations and officials' decisions which govern each sport, maintain the highest standard of ethics, recognize each participant as an individual, conduct themselves in a manner befitting their responsibilities, and develop the kind of rapport with the total school community that will improve the total educational program.

## **ORGANIZATION AND ADMINISTRATION THE ILLINOIS HIGH SCHOOL ASSOCIATION**

Dwight D. Eisenhower and Douglas MacArthur High Schools are members of the state association which determines the overall pattern for inter-school athletics in Illinois.

As stated in the constitution of the IHSA:

This Association shall be known as the Illinois High School Association (IHSA). It shall be the purpose of this Association to provide leadership for the development, supervision, and promotion of interscholastic competition and other activities in which its member schools engage. Participation in such interscholastic activities offers eligible students experiences in an educational setting which may provide enrichment to the educational experience.

This Association, through the employment of the instrumentalists, hereinafter shall:

1. Supervise and regulate all the interscholastic activities in which its member schools may engage; and
2. Perform such other functions related to interscholastic activities as may from time to time be approved and adopted by the membership.

In the performance of these functions, the objectives of the Association shall be:

1. To stress the educational importance, the cultural values, the appreciations and skills involved in all interscholastic activities, and to promote cooperation and friendship.
2. To regulate interscholastic programs in both character and quantity according to the accepted objectives of secondary education so that interscholastics shall not unduly interfere with nor abridge the regular program of teachers and students in the performances of their regular day to day school duties.
3. To encourage economy in the time of the student and teacher personnel devoted to interscholastic activities.
4. To encourage economy in expenses of interscholastic activities; and to promote only those activities which enhance the school's desired educational goals.

## **CONFERENCE AFFILIATION**

The two Decatur public high schools (Dwight D. Eisenhower and Douglas MacArthur) are members of the Central State 8 Conference.

No conference commitments shall be made which would be inconsistent with the athletic policies of the Decatur high schools.

## **THE DECATUR SCHOOL BOARD**

The Board of Education, responsible directly to the people, is the supreme educational agency for the public schools.

The duties of the Board of Education in athletic matters may be considered to be the same as for education generally. They are as follows:

1. Interpreting the needs of the community and requirements of the professional organization.
2. Developing policies in accordance with the law and in accordance with the educational needs and wishes of the people.
3. Approving means by which professional agents and agencies may make these policies effective.
4. Furnishing financial means which provide physical and educational conditions by which organized activity may be carried on.
5. Appraising the efficiency of the agents and of the service rendered in terms of their value to the community.
6. Keeping the people intelligently informed of the purpose, value, conditions, and needs of the public education within the community.

## **THE SUPERINTENDENT OF SCHOOLS**

The executive function is delegated to the Superintendent of Schools who is charged with the responsibility for devising means and ways of executing efficiently the policies adopted by the Board of Education.

The Superintendent of Schools recommends to the Board of Education the appointment of principals, coaches, assistant coaches, supervisors, and others who are given any responsibility for the handling of inter-school athletics.

He or she approves all policies and procedures recommended by his/her staff and is, in fact, directly responsible to the school board for the successful performance of the organization.

## **THE HIGH SCHOOL PRINCIPALS**

The high school principal is the administrative head of the inter-scholastic athletic activities just as he/she is of all other activities at the school.

As members of Administrative Cabinet, the high school principals help formulate policies. As administrative heads of the schools, they are directly responsible to the state athletic association and the Deputy Superintendent of Schools for the conduct of the schools' athletic activities. Some specific duties of the Administrative Team and/or Athletic Director are:

- A. Certifying the eligibility of all players,
- B. Signing contracts for games,
- C. Signing contracts for officials,
- D. Representing the school's position concerning issues which are presented by the IHSA and the Athletic Conference.
- E. Management and consistent monitoring of the overall athletic program.

### **PROCEDURE FOR ESTABLISHING ATHLETIC POLICY GUIDE**

The athletic directors receive input from the coaching staff in their buildings. Annually, the athletic directors then meet to make recommendations for additions, revisions, or deletions to the present policy.

Recommendations are then taken to the Assistant Superintendent, Chief Financial Officer and/or designated designee. Items recommended by the athletic directors and approved by the Assistant Superintendent become included in the athletic policy guide. Changes to the policy guide must be approved by the Board of Education.

### **THE COACHES CODE OF ETHICS**

(National Federation Interscholastic Coaches Association)

The function of a coach is to educate students through participation in interscholastic competition. The activity shall be designed to enhance academic achievement and never interfere with opportunities for academic success. Each student shall be treated with the upmost respect, and his or her welfare must be considered in decisions by the coach at all times. Accordingly, the following guidelines for coaches have been adopted by the NFHS Board of Directors.

The coach must be aware that he or she has a tremendous influence, either good or ill, in the education of the student and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.

The coach shall follow the social media rules and guidelines as outlined by District policy. The coach shall uphold the honor and dignity of the profession. In all personal contact with the students, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

The coach shall take an active role in the prevention of drug, alcohol, and tobacco abuse.

The coach shall avoid the use of alcohol and tobacco products when in contact with players.

The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.

The coach shall master the contest rules and shall teach them to his or her to team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.

The coach shall exert his or her influence to enhance sportsmanship by spectators, and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.

The coach shall respect and support contest officials. The coach shall not indulge in conduct which will incite players or spectators against the officials. Public criticism of officials or players is unethical.

The coach should meet and exchange cordial greetings with the opposing coach to set the correct tone for the event before and after the contest.

The coach shall not exert pressure on faculty members to give student special consideration.

The coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.

### **ATHLETIC PROGRAM INTERSCHOLASTIC PROGRAM**

Each of the high schools will offer a program for boys which consists of football, basketball, baseball, cross country, track and field, tennis, golf, soccer, and wrestling. The girl's program will include cross country, soccer, volleyball, tennis, golf, basketball, bowling, track and field, and softball. The following sports are offered as a co-op between the 2 high schools: Cross Country, Tennis, Soccer, Golf, and Bowling. Cheerleading and E-Sports are co-educational programs offered at both high schools. DPS also offers swimming as individual entries for the IHSA series.

Our district also sponsors representatives to state meets for sports in which we do not have teams. Please see the section entitled "Special Entry Program" for guidelines.

The following chart includes the sports and number of contests permitted in each sport including all tournaments except the IHSA series.

### Additional Program Guidelines:

If, because of the shortage of coaches, a coach cannot be hired to coach a team, the team may not be formed.

## **GUIDELINES FOR CUTTING**

Each participant shall be assured a minimum of three practices before he/she is cut. The number three is used for sports where a large number of candidates try out and there is a limited amount of practice time before the first scheduled contest. Where a fewer number try out, the coach may want to permit more practices before making his first cut. Students, who report late due to participation in other approved school district sports or activities, will have the opportunity to participate in a least three practices before they are cut.

Every effort shall be made by the coach to provide each candidate with an opportunity to demonstrate his/her skill in as many areas as feasible which relate to that sport and with the proper equipment to demonstrate this skill.

In all his/her contact with the players, the coach must make every effort to treat all candidates fairly and as impartially as possible, recognizing that he may know some candidates from previous associations.

It shall also be the responsibility of the coach, when asked, to encourage, advise, and counsel those athletes cut from the squad to help them prepare for the following year and better understand the reasons for being cut.

## **DISCIPLINARY ACTION**

Participation in athletics is a privilege.

When a student is dropped from his/her team for disciplinary reasons, it is important that he/she receive a fair notice and that he/she be given an opportunity to appeal to administration.

All coaches are responsible for reviewing the athletic code, individual school rules, and rules for their respective sport during the first week of practice with the Athletic Director, assistant coaches, students, and parents.

## ATHLETIC DIRECTOR AND ATHLETIC OFFICIALS

### Hiring of Officials

The hiring of officials shall be mutually satisfactory to the schools involved in the contest concerned. Decatur Public Schools also will conform with conference rules pertaining to the selection of officials. For varsity basketball contests involving intra-city teams, three officials will be hired.

## TRANSPORTATION POLICY

The guidelines for using school district transportation are:

- A. A yellow school bus or school activity bus shall be used whenever possible. This is the safest means of transportation for our athletes.
- B. A school district van shall be used when there are eight or fewer people making the trip (eight passenger vans includes the driver). Consideration may also be given to using the vans when they are not being used for other school district business and it is more economical to take vans than a bus. For example, vans may be used to transport basketball or wrestling teams to holiday tournaments.

Only school district employees with a valid driver's license shall be permitted to drive a school van. No school employee may transport students in school or private vehicles unless authorized by the administration.

- C. The district prefers that a coach not use his/her personal vehicle to transport players to an athletic contest. If a coach receives permission to transport in his/her vehicle he/she must show adequate insurance coverage, each student must sign a permission form, and the coach will be reimbursed the current school district's rate for mileage when using a personal vehicle for this purpose.
- D. Students are expected to arrive and return from athletic events with their team and coach in the district provided transportation. In the rare event that a student must leave the activity due to an unusual event, the student's parent/legal guardian must present to the student's coach a note signed by them indicating they are taking the student with them and relieving the school of their responsibility of transporting the student back to the school building. A student may only leave with their parent/legal guardian. The District reserves the right to require court documentation of parental / guardian status when releasing a student to a parent/legal guardian.
- E. Every effort will be made to minimize transportation needs through the scheduling of activities.

When ordering a bus or van, a bus request shall be completed electronically. The bus request forms for fall and winter sports shall be submitted prior July 1<sup>st</sup>. Bus requests for spring sports shall be submitted by February 1<sup>st</sup>.

## **TRANSPORTATION PROCEDURES**

The Decatur Public School District provides transportation for IHSA sanctioned contests using the following as guidelines. All arrangements for the transportation of students is to be arranged by the district's transportation department, phone 362-3026.

**High School:** Transportation is restricted to active participants. Active participants include students expected to be in uniform, student manager(s), school district paid coaches, approved volunteer coaches, trainer, adults paid to act as scorekeepers or minor officials, athletic directors, and school/district administrators. Persons not eligible to ride include parents, student spectators, pom pon squads, spouses/children.

**Cheerleaders:** The district-paid cheerleading advisor must accompany the cheerleaders on the bus.

**Bus Information:** All buses must be requested through the normal district procedure. Athletics have a priority over other types of events only if ordered in advance and in this manner. Buses utilized for athletic transportation have a capacity of 62 if seated 3 to a seat. If seated 2 to a seat, the capacity is 44.

**Vans:** District 61 has a fleet of 5 student vans. Seating capacity is 8 persons including the driver. The transportation department may rent cars or vans which meet state requirements when

necessary. Students are never allowed to drive district-owned or rented vehicles and are never given mileage reimbursement. Drivers must be district-approved persons. The vans are to be picked up the day of use and returned immediately after use.

**Personal Cars:** District 61 prefers that personal vehicles are not used. In limited circumstances, the district will pay a coach mileage in lieu of using a district van. A coach should never be required to drive his/her own vehicle when transporting student athletes to compete in out-of-town IHSA events. A coach is required to have administrative permission to use his/her personal vehicle prior to the event, shall submit proof of insurance, and student athletes shall be required to submit a permission form if riding in a coach's personal vehicle. Student athletes shall never be permitted to use private vehicles as transportation to compete in an out-of-town event. Students will not be reimbursed for mileage.

Vans and buses may be used for reward purposes, such as team trips to University of Illinois games. Trips to theme parks cannot be charged to the transportation or education fund. School buses and vans may be used, if available, but must be paid for from building and/or activity funds.

## **STUDENT CODE OF ETHICS**

### **Decatur Public Schools 61 considers the welfare of the student our priority consideration.**

A firm and fair policy of enforcement is necessary to uphold the regulations and standards of the athletic department. Decatur Public Schools Administration and the coaching staff feel strongly that high standards of conduct and citizenship are essential in maintaining a sound program of athletics. All athletes shall abide by a code of ethics which will earn them the honor and respect that participation and competition in the interscholastic program affords.

Any conduct that results in dishonor to the athlete, the team, the school, or Decatur Public Schools will not be tolerated. Acts of unacceptable conduct, such as, but not limited to theft, vandalism, disrespect, immorality or violations of law, tarnish the reputation of everyone associated with the athletic programs and will not be tolerated.

### **Policy Regarding Parental Concerns**

A copy of the team rules, seasonal activity participation, and the Athletic Code will be distributed to parents and attached to the permission form. Coaches shall have mandatory parent meetings before the start of the sport season and review their rules and schedules. Parents are expected to be role models of good sportsmanship and support for the sport that their student participates.

In the event that a parent has a concern involving a coach or sport program that their student participates, the following guidelines shall be followed:

1. Concerns such as playing time, player positions, coaching philosophy or game strategy are NOT items warranting individual coach/parent discussion.
2. Other parent concerns shall be addressed by the parent making an appointment with the coach for a private parent/coach conversation to discuss the concern and reach a resolution.
3. If the meeting between the parent and coach does not resolve the concern, the parent may request a meeting with the Athletic Director and the coach to further discuss the concern and reach a resolution.
4. If this meeting does not resolve the concern, a final meeting between the Principal, the Athletic Director, the coach and the parent will be scheduled to discuss the concern.
5. The Principal is the administrative head of all inter-scholastic activities in the school and is the IHSA or IESA District Representative for the District. The final decision and appeal for a resolution of the concern will be made by the Principal after the final meeting.
6. Do not approach the coaches or players immediately following a game.

## **DECATUR PUBLIC SCHOOLS ATHLETIC CODE**

### **PROCEDURES**

1. Coaches' rules shall be written and distributed so all participants and parents may read and review them. Rules will be shared through mandatory parent meetings.
2. Each coach will hold a team meeting to review team rules with the participants at the beginning of the sport season to make sure the participants are aware of them. A copy of the team rules, seasonal activity participation, and the Athletic Code will be distributed to the parents, or available online, attached to a participation permission form.

3. Coaches' rules must also include consequences for students who violate the rules.
4. Any student accused of violating a rule and subject to a consequence of a suspension of greater than three (3) games shall be informed of the nature of the offense and may request a hearing before the Principal and Athletic Director.

### **OFFENSES IN VIOLATION OF THE HIGH SCHOOL ATHLETIC CODE**

**A student found in violation of the Athletic Code may receive consequences up to and including dismissal from the team/activity for the remainder of the season or school year. Such violations include, but are not limited to:**

- **Use, possession, transfer, attempted transfer, sale or attempted sale of alcohol, tobacco products, e-cigarettes and/or any controlled/illegal substances or any lookalike, including any substance held out to be a drug, alcohol or tobacco product.**
- **Violations of individual coaches' rules, insubordination, poor sportsmanship, conduct detrimental to the team and to school spirit.**
- **Violations of academic integrity and ethics.**
- **Violations of the DPS 61 Student Code of Conduct.**

### **ENFORCEMENT**

A student who violates the Athletic Code and who has been provided a hearing and assessed a consequence cannot avoid the consequence by transferring to another Decatur Public High School. The penalty will be enforced at the student's new school before the student can become eligible for participation.

### **SEASONAL ACTIVITY PARTICIPATION**

Limited dual participation in activities is permissible. The philosophy of our district is to permit a student with a special talent to contribute to the success of an activity in an additional program. The student must designate one activity as his/her primary activity. His/her first commitment is to the activity that he/she is considered to have designated as his/her primary activity.

To apply this guideline to a situation where a student has a conflict between school activities, the following procedure will be followed to resolve the situation:

- Step 1** The student shall inform teachers, coaches, etc. of the conflict and attempt to resolve the situation on his/her own.
- Step 2** Unresolved conflicts will be jointly discussed by both instructors in an attempt to reach resolution. Where possible, teachers/coaches will work to share the student fairly between conflicting activities. Consideration will be given to the nature and importance of the opposing activities. For example, games/matches, competitions, and performances take precedence over practices.
- Step 3** If the conflict cannot be resolved in the preceding steps, the matter shall be appealed to the building level administration for resolution. Resolution will then involve consideration of the designated primary activity and the nature and importance of the conflicting activity. Care will be taken to resolve the conflict in the best interest of the student and the school.

No penalty shall be assessed to the student if the resolution procedure results in a missed practice, performance, competition, etc.

**Examples of dual participation in two athletic teams are:**

1. A soccer player who wishes to punt, kick field goals, and/or kick off for football.  
Special note - players who cross over from soccer to football need to be physically conditioned to football situations.
2. A volleyball player who wishes to participate in girls IHSA golf tournament.
3. A baseball or softball player who can fill in on the relay team for track.
4. A cheerleader must be permitted to participate in spring sports.

Sophomores, Juniors, or Seniors who quit a fall sport may not go out for a winter sport until the fall sports season is over. Special circumstances will be considered in an appeal.

Sophomores, Juniors, or Seniors who quit a winter sport may not go out for a spring sport until the winter sports season is over. Special circumstances will be considered in an appeal.

A freshman shall be allowed to leave a team on or before the first day of school for a fall sport and on or before Thanksgiving for a winter sport without being penalized.

**STUDENT ASSIGNMENTS, RESIDENCY, AND TRANSFERS**

Student enrollment and attendance center assignments shall be governed by the Decatur School District No. 61 policies and the Illinois school residency laws found in the *Illinois School Code*.

- A. If the parent(s) of a middle/high school student move(s) after the start of the school year, the *Illinois School Code* allows that student to complete the current school year only at the same school. IHSA Athletic Eligibility By-Laws require a ruling on IHSA eligibility by the Executive Director in the event of such circumstances.
- B. Students who have attended one school while enrolled in Decatur Public Schools for their entire high school career and whose parents, custodial parent, or court appointed guardian move from the attendance area traditionally served by that school following the student's completion of the eleventh (11<sup>th</sup>) grade, may remain in that school and retain eligibility if the student has attained senior classification by the beginning of the new academic year and with the appropriate amount of credits subject to IHSA eligibility restrictions and the DPS 61 criteria below:
  - a. Parent(s) provide transportation.
  - b. Absenteeism and tardiness shall not increase beyond the student's previous record.
  - c. The student shall be picked up promptly after school or practice.
- C. Transfer Rules for Athletics
  1. If a student's attendance center is determined by an IEP Team, the student shall be eligible at either their home high school or eligible at both their home high school or a the school housing the special education setting as governed by IHSA by-laws.

2. If a student transfers from one attendance center to another attendance center in the Decatur School District, IHSA rules will apply in all cases.

Also, the Decatur Public Schools shall abide by the IHSA Athletic Eligibility By-Laws for all provisions including Attendance (3.010), Residence (3.030), Transfer (3.040), and Scholastic Standing (3.020).

### **SCHOLASTIC STANDING**

The Board of Education Policy states:

Students in grades 9-12 must satisfy the Illinois High School Association's scholastic standing requirements (in District 61 the requirement of passing at least 25 credit hours of high school work per week). Any student participant failing to meet these academic criteria shall be suspended from the activity until the specified academic criteria are met.

Each team coach will provide the athletic director a list of participants that will be used to generate the official eligibility list. The athletic director will then provide the official participant list to the eligibility secretary who will in turn generate a master eligibility list. The secretary will then provide this official list to each teacher for the eligibility grade checks. Each week the eligibility secretary will provide to the athletic director, appropriate coach, and the building principal a list of any student athlete who is failing and/or is ineligible for athletic participation the next week. It is imperative that all teachers enter grades into the grading system by Thursday midnight. The period of ineligibility shall run from Monday morning through Sunday evening following the grade check announcement on Friday. A student shall be declared academically ineligible if he/she is not passing twenty-five credit hours of course work for the preceding week of the scheduled contests.

### **MAKING THE WEEKLY ELIGIBILITY CHECK**

The following procedure shall be followed in making the weekly eligibility check. "Twenty-five (25) credit hours of high school work" is defined as any combination of subjects, accepted by local high school authorities in determining the requirements for graduation and which accumulates at least two (2) credits or its equivalent per semester. Since the rules require that a student must be passing in twenty-five (25) credit hours per week, a weekly check of each student athlete's scholastic eligibility is necessary.

Most important to note is that "a student must satisfy all academic standards (i.e., pass five classes with a grade of D or above)" is determined to measure a student's performance on a cumulative basis from the beginning of a semester through the date on which the check is made.

Schools shall conduct this weekly check in a consistent manner convenient to its individual operations. Student eligibility or ineligibility is then enforced on the Monday following the date of the check. For example, consider a school which checks eligibility every Wednesday. Records are processed through the computer and a printout of all athletes' standings is given to the athletic director on Friday. His office reviews the list and reports Thursday afternoon to the principal that a student is not passing twenty-five (25) hours as of this check. The principal informs the student

and coaches on Friday morning that the student is not passing the required work and is, thus, ineligible for one week, beginning the following Monday morning. The student may play in contests held that evening or on Saturday, the next day; however, the entire next week, the student is ineligible.

## **AGE**

### **IHSA By-Law**

4.061: "A student shall be eligible through age nineteen (19) unless the student shall become twenty (20) during a sport season, in which event eligibility shall terminate on the first day of such season (as the season is defined in Section 5.000 of these By-laws).

## **ATHLETIC INJURIES**

The procedure for reporting accidents in the interscholastic program shall be as follows:

Accidents that occur in the interscholastic program shall be reported on the Decatur Public Schools Student Accident Report form using the same criteria for reporting as in any other reportable accident. The accident form shall be completed and provided to the school office.

School District 61 contracts HSHS St. Mary's to provide athletic training services. Athletic Trainer will provide Services within the scope of his/her license under the provisions of 225 ILCS 5/1 et seq., referred to as the Illinois Athletic Trainers Practice Act, and 68 Illinois Administrative Code 1160. Athletic Trainer will offer treatment options, including without limitation, ice, heat, therapeutic exercises, taping and bracing. Athletic Trainer may only suggest over-the-counter medication. When appropriate, Athletic Trainer may suggest further testing or treatment. Documentation of the Services will be provided, and a copy made available for the athlete's record file.

## **INSURANCE**

The District has an accident insurance policy in place that covers all student athletes. Requirement for student proof of insurance is no longer necessary.

## **PHYSICAL EXAMINATION**

Students in their first seven (7) semesters of attendance shall have filed with their high school principal a certificate of physical fitness issued by a licensed physician not more than one-year preceding practice or participation in any interscholastic athletic contest or activity. Students in their eighth (8th) semester of attendance shall have filed with their high school principal a certificate of physical fitness issued by a licensed physician not more than thirteen (13) months preceding practice or participation in any interscholastic athletic contest or activity.

## **PARENT PERMITS**

Parent permit forms will be provided by the district. Each participant shall be required to have a signed form on file in the athletic director's office before the student may participate in any sport. A sample of a parent permit may be found on page **PARTICIPATION FEE**

All students who participate in the athletic program will be assessed a participation fee. The participation fee is \$20 per sport or a total cap of \$100 per family, (please refer to the Finger Tips Facts and Figures on page 33). The fee will be used to offset the cost of supplies and other program expenses. The procedure for collecting the money is:

- A. Participant should pay the fee before he/she is permitted to compete unless he/she has successfully completed a DPS 61 fee waiver.
- B. In those sports where it is necessary to cut, only those students who make the squad will be expected to pay.

## **POLICY FOR STUDENT-ATHLETE PARTICIPATION AND GAME DAY ATTENDANCE**

Student-athletes must be in attendance at least one-half day on the day of an activity to be eligible to participate that day. The school administration will make all eligibility decisions concerning any unusual circumstances.

## **STANDARDS AND AWARDS FOR INTERSCHOLASTIC SPORTS**

In addition to meeting the minimum standards for earning awards as outlined below, a participant must complete the season in good standing as determined by the athletic director and the coach of that particular sport. In case of injury, the participant's record shall count only for those games in which he/she was physically able to participate.

The criteria for earning awards in the various sports are:

### Football

A player must participate in one-third or more of the total number of quarters.

### Basketball

### Special Awards

## Concussion Information Sheet

A concussion is a brain injury, and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:	
<ul style="list-style-type: none"><li>• Headaches</li><li>• “Pressure in head”</li><li>• Nausea or vomiting</li><li>• Neck pain</li><li>• Balance problems or dizziness</li><li>• Blurred, double, or fuzzy vision</li><li>• Sensitivity to light or noise</li><li>• Feeling sluggish or slowed down</li><li>• Feeling foggy or groggy</li><li>• Drowsiness</li><li>• Change in sleep patterns</li></ul>	<ul style="list-style-type: none"><li>• Amnesia</li><li>• “Don’t feel right”</li><li>• Fatigue or low energy</li><li>• Sadness</li><li>• Nervousness or anxiety</li><li>• Irritability</li><li>• More emotional</li><li>• Confusion</li><li>• Concentration or memory problems (forgetting game plays)</li><li>• Repeating the same question/comment</li></ul>

Signs observed by teammates, parents and coaches include:
<ul style="list-style-type: none"><li>• Appears dazed</li><li>• Vacant facial expression</li><li>• Confused about assignment</li><li>• Forgets plays</li><li>• Is unsure of game, score, or opponent</li><li>• Moves clumsily or displays incoordination</li><li>• Answers questions slowly</li><li>• Slurred speech</li><li>• Shows behavior or personality changes</li><li>• Can’t recall events prior to hit</li><li>• Can’t recall events after hit</li><li>• Seizures or convulsions</li><li>• Any change in typical behavior or personality</li><li>• Loses consciousness</li></ul>

### **What can happen if my child keeps on playing with a concussion or returns too soon?**

Athletes with the signs and symptoms of concussion shall be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents and students is the key to student-athlete's safety.

### **If you think your child has suffered a concussion**

Any athlete even suspected of suffering a concussion shall be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance and adherence to the School District's return-to-play and return-to-learn protocols. Close observation of the athlete shall continue for several hours. IHSA Policy requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches prior to returning to play or practice following a concussion or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all IHSA member schools are required to follow this policy. Per the HSHS St. Mary's Athletic Trainer agreement, the District shall adhere to the IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions.

You should also inform your child's coach if you think that your child may have a concussion. Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

### **IHSA PERFORMANCE-ENHANCING SUBSTANCE TESTING POLICY**

In 2008, the IHSA Board of Directors established the association's Performance-Enhancing Substance (PES) Testing Program. Any student who participates in an IHSA-approved or sanctioned athletic event is subject to PES testing. A full copy of the testing program and other related resources can be accessed on the IHSA Sports Medicine website. Additionally, links to the PES Policy and the association's Banned Drug classes are listed below. School administrators are able to access the necessary resources used for program implementation in the IHSA Schools Center.

### **IHSA STEROID TESTING POLICY CONSENT TO RANDOM TESTING**

As a prerequisite to participation in IHSA athletic activities, we agree that I/our student will not use performance-enhancing substances as defined in the IHSA Performance-Enhancing Substance Testing Program Protocol. We have reviewed the policy and understand that I/our student may be asked to submit to testing for the presence of performance-enhancing substances in my/our student's body either during IHSA state series events or during the school day, and I/our student do/does hereby agree to submit to such testing and analysis by a certified laboratory. We further understand and agree that the results of the performance-enhancing substance testing may be provided to certain individuals in my/our student's high school as specified in the IHSA Performance-Enhancing Substance Testing Program Protocol which is available on the IHSA website at [www.IHSA.org](http://www.IHSA.org). We understand and agree that the results of the performance-enhancing substance testing will be held confidential to the extent required by law. TOPIC	DISCUSSION	ACTION
<b>Board Discussion</b>	Per the request of Mr. Scheider, Denise Swarthout, Chief Communications Officer, and Deanne Hillman, Interim Director of Human Resources, was asked to discuss the change for four (4) full days instead of the eight (8) half-days as it relates to the school calendar with staff (union leadership). Administration discussed and followed-up with a presentation (attached and below).	Information only.

**# Required Student Attendance Days per ISBE = 176**

Includes:

- 8 District-Wide Half Days, approx. once a month on Wednesdays.
- Half days count toward full student attendance and teacher contract days, with PD in the afternoon for teachers

**# Required Teacher Days per DEA Contract = 180**

Difference Includes:

- 1 Teacher Work Day in August.
- 1 Building Meeting Day in August.
- 2 Parent-Teacher Conference Days = 1 in Fall, 1 in Spring.

Any additional days would require bargaining with DEA, DFTA, DESPA, and Security.

- DPS **cannot** impose additional work days on any bargaining unit without negotiations. Financial implications = approx. \$350,000 per additional day (per diem rate for DEA only).

Mrs. Hillman noted that the District could not impose additional days on the unions. DEA leadership was not willing to forgo their teacher work and meetings days or the two parent conference days. If the District was to remove the eight half-days and in order to meet the requirement of the State of IL, administration would have to bargain with the union groups and add the four days.

Mr. Scheider noted that he did not ask for more days, he asked to replace eight half-days with four full days. Mrs. Swarthout replied that the four days were already occupied with teacher work day, building meeting day and two parent/teacher conference days.

Mr. Wetzel asked for clarification on the following:

- What was the primary reason for the majority of these expulsions?
  - Superintendent Clark replied that the primary reason was the heinous acts by students, which were not your typical fights. These are fights (gang-like activities) that could cause some severe bodily injuries to a student.
- The graphic that was on social media regarding two years of suspension data. There seems to be a decrease. Are there more expulsions and less suspensions? Is there a shift with our students?
  - Superintendent Clark replied that there was a direct correlation between the two. What we are doing was working and there was less than .5% of our

TOPIC	DISCUSSION	ACTION

There was a major decrease and the students only. felt safer. The staff was working very hard to change the climate and culture and this cannot be done if we continued to allow the heinous acts in our buildings. Per the data, the District was making a difference.</p> <ul style="list-style-type: none"> <li>Where did the data come from that was on social media? <ul style="list-style-type: none"> <li>Superintendent Clark replied that the District received a FOIA and the requester shared the response with other individuals; more data will be shown in the future. There has to be parental involvement. Also, educational options were shared with parents of expelled students.</li> </ul> </li> <li>Does the District collect specific data on the “why” as it related to suspensions and expulsions? <ul style="list-style-type: none"> <li>Superintendent Clark replied yes, but she could not share specific (confidential) information as this was discussed in Closed Session.</li> </ul> </li> </ul>

**VENUE AND FORUM:** If for any reason a Dispute proceeds to court, all such Disputes (regardless of theory) arising out, of or relating to, these Terms & Conditions, or the relationship between you and Vendor, will be brought exclusively in the courts located in the county of Somerset, New Jersey, or the United States District Court, District of New Jersey. For the purposes of this Agreement, "Dispute" shall mean any disagreement regarding the terms outlined in this Agreement, in addition to any party's claims of material breach related to the obligations set forth within any of this Agreement's provisions. If a Dispute gives rise to a legal proceeding, You and Vendor agree to submit to the personal jurisdiction of the courts located within the county of Somerset, New Jersey, or District of New Jersey, and You and Vendor agree to waive any and all objections to the exercise of jurisdiction over the parties by such courts and to venue in such courts.

**NOTICE:** All notices under this Agreement ("Notice") must be in writing and addressed to the other party at its address set forth in the applicable purchase order. All Notices must be delivered by email (with confirmation of transmission), or either personal delivery or nationally recognized overnight courier (with all fees pre-paid), with a duplicate copy sent by email. Notice is effective only (a) upon receipt by the receiving Party; and (b) if the Party giving the Notice has complied with the requirements of this section.

**CONFLICT OF TERMS:** In the event of any irreconcilable conflict, discrepancy, or inconsistency among the provisions of these Terms and Conditions and a purchase order or quote, these Terms and Conditions shall govern.

**COMPLIANCE WITH LAW:** Both parties are in compliance with and shall comply with all applicable laws and regulations. Each party represents that it has and shall maintain in effect all the licenses necessary to carry out its obligations under the purchase order and these Terms and Conditions, if any.

**GENERAL:** Should any provision of these Terms and Conditions be declared or determined by any court to be illegal or invalid, the validity of the remaining parts, terms, or provisions shall not be affected thereby, and any illegal or invalid part, term, or provision shall be deemed to not be a part of this Agreement. All titles and captions contained in this Agreement are for the convenience of reference only and shall not be used in the interpretation or construction of this Agreement. Neither this Agreement, nor any interest herein, shall be assigned by Customer without the express written consent of Vendor. This Agreement may be modified or amended only in a written agreement signed by each party hereto specifically stating that they have agreed to amend this Agreement.

**COMPLETE AGREEMENT:** These Terms and Conditions along with the applicable purchase order or quote constitute the entire Agreement between you and Vendor. All prior arrangements, understandings, or communications, whether orally or in writing, or otherwise, are superseded by these Terms and Conditions.

## **ADDITIONAL TERMS & CONDITIONS FOR SOUND ROOM PURCHASES AND INSTALLATION**

In addition to the General Terms and Conditions outlined above, Customer accepts the following terms and conditions as governing any purchase and installation of Sound Rooms:

**DELIVERY:** A tentative install date will be set at the time the order is placed with the manufacturer. Every effort will be made to meet the agreed upon delivery date. However, actual delivery date and time will be dependent upon the common carrier trucking company selected by the factory. The Customer shall notify the Vendor of any known delay at least four (4) weeks PRIOR to the scheduled installation date.

**INSTALLATION:** The installation must be completed during Vendor's normal business hours, Monday through Friday, unless otherwise agreed upon by the parties in writing. Additional installation charges will be incurred by Customer if the installation crew is on-site and the installation site is not ready for installation.

**STORAGE:** If the site is not ready for the Sound Room installation on the agreed upon delivery date and the Sound Room is ready to be shipped or has been shipped, the Customer will be responsible for any additional storage charges from the manufacturer or shipping and/or storage charges from the common carrier trucking company arising from the delay.

**SITE PREPARATION:** Vendor is not responsible for removal of the ceiling, ceiling panels, soffit, or trim above or around the Sound Room for installation or removal. Vendor must be notified before coming on-site if asbestos is present in any form. The Customer is responsible to ensure the site has a minimum Sound Room clearance of four (4) inches on the sides and rear, one (1) inch beyond the ventilation panels, and the floor is able to support the published weight. Customer must establish and make easily accessible an area outside of the building, as close as possible to the installation site or service elevator, for the delivery truck or trailer during the installation period. Prior placing the order with manufacturer, Vendor must be notified if a receiving dock is not available at the installation site. If a lift gate truck is needed, there may be an additional charge.

**ELEVATOR:** If the Sound Room is NOT going to be installed and located on the ground floor at the installation site, the Customer is responsible for ascertaining suitability of the elevator and supplying to Vendor the dimensions of the elevator which will be used for transporting the Sound Room panels. Elevator dimensions and suitability for transporting panels is required before the order can be placed with the manufacturer. If the elevator is not adequate to accommodate standard Sound Room panels, the Customer is responsible for any charges for special transporting (i.e., hand carry upstairs, crane charges for window access, etc.) and/or manufacturing costs to modify the Sound Room panels to fit on the installation site's elevator. Customer shall ensure that Vendor has priority access to the service elevator during the installation period to prevent installation delays and additional charges.

**RECESSED PIT:** It is the sole responsibility of the Customer or their concrete contractor ("Contractor") to ensure the Sound Room pit size, pit depth, pit edge, and pit finish meets the manufacturer's "Pit Specifications." Delays in the installation of the Sound Room due to non-conforming Pit Specifications will be subject to additional charges.

**ELECTRICAL, FIRE, AND SPRINKLER CONNECTIONS:** Due to varying local standards, Vendor will not be responsible for meeting local building code (or UL) requirements or installing fire, electrical components, or sprinkler systems. The Customer is responsible for any hard wiring or plumbing required in the installation or removal of the Sound Room beyond plugging into a standard wall outlet. To meet local requirements, it is suggested that the Customer contact a local approved and licensed electrician or plumber prior to the installation date. For safety, a twenty (20) amp single-phase circuit with separate wire ground (Hospital Grade) is recommended.

**HVAC CONNECTIONS:** The typical Sound Room is not hooked up to the building HVAC system. Vendor is not responsible for hooking up or disconnecting HVAC connections to the building. If HVAC connections are utilized, the Customer is responsible for the purchase and professional installation of required special duct silencers and the flexible drop connection of the Sound Room.

**PACKING AND CRATING MATERIALS:** Vendor is not responsible for the removal of packaging/crating materials other than to a designated on-site location that must be provided by Customer.

**SCRATCHES AND PAINTING:** Every effort will be made to not incur paint scratches in the finish of the Sound Room. However, due to the nature of Sound Rooms, some scratches are inevitable. Vendor is not responsible for painting Sound Rooms or touch-up painting of scratches (due to color matching) that may occur during a normal installation. It is recommended the Customer consider professional electrostatically painting their rooms to match their office decor.

**RELOCATING EXISTING SOUND ROOMS:** In the disassembly of an existing Sound Room, damage or dents may normally occur to Sound Room panels and joiners while breaking the caulk sealing these parts together. New parts may unexpectedly be required and will be subject to additional charges to the Customer.

***Customer is responsible for their architect, contractor or project manager contacting Vendor to discuss and coordinate the project.***

DISTRICT DISCLAIMS ALL WARRANTIES AS TO CONDITION, EXPRESS OR IMPLIED, INCLUDING ALL WARRANTIES OF HABITABILITY AND FITNESS, AND SELL SAID PROPERTY IN "AS IS" CONDITION.

4. **Deed of Conveyance.** District shall execute and deliver to City at closing Warranty Deeds to the Property.

5. **Evidence of Title.** (a) Within a reasonable time prior to closing, District shall provide to City as evidence of title a Commitment for Title Insurance issued by a Title Insurance Company regularly doing business in Macon County, committing the Company to issue a Policy of Title Insurance in the usual form, insuring title to Property, subject only to the permissible exceptions to title set forth below, in the amount of the Purchase Price.

District shall have a reasonable time to cure any unpermitted exception of which City gives notice. <b>Reviewed By:</b> Dr. Rochelle Clark, Superintendent, Dr. Larry Gray, Assistant Superintendent, Dr. Michael Curry, Chief Operational Officer and Dr. Mary Ann Schloz, Assistant Director of Finance	

### BACKGROUND INFORMATION:

Over the past several months, the Safety and Security Department has observed a series of behaviors that are disruptive to the District's educational setting and creates challenges to established security protocols. The Safety and Security Department desires to be proactive in addressing these challenges and to strengthen relationships with students. Franklin Covey has a program for leadership development designed for K-12 students. The program allows students to discover more about themselves in an effort to impact their ambitions for the future. Our goal is to host this program to empower students with skills that will alert security of potential issues in order to defuse poor behaviors before they arise.

Students who have corrected negative behavior should not be viewed as a habitual problem. Franklin Covey has professional development for security staff that aligns well with training delivered to students. Here, the goal is to help our security workforce address bias and increase their performance across the District.

### CURRENT CONSIDERATIONS:

Sixty (60) District students would be able to benefit from the summer leadership program. Fifty (50) security staff will benefit from the professional development program. Safe buildings promote healthier learning environments, promote the protection of all students and staff, and deters unwanted behaviors.

### FINANCIAL CONSIDERATIONS:

This program will be funded in its entirety through ESSER III for **\$85, 502.35**.

### SAMPLE LESSON 1

Investigate

**Q INVESTIGATE (25 MINUTES)**

**ACTIVITY: I See What I See**  
Students collaboratively create animal perspective taking portraits.

Access [Lead4ward.com](https://www.lead4ward.com), download and display the *Rhino Paraglider*.

Think students choose a partner and find a space where they can or near to each other.

**ASK:** Take a look at this image. What do you notice? (Guide students to notice that the rhino appears to have no upper and lower jaw at all.)

**Guide students to page 8 in the LEAD4 journal.**

**STATE:** Take a moment to think about the animal's characteristics, behaviors. Put it into memory. (Please I hope) Think about how your perspective on the world. What is their perspective of the world?

Have partners to take a turn from their animal's perspective. In each others' journals, students write.

Students can either act as an actor or take turns drawing specific aspects to each others' journals. Remind students that must be the rhino's perspective. The rhino is seeing the world they are thinking about what the rhino sees. Tell them the animal's name. At the end, ask students to write the name of the animal they draw.

**Allow 10-15 minutes for activity.**

**GALLERY WALK**  
Students will place their journal on their desk, open to page 8. Invite students to do a gallery walk, exploring what others have created and to be attentive to how others see the world through the eyes of an animal.

**Allow 10 minutes.**

**TRANSITION**  
Our paragon provides us with a look at what we see and how we see the world around us. How we see the world can affect the things that we do. When we experience new ideas and information, we become more accepting of differences and a more open to change.

### SAMPLE LESSON 1

Invite Connections

**Q INVITE CONNECTIONS (30 MINUTES)**

**ACTIVITY: We See, We Are**  
A self-reflection on paradigm change.

**STATE:** In 1948, Franklin Covey, author of *The 7 Habits of Highly Effective People*, said: "Paradigms are powerful because they create the lens through which we see the world."

**Guide students back to page 9 in their LEAD4 journal.**

Have students look on the bottom part of their page where they can see the page.

**STATE:** Take a moment to think about the things you see every day. Think about that isn't surprising that it's important to you. Fill the space at the bottom of page 9 with pictures and words about things that are important to you. As you begin to get your art and words, think about what things affect how you see and experience the important thing. What is your "lens" that changes your view?

**Allow 10-12 minutes for activity.**

**DEBRIEF**  
• Have students discuss their pictures and words. • Challenge students to find someone with the same color means that they have and share their paradigm about that important thing.

**CLOSING**  
How you see the world as a leader affects what would be a leader. Tonight, pay attention to your paradigm, your specific thing. Is your paradigm impacting your behavior? Are you getting the results you want?

**Teach to Learn Challenge:** Ask someone important to you how shifting their paradigm allowed them to change the results they were getting.

<b>Date:</b> April 09, 2024	<b>Subject:</b> QLEO – Quantified Learning Environment Outcome Facility Planning Survey
<b>Initiated By:</b> Dr. Rochelle Clark, Superintendent, Dr. Mike Curry, Chief Operational Officer, Kent Metzger, Director of Buildings & Grounds and Dr. Mary Ann Schloz, Assistant Director of Finance, Grants, & Special Projects	<b>Attachments:</b> QLEO Agreement
<b>Reviewed By:</b> Dr. Rochelle Clark, Superintendent	

### BACKGROUND INFORMATION:

QLEO Analysis Software is a master plan modeling and analysis program that provides objective information regarding the functional performance of facilities. QLEO provides data related to cost/benefit analysis, including life-cycle costs and performance. This data adds clarity to any decision-making throughout the Master Facility Planning Process. QLEO data will also be used to address the efficient and safe use of space for students and staff Post-COVID.

### CURRENT CONSIDERATIONS:

We will evaluate district operated educational facilities to create a database of building conditions. Once created, this database becomes a powerful planning tool, helping the district to understand and budget appropriately for its capital improvement needs for the future. QLEO and the Facilities Master Planning Committee will also map educational programming through an ED Spec process to compile a report documenting the challenges and opportunities current buildings may face. This will allow the district to focus on more efficient operational and educational models.

### FINANCIAL CONSIDERATIONS:

This is a one-time fee of \$99,000. This cost has been approved in ESSER III.

### STAFF RECOMMENDATION:

The Administration respectfully requests that the Board of Education approve the Quantified Learning Environment Outcome (QLEO) Facility Planning Survey Agreement as presented.

### RECOMMENDED ACTION:

## **Decatur Public Schools | District-Wide Facilities Master Planning**

Proposed Services Approach

April 2, 2024

### **Your Objectives**

You are in a position to address many outstanding challenges that will affect the future of your community and students. This moment also presents challenges for what is the right long-term investment for the communities you serve and to support your desired education delivery models.

We are excited to propose the following scope of work to deliver the following assessment and QLEO services to aid in your planning. We know with this approach Decatur Public School District will develop an extraordinary plan for the future.

### **BLDD Architects Assessment and QLEO Scope of Services**

#### **QLEO ASSESSMENT DATA (\$87,500)**

##### **PHYSICAL NEEDS ASSESSMENT**

We will evaluate 19 district operated educational facilities to create a database of building conditions. Once created, this database becomes a powerful planning tool, helping the school district to understand and budget appropriately for its capital improvement needs for the future.

##### **FUNCTIONAL PERFORMANCE EVALUATION**

Using the "Guide for School Facility Appraisal" tool, members of BLDD will engage School District building level representatives and score each building. Once obtained and entered in the database, this information is analyzed and the educational adequacy for each building is identified.

##### **SPACE UTILIZATION MAPPING**

BLDD will map your educational program over the current alignments and compile a report documenting the challenges and opportunities your current spaces may have for a more efficient operational model.

##### **OPERATIONAL DATA COLLECTION**

BLDD will collect and organize the current and previous 2 years of energy, maintenance, an operations costs pertinent to the planning process. This data will be used to identify the true cost of ownership for each of your current facilities.

### QLEO – Comparative Evaluation (\$11,500)

#### STATUS QUO SCENARIO- A BASELINE OF FACILITY IMPROVEMENTS FOR COMPARISON PURPOSES

Our team will compile a scenario that accomplishes all the physical needs of the district, its current Functional Performance, and utilization. This scenario, Status Quo, will be the baseline upon which all other possible futures will be compared. This will include repair and maintenance costs, 30-year lifecycle cost, functional adequacy score, average age of facilities, and square footage of facilities.

Scenario Evaluation: The District team will develop up to 5 scenarios for BLDD to cost and analyze for consideration of the district. These scenarios will each be analyzed in our QLEO software and will create an objective comparison of the value of the ideas. Each scenario will contain a budget and QLEO report.

*(Included in the costs stated above)*

- **Client Awareness Meeting:** Initial meeting of key stakeholders to develop a broad understanding of the goals and objectives of the customer.
- **Data Collection:** The BLDD team will work with the district team to gather and fill any gaps in information that will be needed for a full analysis of the existing conditions.
- **Status Quo Scenario Creation:** This baseline analysis will create a complete financial and functional database of the current facilities and operations of the district facilities for comparative purposes.
- **Scenario:** The District team will develop up to 5 scenarios for BLDD to cost and analyze for consideration of the district. These scenarios will each be analyzed in our QLEO software and will create an objective comparison of the value of the ideas. Each scenario will contain a budget and QLEO report.

## Summary of Costs for Services

Based on our understanding of the focus of the project as described above; district-wide facilities assessment and QLEO analysis, we propose a \$99,000 fee to create a baseline facilities plan. Additional Consulting services that are not anticipated but may become necessary and are not included in this proposal are Real Estate, Surveying, Hazardous Materials/Testing, Forensic Engineers, and other professional services organizations with specialized capabilities to fulfill the unique needs of the project. If required we will inform you and once understood, a proposal for these services will be sought for your approval.

Expenses for travel, lodging, sustenance, and consumables will be invoiced monthly based on actual costs. Once the initial schedule is established, an anticipated budget will be submitted for budgeting purposes. We have included an anticipated reimbursables schedule for informational purposes only.

If this proposal is agreeable to the Decatur Public Schools, we can submit for your review/approval a contract for the services identified herein. Please call this office if you have any questions or concerns, and we look forward to working with you on this exciting project!

Sincerely,
