TOPIC	DISCUSSION	ACTION
<b>Call to Order Open Session</b>	President Clevenger called the Open Session Board meeting to order and asked for a motion. Mr. Wetzel motioned, and it was seconded by Al Scheider.  Hearing no questions, President Clevenger called for a Roll Call Vote: Aye: Scheider, Reynolds, Wetzel, Clevenger, Dion Nay: None Absent: Banks and Collins (arrived at 6:03 PM) Roll Call Vote: 5 Aye, 0 Nay, 2 Absent	Open Session at 4:30 PM.
<b>Pledge of Allegiance</b>	President Clevenger led the Pledge of Allegiance.	
<b>Approval of Agenda, February 25, 2025</b>	Assistant Superintendent Gray recommended the Board of Education approve the February 25, 2025 Open Session Board Meeting Agenda as presented.  Vice President Dion moved to approve the recommendation, seconded by Mr. Reynolds. All were in favor.	Agenda was Approved as presented.
<b>Module 2 Training Session</b>	President Clevenger turned the Open Session meeting over to Nick Heckel, Supervisor Information of School and District Improvement with the Illinois Association of School Boards (IASB) and the Illinois State Board of Education (ISBE), for the Module 2 Training Session regarding School Improvement (see attached presentation in Board packet).  The module's purpose was as follows: <ul style="list-style-type: none"><li>• Understand that continuous school improvement was about changing adult practices to improve student outcome.</li><li>• Learn how school boards play an important role in monitoring and supporting the work of school improvement.</li></ul>	only.

TOPIC	DISCUSSION	ACTION
<b>Module 2 Training Session Continued</b>	<p>Mr. Heckel shared and discussed the following training information:</p> <p>The five designations that are assigned to schools on an annual basis were as follows: only.</p> <ol style="list-style-type: none"> <li>1. Exemplary</li> <li>2. Commendable</li> <li>3. Targeted – Underperforming schools.</li> <li>4. Comprehensive – Lowest performing schools.</li> <li>5. Intensive – State determined action schools.</li> </ol>	Information

Low performing schools could have eligibility for School Improvement funding and the mobilization of the Statewide System of Support.

Targeted schools that have completed a full 4-year school improvement cycle and continue to have the same student group identified as underperforming, become **comprehensive** for their new school improvement cycle.

An Intensive Support designation is assigned to a school that:

- a) Has already completed a full four-year Comprehensive improvement cycle but is still performing in the lowest 5 percent of schools or;
- b) Is a high school with a graduation rate of 67% or and is now subject to more rigorous State-determined action.

The Report Card 2023 Intensive Schools in District 61 were:

1. Stephen Decatur Middle School
2. Franklin Grove Elementary
3. American Dreamer STEM Academy
4. Muffley Elementary
5. Hope Academy

The four (4) elements to identify local needs were as follows:

1. Identify a School Leadership Team
  - Group of staff members (school-level) responsible for developing, implementing, monitoring, and evaluating the school improvement plan.
2. Build a Stakeholder Advisory Group
  - Group of all stakeholders impacted by the success of the school community. This group should be a diverse representation of the community.
3. Conduct a School Level Needs Assessment
  - Ensures that initial school improvement plans are developed based on high-quality data; conducted during the planning year.
    - The American Institute for Research (AIR) conducts the school level needs assessment for schools designated intensive and comprehensive.
4. Conduct a Root Cause Analysis
  - An approach to problem solving through discussion to dig deeper than the surface symptoms and uncover the underlying causes.

TOPIC	DISCUSSION	ACTION
<b>Module 2 Training Session Continued</b>	<p><u>District Strategic Plan versus School Improvement Plan</u></p> <ul style="list-style-type: none"> <li>District Strategic Plan is a long-range plan founded on the vision, mission, and values of the district. It is visionary and focuses on long-term goals of the district. By providing a unified summary of the district's priorities, the district strategic plan is realized in the continuous improvement efforts of each district school.</li> <li>School Improvement Plan (SIP) is created to improving student outcomes through improved leadership, systems, and processes within a school. The SIP is a shorter-range plan that defines the steps needed to achieve the district's long-term goals. It is operational and includes short-term goals specific to the needs of each individual school in the district. The SIP includes detailed action steps for each SMART (specific, measurable, achievable, relevant, and time-bound) Goal and is evaluated more frequently than the district strategic plan.</li> </ul> <p><u>Plan for School Improvement</u></p> <ul style="list-style-type: none"> <li>Develop a school improvement plan with the following elements: <ul style="list-style-type: none"> <li>SMART Goals.</li> <li>Key activities, timelines, and funding sources that address resources inequities, along with people responsible for implementation.</li> <li>Local assessment(s) to measure academic progress.</li> <li>Monitoring plan that includes all SMART Goals.</li> </ul> </li> </ul> <p><u>Implement and Monitor</u></p> <ul style="list-style-type: none"> <li>Communicate the school improvement plan to all stakeholders.</li> <li>Implement the school improvement plan.</li> <li>Monitor implementation and progress toward SMART Goals.</li> </ul> <p>Examine, reflect, and adjust course of the School Improvement Plan elements.</p> <p>For the listening audience, Dr. Kevin Collins joined the Open Session training at 6:03 PM.</p> <p><u>Identify Local Needs (implementation year)</u></p> <ul style="list-style-type: none"> <li>Review composition of School Leadership Team.</li> <li>Review composition of Stakeholder Advisory Group.</li> <li>Survey staff on implementation of School Improvement {Plan and future professional development needs.</li> </ul>	Information only.
<b>Open Session Resumed</b>	The Board of Education took a fifteen-minute break after the Open Session training and resumed at 6:25 PM.	Resumed at 6:25 PM.
<b>Public Participation</b>	<p>President Clevenger noted that during Public Participation, the Board of Education asked for the following:</p> <ul style="list-style-type: none"> <li>Identify oneself and be brief.</li> <li>Comments should be limited to 3 minutes.</li> </ul>	Information only.

TOPIC	DISCUSSION	ACTION
	<ul style="list-style-type: none"> <li>Any public comments submitted to the Board Secretary will be included in the record.</li> </ul> <p>For our listening audience, please note that during any Board of Education meeting and public participation, Board Members do NOT respond and/or comment to public comments; all comments are referred to administration. Furthermore, the Board refrains from referring to specific students or staff members by name, and requests that public commenters refrain from doing so as well. The request that you omit names was made to protect you from allegations of libel or slander or from violations of the Illinois School Student Records Act. It was not intended to shield an employee from criticism.</p>	
<b>Roll Call Vote</b>	<p>Ms. Bradford, Board Secretary, asked President Clevenger if she could call the roll for Board Members and he replied yes.</p> <p>Aye: Dion, Clevenger, Wetzel, Reynolds, Scheider, Collins  Nay: None  Absent: Banks  Roll Call Vote: 6 Aye, 0 Nay, 1 Absent</p>	
<b>Public Participation Continued</b>	<p>Abby Steele, spoke to the Board regarding the root cause analysis and her own personal experience of her daughter's education in DPS 61. There has been an inconsistency of teachers and substitutes in her classroom, along with the split to other teachers/classrooms in her building there was not much work assigned and/or help provided during the split days. Ms. Steele took ownership for not speaking up sooner regarding the teacher shortages. She asked the Board of Education for a better solution and there needs to be a "<b>BOLD</b>" plan to hire and retain staff.</p>	Information only.
<b>Board Discussion</b>	<p>No Junior Board Member comments.</p> <p>Dr. Mike Curry, Chief Operational Officer, presented a Finance update (see attached presentation in Board packet). The ESSER dollars will be depleting soon and the District was awaiting to hear from the state as it related to funding cuts.</p> <p>The District applied for the "Property Tax Relief Grant" which was as follows:  <i>The Illinois School District Property Tax Relief Grant is designed to help reduce the property tax burden on local taxpayers while ensuring that schools continue to receive the funding they need. Here's how it works for districts that are awarded the grant:</i></p> <ul style="list-style-type: none"> <li><b>Eligibility and Application:</b>  School districts with relatively high property tax rates can apply for the grant through the Illinois State Board of Education (ISBE). The state prioritizes districts where property taxes make up a large portion of school funding.</li> </ul>	Information only.

TOPIC	DISCUSSION	ACTION
<b>Board Discussion Continued</b>	<ul style="list-style-type: none"> <li>• <b>Grant Award:</b> If a district qualifies, it receives a specific amount of funding from the state. This money is meant to replace some of the revenue the district usually collects from local property taxes.</li> <li>• <b>Required Property Tax Reduction:</b> To receive the grant, the district must lower its property tax levy (the amount of money collected from property taxes) by an amount equal to the grant received. This means local taxpayers see a reduction in their property tax bills.</li> </ul> <p>The District received a denial letter from the Illinois State Board of Education dated January 28, 2025 and received February 05, 2025, which stated that we did not qualify for a grant in FY2025; in other words, the District was not selected.</p> <p>After a month of sliding downward, the most recent EAV had went up in late January 2025.</p>	Information only.
<b>Roadmap 2030 Update</b>	<p>Dr. Jay Marino, Assistant Superintendent of Support Services, presented a Roadmap 2030 update (see attached presentation in Board packet). The District was approximately three committee meetings away from a recommendation to the Board of Education; all materials associated with this process can be found on the District's website.</p> <p>The District is currently structured as follows:</p> <ul style="list-style-type: none"> <li>• Pre-Kindergarten (1- Stand Alone)</li> <li>• K-6 Schools (5)</li> <li>• K-8 Schools (2)</li> <li>• 7-8 Junior High School (1)</li> <li>• Themed Magnets (3) <ul style="list-style-type: none"> <li>○ Montessori (PK-8)</li> <li>○ Arts Integration (K-8)</li> <li>○ STEM (K-8)</li> </ul> </li> <li>• High Schools (2)</li> </ul> <p>With our current enrollment, the District could lose 100 to 120 students per year. Nevertheless, the projection each year continues to show a declining enrollment.</p> <p>There were three deliverables through this process:</p> <ol style="list-style-type: none"> <li>1) Mission, vision, values and goals in a five-year Strategic Plan.</li> <li>2) A Master Facility Plan that would be presented as phase I, phase II and phase III recommendations. <ol style="list-style-type: none"> <li>a. Phase I – immediate in the 2026-2027 school year.</li> <li>b. Phase II – three-to five years as enrollment continues to decrease and the District would not need all of the current square footage.</li> </ol> </li> <li>3) Plan now to fifteen-years out so that the process does not have to be repeated every couple of years, due to declining enrollment.</li> </ol>	Information only.

TOPIC	DISCUSSION	ACTION
<b>Roadmap 2030 Update Continued</b>	Dr. Marino shared the goals relating to configuration adjustments.  Examples of key differences in scenarios: <ul style="list-style-type: none"> <li>• Pre-K Standalone OR Pre-K Integrated</li> <li>• Current Magnet Structure OR Modified or No Magnet</li> <li>• Middle School Standalone OR No Middle School</li> <li>• Two High Schools OR One High School (two campuses)</li> </ul>	Information only.

Dr. Marino noted that the District's focus was to do things better for our students and staff and change the trajectory of our test scores and meeting the needs of behaviors.

The current timeframe for Roadmap 2030 per school year is as follows:

**24-25 School Year (Products)**

- 5 Year Strategic Plan (Vision, Mission, Values & Goals)
- Balanced Scorecard (Key Performance Indicators Aligned to Goals)
- Master Facility Plan (Use of facilities-aligned to Roadmap 2030)

**25-26 School Year (Planning)**

- Planning and Preparation for the Full Strategic Plan Roll Out (26-27)
- Comprehensive Communication Plan & Community Engagement
- Preparation of Detailed SMART Goals, Action Plans and Timelines
- Implementation of Some Immediate Improvements

**26-27 School Year (Implementation)**

- Complete and Full Implementation of Roadmap 2030
- Execute Facility Plan (Possible Reconfiguration and Boundary Changes)

Dr. Marino noted that the Board of Education would have the last decision. The trajectory needs to be changed and in order to have different results, you have to do things differently. This would not be an easy decision, but it would be in the best interest for our students and staff. He thanked the team for their continued hard work during this process.

Vice President Dion asked about the timeline due to Board elections and the hiring process for a new Superintendent. Dr. Marino replied that Board elections are every two-years and once a Superintendent is hired as Dr. Clark retires June 30, 2026, the focus should be to study/review the approved Strategic Plan by the Board of Education and discuss the plans of implementation with the new Superintendent of Schools. If the process was done currently, Board elections and/or the hiring of a new Superintendent should not interfere with the implementation.

Mr. Wetzel noted that he had great conversations with some individuals in the Decatur community and one of the issues was fear. Mr. Wetzel challenged his colleagues to have the same conversations with the Decatur community. For the first time in a long while, a decision has not been made.

TOPIC	DISCUSSION	ACTION
	<p>One of the consistent messages was if there were changes, they plan to withdraw their student from District 61. He appreciated the process and those who participated thus far.</p> <p>Mr. Scheider noted that he attended the second Community Input Session and was concerned because he felt the focus was building usage/facilities. However, Dr. Marino presented several other factors. He does not think our current enrollment data matched the Department of Student Services. There was a declining enrollment across the nation because there was a decrease in the number of babies being born. The high schools were renovated and we were not anywhere near the decision to merge them into one high school. Could academic improvement assist with enrollment? No, there were other factors that would assist with increased enrollment. He was totally against ending the following magnet programs:</p> <ul style="list-style-type: none"> <li>• Montessori program: It was unique with a different style of education and was working extremely well in District 61.</li> <li>• Johns Hill: Fine arts emphasis and development with a tremendous ESL program that was available for any part of the world.</li> <li>• Ellsworth Dansby Jr.: He was not sure if STEM would be a strong program, but it would depend on the staff. It would be a new process and he would not want to change the plan for the new school; it needs to be given a few years before any changes were recommended.</li> </ul> <p>Mr. Scheider recognized that other schools may not get the attention they need due to magnet schools. Nevertheless, financial resources should be examined to balance the dis-advantage of the non-magnet schools. He hoped that the committee took this in consideration.</p>	
<b>Consent Items</b>	<p>Assistant Superintendent Gray recommended the Board of Education approve the Consent Items as presented, which included:</p> <ul style="list-style-type: none"> <li>A. Minutes: Open/Closed Meetings February 11, 2025</li> <li>B. Financial Conditions Report</li> <li>C. Treasurer's Report</li> <li>D. Release of February Checks Early</li> </ul> <p>Dr. Collins moved to approve the recommendation, seconded by Mr. Scheider. Hearing no questions, President Clevenger called for a Roll Call Vote:  Aye: Reynolds, Collins, Wetzell, Clevenger, Dion, Scheider  Nay: None  Absent: Banks  Roll Call Vote: 6 Aye, 0 Nay, 1 Absent</p>	<p>Motion carried. <b>Open Session Continued</b>	Vice President Dion noted that the Board of Education had been in Closed Executive Session to discuss the placement of individual students in special education programs and other matters relating to individual students, the appointment, employment, compensation, discipline, performance or dismissal of specific employees of the public body, the purchase or lease of real property for use of the public body and collective negotiating matters between the Board and representatives of its employees. <u>No action was taken during Closed Executive Session.</u>	Information only.
<b>Pledge of Allegiance</b>	Vice President Dion led the Pledge of Allegiance.	
<b>Approval of Agenda, March 04, 2025</b>	Assistant Superintendent Gray recommended the Board of Education approve the March 04, 2025 Open Session Board Meeting Agenda as presented.	Agenda was Approved as presented.

	Dr. Collins moved to approve the recommendation, seconded by Mr. Scheider. All were in favor.	
<b>District Highlight</b>	The District highlight was pulled from the March 04, 2025 Open Session Board of Education Meeting Agenda.	Information only.
<b>Public Participation</b>	<p>Vice President Dion noted that during Public Participation, the Board of Education asked for the following:</p> <ul style="list-style-type: none"> <li>• Identify oneself and be brief.</li> <li>• Comments should be limited to 3 minutes.</li> <li>• Any public comments submitted to the Board Secretary will be included in the record.</li> </ul> <p>For our listening audience, please note that during any Board of Education meeting and public participation, Board Members do NOT respond and/or comment to public comments; all comments are referred to administration. Furthermore, the Board refrains from referring to specific students or staff members by name, and requests that public commenters refrain from doing so as well. The request that you omit names was made to protect you from allegations of libel or slander or from violations of the Illinois School Student Records Act. It was not intended to shield an employee from criticism.</p> <p>Abby Steele, DPS Parent, spoke to the Board of Education regarding the amount of time her daughter has been split amongst other classrooms, due to teacher shortages; the current system was not working. She has heard from multiple individuals who had applied in DPS and received no response and/or he or she did not receive a response until seven weeks after the submission of their application. The teachers were stressed and taking on additional students; this causes them to give-up their own planning period. She talked about the amount of money that teachers were receiving by taking split classrooms. Monies need to be spent on the education of our students, not babysitting because when there are split amongst other classrooms, no instruction takes place. Mrs. Steele would like for students to be split amongst grade levels first (4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup> would go to another 4<sup>th</sup>, 5<sup>th</sup> 6<sup>th</sup>). Find another method for hiring and retaining and listen to the teachers' concerns. She left the District five-years ago and never received an exit interview. She asked the Board of Education to address this issue before moving further with Roadmap 2030.</p> <p>Colleen Veitengruber, Teacher, spoke to the Board of Education regarding the academic accountability and/or the major lack of it for students. Teachers were struggling due to the lack of accountability for students and families. Students have failed classes and/or missed days, weeks or quarters of school, but were still passed on to the next grade level. Why is retention so difficult? Retention packets were completed, with evidence, but denied. Some students were not motivated and/or have the drive to do their work (including athletes). Where was the consequence? Where was the accountability?</p>	Information only.

TOPIC	DISCUSSION	ACTION
<b>Public Participation Continued</b>	<p>There is a teacher shortage and the District would continue to lose certified staff if there was no change. Students and families need to be held accountable for their child's education. Students cannot continue to the next grade level when they were not ready. Academic success has to be prioritized. Again, students and families need to be held accountable for their child's education.</p> <p>Please see the attached letter that was read during public participation by Rebecca Cordova.</p>	Information only.
<b>Board Discussion</b>	Mr. Scheider thanked the administration for removing the third-year calendar (2027-2028) and for creating and completing a staff survey; this was a very good step in improving communication with the staff.	Information only.
<b>Reports from Admins</b> <b>2<sup>nd</sup> Read of DPS 61 Two-Year Calendars</b>	<p>Monica Wilks, Director of Human Resources, and Maria Robertson, Director of Community Engagement and Public Relations, presented a second read on the Decatur Public Schools Two-year Proposed Calendar (see attached presentation in the Board packet).</p> <p>The final recommendations for the 2025-2026 and 2026-2027 DPS calendars will be submitted during the March 18, 2025 Board of Education meeting.</p>	Information only.
<b>Consent Items</b>	<p>Assistant Superintendent Gray recommended the Board of Education approve the Consent Item as presented, which included:</p> <p>A. Jason Dion, Vice President

Melissa Bradford, Board Secretary

Dear members of the board, administration and fellow community members. My name is Rebecca Cordova. I am a Decatur native, current resident, DPB/ educator, and DPB parent. I have come this evening to bring more awareness to an issue affecting the <sup>access to</sup> education of our students. We are all aware of the severe ~~lack~~ shortage of substitute teachers. More often than not, if a teacher is absent, a sub simply cannot be found. My building is a PreK-8<sup>th</sup> grade program. And for us and buildings like ours, when a sub cannot be found -

Students are split up between multiple classrooms and the teachers covering that class receives a stipend. This may sound like a great solution to keep kids in class; however, under current contract language this opportunity for extra pay must be equally offered to every teacher. Sounds fair right? But in action that means there is a list of all certified teachers in the building and every day students need to be split, admin has to just go down the list to the

next name - regardless of if that  
places the ~~students~~ in an appropriate  
environment, <sup>for those students</sup> For example Pre K  
students <sup>con</sup> in a class with 6<sup>th</sup> graders  
or all day in orchestra. This may  
not matter much for students if

~~Address~~ their teacher is only out  
for a day or two, but this has  
major impacts for students of  
teachers with long term absences  
such as major illness, family loss,  
maternity leave or any of our many  
unfilled teaching positions. These  
students would be/and are randomly

split every day - not knowing  
from one day to the next where  
they will even be in the building  
- and certainly not receiving appropriate  
instruction - for weeks or even months.  
Current contract language has no  
exceptions for these worst-case  
scenarios and has tied admins and  
educators hands when trying to find  
solutions. Every student deserves  
access to a free and appropriate  
public education. - ~~regardless of~~ I hope the board  
will work together w/ union  
leaders and other stake holders

to find a solution and an  
immediate ammendment to  
support our students already facing  
these issues. <sup>now</sup> These worst-case  
scenarios are already happening in  
our buildings. Please help us  
fix it. Thank you

## **ASSISTANT PRINCIPAL'S CONTRACT**

### **Fiscal Year 2025-2026**

This Contract made between the Board of Education of Decatur Public School District No.61, Decatur, Illinois (hereinafter "the Board") and **Eric Newbon**, (hereinafter "the Assistant Principal"), ratified at the meeting of the Board held on March 18, 2025 as found in the minutes of that meeting.

#### **IT IS AGREED:**

**1. Employment.** The Assistant Principal is hereby hired and retained for the extended contract term of July 21, 2025 to June 1, 2026, as the Assistant Principal for the District.

**2. Duties.** The duties and responsibilities of the Assistant Principal shall be all those duties incident to the office of the Assistant Principal as set forth in the job description, a copy of which can be found in the employee's personnel file; those obligations imposed by the law of the State of Illinois upon the Assistant Principal; and to perform such other duties normally performed by the Assistant Principal as from time to time may be assigned to the Assistant Principal by the Superintendent of Schools, Assistant Superintendent(s) or the Board. The work day, work year, contract year and holidays and holiday pay for the Assistant Principal shall be as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (October 8, 2024).

**3. Salary.** The Board shall set the Assistant Principal's salary. For the period 2025-2026 fiscal year the amount of the Assistant Principal's salary shall be set by the Board but shall not be less than **Eighty-Nine Thousand Seven Hundred Eighty Dollars and no/100 (\$89,780.00)** per annum. The Assistant Principal hereby agrees to devote such time, skill, labor and attention to his employment during the term of this Contract, except as otherwise provided in this Contract, and to perform faithfully the duties of the Assistant Principal for the school district and the Board as set forth in this Contract. The annual salary shall be paid in substantially equal installments in accordance with the policy of the Board governing payment of salary to other licensed members of the professional staff. Any adjustment in salary made during the life of this Contract shall be in the form of a Board approved amendment and shall become a part of this Contract. It is provided, however, that by so doing, it shall not be considered that the Board has entered into a new Contract with the Assistant Principal, nor that the termination date of this Contract has been in any way extended, unless so stated in the Board approved amendment.

**4. Pension.** In addition to the salary of the Assistant Principal as set forth hereinabove in paragraph 3, the Board shall pay 9.8901% of the salary set forth in paragraph 3 (or 9% deducted from the resulting gross. The resulting gross shall be computed by adding the salary in paragraph 3 to 9.8901% of the salary paragraph 3) as an employer paid pension contribution consistent with the provisions of Internal Revenue Code section 414-h(2) and Tax Opinions 81-35 and 81-36. Such payments shall be consideration for this contract, shall be creditable earnings for purposes of Teacher Retirement System pension calculations and the Assistant Principal did not have the option of choosing to receive such amount directly instead of having such contribution paid by the employer to the Teacher Retirement System of the State of Illinois.

**5. T.H.I.S.** From and out of the salary and pension payments of the Assistant Principal as set forth hereinabove in paragraphs 3 and 4 the Board shall withhold any such amount as may be required by law, on behalf of the Assistant Principal to the Teacher Health Insurance Security Fund.

**6. Performance Provisions.** This contract is a performance-based contract linked to student performance and academic improvement of the Assistant Principal pursuant to 105 ILCS 5/10-23.8a. The Assistant Principal shall meet the goals during the term of this Contract. The parties agree the goals and indicators are linked to student performance and academic improvement of the District. In addition to goals set forth in Appendix A hereto, the Assistant Principal shall meet the obligations, goals, and requirements set forth in the Assistant Principal's job description for the position. In consideration for performance pursuant to a multi-year agreement, the Assistant Principal waives acquisition of tenure during the term of this contract.

**7. Evaluation.** Annually, but no later than March 1st of each year, the Assistant Superintendent or designee shall review with the Assistant Principal's progress toward established goals and working relationships among the Superintendent, the District leadership team, other administrative personnel, the faculty, the staff and the community, and shall consider the Assistant Principal's annual salary for the next subsequent year (if any). A summary of the evaluation will be provided to the Assistant Principal in writing within 30 days following the evaluation, pursuant to the District's evaluation plan for Administrators.

**8. License.** The Assistant Principal shall furnish to the Board during the term of this Contract, a valid and appropriate license to act as the Assistant Principal in accordance with the laws of the State of Illinois and as directed by the Board.

**9. Other Work.** Permission will be granted in advance by the Superintendent. The Assistant Principal may undertake consultative work, speaking engagements, writing, lecturing, college or university teaching, and other professional duties and obligations provided that these activities do not interfere with the effective performance of job duties. The Assistant Principal shall have the responsibility to discuss with the Superintendent and mutually agree to such outside activity in a timely fashion.

**10. Discharge for Good Cause.** Throughout the term of this Contract, the Assistant Principal shall be subject to discharge for good cause provided, however, that the Board shall not arbitrarily or capriciously call for dismissal and that the Assistant Principal shall have the right to service of written charges, notice of hearing and a hearing before the Board. If the Assistant Principal chooses to be accompanied by counsel at such a hearing, all such personal expenses shall be paid by the Assistant Principal. Failure to comply with the terms and conditions of this Contract shall also be sufficient cause for purposes of discharge as provided in this Contract.

**11. Termination by Contract.** During the term of this Contract, the Board and the Assistant Principal may mutually agree, in writing, to terminate this Contract. The termination, reassignment and/or reclassification at the end of the term of this Contract shall be as provided by law.

**12. Referrals to the Assistant Principal.** The Board collectively and individually and the Superintendent shall promptly refer all criticisms, complaints, and suggestions called to its/their attention to the Assistant Principal for study and recommendation.

**13. Professional Activities.** The Assistant Principal shall be encouraged to attend appropriate professional meetings at the local, state, and national levels. Within budget constraints, such costs of attendance shall be paid by the Board upon receipt of a full, itemized account of such costs.

**14. Reimbursement for Use of Personal Car.** The Board shall pay the Internal Revenue Service rate to the Assistant Principal for vouchered reimbursable mileage expenses incurred by the Assistant Principal while using the Assistant Principal's personal vehicle for the conduct of approved District business. Reimbursement shall be pursuant to the District's policies, rules and regulations.

**15. Membership Dues.** The Board shall pay the cost of the Assistant Principal's annual membership dues as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (October 8, 2024).

**16. Medical Insurance.** The Assistant Principal shall be provided with medical insurance and medical insurance options as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (October 8, 2024).

**17. Life Insurance.** The Assistant Principal shall be provided with life insurance as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (October 8, 2024).

**18. Vacation.** The Assistant Principal shall be provided with vacation days as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (October 8, 2024).

**19. Sick Leave and Personal Leave.** The Assistant Principal shall be provided with sick leave and personal leave days as provided in the document entitled Administrator and Administrative Support Staff Compensation and Benefits (October 8, 2024).

**20. Disability.** Should the Assistant Principal be unable to perform the duties and obligations of this Contract, by reason of illness, accident or other cause beyond the Assistant Principal's control and such disability exists after the exhaustion of accumulated leave days and vacation days during any school year, the Board, in its discretion, may make a proportionate deduction from the salary stipulated. If such disability continues for sixty (60) days after the exhaustion of accumulated leave days (including FMLA) and vacation days during any school year, or if such disability is permanent, irreparable or of such nature as to make the performance of the Assistant Principal's duties impossible, the Board, at its option, may terminate this Contract, whereupon the respective duties, rights and obligations of the parties shall terminate. The Assistant Principal shall provide medical evidence of illness to the Board President upon request.

**21. Criminal Records Check.** Pursuant to 105 ILCS 5/10-21.9, Boards of Education are prohibited from knowingly employing a person who has been convicted of committing or attempting to commit the named crimes therein. If the fingerprint-based criminal records check required by Illinois law is not completed at the time this Contract is signed, and any subsequent investigation or report reveals there has been such a conviction, this Contract shall immediately become null and void.

**22. Employment History Review.** Pursuant to 105 ILCS 5/22-94, the Assistant Principal shall submit to employee history review, and shall execute and deliver to the Board of Education all necessary consent and forms necessary to accomplish such task. If the Assistant Principal fails to disclose necessary information, fails to complete and deliver appropriate forms upon demand, or if a subsequent employment history review reveals there has been a report or investigation that did not result in an unfounded or fabricated result, this Contract shall immediately become null and void.

**25. Contract Extension.** At the end of any year of this Contract, the Board and the Assistant Principal may mutually agree to extend the employment of the Assistant Principal for a multi-year period of up to five (5) years. In such event, the Board shall take specific action to discontinue this Contract and enter into a multi-year Contract of Employment as allowed by law. Notwithstanding the foregoing, prior to April 1 of the year in which this Contract expires, the Board shall take action to extend or not to extend the terms of this Contract for one additional year, and shall notify the Assistant Principal in writing of such action. Failure of the Board to take such action shall extend this Contract for one (1) additional year.

## Board of Education Decatur Public School District #61

<b>Date:</b> March 18, 2025	<b>Subject:</b> Memorandum of Understanding (MOU) between Decatur Public Schools (DPS) and the Decatur Education Association (DEA)
<b>Initiated By:</b> Monica Wilks, Director of Human Resources	<b>Attachments:</b> Memorandum of Understanding (MOU) between Decatur Public Schools (DPS) and the Decatur Education Association (DEA)
<b>Reviewed By:</b> Dr. Larry Gray, Acting Superintendent	

### **BACKGROUND INFORMATION:**

Administration recognizes the current shortage of certified teachers and substitutes. Per Article XIV B. in the DEA contract, teachers may agree to take on extra students when a position is unfilled. Current contract language does not address the District's needs. As such, DEA Leadership and Administration have agreed upon language to provide clarity and memorialize current practices.

### **CURRENT CONSIDERATIONS:**

The Internal Substitution MOU provides compensation for staff at Alt Ed. In addition, it allows high school staff to cover up to three classes in a shared space.

### **FINANCIAL CONSIDERATIONS:**

New costs incurred will come from the Education Fund.

### **STAFF RECOMMENDATION:**

The Administration respectfully requests the Board of Education approve the Memorandum of Understanding (MOU) between Decatur Public School District 61 and the Decatur Education Association as presented.

### **RECOMMENDED ACTION:**

**BOARD ACTION:** \_\_\_\_\_

## Memorandum of Understanding

This Memorandum of Understanding (MOU) is entered into by and between the Decatur Education Association (DEA) and Decatur Public Schools (DPS) (collectively the parties) regarding the internal substitution language in the current contract.

WHEREAS, DEA, and DPS are desirous of establishing fair compensation for extra caseload responsibilities relating to vacant positions; and

WHEREAS, the instruction of students remains priority for the parties; and

WHEREAS, the parties have reached mutual agreement and wish to evidence the same in writing.

Now, therefore, it is agreed, by and between DEA and DPS as follows:

1. Incorporation of recitals. The recitals are hereby incorporated as though fully set forth herein.
2. High School. At the high school level, administration will make every effort to first secure classroom internal substitutes, however when a sufficient number of internal substitutes cannot be secured and students are put in a shared space such as an auditorium, teachers at the secondary level may cover up to three classes during one period and will be paid \$33 for each covered class. Administration will create a process that allows a fair rotation of staff members for this opportunity.
3. Alternative Program. At the Alternative Education program, middle school teachers may volunteer to take 5<sup>th</sup> and 6<sup>th</sup> grade students. Each middle school teacher who volunteers and is assigned to teach 5<sup>th</sup> and/or 6<sup>th</sup> grade students shall receive \$75 for up to a half day of such assignment, and \$150 when the assignment continues for a full day.
4. Status Quo. This agreement will go into effect immediately and sunset once a successor agreement is reached. *Status quo* is expressly waived for this purpose such that if there is no written agreement to continue the terms of this MOU, the agreement will cease and end with no further effect, and this MOU shall not be used to inform past practice, *status quo*, or course of conduct between the parties.

## Board of Education Decatur Public School District #61

<b>Date:</b> March 18, 2025	<b>Subject:</b> Power Purchase Agreement with StraightUp Solar (on-site)
<b>Initiated By:</b> Dr. Mike Curry, Chief Operations Officer	<b>Attachments:</b> Power Purchase Agreement
<b>Reviewed By:</b> Dr. Larry Gray, Acting Superintendent, Dr. Mike Curry, Chief Operations Officer and District Legal Counsel	

### **BACKGROUND INFORMATION:**

At the direction of the Board of Education, the Operations Department has spent the past two years investigating the potential positives of solar power agreements on the district's finances and properties. After numerous interactions, presentations, vendor meetings and projections, the Board of Education entered into a third-party agreement with Nania Energy Advisors to serve in the role of professional advisors in a bidding project for solar providers interested in collaborating on a Power Purchase Agreement with Decatur Public School District #61.

### **CURRENT CONSIDERATIONS:**

After Nania's initial bid package, the vetting of the top three vendors, and presentations by each vendor, the Operations Department is recommending that the District engage in a Power Purchase Agreement with Straight-up Solar.

### **FINANCIAL CONSIDERATIONS:**

There is no financial cost to the district. The district would be entering into a twenty (20) year agreement to have solar arrays installed at five (5) or six (6) district locations, including Stephen Decatur Middle School, Hope Academy, Franklin Gove Elementary, Muffley Elementary, Eisenhower High School, and Ellsworth Dansby Jr. Magnet School.

### **STAFF RECOMMENDATION:**

## Exhibit 4

### Solar Power Purchase Agreement General Terms & Conditions

1. **Definitions and Interpretation.** Unless otherwise defined or required by the context in which any term appears: (a) the singular includes the plural and vice versa; (b) the words “herein,” “hereof” and “hereunder” refer to this Agreement as a whole and not to any particular section or subsection of this Agreement; (c) references to any agreement, document or instrument mean such agreement, document or instrument as amended, modified, supplemented or replaced from time to time; and (d) the words “include,” “includes” and “including” mean include, includes and including “without limitation.” The captions or headings in this Agreement are strictly for convenience and shall not be considered in interpreting this Agreement.
2. **Purchase and Sale of Electricity.** Purchaser shall purchase from Seller, and Seller shall sell to Purchaser, all the electric energy generated by the System during the Initial Term and any Additional Term (as defined in **Exhibit 1**, and collectively the “Term”). Electric energy generated by the System will be delivered to Purchaser at the delivery point identified on **Exhibit 2** (the “Delivery Point”). Purchaser shall take title to the electric energy generated by the System at the Delivery Point, and risk of loss will pass from Seller to Purchaser at the Delivery Point. Purchaser may purchase electric energy for the Facility from other sources if the Purchaser's electric requirements at the Facility exceed the output of the System. Any purchase, sale and/or delivery of electric energy generated by the System prior to the Commercial Operation Date shall be treated as purchase, sale and/or delivery of limited amounts of test energy only and shall not indicate that the System has been put in commercial operation by the purchase, sale and/or delivery of such test energy.
3. **Term and Termination.**
  - a. **Initial Term.** The initial term (“Initial Term”) of this Agreement shall commence on the Commercial Operation Date (as defined below) and continue for the length of time specified in **Exhibit 1**, unless earlier terminated as provided for in this Agreement. The “Commercial Operation Date” is the date Seller gives Purchaser written notice that the System is mechanically complete and capable of providing electric energy to the Delivery Point. This notice shall be provided for each Exhibit 2A.1.a-f to ensure the Initial term for each location is documented according to its Individual Commercial Operation Date. Such notice shall be deemed effective unless Purchaser reasonably objects within Fourteen (14) days of the date of such notice. Upon Purchaser’s request, Seller will give Purchaser copies of certificates of completion or similar documentation from Seller’s contractor and the interconnection or similar agreement with the entity authorized and required under applicable law to provide electric distribution service to Purchaser at the Facility (the “Utility”), as set forth on **Exhibit 2**. This Agreement is effective as of the Effective Date and Purchaser’s failure to enable Seller to provide the electric energy by preventing it from installing the System or otherwise not performing shall not excuse Purchaser’s obligations to make payments that otherwise would have been due under this Agreement.

## POWER PURCHASE AGREEMENT ("PPA")

- b. **Additional Terms.** Prior to the end of the Initial Term or of any applicable Additional Term, as defined below, if Purchaser has not exercised its option to purchase the System, either Party may give the other Party written notice of its desire to extend this Agreement on the terms and conditions set forth herein for the number and length of additional periods specified in **Exhibit 1** (each such additional period, an "**Additional Term**"). Such notice shall be given, if at all, not more than one hundred twenty (120) and not less than sixty (60) days before the last day of the Initial Term or the then current Additional Term, as applicable. The Party receiving the notice requesting an Additional Term shall respond positively or negatively to that request in writing within thirty (30) days after receipt of the request. Failure to respond within such thirty (30) day period shall be deemed a rejection of the offer for an Additional Term. If both Parties agree to an Additional Term, the Additional Term shall begin immediately upon the conclusion of the Initial Term or the then current term on the same terms and conditions as set forth in this Agreement. If the Party receiving the request for an Additional Term rejects or is deemed to reject the first Party's offer, this Agreement shall terminate at the end of the Initial Term (if the same has not been extended) or the then current Additional Term.

### 4. **Billing and Payment.**

- a. **Monthly Charges.** Purchaser shall pay Seller monthly for the electric energy generated by the System and delivered to the Delivery Point at the \$/kWh rate shown in **Exhibit 1** (the "**Contract Price**"). The monthly payment for such energy will be equal to the applicable \$/kWh rate multiplied by the number of kWh of energy generated during the applicable month, as measured by the System meter.
- b. **Monthly Invoices.** Seller shall invoice Purchaser monthly, either manually or electronically. Such monthly invoices shall state (i) the amount of electric energy produced by the System and delivered to the Delivery Point, (ii) the rates applicable to, and charges incurred by, Purchaser under this Agreement and (iii) the total amount due from Purchaser. The Contract Price includes electronic invoicing.
- c. **Taxes.** Purchaser shall either pay or reimburse Seller for any and all taxes assessed on the generation, sale, delivery or consumption of electric energy produced by the System or the interconnection of the System to the Utility's electric distribution system,; provided, however, Purchaser will not be required to pay or reimburse Seller for any taxes during periods when Seller fails to deliver electric energy to Purchaser for reasons other than Force Majeure or as a result of Purchaser's acts or omissions. For purposes of this Section 4(c), "**Taxes**" means any federal, state and local ad valorem, property, occupation, generation, privilege, sales, use, consumption, excise, transaction, and other taxes, regulatory fees, surcharges or other similar charges, but shall not include any income taxes or similar taxes imposed on Seller's revenues due to the sale of energy under this Agreement, which shall be Seller's responsibility. Notwithstanding the foregoing, Seller shall be responsible for any assessment of and/or increase in real estate and/or property taxes due to the System.

## POWER PURCHASE AGREEMENT (“PPA”)

- d. **Payment Terms.** All amounts due under this Agreement shall be due and payable net thirty (30) days from receipt of invoice. Any undisputed portion of the invoice amount not paid within the thirty (30) day period shall accrue interest at the annual rate of two and one-half percent (2.5%) over the prime rate, as published in the Wall Street Journal (but not to exceed the maximum rate permitted by law).
5. **Environmental Attributes and Incentives.** Unless otherwise specified on **Exhibit 1**, Seller is the owner of all Environmental Attributes and Environmental Incentives and is entitled to the benefit of all Tax Credits, and Purchaser’s purchase of electricity under this Agreement does not include Environmental Attributes, Environmental Incentives or the right to Tax Credits or any other attributes of ownership and operation of the System, all of which shall be retained by Seller. Purchaser shall cooperate with Seller in obtaining, securing and transferring all Environmental Attributes and Environmental Incentives and the benefit of all Tax Credits, including by using the electric energy generated by the System in a manner necessary to qualify for such available Environmental Attributes, Environmental Incentives and Tax Credits. Purchaser shall not be obligated to incur any out-of-pocket costs or expenses in connection with such actions unless reimbursed by Seller. If any Environmental Incentives are paid directly to Purchaser, Purchaser shall immediately pay such amounts over to Seller. To avoid any conflicts with fair trade rules regarding claims of solar or renewable energy use, Purchaser, if engaged in commerce and/or trade, shall submit to Seller for approval any press releases regarding Purchaser’s use of solar or renewable energy and shall not submit for publication any such releases without the written approval of Seller. Approval shall not be unreasonably withheld, and Seller’s review and approval shall be made in a timely manner to permit Purchaser’s timely publication.

“**Environmental Attributes**” means any and all credits, benefits, emissions reductions, offsets, and allowances, howsoever entitled, attributable to the System, the production of electrical energy from the System and its displacement of conventional energy generation, including (a) any avoided emissions of pollutants to the air, soil or water such as sulfur oxides (SO<sub>x</sub>), nitrogen oxides (NO<sub>x</sub>), carbon monoxide (CO) and other pollutants; (b) any avoided emissions of carbon dioxide (CO<sub>2</sub>), methane (CH<sub>4</sub>), nitrous oxide, hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride and other greenhouse gases (GHGs) that have been determined by the United Nations Intergovernmental Panel on Climate Change, or otherwise by law, to contribute to the actual or potential threat of altering the Earth’s climate by trapping heat in the atmosphere; and (c) the reporting rights related to these avoided emissions, such as Green Tag Reporting Rights and Renewable Energy Credits. Green Tag Reporting Rights are the right of a party to report the ownership of accumulated Green Tags in compliance with federal or state law, if applicable, and to a federal or state agency or any other party, and include Green Tag Reporting Rights accruing under Section 1605(b) of The Energy Policy Act of 1992 and any present or future federal, state, or local law, regulation or bill, and international or foreign emissions trading program. Environmental Attributes do not include Environmental Incentives and Tax Credits. Purchaser and Seller shall file all tax returns in a manner consistent with this Section 5. Without limiting the generality of the foregoing, Environmental Attributes include carbon trading credits, renewable energy credits or certificates, emissions reduction credits, emissions allowances, green tags

tradable renewable credits and Green-e® products. This includes State of Illinois Renewable Energy Credits.

**“Environmental Incentives”** means all credits, rebates, subsidies, payments or other incentives that relate to self-generation of electricity, the use of technology incorporated into the System, environmental benefits of using the System, or other similar programs available from the Utility, any other regulated entity, the manufacturer of any part of the System or any Governmental Authority.

**“Governmental Authority”** means any national, state or local government (whether domestic or foreign), any political subdivision thereof or any other governmental, quasi-governmental, judicial, public or statutory instrumentality, authority, body, agency, bureau or entity (including the Federal Energy Regulatory Commission or the California Public Utilities Commission), or any arbitrator with authority to bind a party at law.

**“Tax Credits”** means all (a) investment tax credits, (b) production tax credits and (c) similar tax credits or grants under federal, state or local law relating to the construction, ownership or production of energy from the System.

### 6. Conditions to Obligations.

- a. **Conditions to Seller’s Obligations.** Seller’s obligations under this Agreement are conditioned upon the completion of the following conditions to Seller’s reasonable satisfaction on or before the Condition Satisfaction Date:
- i. Completion of a physical inspection of the Facility and the property upon which the Facility is located (the **“Premises”**) including, if applicable, geotechnical work, and real estate due diligence to confirm the suitability of the Facility and the Premises for the System;
  - ii. Approval of (A) this Agreement and (B) the Construction Agreement (if any) for the System by Seller’s Financing Parties. **“Construction Agreement”** as used in this subsection means an agreement between Seller and any Contractor or Subcontractor to install the System;
  - iii. Confirmation that the Seller will obtain all applicable Environmental Incentives and Tax Credits;
  - iv. Receipt of all necessary zoning, land use and building permits; and
  - v. Receipt of all necessary agreements with the Utility for interconnection of the System to Facility electrical system and/or the Utility’s electric distribution system.
- b. **Failure of Conditions.** If any of the conditions listed in subsection (a) are not satisfied by the Condition Satisfaction Date, the Parties will attempt in good faith to negotiate new dates for the satisfaction of the failed conditions. If the Parties are unable to negotiate new dates, then Seller may terminate this Agreement upon ten (10) days written notice

## POWER PURCHASE AGREEMENT (“PPA”)

to Buyer without liability for costs or damages or triggering a default under this Agreement.

- b. **Commencement of Construction.** Seller’s obligation to commence construction and installation of the System is conditioned on Seller’s receipt of (A) proof of insurance for all insurance required to be maintained by Purchaser under this Agreement, (B) written confirmation from any person holding a mortgage, lien or other encumbrance over the Premises or the Facility, as applicable, that such person will recognize Seller’s rights under this Agreement for as long Seller is not in default hereunder and (C), a signed and notarized original copy of the easement agreement suitable for recording, substantially in the form attached hereto as **Exhibit 6** (the “**Easement Agreement**”).
- c. **Conditions to Purchaser’s Obligations.** Purchaser’s obligations under Section 4(a) are conditioned upon the occurrence of the Commercial Operation Date for the System by the Outside Commercial Operation Date.

### 2. Seller’s Rights and Obligations.

- b. **Permits and Approvals.** Seller, with Purchaser’s reasonable cooperation, shall use commercially reasonable efforts to obtain, at its sole cost and expense:
  - i. any zoning, land use, and building permits required to construct, install and operate the System; and
  - ii. any agreements and approvals from the Utility necessary to interconnect the System to the Facility electrical system and/or the Utility’s electric distribution system.
  - iii. Purchaser shall cooperate with Seller’s reasonable requests to assist Seller in obtaining such agreements, permits, and approvals.
- b. **Standard System Repair and Maintenance.** Seller shall construct and install the System at the Facility. During the Term, Seller will operate and perform all routine and emergency repairs to, and maintenance of, the System at its sole cost and expense, except for any repairs or maintenance resulting from Purchaser’s negligence, willful misconduct or breach of this Agreement. Seller shall not be responsible for any work done by others on any part of the System unless Seller authorizes that work in advance in writing. Seller shall not be responsible for any loss, damage, cost or expense arising out of or resulting from improper environmental controls or improper operation or maintenance of the System by anyone other than Seller or Seller’s contractors. If the System requires repairs for which Purchaser is responsible, Purchaser shall pay Seller for diagnosing and correcting the problem at Seller or Seller’s contractors’ then current standard rates. Seller shall provide Purchaser with reasonable notice prior to accessing the Facility to make standard repairs.
- c. **Non-Standard System Repair and Maintenance.** If seller incurs incremental costs to maintain the System to conditions at the Facility or due to the inaccuracy of any

## POWER PURCHASE AGREEMENT ("PPA")

information provided by Purchaser and relied upon by Seller, the pricing, schedule and other terms of this Agreement will be equitably adjusted to compensate for any work in excess of normally expected work required to be performed by Seller. In such event, the Parties will negotiate such equitable adjustment in good faith.

- d. **Breakdown Notice.** Seller shall notify Purchaser within twenty-four (24) hours following Seller's discovery of (i) any material malfunction in the operation of the System or (ii) an interruption in the supply of electrical energy from the System. Purchaser and Seller shall each designate personnel and establish procedures such that each Party may provide notice of such conditions requiring Seller's repair or alteration at all times, twenty-four (24) hours per day, including weekends and holidays. Purchaser shall notify Seller immediately upon the discovery of an emergency condition affecting the System.
- e. **Suspension.** Notwithstanding anything to the contrary herein, Seller shall be entitled to suspend delivery of electricity from the System to the Delivery Point for maintaining and repairing the System and such suspension of service shall not constitute a breach of this Agreement; provided, that Seller shall use commercially reasonable efforts to minimize any interruption in service to the Purchaser.
- f. **Use of Contractors and Subcontractors.** Seller shall be permitted to use contractors and subcontractors to perform its obligations under this Agreement, provided however, that such contractors and subcontractors shall be duly licensed and shall provide any work in accordance with applicable industry standards. Notwithstanding the foregoing, Seller shall continue to be responsible for the quality of the work performed by its contractors and subcontractors. Further, all contractors and subcontractors shall be required to provide proof of insurance in accordance with Section 15 (b) and shall be required to extend that coverage to the Purchaser as an additional insured.
- g. **Liens and Payment of Contractors and Suppliers.** Seller shall pay when due all valid charges from all contractors, subcontractors and suppliers supplying goods or services to Seller under this Agreement and shall keep the Facility free and clear of any liens related to such charges, except for those liens which Seller is permitted by law to place on the Facility following non-payment by Purchaser of amounts due under this Agreement. Seller shall indemnify Purchaser for all claims, losses, damages, liabilities and expenses resulting from any liens filed against the Facility or the Premises in connection with such charges; provided, however, that Seller shall have the right to contest any such lien, so long as it provides a statutory bond or other reasonable assurances of payment that either remove such lien from title to the Facility and the Premises or that assure that any adverse judgment with respect to such lien will be paid without affecting title to the Facility and the Premises.
- h. **No Warranty.** No warranty or remember, whether statutory, written, oral, express or implied, including without limitation warranties of merchantability and fitness for a

## POWER PURCHASE AGREEMENT (“PPA”)

particular purpose, or warranties arising from course of dealing or usage of trade shall apply. The remedies set forth in this Agreement shall be Purchaser’s sole and exclusive remedies for any claim or liability arising out of or in connection with this Agreement, whether arising in contract, tort (including negligence), strict liability or otherwise.

### 8. **Purchaser’s Rights and Obligations.**

- a. **License to the Premises; Facility Access Rights.** Purchaser grants to Seller and to Seller’s agents, employees, contractors, and assignees an irrevocable non-exclusive license running with the Premises (the “**License**”) for access to, on, over, under and across the Premises using approved construction site ingress and egress points for the purposes of (i) installing, constructing, operating, owning, maintaining, accessing, removing and replacing the System; (ii) performing all of Seller’s obligations and enforcing all of Seller’s rights set forth in this Agreement; and (iii) installing, using and maintaining electric lines and equipment, including inverters and meters necessary to interconnect the System to Purchaser’s electric system at the Facility, to the Utility’s electric distribution system, if any, or for any other purpose that may from time to time be useful or necessary in connection with the construction, installation, operation, maintenance or repair of the System. Seller shall notify Purchaser prior to entering the Facility except in situations where there is imminent risk of damage to persons or property. The term of the License shall continue until the date that is one hundred and twenty (120) days following the date of expiration or termination of this Agreement (the “**License Term**”). During the License Term, Purchaser shall ensure that Seller’s rights under the License and Seller’s access to the Premises and the Facility are preserved and protected. Purchaser shall not interfere with nor shall permit any third parties to interfere with such rights or access. The grant of the License shall survive termination of this Agreement by either Party. At request of Seller, Purchaser shall execute a memorandum of License, and which shall be in form and substance set forth **Exhibit 5**, or other form agreed to by the parties. Seller may, at its sole cost and expense, record such memorandum of License with the appropriate land registry or recorder’s office.
- b. **Legal Compliance.** Both parties shall ensure that all Occupational Safety and Health Act (OSHA) requirements and other similar applicable safety laws or codes are adhered to in their performance under this Agreement. Seller shall comply with all applicable Federal, State, and/or local laws, statutes, rules, regulations, codes, ordinances and/or policies, including District policies, now in force or which may hereinafter be in force.
- c. **Maintenance of Facility.** Purchaser shall, at its sole cost and expense, maintain the Facility in good condition and repair. Purchaser will ensure that the Facility remains interconnected to the Utility’s electric distribution system at all times and will not cause cessation of electric service to the Facility from the Utility. Purchaser is fully responsible for the maintenance and repair of the Facility’s electrical system and of all of Purchaser’s equipment that utilizes the System’s outputs. Purchaser shall properly maintain in full

## POWER PURCHASE AGREEMENT (“PPA”)

working order all of Purchaser’s electric supply or generation equipment that Purchaser may shut down while utilizing the System. Purchaser shall promptly notify Seller of any matters of which it is aware pertaining to any damage to or loss of use of the System or that could reasonably be expected to adversely affect the System.

- d. **No Alteration of Facility.** Purchaser shall not make any alterations or repairs to the Facility which could adversely affect the operation and maintenance of the System without Seller’s prior written consent. If Purchaser wishes to make such alterations or repairs, Purchaser shall give prior written notice to Seller, setting forth the work to be undertaken (except for emergency repairs, for which notice may be given by telephone), and give Seller the opportunity to advise Purchaser in making such alterations or repairs in a manner that avoids damage to the System, but, notwithstanding any such advice, Purchaser shall be responsible for all damage to the System caused by Purchaser or its contractors. To the extent that temporary disconnection or removal of the System is necessary to perform such alterations or repairs, such work and any replacement of the System after completion of Purchaser’s alterations and repairs, shall be done by Seller or its contractors at Purchaser’s cost. In addition, Purchaser shall pay Seller an amount equal to the sum of (i) payments that Purchaser would have made to Seller hereunder for electric energy that would have been produced by the System during such disconnection or removal; (ii) revenues that Seller would have received with respect to the System under the any rebate program and any other assistance program with respect to electric energy that would have been produced during such disconnection or removal; (iii) revenues from Environmental Attributes that Seller would have received with respect to electric energy that would have been produced by the System during such disconnection or removal; and (iv) Tax Credits that Seller (or, if Seller is a pass-through entity for tax purposes, Seller’s owners) would have received with respect to electric energy that would have been produced by the System during such disconnection or removal. Determination of the amount of energy that would have been produced during any disconnection or removal shall be in accordance with the procedures in Section 10(b). All of Purchaser’s alterations and repairs will be done in a good and workmanlike manner and in compliance with all applicable laws, codes and permits.
- e. **Outages.** Purchaser shall be permitted to be offline for a total of forty-eight (48) daylight hours (each, a “**Scheduled Outage**”) per calendar year during the Term, during which hours Purchaser shall not be obligated to accept or pay for electricity from the System; provided, however, that Purchaser must notify Seller in writing of each such Scheduled Outage at least forty-eight (48) hours in advance of the commencement of a Scheduled Outage. In the event that Scheduled Outages exceed a total of forty-eight (48) daylight hours per calendar year or there are unscheduled outages, in each case for a reason other than a Force Majeure event, Purchaser shall pay Seller an amount equal to the sum of (i) payments that Purchaser would have made to Seller hereunder for electric energy that would have been produced by the System during the outage; (ii) revenues that Seller would have received with respect to the System under any rebate program, if such rebate

## POWER PURCHASE AGREEMENT (“PPA”)

is authorized by Purchaser, and any other assistance program with respect to electric energy that would have been produced during the outage; (iii) revenues from Environmental Attributes that Seller would have received with respect to electric energy that would have been produced by the System during the outage; and (iv) Tax Credits that Seller (or, if Seller is a pass-through entity for tax purposes, Seller’s owners) would have received with respect to electric energy that would have been produced by the System during the outage. Determination of the amount of energy that would have been produced during the removal or disconnection shall be in accordance with the procedures in Section 10(b).

- f. **Liens.** Purchaser shall not directly or indirectly cause, create, incur, assume or allow to exist any mortgage, pledge, lien, charge, security interest, encumbrance or other claim of any nature on or with respect to the System or any interest therein. Purchaser shall immediately notify Seller in writing of the existence of any such mortgage, pledge, lien, charge, security interest, encumbrance or other claim, shall promptly cause the same to be discharged and released of record without cost to Seller, and shall indemnify Seller against all costs and expenses (including reasonable attorneys’ fees) incurred in discharging and releasing any such mortgage, pledge, lien, charge, security interest, encumbrance or other claim. Notwithstanding anything else herein to the contrary, pursuant to Section 19(a), Seller may grant a lien on the System and may assign, mortgage, pledge or otherwise collaterally assign its interests in this Agreement and the System to any Financing Party.
- g. **Security.** Purchaser shall be responsible for using commercially reasonable efforts to maintain the physical security of the Facility and the System against known risks and risks that should have been known by Purchaser. Purchaser will not conduct activities on, in or about the portions of the Premises or the portions of the Facility that have a reasonable likelihood of causing damage, impairment or otherwise adversely affecting the System.
- h. **Insolation.** Purchaser understands that unobstructed access to sunlight (“**Insolation**”) is essential to Seller’s performance of its obligations and a material term of this Agreement. Purchaser shall not in any way cause and, where possible, shall not in any way permit any interference with the System’s Insolation. If Purchaser becomes aware of any activity or condition, that could diminish the Insolation of the System, Purchaser shall notify Seller immediately and shall cooperate with Seller in preserving the System’s existing Insolation levels. The Parties agree that reducing Insolation would irreparably injure Seller, that such injury may not be adequately compensated by an award of money damages, and that Seller is entitled to seek specific enforcement of this Section 8(h) against Purchaser.
- i. **Data Line.** Purchaser shall provide Seller a high-speed internet data line during the Term to enable Seller to record the electric energy generated by the System. If Purchaser fails to provide such high-speed internet data line, or if such line ceases to function and is not

## POWER PURCHASE AGREEMENT (“PPA”)

repaired, Seller may reasonably estimate the amount of electric energy that was generated and invoice Purchaser for such amount in accordance with Section 4.

- j. **Breakdown Notice.** Purchaser shall notify Seller within twenty-four (24) hours following the discovery by it of (i) any material malfunction in the operation of the System; or (ii) any occurrences that could reasonably be expected to adversely affect the System. Purchaser shall notify Seller immediately upon (i) an interruption in the supply of electrical energy from the System; or (ii) the discovery of an emergency condition respecting the System. Purchaser and Seller shall each designate personnel and establish procedures such that each Party may provide notice of such conditions requiring Seller's repair or alteration at all times, twenty-four (24) hours per day, including weekends and holidays.

9. **Change in Law.** “**Change in Law**” means (i) the enactment, adoption, promulgation, modification, or repeal after the Effective Date of any applicable law or regulation; (ii) the imposition of any material conditions on the issuance or renewal of any applicable permit after the Effective Date of this Agreement (notwithstanding the general requirements contained in any applicable Permit at the time of application or issue to comply with future laws, ordinances, codes, rules, regulations or similar legislation), or (iii) a change in any utility rate schedule or tariff approved by any Governmental Authority which in the case of any of (i), (ii) or (iii), establishes requirements affecting owning, supplying, constructing, installing, operating or maintaining the System, or other performance of the Seller's obligations hereunder and which has a material adverse effect on the cost to Seller of performing such obligations; provided, that a change in federal, state, county or any other tax law after the Effective Date of this Agreement shall not be a Change in Law pursuant to this Agreement.

If any Change in Law occurs that has a material adverse effect on the cost to Seller of performing its obligations under this Agreement, then the Parties shall, within thirty (30) days following receipt by Purchaser from Seller of notice of such Change in Law, meet and attempt in good faith to negotiate amendments to this Agreement as are reasonably necessary to preserve the economic value of this Agreement to both Parties. If the Parties are unable to agree upon such amendments within such thirty (30) day period, then Seller shall have the right to terminate this Agreement without further liability to either Party except with respect to payment of amounts accrued prior to termination.

10. **Relocation of System.**

- a. **System Relocation.** If Purchaser ceases to conduct business operations at the Facility, or otherwise vacates the Facility prior to the expiration of the Term, Purchaser shall have the option to provide Seller with a mutually agreeable substitute premises located within the same utility district as the terminated System or in a location with similar utility rates and Insolation. Purchaser shall provide written notice at least sixty (60) days but not more than one hundred eighty (180) days prior to the date that it wants to make this

## POWER PURCHASE AGREEMENT (“PPA”)

substitution. In connection with such substitution, Purchaser shall execute an amended agreement that shall have all of the same terms as this Agreement except for the (i) Effective Date; (ii) License, which will be amended to grant rights in the real property where the System relocated to; and (iii) Term, which will be equal to the remainder of the Term of this Agreement calculated starting at the shutdown of the System pursuant to such relocation, and shall toll until the relocated System achieves commercial operation of such new location. Such amended agreement shall be deemed to be a continuation of this Agreement without termination. In addition, Purchaser shall be obligated to provide a new executed and notarized easement agreement covering the substitute premises in form and content substantially similar to the Easement Agreement. Purchaser shall also provide any new consents, estoppels, or acknowledgments reasonably required by Financing Parties in connection with the substitute premises.

- b. **Costs of Relocation.** Purchaser shall pay all costs associated with relocation of the System, including all costs and expenses incurred by or on behalf of Seller in connection with removal of the System from the Facility and installation and testing of the System at the substitute facility and all applicable interconnection fees and expenses at the substitute facility, as well as costs of new title search and other out-of-pocket expenses connected to preserving and refileing the security interests of Seller’s Financing Parties in the System. In addition, Purchaser shall pay Seller an amount equal to the sum of (i) payments that Purchaser would have made to Seller hereunder for electric energy that would have been produced by the System during the relocation; (ii) revenues that Seller would have received with respect to the System under any rebate program, if such rebate is authorized by Purchaser, and any other assistance program with respect to electric energy that would have been produced during the relocation; ; (iii) revenues from Environmental Attributes that Seller would have received with respect to electric energy that would have been produced by the System during the relocation; and (iv) Tax Credits that Seller (or, if Seller is a pass-through entity for tax purposes, Seller’s owners) would have received with respect to electric energy that would have been produced by the System during the relocation. Determination of the amount of energy that would have been produced during the relocation shall be based, during the first Contract Year, on the estimated levels of production and, after the first Contract Year, based on actual operation of the System in the same period in the previous Contract Year, unless Seller and Purchaser mutually agree to an alternative methodology. “**Contract Year**” means the twelve-month period beginning at 12:00 AM on the Commercial Operation Date or on any anniversary of the Commercial Operation Date and ending at 11:59 PM on the day immediately preceding the next anniversary of the Commercial Operation Date, provided that the first Contract Year shall begin on the Commercial Operation Date.
- c. **Adjustment for Insolation; Termination.** Seller shall remove the System from the vacated Facility prior to the termination of Purchaser’s ownership, lease or other rights to use such Facility. Seller will not be required to restore the Facility to its prior condition but shall promptly pay Purchaser for any damage caused by Seller during removal of the

## POWER PURCHASE AGREEMENT (“PPA”)

System, but not for normal wear and tear. If the substitute facility has inferior Insolation as compared to the original Facility, Seller shall have the right to make an adjustment to Exhibit 1 such that Purchaser’s payments to Seller are the same as if the System were located at the original Facility, increased to the extent necessary to compensate Seller for reduced revenues from Environmental Attributes and reduced Tax Credits that Seller (or, if Seller is a pass-through entity for tax purposes, Seller’s owners) receive as a result of the relocation. If Purchaser is unable to provide such substitute facility and to relocate the System as provided, any early termination will be treated as a default by Purchaser.

11. **Removal of System at Expiration.** Upon the expiration or earlier termination of this Agreement (provided Purchaser does not exercise its purchase option), Seller shall, at its expense, remove all its tangible property comprising the System from the Facility on a mutually convenient date, but in no event later than 180 days after the expiration of the Term. Excluding ordinary wear and tear, the Facility shall be returned to its original condition including the removal of System mounting pads or other support structures. If applicable, Seller’s removal of the System will not affect the integrity of Purchaser’s roof, which shall be as leak proof as it was prior to removal of the System and shall be flashed and/or patched to existing roof specifications. Seller shall leave the Facility in neat and clean order. If Seller fails to remove or commence substantial efforts to remove the System by such agreed upon date, Purchaser shall have the right, at its option, to remove the System to a public warehouse and restore the Facility to its original condition (other than ordinary wear and tear) at Seller’s cost. Purchaser shall provide sufficient space for the temporary storage and staging of tools, materials and equipment and for the parking of construction crew vehicles and temporary construction trailers and facilities reasonably necessary during System removal.
12. **Measurement.** Seller shall install one or more meter(s), as Seller deems appropriate, at or immediately before the Delivery Point to measure the output of the System. Such meter shall meet the general commercial standards of the solar photovoltaic industry or the required standard of the Utility. Seller shall maintain the meter(s) in accordance with industry standards.
13. **Default, Remedies, and Damages.**
  - a. **Default.** Any Party that fails to perform its responsibilities as listed below or experiences any of the circumstances listed below shall be deemed to be the “**Defaulting Party**”, the other Party shall be deemed to be the “**Non-Defaulting Party**”, and each event of default shall be a “**Default Event**”:
    - i. Failure of a Party to pay any amount due and payable under this Agreement, other than an amount that is subject to a good faith dispute, within ten (10) days following receipt of written notice from the Non-Defaulting Party of such failure to pay (“**Payment Default**”);
    - ii. Failure of a Party to substantially perform any other material obligation under this Agreement within thirty (30) days following receipt of written notice from the

## POWER PURCHASE AGREEMENT (“PPA”)

Non-Defaulting Party demanding such cure; provided, that such thirty (30) day cure period shall be extended (but not beyond ninety (90) days) if and to the extent reasonably necessary to cure the Default Event, if (A) the Defaulting Party initiates such cure within the thirty (30) day period and continues such cure to completion and (B) there is no material adverse effect on the Non-Defaulting Party resulting from the failure to cure the Default Event;

- iii. If any representation or warranty of a Party proves at any time to have been incorrect in any material respect when made and is material to the transactions contemplated hereby, if the effect of such incorrectness is not cured within thirty (30) days following receipt of written notice from the Non-Defaulting Party demanding such cure;
- iv. Purchaser loses its rights to occupy and enjoy the Premises;
- v. If a Party becomes insolvent or is a part to a bankruptcy, reorganization, insolvency, liquidation receivership, dissolution, winding-up or relief of debtors, or any general assignment for the benefit of creditors or other similar arrangement or any event occurs or proceedings are taken in any jurisdiction with respect to the Party which has a similar effect, and, if any such bankruptcy or other proceedings were initiated by a third party, if such proceedings have not been dismissed within sixty (60) days following receipt of a written notice from the Non-Defaulting Party demanding such cure; or
- vi. Purchaser prevents Seller from installing the System or otherwise failing to perform in a way that prevents the delivery of electric energy from the System. Such Default Event shall not excuse Purchaser’s obligations to make payments that otherwise would have been due under this Agreement.
- vii. Seller fails to provide solar generated electricity for the sole use of the Purchaser for a period of greater than six (6) months not related to a Force Majeure event.

**b. Remedies.** Remedies for default, damages upon termination by default, termination payments, and obligations are detailed as follows:

- i. **Remedies for Payment Default.** If a Payment Default occurs, the Non-Defaulting Party may suspend performance of its obligations under this Agreement. Further, the Non-Defaulting Party may (A) at any time during the continuation of the Default Event, terminate this Agreement upon five (5) days prior written notice to the Defaulting Party, and (B) pursue any remedy under this Agreement, at law or in equity, including an action for damages.
- ii. **Remedies for Other Defaults.** On the occurrence of a Default Event other than a Payment Default, the Non-Defaulting Party may (A) at any time during the continuation of the Default Event, terminate this Agreement or suspend its performance of its obligations under this Agreement, upon five (5) days prior written notice to the Defaulting Party, and (B) pursue any remedy under this Agreement, at law or in equity, including an action for damages. Nothing herein shall limit either Party’s right to collect damages upon the occurrence of a breach or a default by the other Party that does not become a Default Event. If Purchaser

## POWER PURCHASE AGREEMENT (“PPA”)

terminates this contract without cause prior to commencement of System installation, a five thousand (\$5,000) design cancellation fee shall also apply in addition to any other remedy available to Seller.

iii. **Damages Upon Termination by Default.** Upon a termination of this Agreement by the Non-Defaulting Party as a result of a Default Event by the Defaulting Party, the Defaulting Party shall pay a Termination Payment to the Non-Defaulting Party determined as follows (the “**Termination Payment**”):

- A. **Purchaser.** If Purchaser is the Defaulting Party and Seller terminates this Agreement, the Termination Payment to Seller shall be equal to for any given Contract Year, the amount set forth on **Exhibit 4, Attachment A** attached hereto. The Parties agree that actual damages to Seller in the event this Agreement terminates prior to the expiration of the Term as the result of a Default Event by Purchaser would be difficult to ascertain, and the applicable Termination Payment is a reasonable approximation of the damages suffered by Seller as a result of early termination of this Agreement.
- B. **Seller.** If Seller is the Defaulting Party and Purchaser terminates this Agreement, the Termination Payment to Purchaser shall be equal to the sum of (1) the net present value (using a discount rate of prime +2%) of the excess, if any, of the reasonably expected cost of electric energy from the Utility over the Contract Price for the reasonably expected production of the System for the remainder of the Initial Term or the then current Additional Term, as applicable; (2) all costs reasonably incurred by Purchaser in re-converting its electric supply to service from the Utility; (3) any removal costs incurred by Purchaser, and (4) any and all other amounts previously accrued under this Agreement and then owed by Seller to Purchaser. The Termination Payment shall not be less than zero.
- C. **Obligations Following Termination.** If a Non-Defaulting Party terminates this Agreement pursuant to this **Section 13(b)**, then following such termination, Seller shall, at the sole cost and expense of the Defaulting Party, remove the equipment constituting the System. The Non-Defaulting Party shall take all commercially reasonable efforts to mitigate its damages as the result of a Default Event.

### 14. **Representations, Warranties and Covenants**

- a. **General Representations and Warranties.** Each Party represents and warrants to the other the following as of the Effective Date:

## POWER PURCHASE AGREEMENT (“PPA”)

- i. Such Party is duly organized, validly existing, and in good standing under the laws of the jurisdiction of its formation; the execution, delivery and performance by such Party of this Agreement have been duly authorized by all necessary corporate, partnership or limited liability company action, as applicable, and do not and shall not violate any law; and this Agreement is valid obligation of such Party, enforceable against such Party in accordance with its terms (except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other similar laws now or hereafter in effect relating to creditors’ rights generally).
  - ii. Such Party has obtained all licenses, authorizations, consents, and approvals required by any Governmental Authority or other third party and necessary for such Party to own its assets, carry on its business and to execute and deliver this Agreement; and such Party is in compliance with all laws that relate to this Agreement in all material respects.
- b. **Purchaser’s Representations, Warranties and Covenants.** Purchaser represents and warrants to the Seller the following as of the Effective Date and covenants throughout the Term:
  - i. **License.** Purchaser has title to or a leasehold or other property interest in the Premises. Purchaser has the full right, power and authority to grant the License contained in Section 8(a). Such grant of the License does not violate any law, ordinance, rule or other governmental restriction applicable to Purchaser or the Facility and is not inconsistent with and will not result in a breach or default under any agreement by which Purchaser is bound or that affects the Facility. If Purchaser does not own the Premises or Facility, Purchaser has obtained all required consents from the owner of the Premises and/or Facility to grant the License and enter into and perform its obligations under this Agreement.
  - ii. **Other Agreements.** Neither the execution and delivery of this Agreement by Purchaser nor the performance by Purchaser of any of its obligations under this Agreement conflicts with or will result in a breach or default under any agreement or obligation to which Purchaser is a party or by which Purchaser or the Facility is bound.
  - iii. **Accuracy of Information.** All information provided by Purchaser to Seller, as it pertains to the Facility’s physical configuration, Purchaser’s planned use of the Facility, and Purchaser’s estimated electricity requirements, is accurate in all material respects.
  - iv. **Purchaser Status.** Purchaser is not a public utility or a public utility holding company and is not subject to regulation as a public utility or a public utility holding company.
  - v. **Hazardous Substances.** There are no hazardous substances at, on, above, below, or near the Premises.

## POWER PURCHASE AGREEMENT ("PPA")

- vi. **No Pool Use.** No electricity generated by the System will be used to heat a swimming pool.

### 15. **System and Facility Damage and Insurance.**

#### a. **System and Facility Damage.**

- i. **Seller's Obligations.** If the System is damaged or destroyed other than by Purchaser's gross negligence or willful misconduct Seller shall promptly repair and restore the System to its pre-existing condition; provided, however, that if more than fifty percent (50%) of the System is destroyed during the last five (5) years of the Initial Term or during any Additional Term, Seller shall not be required to restore the System, but may instead terminate this Agreement, unless Purchaser agrees (A) to pay for the cost of such restoration of the System or (B) to purchase the System "AS-IS" at its Fair Market Value as determined in accordance with Section 16(c).

- ii. **Purchaser's Obligations.** If the Facility is damaged or destroyed by casualty of any kind or any other than Seller's gross negligence or willful misconduct, such that the operation of the System and/or Purchaser's ability to accept the electric energy produced by the System are materially impaired or prevented, Purchaser shall promptly repair and restore the Facility to its pre-existing condition; provided, however, that if more than 50% of the Facility is destroyed during the last five years of the Initial Term or during any Additional Term, Purchaser may elect either (A) to restore the Facility or (B) to pay the Termination Payment and all other costs previously accrued but unpaid under this Agreement and thereupon terminate this Agreement.

#### b. **Insurance Coverage.** At all times during the Term, Seller and Purchaser shall maintain the following insurance:

- i. **Seller's Insurance.** Seller shall maintain (A) property insurance on the System for the replacement cost thereof, (B) commercial general liability insurance with coverage of at least \$1,000,000 per occurrence and \$2,000,000 annual aggregate, (C) employer's liability insurance with coverage of at least \$1,000,000 and (iv) workers' compensation insurance as required by law.

- ii. **Purchaser's Insurance.** Purchaser shall maintain commercial general liability insurance coverage of at least 1,000,000 dollars (\$1,000,000) per occurrence and 2,000,000 dollars (\$2,000,000) annual aggregate.

#### c. **Policy Provisions.** All insurance policies provided hereunder shall (i) contain a provision whereby the insurer agrees to give the party not providing the insurance (A) not less than ten (10) days written notice before the insurance is cancelled, or terminated as a result of non-payment of premiums, or (B) not less than thirty (30) days written notice before the insurance is otherwise cancelled or terminated, (ii) be written on an occurrence basis, and (iii) be maintained with companies either rated no less than A-VII as to Policy Holder's Rating in the current edition of A.M. Best's Insurance Guide or otherwise reasonably acceptable to the other party.

## POWER PURCHASE AGREEMENT ("PPA")

- d. **Certificates.** Upon the other Party's request, each Party shall deliver the other Party certificates of insurance evidencing the above required coverage. A Party's receipt, review or acceptance of such certificate shall in no way limit or relieve the other Party of the duties and responsibilities to maintain insurance as set forth in this Agreement.
- e. **Deductibles.** Unless and to the extent that a claim is covered by an indemnity set forth in this Agreement, each Party shall be responsible for the payment of its own deductibles.

### 16. **Ownership; Option to Purchase.**

- a. **Ownership of System.** Throughout the Term (except as otherwise permitted in Section 19) Seller shall be the legal and beneficial owner of the System at all times, including all Environmental Attributes (unless otherwise specified on Exhibit 1), and the System shall remain the personal property of Seller and shall not attach to or be deemed a part of, or fixture to, the Facility or the Premises. Each of the Seller and Purchaser agree that the Seller (or the designated assignee of Seller permitted under Section 19) is the tax owner of the System and all tax filings and reports will be filed in a manner consistent with this Agreement. The System shall at all times retain the legal status of personal property as defined under Article 9 of the Uniform Commercial Code. Purchaser covenants that it will use commercially reasonable efforts to place all parties having an interest in or a mortgage, pledge, lien, charge, security interest, encumbrance or other claim of any nature on the Facility or the Premises on notice of the ownership of the System and the legal status or classification of the System as personal property. If there is any mortgage or fixture filing against the Premises which could reasonably be construed as prospectively attaching to the System as a fixture of the Premises, Purchaser shall provide a disclaimer or release from such lienholder. If Purchaser is the fee owner of the Premises, Purchaser consents to the filing of a disclaimer of the System as a fixture of the Premises in the office where real estate records are customarily filed in the jurisdiction where the Facility is located. If Purchaser is not the fee owner, Purchaser will obtain such consent from such owner. Upon request, Purchaser agrees to deliver to Seller a non-disturbance agreement in a form reasonably acceptable to Seller from the owner of the Facility (if the Facility is leased by Purchaser), any mortgagee with a lien on the Premises, and other Persons holding a similar interest in the Premises. To the extent that Purchaser does not own the Premises or Facility, Purchaser shall provide to Seller immediate written notice of receipt of notice of eviction from the Premises or Facility or termination of Purchaser's lease of the Premises and/or Facility.
- b. **Option to Purchase.** At the end of any Contract Year but no sooner than after the sixth Contract Year, and at the end of the Initial Term and each Additional Term, so long as Purchaser is not in default under this Agreement, Purchaser may purchase the System from Seller on any such date for a purchase price determined by the Seller at the fair market value of the system. Purchaser must provide a notification to Seller of its intent to purchase at least ninety (90) days and not more than one hundred eighty (180) days

## POWER PURCHASE AGREEMENT ("PPA")

prior to the end of the applicable Contract Year or the Initial Term or Additional Term, as applicable, and the purchase shall be complete prior to the end of the applicable Contract Year or the Initial Term or Additional Term, as applicable. Any such purchase shall be on an as-is, where-is basis, and Seller shall not provide any warranty or other guarantee regarding the performance of the System, provided, however, that Seller shall assign to Purchaser any manufacturer's warranties that are in effect as of the purchase, and which are assignable pursuant to their terms.

- c. **Determination of Fair Market Value.** "Fair Market Value" means, in Seller's reasonable determination: (i) the amount that would be paid in an arm's length, free market transaction, for cash, between an informed, willing seller and an informed willing buyer, neither of whom is under compulsion to complete the transaction, taking into account, among other things, the age, condition and performance of the System and advances in solar technology, provided that installed equipment shall be valued on an installed basis, shall not be valued as scrap if it is functioning and in good condition and costs of removal from a current location shall not be a deduction from the valuation, or (ii) the present value (using a discount rate of all associated future income streams expected to be received by Seller arising from the operation of the System for the remaining term of the Agreement). Seller shall determine Fair Market Value within thirty (30) days after Purchaser has exercised its option to Purchase the System. Seller shall give written notice to Purchaser of such determination, along with a full explanation of the calculation of Fair Market Value, including without limitation, an explanation of all assumptions, figures and values used in such calculation and factual support for such assumptions, figures and values. If Purchaser reasonably objects to Seller's determination of Fair Market Value within thirty (30) days after Seller has provided written notice of such determination, the Parties shall select a nationally recognized independent appraiser with experience and expertise in the solar photovoltaic industry to determine the Fair Market Value of the System. Such appraiser shall act reasonably and in good faith to determine the Fair Market Value of the System based on the formulation set forth herein and shall set forth such determination in a written opinion delivered to the Parties. The valuation made by the appraiser shall be binding upon the Parties in the absence of fraud or manifest error. The costs of the appraisal shall be borne by the Parties equally. Upon purchase of the System, Purchaser will assume complete responsibility for the operation and maintenance of the System and liability for the performance of the System, and Seller shall have no further liabilities or obligations hereunder.

### 17. **Indemnification and Limitations of Liability**

## POWER PURCHASE AGREEMENT (“PPA”)

- a. **General.** Each Party (the “**Indemnifying Party**”) shall defend, indemnify and hold harmless the other Party and the directors, officers, shareholders, partners, members, agents and employees of such other Party, and the respective affiliates of each thereof (collectively, the “**Indemnified Parties**”), from and against all loss, damage, expense, liability and other claims, including court costs and reasonable attorneys’ fees (collectively, “**Liabilities**”) resulting from any third party actions relating to the breach of any representation or warranty set forth in [Section 14](#) and from injury to or death of persons, and damage to or loss of property to the extent caused by or arising out of the negligent acts or omissions of, or the willful misconduct of, the Indemnifying Party (or its contractors, agents or employees) in connection with this Agreement; provided, however, that nothing herein shall require the Indemnifying Party to indemnify the Indemnified Party for any Liabilities to the extent caused by or arising out of the negligent acts or omissions of, or the willful misconduct of, the Indemnified Party. This [Section 17\(a\)](#) however, shall not apply to liability arising from any form of hazardous substances or other environmental contamination, such matters being addressed exclusively by [Section 17\(c\)](#).
- b. **Notice and Participation in Third Party Claims.** The Indemnified Party shall give the Indemnifying Party written notice with respect to any Liability asserted by a third party (a “**Claim**”), as soon as possible upon the receipt of information of any possible Claim or of the commencement of such Claim. The Indemnifying Party may assume the defense of any Claim, at its sole cost and expense, with counsel designated by the Indemnifying Party and reasonably satisfactory to the Indemnified Party. The Indemnified Party may, however, select separate counsel if both Parties are defendants in the Claim and such defense or other form of participation is not reasonably available to the Indemnifying Party. The Indemnifying Party shall pay the reasonable attorneys’ fees incurred by such separate counsel until such time as the need for separate counsel expires. The Indemnified Party may also, at the sole cost and expense of the Indemnifying Party, assume the defense of any Claim if the Indemnifying Party fails to assume the defense of the Claim within a reasonable time. Neither Party shall settle any Claim covered by this [Section 17\(b\)](#) unless it has obtained the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed. The Indemnifying Party shall have no liability under this [Section 17\(b\)](#) for any Claim for which such notice is not provided if that the failure to give notice prejudices the Indemnifying Party.
- c. **Environmental Indemnification.** Seller shall indemnify, defend and hold harmless all the Purchaser’s Indemnified Parties from and against all Liabilities arising out of or relating to the existence at, on, above, below or near the Premises of any Hazardous Substance (as defined in [Section 17\(c\)\(i\)](#)) to the extent deposited, spilled or otherwise caused by Seller or any of its contractors or agents. Purchaser shall indemnify, defend and hold harmless all of Seller’s Indemnified Parties from and against all Liabilities arising out of or relating to the existence at, on, above, below or near the Premises of any Hazardous Substance, except to the extent deposited, spilled or otherwise caused by Seller or any of its contractors or agents. Each Party shall promptly notify the other

## POWER PURCHASE AGREEMENT ("PPA")

Party if it becomes aware of any Hazardous Substance on or about the Premises or the Premises generally or any deposit, spill or release of any Hazardous Substance.

**"Hazardous Substance"** means any chemical, waste or other substance (A) which no or hereafter becomes defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," "extremely hazardous wastes," "restricted hazardous wastes," "toxic substances," "toxic pollutants," "pollution," "pollutants," "regulated substances," or words of similar import under any laws pertaining to the environment, health, safety or welfare, (B) which is declared to be hazardous, toxic, or polluting by any Governmental Authority, (C) exposure to which is now or hereafter prohibited, limited or regulated by any Governmental Authority, (D) the storage, use, handling, disposal or release of which is restricted or regulated by any Governmental Authority, or (E) for which remediation or cleanup is required by any Governmental Authority.

**d. Limitations on Liability.**

- i. No Consequential Damages.** Except with respect to indemnification for third party claims pursuant to this Section 17 and damages that result from the willful misconduct of a Party, neither Party nor its directors, officers, shareholders, partners, members, agents and employees subcontractors or suppliers shall be liable for any indirect, special, incidental, exemplary, or consequential loss or damage of any nature arising out of their performance or non-performance hereunder even if advised of such. The Parties agree that (1) in the event that Seller is required to recapture any Tax Credits or other tax benefits as a result of a breach of this Agreement by Purchaser, such recaptured amount shall be deemed to be direct and not indirect or consequential damages, and (ii) in the event that Seller is retaining the Environmental Attributes produced by the System, and a breach of this Agreement by Purchaser causes Seller to lose the benefit of sales of such Environmental Attributes to third parties, the amount of such lost sales shall be direct and not indirect or consequential damages.
- ii. Actual Damages.** Except with respect to indemnification for third party claims pursuant to Section 26 and damages that result from the willful misconduct of Seller, Seller's aggregate liability under this Agreement arising out of or in connection with the performance or non-performance of this Agreement shall not exceed the total payments made (or, as applicable, projected to be made) by Purchaser under this Agreement. The provisions of this Section (17)(d)(ii) shall apply whether such liability arises in contract, tort (including negligence), strict liability or otherwise. Any action against Seller must be brought within one (1) year after the cause of action accrues.

**18. Force Majeure.**

## POWER PURCHASE AGREEMENT (“PPA”)

- a. **“Force Majeure”.** Force Majeure means any event or circumstance beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure. It shall include, without limitation, failure or interruption of the production, delivery or acceptance of electricity due to: an act of god; war (declared or undeclared); sabotage; riot; insurrection; civil unrest or disturbance; military or guerilla action; terrorism; economic sanction or embargo; civil strike, work stoppage, slow-down, or lock-out; explosion; fire; earthquake; abnormal weather condition or actions of the elements; hurricane; flood; lightning; wind; drought; the binding order of any Governmental Authority (provided that such order has been resisted in good faith by all reasonable legal means); the failure to act on the part of any Governmental Authority (provided that such action has been timely requested and diligently pursued); unavailability of electricity from the utility grid, equipment, supplies or products (but not to the extent that any such availability of any of the foregoing results from the failure of the Party claiming Force Majeure to have exercised reasonable diligence); and failure of equipment not utilized by or under the control of the Party claiming Force Majeure.
- b. Except as otherwise expressly provided to the contrary in this Agreement, if either Party is rendered wholly or partly unable to timely perform its obligations under this Agreement because of a Force Majeure event, that Party shall be excused from the performance affected by the Force Majeure event (but only to the extent so affected) and the time for performing such excused obligations shall be extended as reasonably necessary; provided, that: (i) the Party affected by such Force Majeure event, as soon as reasonably practicable after obtaining knowledge of the occurrence of the claimed Force Majeure event, gives the other Party prompt oral notice, followed by a written notice reasonably describing the event; (ii) the suspension of or extension of time for performance is of no greater scope and of no longer duration than is required by the Force Majeure event; and (iii) the Party affected by such Force Majeure event uses all reasonable efforts to mitigate or remedy its inability to perform as soon as reasonably possible. The Term shall be extended day for day for each day performance is suspended due to a Force Majeure event.
- c. Notwithstanding anything herein to the contrary, the obligation to make any payment due under this Agreement shall not be excused by a Force Majeure event that solely impacts Purchaser’s ability to make payment.
- d. If a Force Majeure event continues for a period of six (6) months, one-hundred and eighty (180) days or more within a twelve (12) month period and prevents a material part of the performance by a Party hereunder, then at any time during the continuation of the Force Majeure event, the Party not claiming the Force Majeure shall have the right to terminate this Agreement without fault or further liability to either Party (except for amounts accrued but unpaid).

### 19. **Assignment and Financing.**

## POWER PURCHASE AGREEMENT (“PPA”)

- a. **Assignment.** This Agreement may not be assigned in whole or in part by either Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed. Notwithstanding the foregoing, Seller may, without the prior written consent of Purchaser, (i) assign, mortgage, pledge or otherwise collaterally assign its interests in this Agreement and the System to any Financing Party, (ii) directly or indirectly assign this Agreement and the System to an affiliate or subsidiary of Seller, (iii) assign this Agreement and the System to any entity through which Seller is obtaining financing or capital for the System and (iv) assign this Agreement and the System to any person succeeding to all or substantially all of the assets of Seller (provided that Seller shall be released from liability hereunder as a result of any of the foregoing permitted assignments only upon assumption of Seller’s obligations hereunder by the assignee). In the event of any such assignment, the Seller shall be released from all its liabilities and other obligations under this Agreement. However, any assignment of Seller’s right and/or obligations under this Agreement, shall not result in any change to Purchaser’s rights and obligations under this Agreement. ### Illinois Shines Current Brochure

## Distributed Generation with Illinois Shines

on-site solar serving the energy needs of your home or business

### What Is Illinois Shines?

Illinois Shines is a state-administered incentive program to support the development of new solar projects. Through the program, Illinois electric utilities provide payments to Approved Vendors in exchange for 15 or 20 years of Renewable Energy Credits (RECs) generated by new solar projects. Approved Vendors are solar companies that are vetted and approved to participate in Illinois Shines. Approved Vendors may use Designees, who are also registered with the program, to help with sales, marketing, and installation work.

### What Is Distributed Generation?

A distributed generation solar project generates electricity that is used on-site. It can be installed on a roof or built on the ground at a home or business.

### What Are RECs?

RECs represent the environmental attributes of the electricity generated from solar panels, but not the electricity itself. Whoever owns the RECs has the right to say they used that solar power. By participating in Illinois Shines, the RECs from your solar project will be transferred to an Illinois electric utility. The sale of your RECs will not affect your solar project's production or your ability to use the electricity generated by your solar project. Utilities purchase RECs to meet their obligation to supply a certain amount of power from renewable energy. **For more information on RECs, see a video at [vimeo.com/113250210](https://www.youtube.com/watch?v=113250210)**

### Will I Be Paid Directly For the RECs My Solar Project Generates?

Your Approved Vendor will receive an incentive payment from the electric utility for the RECs your project will generate over time. Your Approved Vendor may pass along a portion of the incentive payment to you, or they may use the payment to reduce the amount you pay for your solar project (such as a lower purchase price or lower lease rate). **If your Approved Vendor passes along part of the incentive payment to you, this may happen several months after your project is installed.** Illinois Shines is not a rebate program, and the State of Illinois **does not** make direct payments to customers.

You can view an ADA accessible version of this document at [www.illinoisshines.com/accessible](http://www.illinoisshines.com/accessible).

### What Are the Ownership and Financing Options When Installing Solar?

The most common options are 1) PURCHASE: buy the project outright or finance with a loan 2) LEASE: make regular payments to the project owner, or 3) POWER PURCHASE AGREEMENT (PPA): pay the project owner for the electricity generated by the project at an agreed upon per kilowatt-hour rate. If you lease or sign a PPA, you don't own the solar project, but you get to use the electricity generated by the solar project.

When deciding on the best option for you, consider:

- If you're buying the project, how much will it cost? Will you take out a loan to pay for it? How do the loan payments compare to projected reductions in your monthly electric bill?
- If you're leasing the project, how much is your monthly lease payment? How does that compare to projected reductions in your monthly electric bill? Do you have to put money down at the start?
- If you're signing a PPA for the project, how much is the per kilowatt-hour price for the energy produced? How does that compare to your current electricity rate? Do you have to put money down at the start?
- Does your lease or PPA include an escalation clause that increases the amount of payments over time? If so, by how much do payments increase?

### **BACKGROUND INFORMATION:**

As part of the DPS 1:1 program, older iPads must be replaced with new devices. High school students currently have an iPad 8.

### **CURRENT CONSIDERATIONS:**

This recommendation would purchase 2,500 iPad 11's. These iPads will be issued to high school students fall of 2025.

The insurance cases provide 3 years of unlimited repairs for each iPad. As part of the White Glove Service, AGi will receive the iPad shipment from Apple, apply the asset tags, and install the protective cases.

### **FINANCIAL CONSIDERATIONS:**

Half of the iPad cost, \$405,000, will be paid from the FY25 Information Technology budget. Apple is offering 90-days same as cash. The remaining balance of \$405,000 will be paid during the next fiscal year, FY26, after July 1<sup>st</sup>, 2025.

The cost of the 2,500 insurance cases is \$147,500.00 and the cost of the White Glove Service is \$26,250.00 and would be funded by the FY25 Information Technology budget. The total cost of the insurance cases and White Glove Service is \$173,750.00.

The total cost of the iPads, insurance cases, and White Glove Service is \$983,750.00.

### **STAFF RECOMMENDATION:**

The Administration respectfully requests the Board of Education approve the High School iPad Refresh in the amount of \$983,750.00, as presented.

**DEFERRED PAYMENT AGREEMENT**

Obligor agrees to purchase the equipment and / or software fees described above (the "Equipment"). Obligor agrees to the terms and conditions of this DEFERRED PAYMENT AGREEMENT (the "AGREEMENT"). Obligor agrees to pay payment(s) shown above on or before the PAYMENT DATE. Obligor is responsible for arranging delivery of the Equipment. Additionally, in order to maintain Payee's rate of return, Obligor authorizes Payee to adjust the PAYMENT by not more than 15% if the cost of the Equipment or taxes is more or less than the supplier's estimate. The AGREEMENT will begin when the Equipment described above is delivered and installed. Obligor's signature on this AGREEMENT shall be deemed as Obligor's unconditional acceptance of delivery and installation of the Equipment.

**TERM:** This AGREEMENT is effective on the date when the term of this AGREEMENT and Obligor's obligation to pay the PAYMENT commences, which date shall be the date set forth above on which the Obligor accepted the Equipment (the "Commencement Date") and continues thereafter for a term that shall end on the earlier of either the Payment Date or at the end of the Obligor's Current Fiscal Year, as defined below in the section titled Certificate of Appropriation. In the event that the Payment Date falls within a budget year subsequent to the Current Fiscal Year, the Obligor may appropriate amounts to be paid in the Obligor's subsequent fiscal year ("Next Fiscal Year"); provided, however, that at the end of the Current Fiscal Year and until the PAYMENT DATE, Obligor shall be deemed to have continued this AGREEMENT for the Next Fiscal Year unless Obligor shall have paid the PAYMENT in full on or before the PAYMENT DATE or terminated this AGREEMENT in accordance with the section titled NONAPPROPRIATION. The Obligor's obligation to pay the Payment and Obligor's other obligations set forth herein are absolute and unconditional and are not subject to cancellation, reduction, setoff or counterclaim, except as provided in the section titled NONAPPROPRIATION herein. THIS AGREEMENT IS NON-CANCELABLE EXCEPT AS PROVIDED IN THE SECTION TITLED NONAPPROPRIATION.

**CONTINUATION OF TERM:** Obligor currently intends, subject to the section titled NONAPPROPRIATION, to continue through the Current Fiscal Year and the Next Fiscal Year, if applicable, and to pay the PAYMENT hereunder. In the event that the PAYMENT DATE is due in the Next Fiscal Year, Obligor reasonably believes that legally available funds in an amount sufficient to make the PAYMENT due in the Next Fiscal Year can be obtained. The responsible financial officer of Obligor shall do all things lawfully within his or her power to obtain and maintain funds from which the PAYMENT may be made, including making provision for such PAYMENT to the extent necessary in each proposed annual budget submitted for approval in accordance with applicable procedures of Obligor and to exhaust all available reviews and appeals in the event such portion of the budget is not approved. Notwithstanding the foregoing, the decision whether or not to budget or appropriate funds or to extend this AGREEMENT for the Next Fiscal Year is solely within the discretion of the then current governing body of Obligor.

**LATE FEES AND COLLECTION CHARGES:** If any payment or other amount payable to Payee is not paid by its due date, Obligor agrees to pay Payee a late charge of 2.5% of the amount which is late. To the extent allowed by law, each late payment or non-payment of any past due amount will also accrue interest at the lower of 18% per annum or the highest legal rate from the due date until paid.

**NO WARRANTY:** Payee is financing the Equipment to Obligor as is. Obligor acknowledges that Payee is not the manufacturer of the Equipment and that Obligor has selected the Equipment and the supplier based on Obligor's own judgment. Payee makes no warranties, expressed or implied, including warranties of merchantability or fitness for a particular purpose in connection with this AGREEMENT. Payee shall not be liable for special, resulting or consequential damages or loss of profit occasioned by any breach of warranty or representation or resulting from the use or performance of the Equipment. Obligor agrees to continue making payments to Payee under this AGREEMENT, regardless of any claims Obligor asserts against the manufacturer or supplier.

**CERTIFICATION OF APPROPRIATION:** Obligor certifies that the PAYMENT due as set forth in this AGREEMENT for the fiscal year beginning \_\_\_\_\_, and ending \_\_\_\_\_ (the "Current Fiscal Year"), has been budgeted and is within an available, unexhausted and encumbered appropriation for the Obligor.

**NONAPPROPRIATION:** Obligor is obligated only to pay the PAYMENT under this AGREEMENT as may lawfully be made from funds budgeted and appropriated for that purpose during Obligor's then current budget year. If Obligor fails to appropriate or otherwise make available funds to pay the PAYMENT required to be paid in the Current Fiscal Year or the Next Fiscal Year, this AGREEMENT shall be deemed terminated at the end of the applicable fiscal year. Obligor agrees to deliver written notice to the Payee of such termination at least sixty (60) days prior to the end of the applicable fiscal year, but failure to give such notice shall not extend the term of this AGREEMENT beyond the then applicable fiscal year. If this AGREEMENT is terminated in accordance with this Section, Obligor agrees, at Obligor's cost and expense, to peacefully deliver the Equipment to the Payee at the location or locations specified by the Payee. The parties agree that this Section is not intended to permit the Obligor to terminate this AGREEMENT at will or for convenience.

**ABSOLUTE OBLIGATION: OBLIGOR'S OBLIGATION TO PAY PAYMENTS AND OTHER SUMS AND ALL OTHER OBLIGATIONS HEREUNDER SHALL BE ABSOLUTE AND UNCONDITIONAL AND ARE NOT SUBJECT TO ANY ABATEMENT, SETOFF, DEFENSE OR COUNTERCLAIM FOR ANY REASON WHATSOEVER.**

**EQUIPMENT LOCATION USE AND REPAIR:** Obligor will keep and use the Equipment only at the location shown above. Obligor agrees that the Equipment cannot be moved without advance written permission. Obligor is responsible for keeping the Equipment in good repair, condition, and working order. Any and all alterations, modifications and attachments to the Equipment, which cannot be readily removed without damaging the function, use or economic value of the Equipment, shall immediately become a part of the Equipment and property of the Payee. Except for normal wear and tear, Obligor shall protect the Equipment from damage or any kind of loss and will continue to make payments if any damage or loss occurs. Payee is not responsible for any losses or damages caused by the installation or use of the Equipment, or from any other kind of loss while Obligor has the Equipment. If Obligor elects to return the Equipment to Payee, it must be returned to the location that Payee designates at Obligor's expense.

**OWNERSHIP, TITLE AND UCCs:** Obligor is the owner of the Equipment and has title to the Equipment, and to secure payment when due, Obligor hereby conveys and grants to Payee a continuing first priority security interest in and to the Equipment and authorizes Payee to file a financing statement and any amendments or termination statement or other documents it may deem necessary to protect its interest in the Equipment and proceeds of the Equipment under this AGREEMENT.

**REPRESENTATIONS AND WARRANTIES:** Obligor represents, warrants and covenants for the benefit of Payee as follows:  
a) Obligor is a municipal corporation and political subdivision or an instrumentality of the State and a public corporation duly organized and existing under the constitution and laws of the State.  
b) Obligor is authorized under the constitution and laws of the State to enter into this AGREEMENT and the transaction contemplated hereby and to perform all of its obligations hereunder.

c) Obligor represents and warrants that this AGREEMENT is a legally valid and binding obligation of the Obligor, enforceable according to its terms, except to the extent limited by applicable bankruptcy, insolvency, reorganization or other laws affecting creditors' rights generally; and the person executing this AGREEMENT is legally authorized to bind the Obligor as provided herein.

d) Obligor has complied with such public bidding requirements as may be applicable to this AGREEMENT and the acquisition by Obligor of the Equipment hereunder.

e) All authorizations, consents and approvals of governmental bodies or agencies required in connection with the execution and delivery by the Obligor of this AGREEMENT or in connection with the carrying out by the Obligor of its obligations hereunder have been obtained.

f) The entering into and performance of this AGREEMENT to which the Obligor is or is to be a party will not violate any judgment, order, law or regulation applicable to the Obligor or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest of other encumbrance on any assets of the Obligor or the Equipment pursuant to any indenture, mortgage, deed of trust, bank loan or credit agreement or other instrument to which the Obligor is a party or by which it or its assets may be bound, except as herein provided.

g) The Equipment described in this AGREEMENT is essential to the function of the Obligor or to the service Obligor provides. The Equipment will be used by Obligor only for the purpose of performing one or more of Obligor's governmental or proprietary functions consistent with the permissible scope of Obligor's authority and will not be used in the trade or business of any other entity or person.

h) Obligor has never failed to appropriate or otherwise make available funds sufficient to pay rental or other payments coming due under any lease purchase, installment sale or other similar agreement.

**INSURANCE:** Obligor will provide at Obligor's expense, property insurance for the Equipment, naming Payee as loss payee. Obligor will also obtain a public liability insurance policy covering any personal injury or third-party property damage, naming Payee as an additional insured. Obligor will provide Payee evidence of such insurance when requested.

**TAXES:** Obligor will pay, when due, all taxes, fines and penalties relating to the ownership, shipment, delivery, use or operation of the Equipment or upon or measured by any payment due under this AGREEMENT (other than taxes on or measured solely by the net income of the Payee) and any fines, penalties and interest thereon. Obligor will indemnify and hold harmless Payee from, all registration, recording, title, license and other fees, assessment and sales, use, gross receipts, ad valorem, property and any and all other taxes imposed by any State, Federal, or local government with respect to this AGREEMENT. The PAYMENT shown above does not include any applicable taxes, unless otherwise noted above in the Repayment Schedule. Obligor agrees to pay the tax and fees in addition to the PAYMENT. If Payee pays any taxes, fees or penalties for Obligor, Obligor will pay Payee on demand the amount Payee has paid on Obligor's behalf.

**DEFAULT:** Subject to the section titled NONAPPROPRIATION, if Obligor does not pay THE PAYMENT by the PAYMENT DATE, or Obligor breaks any of the terms or conditions of this AGREEMENT, Obligor will be in default of this AGREEMENT. If Obligor defaults, Payee may require any combination of the following: Payee may declare the entire remaining balance of the AGREEMENT immediately due and payable; sue for and receive the PAYMENT and any and all amounts then accrued or accelerated under this AGREEMENT; charge Obligor interest on all monies due to Payee at the rate of eighteen percent (18%) per year from the date of default until paid, but in no event more than the maximum rate permitted by law and require that Obligor return the Equipment to Payee and, if Obligor fails to return the Equipment, enter upon the premises peaceably with or without legal process where the Equipment is located and repossess the Equipment. Payee can use any and all remedies available to Payee under the Uniform Commercial Code or any other law. If Payee has to take possession of the Equipment, Obligor agrees to pay the cost of repossession. Obligor agrees Payee is not responsible for any consequential or incidental damages related to the default or actions taken by Payee in the event of default. Obligor agrees to pay Payee reasonable attorney's fees and costs associated with any legal action Payee may take in the event of Obligor's default. In the event of Obligor default under this AGREEMENT, Payee may retain any security deposits to insure Obligor performance under this AGREEMENT.

**ASSIGNMENT:** Obligor has no right to sell, transfer, assign or lease the Equipment or this AGREEMENT. Payee may sell, assign or transfer this AGREEMENT or Payee's rights in the Equipment without notice to Obligor. Obligor agrees that if Payee sells, assigns or transfers this AGREEMENT, the new owner will have the same rights or benefits Payee has now. Obligor agrees that the rights of the new owner will not be subject to any claim, defense or setoff that Obligor may have against Payee.

**CHOICE OF LAW:** This AGREEMENT shall be governed by and interpreted according to the laws of the State in which Obligor is located.

**AGREEMENT:** Obligor agrees that the terms and conditions contained in this AGREEMENT make up the entire agreement between Payee and Obligor regarding the purchase of the Equipment. Any change in any of the terms and conditions of this AGREEMENT must be in writing and signed by Payee. Obligor agrees that any delay or failure to enforce Payee rights under this AGREEMENT does not prevent Payee from enforcing any right at a later time. All of Payee rights and indemnities will survive the termination of this agreement. This AGREEMENT may not be terminated early. This AGREEMENT is not binding on Payee until Payee signs below.

**FACSIMILE DOCUMENTATION AND MISCELLANEOUS:** Obligor agrees that this AGREEMENT may be executed in counterparts and any facsimile, photographic or other electronic transmission and/or electronic signing of this AGREEMENT by Obligor when manually countersigned by Payee or attached to Payee's original signature counterpart and/or in Payee's possession shall constitute the sole original chattel paper as defined in the UCC for all purposes and will be admissible as legal evidence thereof. At Payee's option, Payee may require a manual signature.

<b>Date:</b> March 18, 2025	<b>Subject:</b> Prep Academy MacBook Purchase
<b>Initiated By:</b> Maurice Payne, Director of IT, and Ashley Grayned, Executive Director of Strategic Planning & Innovative Programs	<b>Attachments:</b> Prep Academy MacBooks - Apple Quote
<b>Reviewed By:</b> Dr. Larry Gray, Assistant Superintendent	

### BACKGROUND INFORMATION:

The Prep Academy is a joint sponsored program between DPS and Richland Community that is unique to DPS students. DPS enrolled students enrolled in the Prep Academy will have the opportunity to participate in Dual Credit classes that will enhance the student's ability to complete academic requirements necessary to earn and achieve all degree requirements for an Associate's of Arts Degree and a high school diploma concurrently. This program is intended to promote academic success for students so that they achieve their potential through the efforts of RCC and DPS.

Students enrolled in the Prep Academy will utilize the use of Macbooks to be more efficient in their work as they transition through their courses. As it stands currently, the ipads are not the best source of technology that will support the student's efficiency in their work. The Macbook offers a keyboard, word processing, and other software that will ensure the students have the technology resources needed to complete their work accurately, efficiently, and effectively.

Strategic Plan alignment "We will ensure unique, innovative learning experiences for all students."

### CURRENT CONSIDERATIONS:

IT would supply Prep Academy cohort 4 students with MacBooks. The MacBooks would be protected by a Brenthaven case that provides 4 years of insurance coverage.

### FINANCIAL CONSIDERATIONS:

This purchase would be paid from the FY25 Information Technology budget in the amount \$43,950.00.

### STAFF RECOMMENDATION:

The Administration respectfully requests the Board of Education approve the Prep Academy MacBook Purchase in the amount of \$43,950.00, as presented.

### **BACKGROUND INFORMATION:**

In January 2025, Decatur Public Schools received a significant amount of School Improvement Funds. These funds need to be spent prior to September 1, 2025 or they will be forfeited by the district. The School Improvement Grant (SIG) 1003(g) program is authorized by the federal Elementary and Secondary Education Act (ESEA). These grants are awarded to States for the purpose of providing assistance for school improvement. Furthermore, priority must be given to the local educational agencies with the lowest-achieving schools that demonstrate the greatest need for such funds, as well as the strongest commitment to ensuring that such funds are used to provide adequate resources to enable the lowest-achieving schools to meet the goals.

### BACKGROUND INFORMATION:

In January 2025, Decatur Public Schools received a significant amount of School Improvement Funds. These funds need to be spent prior to September 1, 2025 or they will be forfeited by the district. The School Improvement Grant (SIG) 1003(g) program is authorized by the federal Elementary and Secondary Education Act (ESEA). These grants are awarded to States for the purpose of providing assistance for school improvement. Furthermore, priority must be given to the local educational agencies with the lowest-achieving schools that demonstrate the greatest need for such funds, as well as the strongest commitment to ensuring that such funds are used to provide adequate resources to enable the lowest-achieving schools to meet the goals.

### CURRENT CONSIDERATIONS:

Parsons Elementary School is purchasing Phonics Core Programs for their students through 95 Percent Group.

### FINANCIAL CONSIDERATIONS:

95 Percent Group Phonics Core Program for students at Parsons Elementary School costs \$36,593.60. Title I - 1003a School Improvement Grant funds will be utilized for this purchase.
