Dr. Rochelle Clark, Superintendent

Attachments: School Board Policies 4:150 and 7:30

BACKGROUND INFORMATION:
The Board Policy Committee regularly reviews Policies to adjust based on the Illinois Association School Boards PRESS recommendations, current practices, needed changes to practices, and updates to reflect changes associated with new laws. The policies are reviewed by the Board Policy Committee and the best corresponding administrator(s).

CURRENT CONSIDERATIONS:
The following School Board Policies were presented for information only during the February 14, 2023 Board of Education meeting. The following policies are being recommended for approval:

- 4:150: Operational Services – Facility Management and Building Programs,
- 7:30: Students – Students Assignment and Intra-District Transfers Attendance Areas

FINANCIAL CONSIDERATIONS:

BOARD ACTION: __________________
Operational Services

Facility Management and Building Programs
The Superintendent or designee shall manage the District’s facilities and grounds as well as facility construction and building programs in accordance with the law, the standards set forth in this policy, and other applicable School Board policies. The Superintendent or designee shall facilitate: (1) inspections of schools by the Regional Superintendent and State Fire Marshal or designee, (2) review of plans and specifications for future construction or alterations of a school if requested by the relevant municipality, county (if applicable), or fire protection district, and (3) compliance with the 10-year safety survey process required by the School Code.

Standards for Managing Buildings and Grounds
All District buildings and grounds shall be adequately maintained in order to provide an appropriate, safe, and energy efficient physical environment for learning and teaching. The Superintendent or designee shall provide the Board with periodic reports on maintenance data and projected maintenance needs that include cost analysis. Vacant school distinct buildings that are the sole property of the district, and have not been repurposed for future use, will be demolished within 3 years of its vacancy. Prior Board approval is needed for all renovations, demolition, or permanent alterations to buildings or grounds when the total cost will exceed $25,000, including the cost equivalent of staff time. This policy is not intended to discourage efforts to improve the appearance of buildings or grounds that are consistent with the designated use of those buildings and grounds.

Standards for Green Cleaning
For each District school with 50 or more students, the Superintendent or designee shall establish and supervise a green cleaning program that complies with the guidelines established by the Illinois Green Government Coordinating Council.

Standards for Facility Construction and Building Programs
As appropriate, the Board will authorize a comprehensive study to determine the need for facility construction and expansion. On an annual basis, the Superintendent or designee shall provide the Board with projected facility needs, enrollment trends, and other data impacting facility use. Board approval is needed for all new facility construction and expansion.

When making decisions pertaining to design and construction of school facilities, the Board will confer with members of the staff and community, the Illinois State Board of Education, and educational and architectural consultants, as it deems appropriate. The Board’s facility goals are to:
1. Design buildings for sufficient flexibility to permit new or modified programs which drive student achievement and accommodate restorative practices.
2. With input from teachers and building staff, base educational specifications for school buildings on identifiable student needs.
3. Meet or exceed all safety requirements and requirements on the accessibility of school facilities to disabled persons as specified in state and federal law.
4. Provide for low maintenance costs, energy efficiency and minimal environmental impact.
5. Develop and implement a communication plan that tells the story to the community about the
tention of design, respects the input of stakeholders and their ownership in the process.
6. Meet requirements on the accessibility of school facilities to disabled persons as specified in
State and federal law.
7. Provide for low maintenance costs, energy efficiency, and minimal environmental impact.

Naming Buildings and Facilities
Recognizing that the name for a school building, facility, or ground or field reflects on its public
image, the Board’s primary consideration will be to select a name that enhances the credibility
and stature of the school or facility. Any request to name or rename an existing facility should be
submitted to the Board. When a facility is to be named or renamed, the Board President will
appoint a special committee to consider nominations and make a recommendation, along with
supporting rationale, to the Board. The Board will make the final selection.

Students

Student Assignment and Intra-District Transfers

Attendance Areas
The School District is divided into school attendance areas. The Superintendent or designee will:

1. Review the boundary lines annually and recommend to the School Board any changes or revisions for existing units; or
2. Create new units using a lens that considers preventing segregation and the elimination of separating students in the District’s schools because of color, race, or nationality.

The Superintendent or designee shall maintain a map of the District showing current school attendance areas. All records pertaining to the creation, alteration, or revision of attendance units are open to the public. Homeless children shall be assigned according to Board policy 6:140, *Education of Homeless Children*.

The magnet schools incorporate the entire district as the attendance boundary and are assigned by a lottery process. Families that enter the lottery for one of the district’s magnet schools, and have been selected for enrollment, will remain in the magnet school for the duration of their continued DPS 61 education career. For example, if a student enters a K-8 magnet school at a pre-K 3, he/she will remain there through 8th grade if the parent/guardian(s) completes the Intent to Return Form each year. The completed form is needed to identify how many vacant seats will be available for incoming students.

Incoming siblings of a magnet student will need to complete the same initial lottery process for entry into the magnet school of choice but will be given priority over other applicants. Lottery application is needed as seats may not be available for all siblings that apply. Those siblings that are not enrolled in the magnet school of choice will be put on the wait list and will have priority over others on the wait list. **There must be room in the grade requested to be placed at any magnet school of choice.** Once siblings have been enrolled, all siblings will remain at the magnet school of choice for the duration of their continued DPS 61 education career. Again, at the end of each school year, the family will need to complete the Intent to Return Form for all siblings.

Exceptions
Students that display gross disruptive behaviors, after appropriate interventions have been provided, may have their magnet status revoked, and placed in his/her home attendance center immediately. The family would have to reapply the following school year and be selected through the traditional lottery process. There will be no exception.

Families that leave the magnet school of choice or move out of DPS 61 boundary will need to reapply through the traditional lottery process. There will be no exception.
Transfers Within the District
A student’s parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent or designee, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school and provided space is available. If a request is granted, the parent/guardian shall be responsible for transportation to and from school and to and from activities. The provisions in this section have no applicability to transfers pursuant to the Unsafe School Choice Option covered in Board policy 4:170, Safety.

Class Assignments
The Superintendent or designee shall assign students to classes.

Subject: Substitute Security Officer

Initiated By: Valdimir Talley, Safety and Security Administration

Attachments: Job Description

Reviewed By: Jason Fox, Director of Human Resources and Deanne Hillman Interim Director of Human Resources

BACKGROUND INFORMATION:
Over the last year, the district has experienced a need for a Substitute Security Officer when building security personnel have been absent due to vacation and/or illness. Security is used to assist in preventing unauthorized visitors and assist in the overall climate of the building.

CURRENT CONSIDERATIONS:
Safe buildings promote healthier working environments, promote the protection of all students and staff, and deter unwanted visitors.

FINANCIAL CONSIDERATIONS:
This position is within current budget.

STAFF RECOMMENDATION:

<td>Subject:</td>
<td>Authorization for BLDD to Release Early Bids for Precast Architectural Concrete, Main Electrical Gear, and HVAC Units</td>
</tr>
</tbody>
</table>

**Initiated By:** Dr. Mike Curry, Chief Operational Officer  
**Reviewed By:** Dr. Rochelle Clark, Superintendent  
**Attachments:** N/A

**BACKGROUND INFORMATION:**  
Due to logistical constraints, BLDD recommends an early bid process for difficult to acquire materials including: precast architectural concrete, main electrical gear, and HVAC equipment.

**CURRENT CONSIDERATIONS:**  
Due to long lead times in the industry, the early bid process will ensure product availability.

**FINANCIAL CONSIDERATIONS:**  
The above items would qualify for ESSER III reimbursement as part of the new STEM Academy project.

**STAFF RECOMMENDATION:**  
The Administration respectfully requests that the Board of Education approve the authorization for BLDD to release early bids for precast architectural concrete, main electrical gear, and HVAC Units as presented.
