#### Independent Auditor's Report

Board of Education Decatur School District No. 61 Decatur, Illinois

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Decatur School District No. 61 (District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the District's nonmajor governmental funds, combining and individual fund financial statements as listed in the table of contents as additional audited financial information as of and for the fiscal year ended June 30, 2019.

#### Management's Responsibility for the Financial Statements

Management of the District, excluding Decatur Public Schools Foundation, a discretely presented component unit, is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This responsibility also includes determining that the modified cash basis of accounting is acceptable for the circumstances. Management of Decatur Public Schools Foundation is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Decatur Public Schools Foundation, a component unit included in the financial statements of the aggregate discretely presented component units, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are

Board of Education Decatur School District No. 61 Page 2

appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – modified cash basis of the governmental activities, the discretely presented component unit – Macon-Piatt Special Education District, each major fund and the aggregate remaining fund information of Decatur School District No. 61 as of June 30, 2019, and the respective changes in financial position – modified cash basis, thereof for the year then ended in conformity with the basis of accounting described in the notes to the financial statements. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – modified cash basis of each nonmajor governmental fund, combining and individual fund, of Decatur School District No. 61 as of June 30, 2019 and the respective changes in financial position – modified cash basis thereof for the year then ended in conformity with the basis of accounting described in the notes to the financial statements. In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the discretely presented component unit – Decatur Public Schools Foundation as of June 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis of Accounting**

As described in the notes to the financial statements, Decatur School District No. 61, excluding Decatur Public Schools Foundation, prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to the matter.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information, including the schedule of expenditures of federal awards required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information, except for the management discussion and analysis, page 6, and the statement of per capita cost and reimbursable cost for tuition, page 95, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing

Board of Education Decatur School District No. 61 Page 3

standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole on the basis of accounting described in Note 1.

The management discussion and analysis, page 6, and the statement of per capita cost and reimbursable cost for tuition, page 95, under supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated October 15, 2019 on our consideration of Decatur School District No. 61's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Decatur School District No. 61's internal control over financial reporting and compliance.

Decatur, Illinois October 15, 2019

# Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance With Government Auditing Standards

#### **Independent Auditor's Report**

Board of Education Decatur School District No. 61 Decatur, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Decatur School District No. 61 (District), as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise its basic financial statements, and have issued our report thereon dated October 15, 2019, which included an "Emphasis of Matter" paragraph because the financial statements are prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We have also audited the financial statements of each of the District's nonmajor governmental funds presented as additional audited financial information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019, as listed in the table of contents. The financial statements of Decatur Public Schools Foundation, a component unit included in the financial statements of the aggregate discretely presented component units, were not audited in accordance with *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Education Decatur School District No. 61 Page 5

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Decatur, Illinois October 15, 2019

# Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

#### **USING THIS ANNUAL REPORT**

The Management's Discussion and Analysis (MD&A) for the School District provides an overview and analysis of the District's financial activities for the fiscal year ended June 30, 2019, on a modified cash basis, and should be read in conjunction with the audited financial statements.

#### Financial Highlights

Total net position of the District increased from \$71.0 million in fiscal year 2018 to \$76.7 million in fiscal 2019, an increase of \$5.7 million or 7.9 percent.

Governmental activities, general revenues accounted for \$99.7 million in revenue or 82.4 percent of all revenues. Program specific revenues in the form of charges for services and fees and grants accounted for \$21.3 million or 17.6 percent of total revenues of \$121.0 million.

The District had \$115.3 million in expenses related to government activities. However, only \$21.3 million of these expenses were offset by program specific charges and grants.

The District continued to pay down its long-term debt retiring \$3.82 million of bond.

The District is in "financial review" status with the Illinois State Board of Education.

The District continues its one-to-one initiative for student computers. The District made the second payment on its current four-year computer lease while committing to a new lease at the high schools beginning in fiscal year 2020 that was paid in its entirety in July 2019.

Due to current market conditions and the amount of funds invested, interest income increased 124%. However, this is still a nominal portion of the revenue stream.

Support from the State as measured in its new formula, evidence-based funding increased \$3.1 million over the fiscal 2018 distribution. The evidence-based funding allocation includes special education, gifted, and information technology.

The Decatur Public School District No. 61 (District) annual report consists of a series of financial statements that show information for the District as a whole, its funds, and its fiduciary responsibilities. The Statement of Net Position and the Statement of Activities (on pages 18 and 19) provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The fund financial statements start on page 21. For the governmental activities, these statements tell how the District financed services in the short-term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide financial statements providing information about the District's most significant funds – such as the District's General Fund and Capital Projects Fund. The remaining statement, the Statement of Fiduciary Net Position on page 26 presents financial information about activities for which the District acts solely as an agent for the benefit of staff, students and parents.

# Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

External auditors have provided reasonable assurance in the independent auditor's report, located immediately preceding this Management Discussion and Analysis, that the basic financial statements are fairly stated, in all material respects, and in accordance with the modified cash basis of accounting. Varying degrees of assurance are provided by the auditors regarding the required supplementary information and the supplemental information provided. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts.

#### Reporting the District as a Whole

#### The Statement of Net Position and the Statement of Activities

The analysis of the District as a whole begins on page 18. One of the most important questions asked about the District is, "Is the District as a whole better off or worse off financially as a result of the year's activities?" The Statement of Net Position and the Statement of Activities, which appear first in the District's financial statements, report information on the District as a whole and its activities in a way that helps answer this question. Statements were prepared to include all assets and liabilities, using the modified cash basis of accounting.

These two statements report the District's net position – the difference between assets and liabilities, as reported in the Statement of Net Position – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position, as reported in the Statement of Activities – are one indicator of whether its financial health is improving or declining. The relationship between revenues and expenses is the District's operating results. The District's goal is to provide services to District students, not to generate profits as commercial entities do. One must consider many other nonfinancial factors, such as the quality of the education provided and the safety of the schools to assess the overall health of the District.

The Statement of Net Position and the Statement of Activities report the District's governmental activities. All of the District's services are reported here, including instruction, plant services, transportation services, and food services. Property taxes, corporate personal property replacement taxes, and State and federal grants finance most of these activities.

# Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

#### Reporting the District's Most Significant Funds

#### **Fund Balance (Net Position) Reporting**

The District previously adopted Governmental Accounting Standards Board Statement No. 54 which defined the different types of fund balances (net position) that must be used. For a more complete description of the major classifications of the fund balances (net position) please refer to the Fund Balance (Net Position) Reporting section of Note 1 of the financial statements on page 29.

#### **Fund Financial Statements**

The District's fund financial statements, which begin on page 21, provide detailed information about the most significant funds, not the District as a whole. These funds are required by State law. The District's governmental funds use the following accounting approach:

#### **Governmental Funds**

All of the District's services are reported in governmental funds. Governmental funds reporting focuses on showing how money flows into and out of funds and the balances left at year-end that are available for spending. Funds are reported using an accounting method called modified cash accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services provided. Governmental fund information helps determine whether there are lesser or greater financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities is described in the Statement of Net Position and the Statement of Activities and in the governmental funds reconciliations on page 22 and 25.

#### **Fiduciary Funds**

The School Board is the trustee, or fiduciary, for the Student Activity Funds. All of the School District's fiduciary activities are reported in a separate statement of net position on page 26. Fiduciary funds are excluded from the government-wide financial statements because the School District cannot use these assets to finance its operations. The School District is responsible for ensuring that the assets reported in these funds are used for the intended purposes.

# Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

#### THE DISTRICT AS A WHOLE

The District's combined net position was greater on June 30, 2019, than it was the year before, increasing 7.9 percent to \$76,707,295. Of these amounts, \$11,726,889 (2019), and \$4,822,444 (2018) were unrestricted. Restricted and committed net position are reported separately to show legal constraints from debt covenants and enabling legislation that limit the District's ability to use those assets for day-to-day operations. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the District's governmental activities.

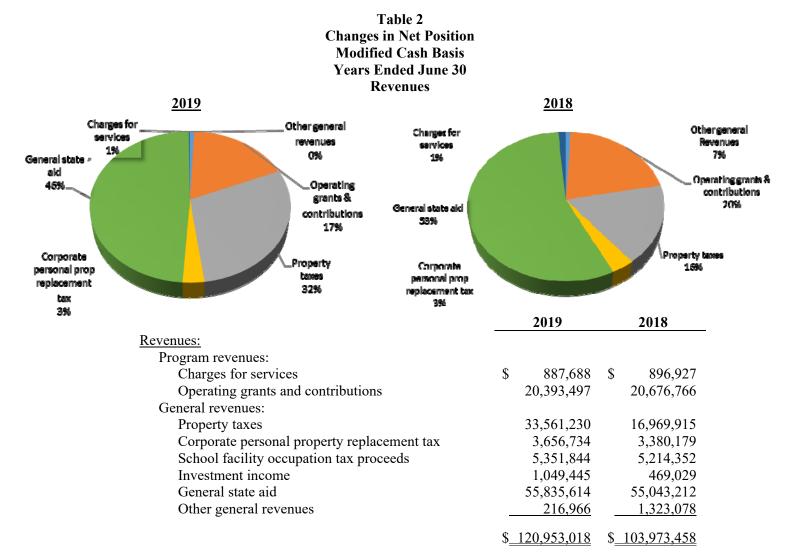

#### Table 1 Net Position Modified Cash Basis June 30

	Governmen	Governmental Activities			
	2019	2018			
Assets					
Current assets	\$ 40,653,170	\$ 37,053,081			
Capital assets	118,201,952	120,283,427			
Total assets	158,855,122	157,336,508			
Liabilities					
Current liabilities	8,634,647	8,746,383			
Long-term liabilities	73,513,180	77,529,749			
Total liabilities	82,147,827	86,276,132			
Net position					
Net investment in capital assets	49,853,772	50,693,678			
Restricted	15,126,634	15,544,254			
Unrestricted	11,726,889	4,822,444			
Total net position	\$ <u>76,707,295</u>	\$ <u>71,060,376</u>			

The District's total net position was higher on June 30, 2019, than it was the year before, increasing 7.9 percent to \$76.7 million.

# Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

The results of this year's operations for the District as a whole are reported in the Statement of Activities on page 19. Table 2 takes the information from the Statement and rearranges them slightly to demonstrate total revenues and expenditures for the year.

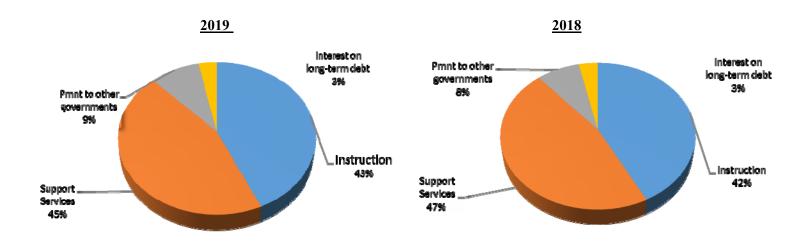

State funding (Evidence Based Funding, transportation, orphanage tuition, et al) accounted for the largest portion of the District's revenues, contributing 46.16 percent with property taxes accounting for 32.17 percent for 2019. The remainder of revenues came from federal grants and other sources. The total cost of all the District's programs for 2019 was \$115,306,099, primarily relating to instruction, tuition, caring for the students (e.g. school psychologists, improvement of instruction, social workers) and student transportation.

Management's Discussion and Analysis (MD&A)

# Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

#### **Governmental Activities**

As reported in the Statement of Activities on page 19, the cost of all governmental activities this year was \$115,306,099. However, the amount that the District financed for these activities was \$94,024,914; some costs were paid by those who benefited from the programs (\$887,688) or by other governments and organizations who subsidized certain programs with grants and contributions (\$20,393,497). The "public benefit" portion of governmental activities was paid with \$33,561,230 in real estate taxes, \$3,656,734 through corporate personal property replacement tax, \$5,351,844 in school facility occupation tax, \$55,835,614 in state aid, and \$1,266,411 in investment income and other general revenues deriving a fund position change of \$5,646,919.

The following table presents the cost of each of the District's five major functional activities: instruction, support services, community services, payments to other governments, and debt service. This chart also includes each program's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). As discussed above, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows constituents to consider the cost of each function in comparison to the benefits they believe are provided by that function.

## Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

For Fiscal Year 19, the District budgeted a decrease in net position of \$2,709,609 in the General Fund.

- Total revenues were \$2,298,030 more than budgeted and total expenditures were \$3,994,331 less than budgeted. This includes the State TRS on-behalf payments.
  - The District received \$1,807,012 more Federal and State grants monies than budgeted. Additional and/or new grant monies were received after the budget was adopted.
  - The District over budgeted for \$0.8 million in salaries and benefits in the instructional programs.
  - Support services instructional staff underspent \$319,108 on salaries and benefits.
     Operations and maintenance of plant underspent \$313,176 in salaries and benefits, overspent \$110,698 in purchased services and \$501,988 in supplies and materials
  - The District over budgeted \$176,504 in salaries, \$130,000 in purchased services, and \$257,230 in non-capitalized equipment in Community services.
  - Payments to other governmental units for tuition was \$404,353 less than budgeted.
  - Worker's compensation was \$284,563 less than budgeted while unemployment compensation was \$80,532 less than budgeted.

#### For the Year Ended June 30, 2018

## Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

For Fiscal Year 18, the District budgeted a decrease in net position of \$417,215 in the General Fund.

- Total revenues were \$22,053,825 less than budgeted and total expenditures were \$14,022,147 less than budgeted. This includes the State TRS on-behalf payments.
  - On-behalf TRS receipts and disbursements were \$10,957,692 less than budgeted due to the state reducing the Employer TRS contribution on federally-funded salaries.
  - The District only received one property tax payment in fiscal year 2018 resulting in tax revenue being \$12,363,255 under budget.
  - The District received \$1,861,068 more Federal and State grants monies than budgeted.
  - The District budgeted \$1,737,665 for but did not receive any direct E-rate (flow through from another district) monies in fiscal year 2018.
  - The District overbudgeted for \$1.6 million in salaries and benefits in the instructional programs. Of this amount, \$485,924 was the result of the State reducing the federally-funded salary contribution rate paid by the District.
  - Support services pupil services underspent \$263,033 on salaries and benefits. School administration overspent the budget by \$444,721 in salaries and benefits. Operations and maintenance of plant overspent \$76,979 in salaries, \$208,070 in supplies and materials, and \$127,422 in capital outlay while underspending \$87,506 in benefits.
  - The District overbudgeted \$147,564 in Community services, purchased services.
  - Payments to other governmental units for tuition was \$1,068,362 less than budgeted.
  - Worker's compensation was \$563,173 more than budgeted while unemployment compensation was \$111,371 less than budgeted.

#### THE DISTRICT'S FUNDS

Looking at funds helps in considering whether the District is being accountable for the resources taxpayers and others provide as well as provide insight into the District's overall financial health.

The financial performance of the District is reflected in its governmental funds throughout the fund financial statements. As the District completed the fiscal year 19, its governmental funds reported combined fund balances of \$36,018,523; an increase of \$3,892,825 over prior year's ending fund balances of \$32,125,698.

The General Fund, which includes the Educational Fund, Operations and Maintenance Fund, Working Cash Fund, and Tort Immunity/Judgment Fund increased in fund balance by \$3,582,752 for the year ended June 30, 2019.

## Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

The Transportation Fund balance had a modest decrease of \$818,993.

The Debt Service Fund balance increased from \$906,083 at June 30, 2018 to \$1,767,936 at June 30, 2019.

The Illinois Municipal Retirement Fund (IMRF); which includes IMRF, FICA and Medicare; balance increased \$165,507 from the prior year.

The Capital Projects Fund balance decreased by \$189,863 to \$2,898,672.

The Fire Prevention and Safety Fund balance increased by \$291,569 to \$3,631,827. This was anticipated due to projects planned utilizing Life Safety bonds.

#### General Fund Budgetary Highlights

The District adopted a General Fund budget for fiscal year 2019 in September 2018. The General Fund budget reflected total revenues of \$103,745,119 and total expenditures of \$106,454,728. Actual General Fund revenues for fiscal year 2019, including the on-behalf payments that the State of Illinois contributes to the Teacher Retirement System and a decrease in the Worker's Compensation Reserve Fund balance, were \$105,582,557 and expenditures were \$101,999,805. The great majority of the District's expenditures went to educating students. The District offers strings, art, music, PE, and foreign languages. The District is very proud of its advanced placement, technical academy and dual credit offerings at the high school level which currently allows students to gain up to a year's worth of college experience before enrolling in a post-secondary education program.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### Capital Assets

At June 30, 2019, the District had \$191,627,866 invested in a broad range of capital assets, including land, buildings, vehicles, and furniture and equipment. This amount represents a net increase, prior to depreciation, of \$1,067,705, or 0.56 percent from prior year. Total depreciation for the year was \$3,149,180.

# Management's Discussion and Analysis (MD&A) Year Ended June 30, 2019 (Unaudited)

Capital assets, net of accumulated depreciation as of year-end:

	<b>Governmental Activities</b>			
	2019	2018		
Land	\$ 1,979,076	\$ 1,979,076		
Buildings and improvements	113,278,951	114,968,615		
Land improvements	168,993	173,767		
Furniture and equipment	2,774,932	3,161,969		
Totals	\$ <u>118,201,952</u>	\$ <u>120,283,427</u>		

Greater details regarding capital assets are found in Note 5 on page 42 of this report.

#### Debt

At the end of this year, the District had \$77.440 million in bonds outstanding versus \$81.259 million in the prior year, a decrease of 4.70 percent. Outstanding bonds consist of:

General Obligation Bonds

\$ 77,440,000

The State limits the amount of general obligation debt that Unit Districts can issue to 13.8 percent of the assessed value of all taxable property within the District's corporate limits. The State Sales Tax (alternative revenue source) bonds are not reflected in the District's legal debt margin. The District's outstanding general obligation debt of \$9.165 million is substantially below the \$94.18 million statutorily imposed limit.

Additional information on long-term debt can be found in Note 6 on page 43.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

Elected and appointed officials considered many factors when setting the District's 2019-20 fiscal year budget and tax rates. The most important factors affecting the budget are student counts, employee salaries, and capital development projects. Also considered in the development of the budget are local and State economics.

At the time these financial statements were prepared and audited, the District was aware of the following circumstances that may significantly affect financial conditions in the future:

- The District has not settled contracts with its teaching assistants or security officers unions.
- The District has experienced a modest decline in student enrollment the past few years.
- Current economic headwinds associated with an inverted yield curve indicate that future investment returns will be substantially reduced.

# Reconciliation of the Statement of Revenue Received, Expenditures Disbursed, Other Financing Sources (Uses) and Changes in Fund Balances — Governmental Funds to the Statement of Activities Modified Cash Basis Year Ended June 30, 2019

Net change in fund balances — total governmental funds	\$ 3,892,825
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense (\$3,149,180) exceeded capital outlays expense (\$1,067,705) in the current period.	(2,081,475)
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and does not affect the statement of activities. This is the amount by which repayments exceeded proceeds.	3,819,000
Premiums received on bonds issued provide current financial resources to governmental funds, but are capitalized in the Statement of Net Position. The following premiums were capitalized, net of annual amortization during the year.	
Premium amortization	 16,569

Change in net position of governmental activities

## Notes to Financial Statements June 30, 2019

#### Note 1: Nature of Operations and Summary of Significant Accounting Policies

#### **Nature of Operations**

Decatur School District No. 61 (District) is a community unit school district organized under the Illinois School Code for the purpose of providing a public education to the children of Decatur.

#### Reporting Entity

These financial statements present Decatur School District No. 61 and its component units, entities for which the government is considered to be financially accountable as it administers the entities, approves the entities' budgets and has ultimate authority over the entities' operations. The component units discussed below are included in the District's reporting entity because of the significance of their operational or financial relationships with the District. They are reported as discretely presented component units, in separate columns in the financial statements, to emphasize that they are legally separate from the District.

*Macon-Piatt Special Education District* is established under a joint agreement involving several cooperating area school districts. Decatur School District No. 61 administers the District, approves the District's budget, and has ultimate authority over the District's operations. During the year ended June 30, 2019, the District provided tuition of \$9,687,856.

Decatur Public Schools Foundation is organized to promote public education by assisting the Decatur Public Schools in providing quality programs through making funds available for approved grants.

Complete financial statements of the individual component units can be obtained from the following:

Macon-Piatt Special Education District 335 East Cerro Gordo Decatur, Illinois 62523

Decatur Public Schools Foundation 601 North Church Decatur, Illinois 62523

## Notes to Financial Statements June 30, 2019

#### Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

#### Government-wide Financial Statements

The statement of net position and the statement of activities display information about the District as a whole. These statements include the nonfiduciary financial activities of the District. These statements report those activities of the District that are governmental (i.e. generally supported by taxes and intergovernmental revenues). Fiduciary funds are not included in the government-wide financial statements.

The statement of net position presents the financial position of the District's governmental activities at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions (including related investment earnings) that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues.

#### **Fund Financial Statements**

The District maintains fund accounting in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at a more detailed level. Separate financial statements are provided for governmental funds and fiduciary funds. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a single column. The fiduciary funds are reported by fiduciary fund type. The District's only major governmental fund is the General Fund. All other funds are considered nonmajor.

## Notes to Financial Statements June 30, 2019

#### Governmental Funds

Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they are to be used. Liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The General Fund, which consists of the Educational Fund, Operations and Maintenance Fund, Working Cash Fund and Tort Immunity/Judgment Fund is the general operating fund of the District and accounts for the general activities of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Special Education is included in the Educational Fund. The Working Cash Fund accounts for financial resources held by the District to be used for temporary loans to other funds.

Special Revenue Funds, which include the Transportation Fund and the Illinois Municipal Retirement/Social Security Fund are used to account for the proceeds of specific revenue sources (other than those accounted for in the Debt Service Fund, Capital Projects Fund or Fiduciary Fund) that are legally restricted to expenditures for specified purposes.

The Debt Service Fund accounts for the accumulation of resources that are restricted, committed or assigned to the payment of general long-term debt principal, interest and related costs.

The Capital Projects Fund (Fire Prevention and Safety Fund and Capital Projects Fund) is used to account for financial resources that are restricted, committed or assigned to expenditures for capital outlays including the acquisition or construction of major capital facilities.

#### Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net position. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of changes in net position. The District's fiduciary funds consist of the following agency funds:

The Agency Funds (Student Activity Funds) account for assets held by the District as an agent for others. These funds are custodial in nature and do not involve the measurement of the results of operations. The financial statements reflect the amounts due to organizations equal to the assets owned.

#### Fund Balance (Net Position) Reporting

In accordance with government accounting standards, fund balances (net position) are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Below are definitions of the differences of how these balances are reported.

## Notes to Financial Statements June 30, 2019

#### Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

The District purchases certain inventories of goods that are stored at a warehouse facility until needed at individual schools. At June 30, 2019, inventories totaling \$129,721 were on hand. This balance is included in the financial statements in the Educational Fund.

#### Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue, Debt Service, Tort, Capital Projects and Fire Prevention and Safety Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories.

#### 1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

#### 2. Leasing Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$27,666.

#### 3. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Transportation Funds. At June 30, 2019, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

#### 4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational, Operations and Maintenance and Transportation Funds. At June 30, 2019, expenditures disbursed exceeded revenues received from federal grants, resulting in no restricted balances.

## Notes to Financial Statements June 30, 2019

#### 5. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenues received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$1,146,725.

#### 6. School Facility Occupation Tax

Cash receipts and related cash disbursements of this restricted tax are accounted for in the Debt Service Fund. At June 30, 2019, the District had received cash receipts, including bond proceeds, in excess of disbursements totaling \$2,357,755. This amount is included in the Debt Service Fund and Capital Projects Fund as restricted and committed.

#### 7. Food Service

Revenue and related expenditures of the food service program are accounted for in the Educational Fund. A portion, \$1,348,705, of this Fund's net position represents the excess of cumulative revenue over cumulative expenditures which is restricted for use in future food service program expenditures.

#### 8. Workers' Compensation

The District has chosen self-insurance for workers' compensation by membership in the Illinois Association of School Boards – Sponsored Workers' Compensation Self-Insurance Trust. For the year ended June 30, 2019, accident claims of \$721,146 were paid with \$1,443,870 of actuarially-determined incurred but not reported claims. At June 30, 2019, \$1,443,870 is included in the Tort Immunity/Judgment Fund's fund balance to cover these claims.

#### Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

By Board action, the District has committed to performing \$1,965,757 in construction projects during the next fiscal year. These balances are included in the financial statements in the Operations and Maintenance Fund (\$214,381) and Capital Projects Fund (\$1,751,376).

# Notes to Financial Statements June 30, 2019

Employee contracts for services rendered provide for the carryover of certain unpaid vacation time. At June 30, 2019, the total amount of unpaid vacation time for services performed amounted to \$714,114. These balances are included in the financial statements in the Educational Fund (\$505,827), Operations and Maintenance Fund (\$197,923), Tort Immunity/Judgment Fund (\$5,857) and Transportation Fund (\$4,507).

The District has a lease through 2022 for one-to-one classroom technology. At June 30, 2019, the total obligation, net of balance in leasing levy, under the agreement amounted to \$919,320. This balance is included in the financial statements in the Educational Fund.

The District entered into a lease for iPad high school refresh technology. The District will pay the full lease amount of \$1,041,460 upfront in July 2019. This amount is included in the financial statements in the Education al Fund.

#### Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes. No assigned fund balances were identified at June 30, 2019.

#### Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Fund for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements in the Educational, Operations and Maintenance, Capital Projects, and Working Cash Funds.

#### **Expenditures of Fund Balance**

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

#### Basis of Accounting/Measurement Focus

The financial statements of the District have been prepared using the modified cash basis of accounting. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles.

# Notes to Financial Statements June 30, 2019

#### Government-Wide and Fiduciary Fund Financial Statements

The measurement focus establishes the basis of accounting. The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements.

The government-wide financial statements are prepared using the economic resources measurement focus and the modified cash basis of accounting. The modifications to the cash basis are for the employer portion of payroll taxes not deposited with taxing authorities, overpayments due, recording of inventory, the recording of capital assets, the recognition of depreciation and the recording of long-term debt. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the governmental fund financial statements. Pension and other postemployment liabilities are not included in the modified cash basis statement, therefore no assets or liabilities have been recorded for the provisions of GASB Statement No. 68 or No. 75.

#### Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified cash basis of accounting. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions. Modifications to the cash basis in these statements are for advances, the employer portion of payroll taxes not deposited with taxing authorities, health insurance, overpayments due, and recording of inventory. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds from general long-term debt are reported as other financing sources.

Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. Revenue from property taxes, grants, entitlements, and donations are recognized when received, consistent with the cash basis of accounting. Liabilities of a fund, similarly, result from previous cash transactions.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants, categorical grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical grants, and then by general revenues.

# Notes to Financial Statements June 30, 2019

#### Use of Estimates

For the Foundation, preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

#### **Budgets and Budgetary Accounting**

The District prepares a budget for all individual funds within the Governmental Fund types.

The District's budget is prepared so that budgeted receipts and expenditures can be compared to the cash basis of accounting. The budget was passed on September 25, 2018.

For each fund, total fund expenditures may not legally exceed the budgeted expenditures. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- 1. The Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted at a public meeting to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. The Board of Education is authorized to transfer up to ten percent of the total budget between items within any fund.
- 5. Formal budgetary integration is employed as a management control device during the year.
- 6. The Board of Education may amend the budget by the same procedure as provided for in the original adoption.

#### Cash

Cash consists of interest and noninterest-bearing bank checking accounts. At June 30, 2019, the District's and Foundation's cash accounts exceeded federally insured limits by approximately \$58,000 and \$1,261,000, respectively.

# Notes to Financial Statements June 30, 2019

#### Capital Assets

Capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the governmental funds statement of assets and fund balances.

Capital assets are recorded at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their estimated fair value as of the date received. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

The District maintains a formal capitalization policy and follows grant guidelines when applicable.

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

Capital assets not being depreciated include land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes, no salvage value is taken into consideration for depreciation purposes. Depreciation is computed using the straight-line method over the estimated life of the asset. The District has established estimated useful lives as follows:

	Estimated
Asset Class	Useful Lives
Buildings	50 years
Land & Building Improvements	20 years
Equipment	5 to 10 years
Transportation Equipment	5 years

#### Investments and Investment Return

For the District, investment balances, which consist of money market funds or pooled separate accounts, are stated at cost, which approximates fair value. Assets of the different funds are commingled for investment purposes, and interest earnings are prorated back to the various funds when recognized as revenue. The District has established accounts with the Illinois Funds (IF) and Illinois School District Liquid Asset Fund Plus (ISDLAF) for investment of funds. IF was established to supplement and enhance the investment opportunities available to custodians of public agency funds throughout the State. The management, custodianship, and operation of the IF are under the supervision of the State, Office of the Treasurer. ISDLAF was established to provide investors with a high yield investment alternative while maintaining liquidity and preserving capital. Realized and unrealized gains and losses are reflected in the statement of operating receipts, operating disbursements, and changes in net assets arising from cash transactions.

# Notes to Financial Statements June 30, 2019

The District has adopted a formal written investment and cash management policy.

For the Foundation, investments in mutual funds and money market funds are carried at fair value. Investment return includes interest and dividend income and net unrealized gain on investments carried at fair value.

Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in unrestricted net position. Other investment return is reflected in the statement of activities as unrestricted or temporarily restricted based upon the existence and nature of any donor or legally imposed restrictions.

#### Interest-Bearing Time Deposit

For the Foundation, the interest-bearing time deposit matures and renews annually and is carried at cost, which approximates fair value. Interest on the time deposit is accrued based on the terms.

#### **Inventories**

Inventories are stated at moving-average cost which approximates cost on a FIFO basis. Inventories consist of goods received and stored in warehouse facilities until needed at individual schools.

#### **Contributions**

Gifts of cash and other assets received without donor stipulations are reported as revenue and net assets without donor restrictions. Gifts received with a donor stipulation that limits their use are reported as revenue and net assets with donor restrictions. When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Gifts having donor stipulations which are satisfied in the period the gift is received are reported as revenue and net assets without donor restrictions.

Unconditional gifts are reported at their net realizable value. Conditional gifts depend on the occurrence of a specified future and uncertain event to bind the potential donor and are recognized as assets and revenue when the conditions are substantially met, and the gift becomes unconditional.

#### Income Taxes

The Foundation is exempt from income taxes under Section 501 of the U. S. Internal Revenue Code and a similar provision of state law. However, the Foundation is subject to federal income tax on any unrelated business taxable income. The Foundation files tax returns in the U.S. federal jurisdiction.

# Notes to Financial Statements June 30, 2019

#### Note 2: Deposits, Investments and Investment Income

#### **Deposits**

Custodial credit risk is the risk that, in the event of a bank failure, a governments' deposits may not be returned to it. The District's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law allows for deposits in banks, savings banks, savings and loan associations and credit unions. Deposits not collateralized or insured by an agency of the federal government shall not exceed 75 percent of the capital stock and surplus in the case of a bank, 75 percent of the net worth in the case of a savings bank or savings and loan association or 50 percent of the unimpaired capital and surplus in the case of a credit union. Under state law, the District may enter into an agreement requiring collateralization in an amount equal to at least the fair value of funds deposited in excess of federal depository insurance limits.

#### Investments

The District is authorized by state statute to invest in obligations of the U.S. Treasury, Agencies and Instrumentalities; commercial paper rated within the three highest classifications by at least two standard rating services; obligations of states and their political subdivisions; savings accounts; certificates of deposit; time deposits; money market mutual funds; credit union shares; the Illinois Funds; and the Illinois School District Liquid Asset Fund Plus.

At June 30, 2019, the District's investments were in the Illinois Funds and the Illinois School District Liquid Asset Fund Plus. The District's investments qualify as an exception to GASB Statement No. 72 as they are recorded at amortized cost, and are not placed into the fair value hierarchy.

#### Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All of the underlying securities for the District's investments at June 30, 2019 are held by the counterparties in the District's name.

# Notes to Financial Statements June 30, 2019

#### Credit Risk

Credit risk is the risk that an insurer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's deposits with financial institutions are not subject to credit risk rating. Both the Illinois Funds and the Illinois School District Liquid Asset Fund Plus have been rated AAAm by Standard and Poor's. Credit risk exposure and investment guidelines are addressed in the District's investment policy.

#### Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment with a single issuer. The investment policy of the District contains no limitations on the amounts that can be invested in any one issuer. Deposits with financial institutions and investments in external investment pools are exempt from the concentration disclosure.

#### Summary of Carrying Values

The carrying values of deposits and investments as of June 30, 2019 are as follows:

	2019
Statement of Net Position	
Carrying value	
Deposits	\$ 912,561
Investments	39,594,076
	\$ <u>40,506,637</u>
Included in the following Statement of Net Position captions	
Cash	\$ 912,561
Investments	39,594,076
	\$ 40,506,637

# Notes to Financial Statements June 30, 2019

	2019
Statement of Fiduciary Net Position Carrying value	
Deposits	\$ 74,593
Investments	472,481
	\$ <u>547,074</u>
Included in the following Statement of Fiduciary Net Position captions	
Cash	\$ 74,593
Investments	472,481
	\$ <u>547,074</u>
Investments owned at June 30, 2019 consisted of:	
Busey Bank	\$ 481,554
Illinois School District Liquid Asset Fund Plus	39,585,003
	\$ <u>40,066,557</u>
Investment Income	
Investment income for the year ended June 30, 2019 consisted of:	
Interest income	\$ <u>1,049,445</u>

#### Note 3: Disclosures About Fair Value of Assets for the Foundation

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- **Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

# Notes to Financial Statements June 30, 2019

#### Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statement of net position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2019:

				Fair Valu	e Mea	sureme	nts Us	ing
	Fa	air Value	ir Ma Id	ted Prices  Active  rkets for  dentical  Assets  Level 1)	O Obse In	ificant ther ervable puts vel 2)	Unobs In	ificant servable puts vel 3)
Mutual funds Money market funds	\$	688,100 17,114	\$	688,100 17,114	\$		\$	
	\$	705,214	\$	705,214	\$		\$	

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statement of net position, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended June 30, 2019. The Foundation had no liabilities measured at fair value on a recurring basis. In addition, the Foundation had no assets or liabilities measured at fair value on a nonrecurring basis.

#### Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

#### Note 4: Contributions Receivable for the Foundation

Contributions receivable totaling \$53,892 as of June 30, 2019, consists of unrestricted contributions without donor restrictions and \$2,255 with donor restrictions, respectively, due within one year. No allowance has been recorded as of June 30, 2019, as all contributions are considered fully collectible.

# Notes to Financial Statements June 30, 2019

#### Note 5: Net Assets for the Foundation

#### Net Assets With Donor Restrictions

Net assets with donor restrictions of \$1,282,548 at June 30, 2019 are restricted for designated school programs.

#### Net Assets Released from Restrictions

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by donors. Satisfaction of purpose restrictions related to grant program expenses totaled \$789,103 in 2019.

#### **Note 6: Property Taxes**

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2017 levy was passed by the Board on December 5, 2017. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on June 1 and September 1. The district receives significant distributions of tax receipts approximately one month after these due dates.

The following are the tax rate limits permitted by the School Code and by local referendum and the actual rates levied per \$100 of assessed valuation:

	Maximum		<b>Actual Rate</b>	
	Rate	2018 Levy	2017 Levy	2016 Levy
Educational Fund	2.5700	2.5700	2.57000	2.57000
Operations and Maintenance Fund	.5000	.5000	.50000	.50000
Debt Service Fund	None	.4458	.44027	.43504
Transportation Fund	.2000	.2000	.20000	.20000
Illinois Municipal Retirement Fund	None	.2148	.37083	.34150
Fire Prevention and Safety Fund	.0500	.0500	.05000	.05000
Tort Immunity	None	.4313	.40520	.40025
Special Education	.0400	.0400	.04000	.04000
Social Security	None	.3578	.20533	.22772
Lease Facilities	.0500	.0500	.05000	.05000
Working Cash Fund	.0500	.0500	.05000	.05000
Total		4.9097	4.88163	4.86451

Current year tax receipts include tax collections of the 2017 tax levy.

# Notes to Financial Statements June 30, 2019

#### Note 7: Common Bank Account

Separate bank accounts are not maintained for all District funds. Certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund. Occasionally, certain funds participating in the common bank account will incur overdrafts (deficits) in the account. The overdrafts result from expenditures which have been approved by the Board of Education. Such overdrafts constitute unauthorized interfund transfers since such loans are not authorized by the Board of Education.

#### Note 8: Capital Assets

Capital asset balances and activity for the year ended June 30, 2019 were as follows:

	Balance, July 1, 2018	Additions	Deletions	Balance, June 30, 2019
т 1	ф. 1.070.07 <i>(</i>	¢.	ф	Ф 1.070.076

	\$ <u>120,283,427</u>	\$ (2,081,475)	\$	\$ <u>118,201,952</u>

# Notes to Financial Statements June 30, 2019

Depreciation expense was charged to governmental functions as follows:

Instruction	\$ 17,451
Student activities	3,631
Instructional staff support	133,514
General administration	953
School administration	547
Business	2,736,503
Central services	253,057
Community service	3,524
	\$ 3,149,180

#### Note 9: Changes in Long-Term Debt

The following is a summary of bond transactions of the District for the year ended June 30, 2019.

Bonds payable at July 1, 2018 Bonds retired	\$	81,259,000 3,819,000
Bonds payable at June 30, 2019	\$_	77,440,000

On July 30, 2013, the District issued \$8,995,000 in General Obligation Bonds, Series 2013A and B, with interest rates ranging from 3.65 percent to 4.60 percent to replenish the Working Cash Fund and advance refund \$1,910,000 outstanding principal of the 2007 Series Working Cash and Life Safety Bonds with interest rates ranging from 4.00 percent to 4.75 percent. Net proceeds of \$2,121,805 (after \$44,408 in underwriting fees, insurance and other issuance costs) have been deposited in an irrevocable trust with an escrow agent. The escrow agent has purchased U.S. Treasury securities (State and Local Government Series), to provide for all future debt service on the \$1,910,000 advance refunded amount of the 2007 Series bonds. As a result, the \$1,910,000 advance refunded amount of the 2007 Series bonds have been removed from the government-wide statements of net position. If at any time the available proceeds of the Treasury securities and deposits on demand in the escrow account are not sufficient to make any payment due to the holders of any of the prior bonds, the escrow agent shall notify the Treasurer and the Board and the District shall make available such funds to make up the anticipated deficit. The District completed the advance refunding to levelize its tax rate over the next several years which resulted in additional debt service payments of \$505,560, an economic loss (difference between the present values of the old and new debt service payments) of \$221,841 and an accounting loss of \$211,805.

Bonds payable at June 30, 2019, are comprised of the following issues:

2011 General Obligation Bonds (Alternative Revenue Source) due in annual installments varying from \$900,000 to \$5,450,000 from 2013 to 2042; interest rates varying from 2.0 percent to 5.25 percent. \$63,600,000 is outstanding as of June 30, 2019, of which \$1,305,000 is due within one year.

# Notes to Financial Statements June 30, 2019

2011 QZAB Series Bonds (Alternate Revenue Source) due in annual installments varying from \$100,000 to \$1,080,000 from 2021 to 2029; the interest rate is 2.25 percent. \$4,675,000 is outstanding as of June 30, 2019, of which nothing is due within one year.

2013 Series A and B General Obligation/Working Cash Bonds due in annual installments varying from \$530,000 to \$1,850,000 from 2018 to 2023; interest rates varying from 3.65 percent to 4.60 percent. \$8,050,000 is outstanding as of June 30, 2019, of which \$1,580,000 is due within one year.

2017 Working Cash Bonds due in annual installments varying from \$1,089,000 to \$1,115,000 from 2018 to 2019; interest rates varying from 1.75 percent to 1.89 percent. \$1,115,000 is outstanding as of June 30, 2019, all of which is due within one year.

The annual requirements to amortize all debt outstanding at June 30, 2019, including interest payments of \$48,732,424 are as follows:

	Bonds	Interest	Total
2020	\$ 4,000,000	\$ 2,007,792	\$ 6,007,792
2021	3,060,000	3,473,665	6,533,665
2022	3,260,000	3,331,818	6,591,818
2023	3,440,000	3,226,181	6,666,181
2024	2,915,000	3,080,669	5,995,669
2025-2029	10,510,000	14,015,013	24,525,013
2030-2034	14,560,000	11,240,068	25,800,068
2035-2039	20,220,000	6,898,956	27,118,956
2040-2042	15,475,000	1,458,262	16,933,262
Total	\$ <u>77,440,000</u>	\$ <u>48,732,424</u>	\$ <u>126,172,424</u>

The District has a legal debt margin of \$85,018,352 based on the 2018 assessed valuation of \$682,488.061.

#### Note 10: Retirement Commitments

The District provides pension benefits to its employees under two separate defined benefit plans as discussed below. As discussed in Footnote 1, because the District uses a modified cash basis of accounting for financial reporting purposes, it does not report pension obligations in its basic financial statements, thus the recognition requirements for such amounts (assets, deferred outflows of resources, liabilities and deferred inflows of resources) under Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 are not presented in the District's financial statements. However, limited footnote disclosure under GASB 68 does apply and is provided herein.

# Notes to Financial Statements June 30, 2019

#### Illinois Municipal Retirement Fund (IMRF)

#### Plan Description

The District contributes to the IMRF Plan, an agent multiple-employer defined benefit pension plan covering substantially all employees. The IMRF Plan is administered by the Illinois Municipal Retirement Fund.

#### Benefits Provided

Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at <a href="https://www.imrf.org">www.imrf.org</a>.

The employees covered by the Plan at December 31, 2018 are:

Inactive employees or beneficiaries currently receiving	
benefits	682
Inactive employees entitled to but not yet receiving	
benefits	355
Active employees	569
	1,606

#### **Contributions**

As set by statute, the District regular plan members are required to contribute 4.50 percent of their annual covered salary. The statutes require employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual required contribution rate for calendar year 2018 was 11.71 percent. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

For the year ended December 31, 2018, employees contributed \$919,877 and the District contributed \$2,764,534 to the IMRF Plan. The District recognized \$2,157,207 in expenses under the modified cash basis for the year ended June 30, 2019.

# Notes to Financial Statements June 30, 2019

#### Teachers' Retirement System of the State of Illinois

#### Plan Description

The District also participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined-benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <a href="http://trsil.org/financial/cafrs/fy2018">http://trsil.org/financial/cafrs/fy2018</a>; by writing to TRS at 2815 West Washington Street, P.O. Box 19253, Springfield, Illinois 62794; or by calling (888) 678-3675, option 2.

#### Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Pubic Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum

# Notes to Financial Statements June 30, 2019

payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the State of Illinois.

#### **Contributions**

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2018, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The District meets the definition of being in a special funding situation in which the State is the nonemployer entity that is legally responsible for providing financial support for the pension of the District employees. The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2019, the State of Illinois contributions recognized by the employer were based on the State's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$3,605,563 in pension contributions from the State of Illinois.

**2.2 formula contributions.** Employers contribute .58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019 were \$251,810.

**Federal and special trust fund contributions.** When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018. Previously, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2019, the employer pension contribution was 9.85 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$2,380,285 were paid from federal and special trust funds that required employer contributions of \$234,458.

# Notes to Financial Statements June 30, 2019

**District Retirement Cost Contributions.** Under GASB Statement No. 68, contributions that a District is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, DSD No. 61 paid \$8,241 to TRS for employer contributions due on salary increases in excess of 6 percent and \$9,978 for sick leave days granted in the excess of the normal annual allotment.

#### **Note 11: Transportation Agreement**

The District has contracted its transportation needs with an outside vendor under an agreement which expires July 31, 2020. Transportation needs are provided at agreed-upon rates as specified in the contract. Total costs for transportation needs for the year ended June 30, 2019 under the agreement were \$6,038,160.

#### Note 12: Leases

The District has entered into a lease agreement that expires on July 6, 2021 for one-to-one classroom technology. Future minimum lease payments at June 30, 2019 were:

2020	\$	315,662
2021		315,662
2022	<u> </u>	315,662
	\$	946,986

Lease expenditures disbursed for these agreements for the year ended June 30, 2019 were \$315,662.

## Note 13: Contingencies

The District has received funding from state and federal grants in the current and prior years which is subject to audit and approval by the granting agencies. The Board of Education believes any adjustments that may arise from these audits will be insignificant to the District's operations.

The District is subject to claims and lawsuits that arise primarily in the ordinary course of business. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material adverse effect on the financial position of the District.

# Notes to Financial Statements June 30, 2019

#### Note 14: Loss Exposure

Significant losses are covered by commercial insurance for all major programs: property and liability. The District has chosen self-insurance for workers' compensation by membership in the Illinois Association of School Boards – Sponsored Workers' Compensation Self-Insurance Trust. During the year ended June 30, 2019, there were no significant reductions in coverage. Also, there have been no settlement amounts which have exceeded insurance coverage in the past three years.

#### Note 15: Postemployment Benefit Plans

The District provides postemployment benefits other than pensions (OPEB) to its retirees under two separate defined benefit OPEB plans as discussed below. As discussed in Footnote 1, because the District uses a modified cash basis of accounting for financial reporting purposes, it does not report items related to OPEB, except for OPEB expense, in its basic financial statements, thus the recognition requirements for such amounts (assets, deferred outflows of resources, liabilities and deferred inflows of resources) under Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions do not apply to the District. However, limited footnote disclosure is required under GASB 75, which was adopted by the District for the year ended June 30, 2019, and is provided herein.

#### Retiree Healthcare Plan

#### **Plan Description**

The District's eligible retirees and their spouses can participate in the District's group healthcare plan which is a single-employer defined benefit other postemployment benefit (OPEB) plan (the OPEB Plan) covering substantially all employees. The OPEB Plan is administered by a board of trustees. The OPEB Plan is not administered under a qualified trust and there are no employer contributions or OPEB plan assets. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

In accordance with GASB 75, an actuarial valuation has to be performed every 30 months for OPEB plans with over 200 participants. The following information provided is as of the last actuarial valuation performed as of June 30, 2018. The District will contract for another valuation in fiscal year 2020.

#### **Benefits Provided**

The OPEB Plan provides healthcare benefits to eligible retirees and their spouses through the age of 65. Benefits are provided through a third-party insurer, and the full cost of the benefits is covered by the retiree. For the year ended June 30, 2018, the District recognized OPEB expense related to this plan of \$95,627.

# Notes to Financial Statements June 30, 2019

The employees covered by the benefit terms at June 30, 2018 are:

	2018
Inactive employees or beneficiaries currently receiving benefit payments Inactive employees entitled to but not yet receiving benefits Active employees	27 — 450
	<u>477</u>

During the year ended June 30, 2019, the employer contributions and benefit payments are related to the increase in active premiums due to the presence of retirees in the determination of the blended retiree/active premiums and totaled \$221,198.

#### Teacher Health Insurance Security Fund

#### **Plan Description**

The Teacher Retirement Insurance Program of Illinois (TRIP or Plan) is a cost-sharing multiple-employer defined benefit postemployment healthcare plan that covers retired employees of participating school districts throughout the State of Illinois, excluding the Chicago Public School System. TRIP health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. TRIP is administered in accordance with the State Employees Group Insurance Act of 1971 (5 ILSC 375/6.5) which establishes the eligibility and benefit provisions of the plan.

Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions, defines special funding situations as circumstances in which a nonemployer entity is legally responsible for providing financial support for OPEB (other postemployment benefits) of the employees of another entity by making contributions directly to an OPEB plan that is administered through a trust that meets the criteria set forth in GASB 75 and either (1) the amount of contributions or benefit payments for which the nonemployer entity legally is responsible is not dependent upon one or more events or circumstances unrelated to the OPEB or (2) the nonemployer entity is the only entity with a legal obligation to provide financial support directly to an OPEB plan that is used to provide OPEB to employees of another entity. The State of Illinois is considered a nonemployer contributing entity and the plan is deemed to have a special funding situation.

# Notes to Financial Statements June 30, 2019

#### **Benefits Provided**

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

A summary of the postemployment benefit provisions, changes in benefit provisions, employee eligibility requirements including eligibility for vesting, and the authority under which benefit provisions are established are included as an integral part of the financial statements of the Department of Central Management Services. A copy of the financial statements of the Department may be obtained by writing to the Department of Central Management Services, 401 South Spring Street, Springfield, Illinois, 62706.

#### **Contributions**

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 1.24 percent of salary and for every employer of a teacher to contribute an amount equal to .92 percent of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THISF), an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year.

The District meets the definition of being in a special funding situation in which the State is the nonemployer entity that is legally responsible for providing financial support for OPEB of the District employees and that the State's proportionate share of the collective net OPEB liability is 52.129759 percent. The state of Illinois makes employer retiree contributions on behalf of the District. State contributions are intended to match contributions to the fund from active members. State of Illinois contributions were \$460,592 and the District recognized revenues and expenditures of this amount during the year. The employer contribution was .92 percent or \$343,644 for the year ended June 30, 2019.

The OPEB plan contributions for the two plans were \$804,236 for the teacher health insurance plan and \$221,198 for the retiree healthcare plan.

# Notes to Financial Statements June 30, 2019

### **Note 16: Significant Concentrations**

Accounting principles generally accepted in the United States of America require disclosure of certain significant current vulnerabilities due to certain concentrations. Those matters include the following:

#### **Current Economic Conditions**

The current economic environment presents school districts with difficult circumstances and challenges, which in some cases have resulted in large declines in the fair value of investments and other assets, declines in governmental support, grant revenue and tax revenue, constraints on liquidity and difficulty obtaining financing. The financial statements have been prepared using values and information currently available to the District.

Current economic conditions have made it difficult for many districts. A significant decline in governmental support, grant revenue or tax revenue could have an adverse impact on the District's future operating results.

In addition, given the volatility of current economic conditions, the values of assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the District's ability to maintain sufficient liquidity.

#### Labor Agreement

A large percentage (84 percent) of the District's employees are covered by collective bargaining agreements. Collective bargaining agreements covering approximately 5 percent of these employees expire within the next year.

#### **Note 17: Facilities Occupation Sales Tax**

Macon County, Illinois imposed a 1 percent county sales tax effective July 1, 2011, which is to be used exclusively for school facility purposes. The District received \$5,351,844 from this tax during the year ended June 30, 2019, which has been budgeted to address current and future building improvement needs.

# Notes to Financial Statements June 30, 2019

#### Note 18: Health Insurance Plan

Effective January 1, 2014, the District became a member and participates in the Education Benefits Cooperative (Cooperative) for employee health insurance coverage. The Plan is a self-funded plan and administration is provided through a third-party administrator. The Plan also carries specific stop-loss insurance at such levels as approved by the Cooperative's Board of Directors. Benefits are paid directly from the Plan through a claims administrator, while Plan contributions are made by the District at a rate determined by the Cooperative annually.

## Annual Federal Financial Compliance Report

## Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

#### **Independent Auditor's Report**

Board of Education Decatur School District No. 61 Decatur, Illinois

#### Report on Compliance for Each Major Federal Program

We have audited the compliance of Decatur School District No. 61 (District) with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The District's basic financial statements include the operations of Macon-Piatt Special Education District (component unit), which received \$5,368,775 in federal awards, which were not included in the District's schedule of expenditures of federal awards for the year ended June 30, 2019. Our audit described below, did not include the operations of Macon-Piatt Special Education District because there is a separately issued report.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, contracts and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Board of Education Decatur School District No. 61 Page 97

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Decatur School District No. 61, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

#### **Report on Internal Control Over Compliance**

Management of Decatur School District No. 61, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2019

#### **Notes to Schedule**

- 1. The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the District under programs of the federal government for the year ended June 30, 2019. The accompanying notes are an integral part of this Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.
- 2. Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
