- As a verb, it means “to measure according to a specified standard to compare and improve student outcomes.”

Progress Monitoring

- Progress Monitoring involves regularly collecting and analyzing data to track progress against targets and goals.

What is a Root Cause Analysis?

A root cause analysis is an approach to problem solving through discussion to dig deeper than the surface symptoms and uncover the underlying causes.

SMART Goals

The Importance of SMART Goals

What is a SMART goal and why is it important?

A goal is much more than simply saying that you want to learn about and/or improve on something; rather, it more specifically describes what you want to achieve. SMART goals for school improvement plans should be grounded in student outcomes - measures of what students know and are able to do. SMART goals, with their detailed structure, provide focus as well as a clear idea of what you want to achieve. This structure makes it easier to:

- plan relevant action steps/activities
- measure progress toward achieving the goal
- know when you have met your goal

	 SPECIFIC	 MEASURABLE	 ACHIEVABLE	 RELEVANT	 TIMEBOUND
Definition	When setting a goal, be specific, focused, and clear.	Use metrics to keep your plan on track and measure results.	Know how you will accomplish the goal and if you have the tools/skills needed.	Focus your goal so it aligns with the school and district vision/mission and larger, long-term goals.	Set a timeline for action items, benchmarks and deliverables.

Are these
good or bad
SMART Goals?

By the spring of 2025, 48% of African American students will score at or above the 60th percentile on the iReady Reading benchmark assessment

All student will show improvement in their benchmark assessments.

38% of students will increase their RIT score in the NWEA MAP assessment.

By May of 2025, 38% of all 3rd-5th graders will score at or above the 60th percentile on the STAR360 math benchmark assessment.

**Is there a difference
between a school
improvement plan and a
district strategic plan?**

Strategic Plan vs. School Improvement Plan

District Strategic Plan vs. School Improvement Plan

A **District Strategic Plan** is a long-range plan founded on the vision, mission, and values of the district. The district strategic plan is visionary and focuses on long-term goals of the district. By providing a unified summary of the district's priorities, the district strategic plan is realized in the continuous improvement efforts of each district school.

A **School Improvement Plan (SIP)** is created to improve student outcomes through improved leadership, systems, and processes within a school. The SIP is a shorter-range plan that defines the steps needed to achieve the district's long-term goals. It is operational and includes short-term goals specific to the needs of each individual school in the district. The SIP includes detailed action steps for each SMART (specific, measurable, achievable, relevant, and time-bound) goal and is evaluated more frequently than the district strategic plan.

Dr. Mike Curry, Chief Operational Officer, replied that 16% of funding comes from the federal government, however, this could be skewed due to the ESSER funds from the last four-years; it could be closer to 10% in the near future. Families that qualify under the statute for the free-reduced lunches (CEP) could possibly pay in the near future, due to the new requirements.</p>	Information only.

Initiated By: Dr. Mike Curry, Chief Operations Officer	Attachments: N/A
Reviewed By: Dr. Larry Gray, Acting Superintendent of Schools	

BACKGROUND INFORMATION:

Each month, the Board approves the agenda of bills at the first meeting of the month, typically the second Tuesday of the month. The bills are for the previous month's invoices and have a printed check date of the last day of the month.

The agenda of bills will be brought to the Board to approve retroactively at the March 18th meeting, on the third Tuesday of the month.

FINANCIAL CONSIDERATIONS:

Checks will be released a week later than the first Board meeting; and one week prior to the meeting in which the bills are approved.
