DEFICIT BUDGET SUMMARY INFORMATION - Operating Funds Only (School Districts Only)

Direct Revenues	153,105,690	7,358,000	6,620,891	480,780	167,565,361
Direct Expenditures	153,761,532	7,940,191	6,722,702		168,424,425
Difference	(655,842)	(582,191)	(101,811)	480,780	(859,064)
Estimated Fund Balance - June 30, 2024	30,021,304	1,361,650	2,529,116	5,147,677	39,059,747

Unbalanced budget; however, a Deficit Reduction Plan is not required at this time.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2023-2024 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2022-2023 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Evidence-Based Funding: Fiscal Year 2024 Spending Plan

DECATUR SCHOOL DISTRICT 61

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1) What are the Organizational Unit's strategic goals for student success for the 2023-24 school year? What measures will be used to evaluate progress? (No more than 2000 characters, including spaces.)

Based on FastBridge data math and reading continue to be primary areas of focus. Phonics and phonemic awareness across grade levels, specifically reading fluency and comprehension, are going to be targeted areas of improvement. We have noticed that students in intermediate grades are struggling tremendously, therefore we will be focusing on early intervention for primary students with continued support for upper elementary into middle school. Our Kindergarten, first, and second grade students are starting on level on numerous areas in math but are struggling to maintain grade-level growth.

These skills can be addressed with strong tier 1 instruction, but some additional curricular materials, support staff, and training is needed. Some students need more intensive interventions in areas such as phonics, phonemic awareness, reading fluency, reading comprehension, fact fluency, number sense, and computation. These needs can be addressed with targeted interventions, but proper curricular materials and additional staff members are needed to effectively provide those interventions.

This continues into the latter years, as our 3rd-8th grade students are below the national average in general math skills and showing below average growth. The district has implemented Go Math under HMH, in addition to this resource during FY23-24, the district will be piloting the following math curriculums: Cengage-Big Ideas, Envision, and McGraw Hill-Reveal Math. We will continue to strengthen quality and consistency of Tier 2 and Tier 3 interventions to provide more targeted academic support to struggling student groups.

		Top Strategy 1	Top Strategy 2	Top Strategy 3
2)	Select the top three strategies that the Organizational Unit will employ to achieve student growth and make progress toward state education goals. (Select three different responses from the dropdown list.)	Maintain or expand pupil support services	Improve programs, curriculum, and/or learning tools	Focus increased time and attention on special student groups
	If "Other" was selected in question 2, please describe. (<i>No more than 1000 characters, including spaces</i> .)			

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2024 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.
