**BACKGROUND INFORMATION:**
The administrative and administrative support handbook provides an understanding of the benefits afforded this group. The handbook is reviewed intermittently and changes are recommended to the Board for consideration.

**CURRENT CONSIDERATIONS:**
The Board Policy Committee has reviewed the handbook and is submitting to the full board for a first reading. The primary changes are due to the placement of Administrators on schedule and the desire to extend the length of contracts for certain groups. The handbook needs to be updated to formalize the schedule placement process. Administration anticipates that wage recommendations will be submitted at the April 28th Board meeting for consideration. The handbook should be updated to align with the approval of administrative wages.

In addition, below are other changes reflected in the updated handbook:

- With the addition of a High Deductible Health Plan, the Section 125 section (Cafeteria Plan) needs to be updated to include the Health Savings Account Plan option
- Due to ongoing penalties the District receives for providing end of career bonuses to various groups, the X-Step language has been updated to afford this benefit as a post retirement benefit.
- The Administrative Handbook provides a Retirement Incentive for long serving employees. The length of service required to obtain was recently changed in parallel language of the Teacher Contract.
- Administrators on the retirement track will receive a 5.75% increase starting May 1 to stay in line with DEA.

**FINANCIAL CONSIDERATIONS:**
Associated expenses for employees’ wages and benefits will be budgeted in the FY 2020-21 budget to reflect final changes in the handbook.

**STAFF RECOMMENDATION:**
The Administration respectfully requests the Board of Education accept the informational report of the first read for the Administrative / Administrative Support Handbook.
The handbook will be recommended for approval during the May 12, 2020 Board of Education meeting.

The X-step is intended as a payment to the qualified retiring Administrative Support Staff employee for recognition of the many years of faithful and dedicated service given to the District. In order to qualify for the X-step ($3,000), an Administrative Support Staff employee must have been employed for at least twenty (20) years with the District. The employee must notify the Director of Human Resources in writing, no later than sixty (60) days prior to the stated retirement date, of the employee’s irrevocable intent to retire from service and collect benefits from IMRF. **Prospectively, for any employee who has not previously provided notice of retirement, the bonus shall be paid post retirement and will not be reported to IMRF as creditable earnings.** In order for the X-step payment to maximize the retiring employee’s creditable earnings, it is suggested that the employee provide six (6) months’ notice.

**B. Administrator Retirement Notification**

Changes in Illinois Law or the Illinois Administrative Rules that have a negative impact to the District associated with the cost of the benefits described below shall cause the prospective discontinuance of the retirement program for individuals who have not submitted an irrevocable letter of retirement.

No employee is allowed the retirement benefit unless the employee is eligible to retire with a retirement annuity from TRS. Retirement benefits shall be calculated on base
pay. Additional pay for work performed (i.e. summer school) shall not be used in the retirement benefit calculation. The retirement benefit can only be achieved once.

Upon receipt of a letter of retirement that officially notifies the Board of an Administrator’s (levels 13-20) irrevocable date of retirement, the Administrator will qualify for the following retirement incentive provided the letter is received in the respective year, no later than:

1) May 1, of the year prior to retirement: For the final year of employment, the Administrator’s creditable earnings shall be increased by five and three-quarters three percent (5.75 3%) over the employee’s creditable earnings for the prior year. In order to be eligible for this retirement incentive, employees must be employed by Decatur Public School District #61 for the twelve-fifteen consecutive years that precede the retirement date.

2) May 1, two (2) years immediately prior to retirement: For the final two (2) years of employment, the Administrator’s creditable earnings shall be increased by five and three-quarters three percent (5.75 3%) over the employee’s creditable earnings for the prior year. In order to be eligible for this retirement incentive, employees must be employed by Decatur Public School District #61 for the thirteen-sixteen consecutive years that precede the retirement date. In addition, the retirement track can only be achieved once.

3) May 1, three (3) years immediately prior to retirement: For the final three (3) years of employment, the Administrator’s creditable earnings shall be increased by five and three-quarters three percent (5.75 3%) over the employee’s creditable earnings for the prior year. In order to be eligible for this retirement incentive, employees must be employed by Decatur Public School District #61 for the seventeen fourteen consecutive years that precede the retirement date.

4) May 1, four (4) years prior to retirement: For the final four (4) years of employment, the Administrator’s creditable earnings shall be increased by five and three-quarters three percent (5.75 3%) over the employee’s creditable earnings for the prior year. In addition, if a letter of retirement is received by May 1 immediately prior to the final four years, the Administrator’s accumulated sick leave will immediately be increased to a total of 170 days of accumulated sick leave for TRS administrators. In order to be eligible for this retirement incentive, employees must be employed by Decatur Public School District #61 for the fifteen−eighteen consecutive years that precede the retirement date.

Salary Compensation

A. Compensation

Compensation will be in accordance with the schedule or other system as approved by the Board. Administration shall annually recommend increases to the base
compensation of the salary schedule and adjustments to the assignment base wages as deemed appropriate.

Levels (6-20) Administrators and Administrative Support Staff employees, who have exceeded years of service beyond the established scale, will receive an increase based upon the Consumer Price Index for All Urban Consumers (CPI-U) set in December of the prior year. The Board may elect not to advance an Administrator or Administrative Support staff employee on the salary schedule. The Board may elect not to award employees beyond Step 30 an annual average salary adjustment.

Full year Administrators and Administrative Support staff employees will be paid on a twelve (12) month basis or year around basis (26 pays). The contractual salary will be divided substantially equally over 26 pay periods. In determining the per diem for the employee, the contractual pay will be divided by the number of work days in the fiscal year (i.e. 262, 261, or 260). An employee must be employed on or before October 1 to be eligible to advance on the salary schedule.

B. Placement on Salary Schedule

Administrators:
The Administrator will generally be placed on the Administrator Salary Schedule as designated by Administrator Assignment and Salary Range within the following parameters:

Prospectively, an Administrator, new to the District, will be placed on the appropriate salary range of the Administrator Salary Schedule based upon years of educational experience, both teaching and administration. Efforts will be made to place the Administrator on a step that best represents the Administrator’s experience. Exceptions to the normal placement on the schedule require approval by a majority vote of the Board of Education.

When an Administrator is moved between administrative levels, placement consideration will generally be at a step which best represents the respective employee’s experience with consideration given to previous years of Administrative experience (one step for each year) and Teaching experience (one step for each two years).

Administrative Support Staff:
Administrative Support employees will generally be placed on the Administrative Support Salary schedule as designated by employee assignment and salary range within the following parameters:

An employee, new to the Administrative Support Group, will be placed on the appropriate salary range of the Administrative Support Salary Schedule. Efforts will be made to place the employee on a step that best represents the employee’s experience.
Prospectively, one-two (2+) years of related non-district experience will count as one (1) year on the salary schedule.

- A year of District experience represents one step on the salary schedule

**Tuition Reimbursement Program**

Administrators and Administrative Support employees holding a Level 6 or higher will be allowed to earn up to forty (40) semester credit hours – cumulative, provided such study has been approved in advance by the Superintendent or designee and provided that the course(s) is successfully completed with a “B” or better grade. Employees will be allowed to earn up to twelve (12) semester credit hours per calendar year with the same stipulations for preapproval and successful completion with a grade of “B” or better. For classes that do not provide a letter grade, the employee must successfully pass the class.

Each Administrator and Administrative Support employee must provide written explanation of how the course(s) will improve his or her work performance within the District. Reimbursement for hours that do not comply with the District’s Educational Assistant Plan – Tuition Reimbursement Program shall be processed through payroll as earnings and the appropriate taxes withheld. The reimbursement will be based on the actual tuition fee of the college or university attended and shall not exceed $350 per semester hour. Employees will be responsible for submitting the proper documentation for reimbursement including an official transcript showing successful completion of the course work with associated grade and evidence showing the amount paid by the employee to the institution.

An employee who applies for an approved professional credit refund shall signify intention of remaining as a full-time employee in the Decatur School District for a minimum of one full school year after receiving said refund.

As a taxable benefit, the employee is allowed to use the cell phone for personal reasons; however, employees are reminded that the use of a District provided device is attainable within Freedom of Information Act requests.

In order to transition to the above Cell Phone policy, the preceding handbook policy remains active until January 1, 2019, the effective date of the this new policy.

- The vehicle will be regularly used for district business throughout the calendar year.
- The vehicle must meet the IRS maximum automobile value. The value of the car, pickup, or van when first made available to the employee for personal use cannot be an amount greater than the amount determined by the IRS as the maximum automobile value for the year as published in a notice the annual respective annual Internal revenue Bulletin.
- The employee shall annually submit for a Department of Motor Vehicles review.
- Personal use of the vehicle is strictly limited to driving to and from work and for one, daily personal use of the vehicle for a meal.

Amendment to School Bus Transportation Agreement
(2019-20)

THIS AGREEMENT, an amendment to an existing transportation agreement for the 2019-2020 school term between the parties, is made April 28, 2020, between ALLTOWN BUS COMPANY, LLC. ("the Contractor"), and DECATUR PUBLIC SCHOOL DISTRICT NO. 61 ("the District"), wherein it is mutually agreed as follows:

1. By reason of a series of Executive Orders of the Governor of the State of Illinois, Illinois schools have been ordered closed through the end of the 2019-2020 term and, as a result, the parties desire to amend their existing transportation agreement for the 2019-2020 school year through this Agreement and as a result of the mandated school closings. Such school closings were unanticipated when the 2019-2020 transportation agreement was executed and the school closings materially alter the expectations and performance of the parties anticipated by the 2019-2020 transportation agreement between the parties.

2. The Contractor shall for the remainder of the school year beginning March 16, 2020 through the end of 2019-2020, furnish as many buses as the District requires to satisfy its pupil and related transportation requirements and pay all drivers’ salaries and benefits, all vehicle maintenance, repair and replacement expenses, and all other expenses incidental thereto.

3. The compensation payable to the Contractor for the remainder of the 2019-2020 school year shall be Seventy-Four Percent (74%) of the transportation costs as would have been due and owing from the District to the Contractor pursuant to the 2019-2020 transportation agreement between the parties for the term March 16, 2020 to June 30, 2020. The amount the parties agree is due and owing by reason of this Agreement are set forth in invoices 1094, 1095 and 1096, and in total amount to One Million, Two Hundred Fifty-Seven Thousand Eight Hundred Sixty-Eight and 40/100 Dollars ($1,257,868.40). The invoices are attached hereto and made a part hereof by reference and shall be due and owing on a monthly basis for March, April and May 2020. No other payment of any kind shall be due and owing to the Contractor by the District for 2019-2020 notwithstanding any other agreement, contract or understanding whatsoever.

4. The purpose of this Agreement and the focus of this Amendment is to prevent the diminution of employee wages and/or benefits for any of the Contractor’s employees employed to service the 2019-2020 transportation agreement between the parties for the period March 16, 2020 to June 30, 2020. The Contractor shall not diminish the wages or benefits of any employee, nor layoff any employee who was in service to the Contractor on March 16, 2020 and who would have performed services pursuant to the 2019-2020 transportation agreement between the parties had there not been a COVID-19 crisis and above referenced Executive Orders requiring the closure of the District’s schools. The Contractor shall not negotiate nor enter into any agreement or arrangement contrary to the terms of this Agreement or which affect the Contractor’s performance under this Agreement without the prior written consent of the District. In the event approval is granted, no agreement may, in any respect, limit or interfere with any right or interest of the District under this Agreement or restrict the Contractor’s ability to perform the Agreement.
5. The Contractor shall continue to employ all its bus drivers, bus monitors, office staff, mechanics and helpers during the period of this Agreement, all of whom shall be required at all times to exercise the highest degree of care and observe and comply with all laws, ordinances, rules, and regulations now in effect or hereafter enacted and pertaining to the operation of school buses.

With sufficient advance notice, the District may request additional buses and drivers for special events or needs. The Contractor will meet all such requests.

6. The Contractor shall at all times during the term of this Agreement keep all buses assigned or used in performing this Agreement stored and maintained on premises within the District at such location or locations as may from time to time be approved by the District. All such buses shall be subject to taxation by all political subdivisions having authority to levy and collect taxes in the area where the District is located.

7. No funds shall be sought nor received by the Contractor from the State of Illinois or through any Federal Relief/Care Acts reimbursement program which might otherwise be available to the Contractor. If any such relief shall be received by the Contractor, the District shall be entitled to seek proportional reimbursement from the Contractor in the amount of such sum as shall be deemed appropriate to offset any amount the District paid to the Contractor pursuant to this Agreement.

#### First Read - School Board Policies

Superintendent Fregeau presented a first read on the following School Board Policies:

- **6:200: Instruction – Instructional Arrangements**
  - Language for student “Pod” placement was moved to policy 7:30 (Student Assignment).

- **7:30: Students – Student Assignment and Intra-District Transfer**
  - Updated to reflect changes in student boundaries and attendance centers.
    - Mrs. Creighton noted that this policy would allow the District to keep track of students that were not attending school in their attendance boundary area.
  - Updated with language from policy 6:200 regarding Pod Placement.
  - Pod groupings updated to reflect building changes.
  - Alternative building assignment language added for non-Pod options.
  - Appeals process added to policy.
    - Mrs. Creighton noted that the process would be outlined in the Administrative (Parent) Handbook, but should it be noted elsewhere. Attorney Braun replied the easier the better. The appeals process will be referenced in the policy so that individuals would know where to look.

- **8:30: Community Relations – Visitors to and Conduct on School Property**
  - Updated to align with Public Act 101-620 which requires districts to allow union representatives to meet with employees during the work day.
  - Reflects an Administrative change allowing the Superintendent or designee to assist prior to a Board hearing.
    - Mrs. Creighton wanted to make sure a letter would be included noting that an individual has a right to a hearing before the Board of Education. Superintendent Fregeau replied that it would be done once the policy is approved.

These polices will be recommended for approval during the April 28, 2020 Board of Education Meeting.

### Personnel Action Items

Dr. Todd Covault 03/31/20
BACKGROUND INFORMATION:
Schools designated as Lowest Performing and Underperforming under the new ESSA guidelines have their School Improvement Plans in place that were approved by the board in December 2019.

The School Improvement Plans serve as a narrative that identifies the processes, programs, and outline how the school will serve the students identified by their ESSA summative designation. These plans guide the professional development, instructional delivery, and interventions for each school and as such are documents that do not remain static but are updated, reviewed, and revised as needed. As a note- while academic goals were multi-year, the action steps and budget are for current 2019-2020 school year only.

The State Board of Education requires Local Board approval for all learning partner contracts.

CURRENT CONSIDERATIONS:
Stevenson Elementary and Oak Grove Elementary have been in process selecting the learning partner that best meets their needs as a building utilizing the additional School Support Services Grant funds. Stephen Decatur Middle School is expanding their learning partner contracts.

FINANCIAL CONSIDERATIONS:
The School Support Services Grant will support the costs for Stevenson Elementary and Oak Grove Elementary outlined in the Learning Partner Contracts. The ESSA 1003(a) School Improvement Grant will support the costs for Stephen Decatur Middle School.

STAFF RECOMMENDATION:
The Administration respectfully requests that the Board of Education approve Stevenson Elementary, Oak Grove Elementary, and Stephen Decatur Middle School ESSA School Improvement Learning Partner Contracts with the Consortium for Educational Change as presented.

BACKGROUND INFORMATION:
Schools designated as Lowest Performing and Underperforming under the new ESSA guidelines have their School Improvement Plans in place that were approved by the board in December 2019.

The School Improvement Plans serve as a narrative that identifies the processes, programs, and outline how the school will serve the students identified by their ESSA summative designation. These plans guide the professional development, instructional delivery, and interventions for each school and as such are documents that do not remain static but are updated, reviewed, and revised as needed. As a note- while academic goals were multi-year, the action steps and budget are for current 2019-2020 school year only.

The State Board of Education requires Local Board approval for all learning partner contracts.

CURRENT CONSIDERATIONS:
With Remote Learning taking place districtwide due to the coronavirus epidemic, it was necessary to evaluate how professional development was provided. We are offering professional development to teaching staff every Thursday and Friday for the remainder of the year. This professional development targets literacy and math standards as well as best practices in those content areas.

FINANCIAL CONSIDERATIONS:
ESSA 1003(a) School Improvement Grant as well as Title II funds will support the cost of this weekly professional development through May.

STAFF RECOMMENDATION:
The Administration respectfully requests that the Board of Education approve the ESSA School Improvement Learning Partner Contracts with HMH Literacy Solutions and HMH Math Solutions as presented.

Student Assignment and Intra-District Transfers

Attendance Areas
The School District is divided into school attendance areas. The Superintendent or designee will review the boundary lines annually and recommend any changes to the Board of Education. The Superintendent or designee shall maintain a map of the District showing current school attendance areas. Homeless children shall be assigned according to Board policy 6:140, Education of Homeless Children.

The magnet schools (e.g., American Dreamer STEM Academy, Montessori Academy for Peace and Johns Hill) incorporate the entire district as the attendance boundary and are assigned by a lottery process.

Pod Concept
The primary purpose of the pod concept is to maximize building utilization as well as teacher allotment and to regulate the distribution of elementary students. The current school boundaries will remain in effect.

Beginning with the 2020-21 school year, the following Pod grouping shall apply,

Grouping by Pod
It is the responsibility of the Director of Student Services to implement the Pod concept and to establish the grouping of students into school buildings within each Pod. The aim of grouping is to place each student in an optimum learning environment. Students shall initially be placed in his or her home attendance school. Once the class size has been directly exceeded which requires a full-time assistant, the Director of Student Services shall utilize the pod concept and establish the grouping of students into schools using the below Pod chart.

The following elementary schools are grouped geographically to form pods:
   Pod #1 – Parsons and Stevenson
   Pod #2 – Baum and Muffley
   Pod #3 – Dennis (Mosaic and Kaleidoscope) and South Shores
   Pod #4 – Franklin and Oak Grove

The Superintendent or designee shall maintain a list of students placed in a Pod. This list shall include the home attendance school and grade level of students. If a space becomes available over the course of the year in the student’s home attendance school, the space shall be afforded to the students reassigned by Pod on a first placed on list order.

Other Building Assignments
If the Pod limits the District’s ability to place a student within the guidelines, the Student Services and Transportation departments shall jointly find an efficient solution making use of schools whose boundaries are adjacent to the home attendance center.
Transfers Within the District
A student’s parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent or designee, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school, provided space is available. If a request is granted, the parent/guardian shall be responsible for transportation. The provisions in this section have no applicability to transfers pursuant to the Unsafe School Choice Option covered in Board policy 4:170, Safety.

Appeals Process
Students reassigned due to changing boundaries, who desire to remain in his or her previous attendance center, shall be afforded an opportunity to appeal his or her assignment. The appeal committee shall include representation from the Student Services and Transportation departments. Information about the appeals process can be found in the Parent Handbook.

Class Assignments
