TOPIC	DISCUSSION	ACTION
District Highlights	<p>Maria Robertson, Director of Community Engagement, noted that the Illinois Principals Association awarded Abubakr Haji, Johns Hill Magnet School Student, with the Outstanding Student School Citizen Award. Abubakr was nominated by Michelle Bonebrake, Interim Principal at Johns Hill Magnet School, for his desire to learn new concepts, his work beyond his comfort zone and his encouragement towards his fellow classmates.</p> <p>Kamie Meador, Principal at Dennis Lab School, and Keith Creighton, Assistant Principal at Dennis Lab School, presented and shared information (attached) regarding how they embraced change and faced adversity this school year. They shared areas of improvement that they felt would assist them with success. As their journey continues, they noted the following:</p> <ul style="list-style-type: none"> • Life is a journey filled with ups and downs, and along the way, we encounter numerous challenges that test our resilience, determination and strength. • While it may be tempting to shy away from obstacles, these life events often present valuable opportunities for personal growth. • Dennis Lab faculty, community members, parents, and students, decided to embrace these lessons, and transform adversity into a catalyst for development and success. • Together we will continue the journey. <p>#MonarchRise</p>	Information only.
Public Participation	<p>President Clevenger noted that during Public Participation, the Board of Education asked for the following:</p> <ul style="list-style-type: none"> • Identify oneself and be brief. • Comments should be limited to 3 minutes. • Any public comments submitted to the Board Secretary will be included in the record. <p>None at this time.</p>	Information only.
Board Committee Report	<p>Dr. Mike Curry, Chief Operational Officer, shared and discussed the following May 2024 Finance updates:</p> <p><u>CPPRT</u></p> <ul style="list-style-type: none"> • Our most recent CPPRT distribution came on 05/09/24 for \$1,427,756 • We recently made a Journal Entry to spread the CPPRT to other funds as budgeted. • Ed: \$5M/\$5.6M • Trans: \$1M/\$1M • IMRF: \$1.1M/\$1.1M • Capital Projects: \$500K/\$500K • \$7.6M/\$8.2M (\$12.5M in FY23) 	Information only.

	TOPIC	DISCUSSION	ACTION
Board Committee Report Continued	<u>CFST</u>	<ul style="list-style-type: none"> • Our most recent CFST distribution came on 05/20/2024 for \$491,770.92 • These receipts are split between Fund 30 (Debt Service) and Fund 60 (Capital Projects). All initial proceeds to go to F30 to fund Alternative Revenue Bond payments for the year. For FY24 the Alternate Revenue set-aside is \$4.5M - the rest is then sent to F60 • Debt Service: \$4.5m • Capital Projects: \$1.89M • There is still one more disbursement to be received in June (\$561K in FY23). • \$6.5M/\$6.3M (\$5.2M/\$6.7M in FY23) 	Information only.
	<u>Finance Office Updates</u>	<ul style="list-style-type: none"> • New Budgeting Process: We invited all Department Heads/Principals to individual budget planning meetings. We had a strong turnout and our post-meeting surveys have returned excellent feedback – especially from principals. • ClearGov Agreement: We were able to get all three years in the grant – so you will be seeing a payment in July for all three years (\$113,000) • Property Tax Levy: I estimated the EAV at \$841M. In Feb it was \$832M. Final is \$839M. • The rate for next year will be \$4.81. We have consistently been in the mid to high \$4.90's. • I recently presented at the Annual Illinois Association of School Business Officials Meeting on our process of “Building a Better Budget” with a colleague from up North. I will be continuing the presentation along our journey over the next two years. • I am also scheduled to co-present at Triple I in Chicago on how a non-capped Tax Levy Works. 	
		Mr. Reynolds asked if there were any forthcoming big expenditures that would come from the capital fund. Dr. Curry replied the MHS Turf & Track and possibly some roof work, if necessary.	
		Sarah Knuppel, Principal at Pershing Early Learning Center, received a grant that would assist with fencing cost that would be installed around the playgrounds. The District was trying to get this installed before the 2024-2025 school year.	
		President Clevenger noted that he was happy about the discussion regarding the budgeting process because the more we are engaged with the process the better we would function as an organization.	
Board Discussion		Mr. Reynolds continued the discussion regarding students with cell phones in the classrooms and noted that he talked with Dr. Fregeau, former Superintendent. The parents were the biggest stumbling block as it related to support with the District's system. Mr. Reynolds wants something done about the cell phones in the classrooms.	Information only.

TOPIC	DISCUSSION	ACTION
Reports from Admins Update Structural Analysis	<p>Kyle Hannel, Klingner & Associates, presented the last report on the structural analysis on the following five buildings (attached):</p> <ul style="list-style-type: none"> • Dennis/Kaleidoscope • Dennis/Mosaic • MacArthur High School • Building & Grounds-Continental Building • Building & Grounds-Truck Garage 	Information only.

The Board of Education discussed the analysis report with Mr. Hannel.

President Clevenger noted that the Board of Education would receive a detailed report, but when do they discuss cost repairs? Dr. Curry replied that some buildings were in sound-structural shape, and some repairs would be in-house. The big ticketed items would be discussed during the Master's Facilities process and decisions would have to be made. This was the next step.

Mr. Hannel noted that their next step was to summarize all of the twenty-five reports, they were currently in the QAQC phase, and submit an executive summarized report that would be considered "high priorities."

Mr. Hannel noted that all twenty-five reports were in "draft" form and were being reviewed by QAQC, Quality Insurance Quality Control.

Ms. Banks asked who decides on the order of projects. Would that be, the Board of Education or Kent Metzger, Director of Buildings & Grounds? Superintendent Clark replied that the "big picture regarding the facilities" would be given to the Board of Education. Dr. Curry noted that some items could be addressed now.

Vice President Dion noted that overall, this would tie into the Mater's Facilities Plan and if items could possibly be repaired now, repairs could shift amongst buildings. Dr. Curry replied that it would depend on the decisions from the Board of Education; cost would be associated with the repairs of significant deficiencies.

Mr. Wetzel asked what should the Board of Education focus on regarding facilities so that this does not happen in the future. Mr. Hannel replied that it was hard to decide on the design-life of a building. If a District could keep up with the maintenance/repairs and keep water out of the buildings, it could last longer; buildings now are more structurally built than they were in the 1910's.

Dr. Curry noted that B&G did a priority list of roofs throughout the District to keep building water tight. The end goal was to build a five-year rolling plan.

TOPIC	DISCUSSION	ACTION

The Resolution on Racism was adopted by the Board of Education in August 2020.</p> <p>The progress is an ongoing journey, not a destination.</p> <p>The student voice was important with the continued process and base-lined data improvements as we plan for next school year.</p>	Information only.

There were three contenders, with a transparent process. ISBE like the process and approved this pretty quickly.</p> <p>Hearing no questions, President Clevenger called for a Roll Call Vote: Aye: Clevenger, Dion, Reynolds, Wetzel, Scheider, Banks Nay: None Absent: Collins-Brown Roll Call Vote: 6 Aye, 0 Nay, 1 Absent</p>	<p>Motion carried. K-8 PRINCIPAL'S CONTRACT

Fiscal Year 2024-2026

This Contract made between the Board of Education of Decatur Public School District No.61, Decatur, Illinois (hereinafter "the Board") and **Michelle Bonebrake**, (hereinafter "the K-8 Principal"), ratified at the meeting of the Board held on June 11, 2024 as found in the minutes of that meeting.

IT IS AGREED:

1. Employment. The K-8 Principal is hereby hired and retained for the extended contract term of July 8, 2024 to June 24, 2026, as the K-8 Principal for the District.

2. Duties. The duties and responsibilities of the K-8 Principal shall be all those duties incident to the office of the K-8 Principal as set forth in the job description, a copy of which can be found in the employee's personnel file; those obligations imposed by the law of the State of Illinois upon the K-8 Principal; and to perform such other duties normally performed by the K-8 Principal as from time to time may be assigned to the K-8 Principal by the Superintendent of Schools, Assistant Superintendent(s) or the Board. The work day, work year, contract year and holidays and holiday pay for the K-8 Principal shall be as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (July 13, 2023).

3. Salary. The Board shall set the Principal's salary. For the periods extending from July 8, 2024 to June 24, 2025 and July 1, 2025 to June 30, 2026 the K-8 Principal shall be paid such annual salary as may be agreed to by the Board, but in no case less than the salary set for the preceding year. (The 2023-2024 fiscal year amount shall be **One Hundred Sixteen Thousand Four Hundred Nineteen Dollars and no/100 (\$116,419.00)**). The K-8 Principal hereby agrees to devote such time, skill, labor and attention to his employment during the term of this Contract, except as otherwise provided in this Contract, and to perform faithfully the duties of the K-8 Principal for the school district and the Board as set forth in this Contract. The annual salary shall be paid in substantially equal installments in accordance with the policy of the Board governing payment of salary to other licensed members of the professional staff. Any adjustment in salary made during the life of this Contract shall be in the form of a Board approved amendment and shall become a part of this Contract. It is provided, however, that by so doing, it shall not be considered that the Board has entered into a new Contract with the K-8 Principal, nor that the termination date of this Contract has been in any way extended, unless so stated in the Board approved amendment.

4. Pension. In addition to the salary of the K-8 Principal as set forth hereinabove in paragraph 3, the Board shall pay 9.8901% of the salary set forth in paragraph 3 (or 9% deducted from the resulting gross. The resulting gross shall be computed by adding the salary in paragraph 3 to 9.8901% of the salary paragraph 3) as an employer paid pension contribution consistent with the provisions of Internal Revenue Code section 414-h(2) and Tax Opinions 81-35 and 81-36. Such payments shall be consideration for this contract, shall be creditable earnings for purposes of Teacher Retirement System pension calculations and the K-8 Principal did not have the option of choosing to receive such amount directly instead of having such contribution paid by the employer

to the Teacher Retirement System of the State of Illinois.

5. T.H.I.S. From and out of the salary and pension payments of the K-8 Principal as set forth hereinabove in paragraphs 3 and 4 the Board shall withhold any such amount as may be required by law, on behalf of the K-8 Principal to the Teacher Health Insurance Security Fund.

6. Performance Provisions. This contract is a performance-based contract linked to student performance and academic improvement of the K-8 Principal pursuant to 105 ILCS 5/10-23.8a. The K-8 Principal shall meet the goals during the term of this Contract. The parties agree the goals and indicators are linked to student performance and academic improvement of the District. In addition to goals set forth in Appendix A hereto, the K-8 Principal shall meet the obligations, goals, and requirements set forth in the K-8 Principal' job description for the position. In consideration for performance pursuant to a multi-year agreement, the K-8 Principal waives acquisition of tenure during the term of this contract.

7. Evaluation. Annually, but no later than March 1st of each year, the Assistant Superintendent or designee shall review with the K-8 Principal's progress toward established goals and working relationships among the Superintendent, the District leadership team, other administrative personnel, the faculty, the staff and the community, and shall consider the K-8 Principal's annual salary for the next subsequent year (if any). A summary of the evaluation will be provided to the K-8 Principal in writing within 30 days following the evaluation, pursuant to the District's evaluation plan for Administrators.

8. License. The K-8 Principal shall furnish to the Board during the term of this Contract, a valid and appropriate license to act as the K-8 Principal in accordance with the laws of the State of Illinois and as directed by the Board.

9. Other Work. Permission will be granted in advance by the Superintendent. The K-8 Principal may undertake consultative work, speaking engagements, writing, lecturing, college or university teaching, and other professional duties and obligations provided that these activities do not interfere with the effective performance of job duties. The K-8 Principal shall have the responsibility to discuss with the Superintendent and mutually agree to such outside activity in a timely fashion.

10. Discharge for Good Cause. Throughout the term of this Contract, the K-8 Principal shall be subject to discharge for good cause provided, however, that the Board shall not arbitrarily or capriciously call for dismissal and that the K-8 Principal shall have the right to service of written charges, notice of hearing and a hearing before the Board. If the K-8 Principal chooses to be accompanied by counsel at such a hearing, all such personal expenses shall be paid by the K-8 Principal. Failure to comply with the terms and conditions of this Contract shall also be sufficient cause for purposes of discharge as provided in this Contract.

11. Termination by Contract. During the term of this Contract, the Board and the K-8 Principal may mutually agree, in writing, to terminate this Contract. The termination, reassignment and/or reclassification at the end of the term of this Contract shall be as provided by law.

12. Referrals to the K-8 Principal. The Board collectively and individually and the Superintendent shall promptly refer all criticisms, complaints, and suggestions called to its/their attention to the K-8 Principal for study and recommendation.

14. Reimbursement for Use of Personal Car. The Board shall pay the Internal Revenue Service rate to the K-8 Principal for vouchered reimbursable mileage expenses incurred by the K-8 Principal while using the K-8 Principal's personal vehicle for the conduct of approved District business. Reimbursement shall be pursuant to the District's policies, rules and regulations.

15. Membership Dues. The Board shall pay the cost of the K-8 Principal's annual membership dues as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (July 13, 2023).

16. Medical Insurance. The K-8 Principal shall be provided with medical insurance and medical insurance options as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (July 13, 2023).

17. Life Insurance. The K-8 Principal shall be provided with life insurance as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (July 13, 2023).

18. Vacation. The K-8 Principal shall be provided with vacation days as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (July 13, 2023).

19. Sick Leave and Personal Leave. The K-8 Principal shall be provided with sick leave and personal leave days as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (July 13, 2023).

20. Disability. Should the K-8 Principal be unable to perform the duties and obligations of this Contract, by reason of illness, accident or other cause beyond the K-8 Principal's control and such disability exists after the exhaustion of accumulated leave days and vacation days during any school year, the Board, in its discretion, may make a proportionate deduction from the salary stipulated. If such disability continues for sixty (60) days after the exhaustion of accumulated leave days (including FMLA) and vacation days during any school year, or if such disability is permanent, irreparable or of such nature as to make the performance of the K-8 Principal's duties impossible, the Board, at its option, may terminate this Contract, whereupon the respective duties, rights and obligations of the parties shall terminate. The K-8 Principal shall provide medical evidence of illness to the Board President upon request.

21. Criminal Records Check. Pursuant to 105 ILCS 5/10-21.9, Boards of Education

are prohibited from knowingly employing a person who has been convicted of committing or attempting to commit the named crimes therein. If the fingerprint-based criminal records check required by Illinois law is not completed at the time this Contract is signed, and any subsequent investigation or report reveals there has been such a conviction, this Contract shall immediately become null and void.

ASSISTANT PRINCIPAL'S CONTRACT

Fiscal Year 2024-2026

This Contract made between the Board of Education of Decatur Public School District No.61, Decatur, Illinois (hereinafter "the Board") and **Antione King**, (hereinafter "the Assistant Principal"), ratified at the meeting of the Board held on June 11, 2024 as found in the minutes of that meeting.

IT IS AGREED:

1. Employment. The Assistant Principal is hereby hired and retained for the extended contract term of July 1, 2024 to June 30, 2026, as the Assistant Principal for the District.

2. Duties. The duties and responsibilities of the Assistant Principal shall be all those duties incident to the office of the Assistant Principal as set forth in the job description, a copy of which can be found in the employee's personnel file; those obligations imposed by the law of the State of Illinois upon the Assistant Principal; and to perform such other duties normally performed by the Assistant Principal as from time to time may be assigned to the Assistant Principal by the Superintendent of Schools, Assistant Superintendent(s) or the Board. The work day, work year, contract year and holidays and holiday pay for the Assistant Principal shall be as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (July 13, 2023).

3. Salary. The Board shall set the Assistant Principal's salary. For the periods extending from July 1, 2024 to June 30, 2025 and July 1, 2025 to June 30, 2026, the Assistant Principal shall be paid such annual salary as may be agreed to by the Board, but in no case less than the salary set for the preceding year. (The 2023-2024 fiscal year amount is **Ninety-Eight Thousand Four Hundred Seventeen Dollars and no/100 (\$98,417.00)**). The Assistant Principal hereby agrees to devote such time, skill, labor and attention to his employment during the term of this Contract, except as otherwise provided in this Contract, and to perform faithfully the duties of the Assistant Principal for the school district and the Board as set forth in this Contract. The annual salary shall be paid in substantially equal installments in accordance with the policy of the Board governing payment of salary to other licensed members of the professional staff. Any adjustment in salary made during the life of this Contract shall be in the form of a Board approved amendment and shall become a part of this Contract. It is provided, however, that by so doing, it shall not be considered that the Board has entered into a new Contract with the Assistant Principal, nor that the termination date of this Contract has been in any way extended, unless so stated in the Board approved amendment.

4. Pension. In addition to the salary of the Assistant Principal as set forth hereinabove in paragraph 3, the Board shall pay 9.8901% of the salary set forth in paragraph 3 (or 9% deducted from the resulting gross. The resulting gross shall be computed by adding the salary in paragraph 3 to 9.8901% of the salary paragraph 3) as an employer paid pension contribution consistent with the provisions of Internal Revenue Code section 414-h(2) and Tax Opinions 81-35 and 81-36. Such payments shall be consideration for this contract, shall be creditable earnings for purposes of Teacher Retirement System pension calculations and the Assistant Principal did not have the

option of choosing to receive such amount directly instead of having such contribution paid by the employer to the Teacher Retirement System of the State of Illinois.

5. T.H.I.S. From and out of the salary and pension payments of the Assistant Principal as set forth hereinabove in paragraphs 3 and 4 the Board shall withhold any such amount as may be required by law, on behalf of the Assistant Principal to the Teacher Health Insurance Security Fund.

6. Performance Provisions. This contract is a performance-based contract linked to student performance and academic improvement of the Assistant Principal pursuant to 105 ILCS 5/10-23.8a. In addition to goals set forth in Appendix A hereto, the Assistant Principal shall meet the obligations, goals, and requirements set forth in the Assistant Principal's job description for the position. In consideration for performance pursuant to a multi-year agreement, the Assistant Principal waives acquisition of tenure during the term of this contract.

7. Evaluation. Annually, but no later than March 1st of each year, the Assistant Superintendent or designee shall review with the Assistant Principal's progress toward established goals and working relationships among the Superintendent, the District leadership team, other administrative personnel, the faculty, the staff and the community, and shall consider the Assistant Principal's annual salary for the next subsequent year (if any). A summary of the evaluation will be provided to the Assistant Principal in writing within 30 days following the evaluation, pursuant to the District's evaluation plan for Administrators.

8. License. The Assistant Principal shall furnish to the Board during the term of this Contract, a valid and appropriate license to act as the Assistant Principal in accordance with the laws of the State of Illinois and as directed by the Board.

9. Other Work. Permission will be granted in advance by the Superintendent. The Assistant Principal shall have the responsibility to discuss with the Superintendent and mutually agree to such outside activity in a timely fashion.

10. Discharge for Good Cause. Throughout the term of this Contract, the Assistant Principal shall be subject to discharge for good cause provided, however, that the Board shall not arbitrarily or capriciously call for dismissal and that the Assistant Principal shall have the right to service of written charges, notice of hearing and a hearing before the Board. If the Assistant Principal chooses to be accompanied by counsel at such a hearing, all such personal expenses shall be paid by the Assistant Principal. Failure to comply with the terms and conditions of this Contract shall also be sufficient cause for purposes of discharge as provided in this Contract.

law.

12. Referrals to the Assistant Principal. The Board collectively and individually and the Superintendent shall promptly refer all criticisms, complaints, and suggestions called to its/their attention to the Assistant Principal for study and recommendation.

Initiated By: Kimmy Taylor, Coordinator of Transportation and Dr. Mike Curry, Chief Operational Officer	Attachments: <ul style="list-style-type: none">• Statement of Work• General Terms and Conditions
Reviewed By: Dr. Rochelle Clark, Superintendent	

BACKGROUND INFORMATION:

The Coordinator of Transportation has the primary responsibility of managing routes and placing students on all regular routes.

CURRENT CONSIDERATIONS:

Currently Alltown Bus contractually routes Special Education and Pre-Kindergarten routes. Administration intends to contract with a third-party contractor, First Planning Solutions, to consolidate routing and maximize the efficiency of transportation due to driver shortage and inconsistency. Alltown routers often have other duties (dispatch, driving, etc.) which impacts the ability to route efficiently.

First Planning Solutions works with the Districts current routing software, Edulog (ESQL), which will align communication with District schools and staff. First Planning Solutions will be dedicated to routing only. The Coordinator of Transportation will have the final say in all key routing decisions.

First Consulting STATEMENT OF WORK

This Statement of Work ("SOW") pertains to the First Consulting General Terms and Conditions ("Terms and Conditions") dated June 14, 2024 ("Effective Date"), entered into by and between Decatur Public Schools ("Client"), and First Consulting, part of First Student, Inc., based in Cincinnati, OH ("FC"). The estimated effective date for this SOW is June 14, 2024 ("SOW Effective Date"). Client shall use the Terms and Conditions and SOW to order First Consulting services ("FC Services") available from FC.

This SOW serves to outline and document the respective responsibilities and expectations for District using FC Services.

FC Responsibilities:

- Assign and maintain Project Lead and other resources to perform the work described herein for the duration of the Agreement
- Provide a high-level project plan, including key milestones and deliverables, for the execution of the project to District
 - Plan will be updated and refreshed as project work evolves
 - Maintain regular communication with District on status of project

Project Plan

Scope of Work

Project Team

Our Project Team consist of the follow team members:

Engagement Lead

The Engagement Lead will ensure that the appropriate team resources are assigned to the project, high-level project plans are developed, periodic customer reviews are conducted, any issues are promptly addressed. The Engagement Lead will be the central point of contact for District leadership.

Routing Lead

We will assign a Routing Lead who will be responsible for the day-to-day delivery of the Routing Services scope outlined in this proposal. The Routing Lead will be a senior member of the routing team with extensive expertise and experience in all aspects of maintaining routing plans. The Routing Lead will be the primary contact for District on all ongoing routing work.

Other Routing Resources

In addition to the Routing Lead, additional routing resources will be assigned to the project as needed, including a designated Routing Lead back-up. This individual will work closely with the Routing Lead to be always current with the status of District routing operations. In addition to the back-up, additional resources will be marshalled on an as-needed basis to ensure that all tasks and milestones are met on a timely basis. This will typically take place during new school year planning or any other times when the workload dictates. Additional resources will be assigned as needed to support special studies or analysis, as required by the District.

Routing Services for Special Education & Pre-K only

Transition Planning

Once engaged for Routing Services, we will develop a comprehensive plan to transition routing responsibility of Special Education (SPED) and Preschool (Pre-K) to First Consulting. Plan will start with a knowledge transfer period that will include on-site or virtual meetings with Decatur Public Schools office to ensure all critical knowledge and data is appropriately transitioned. Plan may also include a transitional period where First Consulting Routing staff works in parallel with Decatur Public Schools personnel. The district plans to do General Education Routing internally. If Decatur Public Schools wishes to have FC do General Education routing, they can amend this service at any time during the school year.

Routing Services is responsible for managing and performing all aspects of the routing process of SPED and Pre-K for Decatur Public Schools, including the following:

New School Year Planning

The New School Year Routing process will include the following key activities:

Pre-work

On a mutually agreed date, we will meet with the appropriate district staff to plan the new school routing process. At this time, we will set dates for key activities, including first day of school, rollover student data file availability, route pick, dry runs, etc. If the district is considering any significant changes that will affect transportation planning for the new year, these changes will be reviewed, and where appropriate, specific plans to accommodate will be developed.

New School Year Route Planning

The new school year routing work launches with the receipt of the new student file, expected on or around, July 1.

Routing tasks:

- Load new student file
- Geolocate new or changed students to the routing system map
- Auto-assign students to stops
- Create or move stops as needed to ensure compliance with District policies
- Assign remaining students to stops
- Modify existing runs as needed to accommodate new or changed stops
- Repackage runs into route schemes
- Solicit feedback on routes from the District's subject matter experts
- Incorporate feedback into route schemes
- Dry run routes
- Incorporate driver feedback into route schemes
- Finalize initial routes
- Plan for pre-startup route freeze
- Provide transportation data to the District for communication to parents
- Post-startup
 - Address startup route issues on a case-by-case basis
 - Plan for a route freeze period during which only urgent route changes will be made

- Based on driver and other transportation staff feedback, perform route refinements as needed
- Implement refined route schemes

Ongoing Routing Services

Ongoing routing services are driven by the following inputs:

Recurring Student File Update Feeds

It is understood that an interface between the district's routing system and their student information system (SIS) currently exists. The expectation is that the interface is bi-directional with student data flowing from SIS to the routing system and transportation data (stop location and time) flowing to the SIS. It is also our expectation that this interface will remain in place as it is.

Change Requests Submitted through Online Tool

We have a proprietary online workflow solution, Route Request Exchange (R2X), used for submitting, reviewing, executing, and dispositioning routing change requests submitted from designated school and District administrators. It is the expectation that the R2X tool will be used by all administrators to submit any applicable transportation requests.

New route sheets will be distributed to appropriate end users (transportation department and school administrators) via our proprietary Route Distribution Tool (RDT). This simple tool uses email to deliver updated route sheets.

Our general turnaround time to implement change requests is 48 hours from receipt. For example, a change request is submitted on a Monday, on Tuesday drivers/schools are notified, and on Wednesday the requested route change goes live.

Ongoing Coordination

First Consulting will designate a Routing Lead to perform and coordinate the day-to-day routing for the district. In addition to the Routing Lead, at least one additional First Consulting team member will be trained and conversant in the district's unique routing requirements. If necessary, other team members can be engaged as well.

The Routing Lead will work closely with designated points of contact at the district to coordinate routing activities, changes, inquiries, reporting, etc.

Reporting & E-mail Notifications

Edulog has an extensive library of standard reports that meet most common needs of our school district customers. However, Edulog also has a robust custom reporting tool to support any non-standard requests. Finally, Edulog also has a library of reports designed to satisfy specific state reporting requirements.

Route Optimization

Over the course of the new school year, routing, and ongoing routing services, will consider route efficiency in making route updates. We will also work with the District to conduct periodic route efficiency reviews.

Scenario Modeling

Changes to bell times, transportation eligibility rules, levels of service, school building openings/closings, etc. can impact transportation demand and costs. Included in this agreement are up to 60 hours of modeling effort per contract year. We limit such analysis to the non-peak October thru June window. Study and analysis time beyond the 60-hour threshold would be charged at an hourly rate of \$175/hr.

User Training

At a predetermined date, we will provide training for designated District users on the routing system. Training is available for District staffers who need to access the system for routing inquiries or provide on-the-ground support for the system.

On-site Coordination and Support

Our remote routing model requires the availability of at least one local routing coordinator. This individual should have a good working knowledge of the District service area and their routing operations. Additional duties will include visiting schools to solicit and respond to transportation services feedback, notifying parents of route changes, and coordinating route changes. Time demands for this role will vary throughout the school year. During new school year route planning, time requirements will be significant. At other times of the year, time required is typically limited to coordinating day-to-day issues.

Student Files

Developing and maintaining accurate student rosters can be a challenge for school districts. However, accurate student data is essential to provide quality routing services. The District will take all steps necessary to provide accurate and timely student data to the Routing team.

Proposal Fee Structure

The fee structure for this project is as follows:

Service	Monthly Rate
Routing Services – SPED/Pre-K Routes	\$2,333
Routing Services – SPED/Pre-K & General Education Routes	\$3,608

- SPED/Pre-K & General Education Monthly Rate effective in any partial or complete month where FC performs these services
- Pricing assumes Client continues to provide valid Edulog routing system licensing
- Pricing is good for 21 days

Travel & Additional Work

Based on your requirements and work needed to satisfy them, we do not anticipate the need to visit your offices to do so. However, if it is mutually determined that an onsite visit is required, we will ask that reasonable travel and living expenses reimbursed by the district, as incurred.

Future Business Provision

The delivery of consulting services detailed in this proposal by First Consulting is contingent upon a determination by Decatur Public Schools that such engagement shall not prevent any company affiliated with First Consulting, including but

not limited to First Student, Inc. from being awarded a contract for student transportation services in response to a request for proposal published by the Decatur Public Schools.

In addition to FC undertaking any of the actions set forth in this Agreement, if any invoice is not paid when due, FC may: (i) apply a rate charge equal to 2% (or the maximum legal rate, if less) of the unpaid balance per month and/or (ii) take any action in connection with any other right or remedy FC may have under this Agreement in law or in equity. The Parties hereto agree that the termination liabilities and the limitations on liability contained in this Agreement are fair and reasonable adjustments to the uncertain and difficult to ascertain damages which might arise under this Agreement and are intended to be reasonable allocations by the Parties of the business risks inherent in this Agreement.

6. NONDISCLOSURE; FERPA ACKNOWLEDGMENT.

All Confidential Information disclosed under this Agreement will remain the exclusive and confidential property of the disclosing party. The receiving party will not disclose the Confidential Information of the disclosing party and will use at least the same degree of care, discretion and diligence in protecting the Confidential Information of the disclosing party as it uses with respect to its own confidential information. The receiving party will limit access to Confidential Information to its employees and subcontractors with a need to know the Confidential Information and will instruct those employees and subcontractors to keep the information confidential.

Performance of FC Services under this Agreement may entail the disclosure of personally identifiable information from student education records protected by the Family Educational Rights and Privacy Act (FERPA) ("Student Information"). For the purposes of this Agreement, FC will be designated as a "school official" with "legitimate educational interests" in Student Information, as those terms have been defined under FERPA and its implementing regulations and will abide by the limitations and requirements imposed by 34 CFR 99.33(a) on school officials. Client may undertake the

defense of any such claim or action and permit FC to participate therein; provided that Client irrevocably acknowledges in writing its obligation to indemnify FC for such claim.

8. THIRD PARTY LIABILITY.

The Client will indemnify, defend and hold harmless FC from and against any and all loss, liability, claims, damage or expenses (including, but not limited to, attorneys' fees) arising out of, or related to, the consulting services in any way associated with this contract, whether or not caused, in whole or in part, by the negligence of FC or its agents, servants or employees, provided, however, that the Client will have no obligation to indemnify FC for the sole gross negligence or willful misconduct of FC.

9. SUBCONTRACTING.

FC may subcontract work to be performed under this Agreement but shall retain responsibility for the work.

10. CHANGES IN LAWS.

This Agreement is predicated upon current state and federal laws and regulations. If new laws or regulations or new applications of current law and regulations affect this Agreement, either Party may request on thirty (30) days' written notice that one or more provisions be renegotiated consistent with the changed circumstances.

11. FORCE MAJEURE.

Other than a party's payment obligations hereunder, no Party shall be held liable for any delay or failure in performance of any part of this Agreement, caused by a force majeure condition, including fires, pandemics, embargoes, explosions, power blackouts, earthquakes, volcanic action, floods, wars, water, the elements, labor disputes (such as a work stoppage), civil disturbances, government requirements, civil or military authorities, acts of God or a public enemy, inability to secure raw materials, inability to secure product of manufacturers or outside vendors, inability to obtain transportation facilities, acts or omissions of transportation common carriers, or other causes beyond its reasonable control whether or not similar to the foregoing conditions. If any force majeure condition occurs, the Party whose performance fails or is delayed because of such force majeure condition ("Delayed Party") shall promptly give written notice thereof to the other Party. The Delayed Party shall use commercially reasonable efforts to avoid or mitigate performance delays despite a force majeure condition and shall restore performance as soon as the force majeure condition is removed.

12. GOOD FAITH PERFORMANCE.

Each Party shall act in good faith in its performance under this Agreement and, in each case in which a Party's consent or agreement is required or requested hereunder, such Party shall not unreasonably withhold or delay such consent or agreement, as the case may be.

13. NO LICENSE.

Except as expressly provided in this Agreement or a SOW, no license under patents, copyrights, trademarks, service marks, trade names or other indicia of origins, or any other intellectual property right (other than the limited license to use consistent with the terms, conditions and restrictions of this Agreement) is granted by either Party or shall be implied or arise by estoppel with respect to any transactions contemplated under this Agreement.

14. TERMINATION.

If either party violates any of the covenants or duties imposed upon it by this Agreement, such violation shall entitle the other party to terminate this Agreement in accordance with the following procedure: The non-defaulting party shall give the offending party thirty (30) days' written notice of default and the opportunity to remedy the violation or take steps to remedy the violation. If at the end of such 30-day default notice period, the party notified has not remedied the purported violation or taken steps to do so, the non-defaulting party may terminate this Agreement as follows: within ten (10)

business days following the last day of the 30-day default notice period, the non-defaulting party shall give the defaulting party not less than (fifteen) 15 business days' notice of termination. If the non-defaulting party does not provide the notice of termination within ten (10) business days, the default notice shall be deemed rescinded.

Either party can terminate this Agreement for convenience upon 45 days written notice to the other Party.

Any provisions of this Agreement which either expressly or by their nature extend beyond the expiration or termination of this Agreement shall survive such expiration or termination, including without limitation Sections 1, 4, 5, 6, 7 and 12.

The parties acknowledge and agree that FC incurred material costs in order to perform the FC Services and that FC anticipates a recovery of its costs over the term of this Agreement. Therefore, the parties agree that upon any early termination of this Agreement, Client shall pay FC a termination fee that is equal to the remaining payments left on the contract, per the costs listed in the SOW. Client shall pay said payments as an early termination fee.

15. GENERAL.

Notices. All notices hereunder shall be in writing and shall be deemed to have been given upon: (i) personal delivery, (ii) the second business day after mailing, (iii) the second business day after sending by confirmed facsimile, or (iv) the first business day after sending by email (provided email shall not be sufficient for notices of termination). Notices shall be addressed to the address of the intended recipient set forth on the SOW hereof or to such other address as may be specified in writing by the parties.

Compliance with Laws. The parties will comply with all laws and governmental rules and regulations that apply to them in the performance of their respective obligations, and the exercise of their respective rights, under this Agreement.

Assignment. Neither party shall assign this Agreement without the prior written consent of the other party, except that FC may assign any or all of its rights and obligations to an affiliate, provided that any such assignment shall not release FC from its obligations under this Agreement. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and permitted assigns.

Governing Law; Jurisdiction. Both parties agree to the application of the laws of the State of Ohio, United States, to the Agreement, without regard to conflict of law principles. Any disputes that may arise between FC and Client regarding the performance or interpretation of this Agreement shall be subject to the exclusive jurisdiction of the state and federal courts of Cincinnati, OH. The parties hereby irrevocably consent to the exclusive jurisdiction of the State and federal courts of Cincinnati, OH and waive any claim that any proceedings brought in such courts have been brought in an inconvenient forum. THE PARTIES HEREBY IRREVOCABLY WAIVE THEIR RIGHT TO TRIAL BY JURY.

Order of Precedence. If there is a conflict between the Terms and Conditions, any SOW and any PO, the documents will prevail in the following order: the Terms and Conditions, the SOW and the PO.

The headings in this agreement are for convenience of reference only and do not limit or otherwise affect any of the terms or provisions of this Agreement.

If any provision of this Agreement is held to be illegal, invalid or unenforceable, that provision will be fully severable, and this agreement will be construed and enforced as if the illegal, invalid or unenforceable provision never comprised a part of this Agreement; and the remaining provisions of this agreement will remain in full force and effect. Furthermore, in lieu of the illegal, invalid or unenforceable provision, there will be added automatically as part of this Agreement a provision as similar in its terms to the illegal, invalid or unenforceable provision as may be possible and be legal, valid and enforceable.

This Agreement and all documents and agreements referred to in this Agreement supersede all prior or contemporaneous understandings, agreements, negotiations and discussions, whether oral or written, between the parties concerning this subject matter and constitute the entire agreement between the parties with regard to this subject matter. The provisions of this Agreement may not be explained, supplemented or qualified through evidence of trade usage or a prior course of dealings.

The parties have not relied upon any promises, representations, warranties, agreements, covenants or undertakings, other than those expressly set forth in this Agreement.

Waiver of the benefit of any provision of this Agreement must be in writing and signed by the party against whom enforcement is sought to be effective. The waiver by any party of a breach of any provision of this agreement will not operate or be construed as a waiver of any subsequent breach. No act that a party takes pursuant to this Agreement, omission by a party, course of dealing between the parties or any course of performance will operate as a waiver or estoppel of any condition, right, remedy, covenant or other obligation contained in this agreement. A failure by a party to insist upon strict compliance with any term of this Agreement, enforce any right or seek any remedy upon any breach of any other party will not affect, or constitute a waiver of, that party's right to insist upon strict compliance, enforce that right or seek that remedy with respect to that default or any prior, contemporaneous or subsequent default.

Except as otherwise specifically provided for in this Agreement, this Agreement applies to and binds the successors and permitted assigns of the parties.

The parties may not amend this Agreement, except by written agreement that each party executes and that is identified itself as an amendment to this Agreement.

The parties hereto have caused this Agreement to be executed by their respective duly authorized representatives as of the Effective Date set forth above.

Date: June 11, 2024	Subject: High School Math Curriculum Adoption
Initiated By: Mary Brady, P-12 Director of Teaching & Learning	Attachments: Quote 6566772
Reviewed By: Dr. Larry Gray, Assistant Superintendent of Teaching & Learning, and Dr. Rochelle Clark, Superintendent	

BACKGROUND INFORMATION:

During the 2023-2024 Decatur Public Schools piloted Math Curriculum options for our Kindergarten thru 8th grades. The K-8 Pilot teachers overwhelmingly chose Cengage Learning Math & Me (K-5) and Big Ideas (6-8). The High Schools have been utilizing Cengage Learning Big Ideas for the past 5 years and were to pilot during the 2024-2025 school year. However, they requested to pilot the updated version of Cengage Learning Big Ideas.

CURRENT CONSIDERATIONS:

ESSR-III funds need to be allocated no later than August 30, 2024. The High School teachers wanted to continue with Cengage Learning Big Ideas. The decision to move forward with the curriculum adoption, instead of piloting, was made in order to utilize the ESSR-III funding source. The curriculum adoption is inclusive of professional development for teaching staff.

FINANCIAL CONSIDERATIONS:

The total cost for Cengage Learning Big Ideas (grades 9-12) is \$214,070.55. It will be funded utilizing ESSR-III funds.

STAFF RECOMMENDATION:

The Administration respectfully requests that the Board of Education adopt (approve) Cengage Learning Big Ideas as the Decatur Public Schools District Math Curriculum at the High School level in the amount of \$214,070.55 as presented.

Superintendent Clark and The Board of Education,

I am writing this letter to inform you that MHS Naming Committee intends to propose naming our newly renovated track complex, The Bill Harbeck Track Complex, in memory of a legendary MacArthur track coach, William “Bill” Harbeck.

William “Bill” Harbeck began teaching at MacArthur High School (MHS) in 1975 after 5 years of coaching at Charleston High School. In his 30 years of service at MHS, he coached over 20 state champions, won the IHSA Boys Track title in 1995, finished 2nd in 2000, and was elected to the Illinois State Track and Field Hall of Fame in 2003. Coach Harbeck retired in 2004 and spent his last 18 years coaching at Mt. Zion High School. Coach Harbeck not only had success on the Track and Field arena, but his influence on the students of MacArthur and the city of Decatur has also left a memorable mark with his service as the leader of the Decatur Staley Striders, a summer track program created for the development of our local athletes. I want to also add, I had the luxury of coaching the 2000 SY 2nd place team with Coach Harbeck, and his impact on my life as a coach and a friend cannot be explained in words.

There were previous conversations that Mt. Zion may possibly name their facility also after Coach Harbeck. We do not know if that is final, but if so, it would add to the lasting memory of a well-deserved coach from both communities. The MHS Naming Committee is asking for the Board of Education’s support and consensus/vote to move forward and continue with the process of naming our track complex after such a great man.

Thank You,

Cordell Ingram, Principal
MacArthur High School

OPERATIONAL SERVICES

4:150 Facility Management and Building Programs

The Superintendent shall manage the District's facilities and grounds as well as facility construction and building programs in accordance with the law, the standards set forth in this policy, and other applicable Board of Education policies. The Superintendent or designee shall facilitate: (1) inspections of schools by the Regional Superintendent and State Fire Marshal or designee, (2) review of plans and specifications for future construction or alterations of a school if requested by the relevant municipality, county (if applicable), or fire protection district, and (3) compliance with the 10-year safety survey process required by the School Code.

Standards for Managing Buildings and Grounds

All District buildings and grounds shall be adequately maintained in order to provide an appropriate, safe, and energy efficient physical environment for learning and teaching. The Superintendent or designee shall provide the Board with periodic reports on maintenance data and projected maintenance needs that include cost analysis. Prior Board approval is needed for all renovations or permanent alterations to buildings or grounds when the total cost will exceed \$25,000, including the cost equivalent of staff time. This policy is not intended to discourage efforts to improve the appearance of buildings or grounds that are consistent with the designated use of those buildings and grounds.

Standards for Green Cleaning

For each District school with 50 or more students, the Superintendent or designee shall establish and supervise a green cleaning program that complies with the guidelines established by the Illinois Green Government Coordinating Council.

Standards for Facility Construction and Building Programs

As appropriate, the Board will authorize a comprehensive study to determine the need for facility construction and expansion. On an annual basis, the Superintendent or designee shall provide the Board with projected facility needs, enrollment trends, and other data impacting facility use. Board approval is needed for all new facility construction and expansion.

When making decisions pertaining to design and construction of school facilities, the Board will confer with members of the staff and community, the Ill. State Board of Education, and educational and architectural consultants, as it deems appropriate. The Board's facility goals are to:

1. Integrate facilities planning with other aspects of planning and goal-setting.
2. Base educational specifications for school buildings on identifiable student needs.
3. Design buildings for sufficient flexibility to permit new or modified programs.
4. Design buildings for maximum potential for community use.
5. Meet or exceed all safety requirements.
6. Meet requirements on the accessibility of school facilities to disabled persons as specified in State and federal law.
7. Provide for low maintenance costs, energy efficiency, and minimal environmental impact.

Naming Buildings and Facilities

Recognizing that the name for a school building, facility, or ground or field reflects on its public image,

the Board's primary consideration will be to select a name that enhances the credibility and stature of the school or facility. Any request to name or rename an existing facility should be submitted to the Board. When a facility is to be named or renamed, the Board President will appoint a special committee to consider nominations and make a recommendation, along with supporting rationale, to the Board. The Board will approve the committee's final selection.

Business and Workforce Minority Participation

The Decatur School District No. 61 shall comply with all state and federal laws, applicable ordinances, rules and regulations governing non-discrimination and equal opportunity and shall require the compliance of its vendors, and entities with whom it contracts.
