## SCHOOL ADMISSION PROCEDURE

All students must register for school each year on the dates and at the places designated by the Superintendent.

Students enrolling in the District for the first time must present a birth certificate or other reliable proof of identity and age, as well as proof of residence. Refer to *Health Requirements* in this publication for specific medical and dental requirements. Refer any enrollment questions to the school secretary.

### Age of Entrance

To be eligible for admission into Kindergarten a child must be 5 years old on or before September 1 of that school term. A child entering first grade must be six years of age on or before September 1 of that school year. Based upon an assessment of the child's readiness to attend Kindergarten the District may permit him or her to attend school prior to these dates, if the child is at least 4 years, 6 months by June 1. A child will also be allowed to attend first grade based upon an assessment of his or her readiness if he or she attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will be six years old on or before December 31. A child with exceptional needs who qualifies for special education services is eligible for admission at three years of age. Early entrance to kindergarten or first grade may also be available through Board policy 6:135, *Accelerated Placement Program*.

### Athletic Fee

Any Middle or High school student who is participating in an Athletic Activity is required to pay athletic fees as described. Fee maximums apply per FAMILY/per BUILDING.

Elementary and Middle School (grades K – 8): \$10 per sport/ \$50 maximum per family/per building

High School (grades 9 – 12) - \$20 per sport/ \$100 maximum per family/per building

### Instructional Materials Fee

Each pupil is required to pay an instructional materials fee at the time of registration. Fees for the 2023-2024 school year are:

*Early Childhood-Grade 6.....\$80.00*

*Grades 7-12.....\$100.00*

The instructional materials fees are applied toward the purchase of basic and supplemental tests, hard-cover, paperback, periodicals, workbooks, and other related materials. Additional replacement costs are charged for materials lost or damaged beyond normal wear.

A student shall be eligible for a fee and fine waiver when:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program;
2. The student's parents/guardians are veterans or active-duty military personnel with income at or below 200% of the federal poverty line; or
3. The student is homeless, as defined in the McKinney-Vento Homeless Assistance Act (42 U.S.C. §11434a).

The Superintendent or designee will give additional consideration when one or more of the following factors are present:

- Illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;

- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

If a student receiving a waiver is found to be no longer eligible during the school year, the Superintendent or designee shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District shall follow the procedures for the resolution of appeals as provided in the ISBE rule on waiver of fees.

The District qualifies under the USDA Eligibility Provision (CEP) to provide breakfast and lunch to each child in the District at no charge to the student. The CEP designation does not qualify the child for free textbooks. In order to qualify for free textbooks, the child must be identified by the State as a "Direct Certification" student, or the parent must complete the appropriate application and file the paperwork with Aramark Services for evaluation. We strongly encourage all parents to complete the CEP form as part of the registration process to help offset the Instructional Materials Fees. Students who do not qualify will be notified by Aramark and the full instructional materials fee will apply.

Parents may establish a payment schedule with the school if they are unable to pay the entire fee at registration. Fees must be paid in full by February 1 to avoid credit bureau collection.

Students attending Macon-Piatt Special Education Programs from county school districts should register in their resident (county) school and pay the instructional materials fees required of that district. Decatur Public Schools will seek instructional materials fees from the Macon-Piatt Special Education District, rather than directly from the pupil.

### **Decatur Public Schools Check Policy**

If your check is returned, you authorize Decatur Public School District 61 and its agents to collect this item electronically through eCashFlow Services. The check writer will be assessed a check collection fee as allowed by law and will be responsible for all other collection costs.

### **Emergency Phone Contact**

In any school emergency, parents are immediately notified. The State of Illinois requires parents to provide the working telephone numbers of two responsible adults to be contacted when parents are not available. Failure to comply with this requirement may result in the student being denied the privilege of school attendance.

Examinations shall be conducted within one year prior to the date of first entry into Kindergarten or first entry into an Illinois school, and submitted to the school on or before the first day of school.

A student may be exempted from this policy's requirements on religious grounds if the student's parents/guardians present to the Superintendent or designee a signed Certification of Religious Exemption explaining the objection, and **shall be signed by a health care provider** that they have provided education to the parents or legal guardians about the benefits of immunizations and the health risks of not vaccinating students. A student may be exempted from immunizations on medical grounds if a physician provides a written verification on the examination form. All statements of medical exemption must be approved by the Illinois Department of Public Health. Parents/guardians will receive "Student Health Guidelines" which further explain all health requirements and policies required under 77 Illinois Administrative Code 665.280 and 665.520.

### **Magnet and Montessori Schools**

The parent/guardian must fill out a magnet application online through Schoolmint and attend a mandatory orientation before the student will be considered as entered into the Magnet lottery. This must be done within the time period of the open lottery. The available seats are limited in these programs, so please take the time to make sure that the program you are applying for is the best program for your specific student's needs. If your child is accepted at one of the Magnet schools, you will also need to fill out the required registration paperwork. Once you have accepted a seat at the school and the school year has started, your child will be required to remain at the location for that current school year. If you wish to remove your child from a Magnet school for the following school year, you must do so in writing before May 1st. If you move out of the DPS boundary or leave the program, you will need to complete the lottery process again to attempt to re-enter for the following school year. Any families who are awarded a spot in a magnet program will be required to sign a magnet compact when registering.

**Students coming into the PreK program at Montessori Academy for Peace must be potty trained.**

**Magnet Compact** Link This signature will acknowledge that families understand that if the Code of Conduct is violated, consequences will range from: parent contact thru magnet status revocation with

the student returning to their home attendance center. **If your student's magnet status is revoked, they will not be allowed to return to the magnet school the following school year.**

### **Cafeteria Services**

A complete Type A Breakfast and Type A Lunch is available in every school to every student at no charge to the student. The Type A lunch and breakfast consist of a combination of hot and cold foods prepared to meet a significant portion of the minimum daily nutritional requirements for good health, as established by the U.S. Department of Agriculture under the National School Lunch Act. Students are urged to eat the Type A lunch and breakfast each day, thereby assuring themselves of at least two well-balanced meals daily. Students may bring a lunch from home or participate in the school lunch program.

### **Transportation**

For student transportation information, or to make special arrangements or address changes concerning your child's transportation, **please contact the school** that your child attends. **DO NOT** call the bus company or the Keil building—all changes **MUST** go through your school office.

Changes made during the course of the school year require a minimum of three days to become effective. Parents may be required to provide transportation for the student to and from school during this time.

Parents or legal guardians who provide transportation to and from school, because free transportation was not available for their students, may be eligible to receive money from the State of Illinois to help offset some costs for Decatur Public Transit bus fares or for private automobiles at the current approved rate. Your student must be under 21 on June 5th, be a full-time student, and reside more than one and one-half miles from school to be eligible. If you want to file a claim, you must go to the school your student attends by June 15th and file the claim in person. Funding of this program is determined by the State General Assembly and is not controlled by Decatur Public Schools.

### **ISBE (Illinois State Board of Education) Pupil Transportation Frequently Asked Questions**

- **Is the district required to transport students who live less than one and one-half miles from their assigned attendance center?**

No. School Board may provide transportation for pupils living less than one and one-half miles as measured by the customary route of travel from the school attended and may make a charge for such transportation in an amount not to exceed the cost thereof, which shall include a reasonable allowance for depreciation of the vehicles so used. Statutory Citation: 105 ILCS 5/29-2.

- **~~How does the district determine the distance of one and one-half miles~~ **is the one and one-half miles measured?****

~~Article 29 of the Illinois School Code (105 ILCS 5/29-3), states that the distance shall be measured from the exit of the residence property to the point of where pupils are normally unloaded at the school attended by determining the shortest distance on normally traveled roads or streets. Pupils can also be required to walk up to one and one-half miles from their residence to a pick-up point regardless of the distance traveled by bus.~~ **State statute defines the measurement as the distance from the exit of the property where the pupil resides to the point where pupils are normally unloaded at the school attended; such distance shall be measured by determining the shortest distance on normally traveled roads or streets**

- ~~Does the district have to provide door-to-door transportation~~ **Are districts required to provide door-to-door transportation for prekindergarten or elementary students?**

~~No. Door-to-door transportation is provided only for special needs students whose Individualized Education Program (IEP) requires a child to be picked up at the door. Children under the age of five can be considered special needs by age alone; however, parents are expected to get the child to the curb for transportation purposes. All students in grades K through 12 can be expected to walk to a pick-up point up to one and one-half miles from their home, regardless of the distance they travel by the school bus. No, unless it is required per the Individualized Education Program (IEP) of a student with disabilities. Parents/guardians are responsible to see that the child is at the scheduled bus stop in time to board the school bus to go to school and be at the bus stop upon the child's return at the end of the school day.~~

- **Who determines the locations of the bus stops (pickup/drop-off points)?**

The **local** school board of the district is required to establish the bus stops (pickup/drop-off points) for eligible students at a point located not more than one and one-half miles from the exit of the property of each pupil assigned to such point. The school district is **not** required to provide door-to-door service. Statutory Citation: 105 ILCS 5/29-3

### **School Bus Safety Rules**

- Be aware of moving traffic and pay attention to your surroundings.
- Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.

- Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
- Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.

- Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers.
- Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
- Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take at least five giant steps (10 feet) away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.

- Never run back to the bus, even if you dropped or forgot something.

### **Audio/Video Recording on the Bus**

Electronic visual and audio recordings may be used to monitor conduct and to promote and maintain a safe environment on the school bus. Students who damage the bus, including tampering with electronic recording devices on the bus, will be responsible for the cost of any necessary repairs or replacement and may be subject to discipline. Decatur Public School District's bus policy is set forth in Board Policy 7:220.

## ATTENDANCE & TRUANCY

### **Definitions**

**Truant** - A “truant” is a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion thereof. Truant also includes students who are absent for one or more class periods within the school day whose absence cannot be accounted for.

**Valid Cause for Absence** - A child may be absent from school because of illness, including the mental or behavioral health of the student, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the student’s control as determined by the Board of Education, or such other circumstances which cause reasonable concern to the parent for the mental, emotional, or physical health or safety of the student.

**Chronic Absenteeism:** A student who misses 10 percent of school days within the most recent academic year with or without a valid excuse. Out-of-school suspensions are included.

**Chronic or Habitual Truant** - A “chronic or habitual truant” is a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5 percent of the previous 180 regular attendance days.

**Truant Minor** - A child to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs, and other school and community resources, have been provided and have failed to result in the cessation of chronic truancy, or have been offered and refused.

### **Truancy**

The School District will determine if the student is a truant, chronic or habitual truant, or a truant minor. The Superintendent shall direct the appropriate School District staff to develop diagnostic procedures to be used for identifying the cause(s) of unexcused student absenteeism. The diagnostic procedures shall include, but not be limited to, interviews with the student, his or her parent(s)/guardian(s), and any school official(s) or other people who may have information about the reason(s) for the student’s attendance problem.

The following supportive services may be offered to truant or chronically truant students:

- Parent-teacher conferences
- Attendance Intervention Plans
- Student and/or family counseling
- Information about community agency services

If truancy continues after supportive services have been offered, the building principal shall refer the matter to the Department of Student Services to begin the Truancy Review Board Process. The Department of Student Services may call upon the resources of outside agencies, such as the Regional Office of Education Truancy Division or Teen Justice Program. The School Board, Superintendent, School District administrators, and teachers shall assist and furnish such information as they have to aid truant officers. Truancy may result in legal consequences.

The District shall collect and review its chronic absence data in order to determine what resources and support is needed to assist in engaging chronically absent students and their families to encourage daily attendance and promote student success.

### **Absence Notification**

A student's parent(s)/guardian(s) must: (1) upon their child's enrollment, provide working telephone numbers to the building principal and update them as necessary, and (2) authorize all absences and notify the school in advance or at the time of the child's absence.

If a student is absent without prior authorization by the parent(s)/guardian(s), the designated school official shall make a reasonable effort to notify the parent(s)/guardian(s) of their child's absence after the first class by telephoning the numbers given.

Students are expected to be present and to participate every day throughout the school year unless there is an appropriate reason for being absent. When a student is absent from class, credit for the course can be affected, as the student loses teacher instruction and class interaction. Students with an absence will be allowed to make up work for equal value upon request of the student or guardian. Request shall be done within 48 hours of the absence. Student will be allowed up to 1 day for every day the student is absent from school.

For anticipated absences, the student is required to bring a note (or phone call) from his or her parent/guardian prior to the absence. To be approved, absences must meet the excused absence criteria. Students returning to school with what they consider to be an approved absence must show proof or the absence will become unexcused. Students are allowed twelve excused parent notifications **per year**.

**Excused Absence Criteria:**

Student will be allowed makeup privileges based on the Absence Notification information provided above.

- A. Parent/guardian notes describing illness for son/daughter. Parent notes that exceed twelve notes per year will be considered unexcused unless approved by the building principal.
- B. A verified doctor appointment: the student will be required to secure a written report from the doctor in order to be excused.
- C. Funeral: Funeral that requires traveling and absences more than three days shall be discussed with administration to be excused.
- D. Student illness verified in writing by a doctor or students sent home by school nurse.
- E. One college day for juniors and two college days for seniors with proof of the college attended.
- F. Court appearances.
- G. Absences due to extenuating circumstances shall be discussed and approved by an administrator.
- H. Out-of-school suspensions: Please refer to Section I, Part C, "Suspension Procedures," of the *Student Code of Conduct and Procedures Handbook* under "The Disciplinary Policy."
- I. Religious Observations.

**Unexcused Absence Criteria:**

- A. Truancy from school.
- B. Returning to school without a note from parent/guardian or without prior notification (phone call or note) of absence.
- C. Absences explained by a parent/guardian note that exceed twelve days without a doctor's note or other unexcused absence.
- D. Any other reason not included in excused absences nor approved by an administrator.
- E. Vacations.

**Tardy Policy**

The Decatur Public Schools does not penalize students who come late to school occasionally for reasons recognized by the State of Illinois as valid causes for missing school. However, the district and the state consider a student who arrives late without valid cause, unexcused. If the tardiness becomes habitual, building administrators or designee will meet with parents/guardians to determine the cause

and then begin interventions to assist the child and/or family. Tardies ultimately equal unexcused absences from school.

### Tardy Consequences

1. After 5 tardies, students will receive a letter home and assigned detention.
2. After 7 tardies, students will receive a letter home and assigned detention. A meeting and attendance contract will be developed at the building level.
3. After 10 tardies, students will receive a letter home, and 1 day in Care/Transition. An attendance contract will be modified at the building level.
4. After 15 tardies, a parent meeting will be held regarding potential implementation of interventions and consequences of continued tardiness to school. Students will receive a letter home, and 2 days in Care/Transition.

### **Homebound Instruction**

Home services may be provided to a student if that student has a medical condition and will be out of school for a minimum of 10 days or more, or on an intermittent basis due to a medical condition. For Home Study to take place, a conference to determine eligibility must be held with the appropriate school administrator. If it is determined Home Study is the best option, parents will be given next steps which will include a Medical Certification Form to be completed by the parent and physician overseeing the child's medical needs. Pregnancy does not automatically qualify for Home Study. (Students on Home Study are not allowed to take Driver's Education and/or Behind the Wheel.)

### **Visitors to the School**

Decatur Public Schools is pleased to announce that we will begin a more formal visitor management process in all of our schools to strengthen the district's program for student and staff safety. The procedure will enable schools to screen all visitors against sexual offender registries in all 50 states and establish a consistent sign-in process across the district.

Please understand that the new process is not intended to discourage parents from visiting their children's schools. We welcome visitors and encourage all parents to be an active part of their children's educational experience. The goal is to enhance the safety and security of both students and staff by prohibiting school access to those who pose a potential threat. Visitors causing a disruption to the educational environment will be removed by building staff and authorities may be notified.

#### How It Will Work:

- All visitors, including parents, will be asked to report to the main office upon their arrival at the school
- A secretary or other office staff member will request that each visitor provide their driver's license or other state or federally issued photo ID
- The visitor's name, address and photo will be checked for a match to a national sexual offender database
- If no match is found, visitors will be issued a date-specific visitor's badge. These badges must be worn at all times while on the school grounds. Visitors must check in and receive a visitor badge each time they visit
- All visitors will be required to check out at the main office prior to leaving the building. Visitor badges will be collected, and office staff will destroy the badges so they cannot be reused
- Children who do not have a valid ID may be allowed to visit as long as they are accompanied at all times by an adult who has completed the ID process, and has been issued a badge

### **Equal Educational Opportunities**

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, religious beliefs, physical or

mental disability, gender identity, status of being homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities. Any student may file a discrimination grievance by using the *Uniform Grievance Procedure*.

The Decatur Public Schools will, upon request of an individual, make reasonable accommodations in compliance with the ADA and Section 504 of the Rehabilitation Act. Requests shall be submitted to the Director of Human Resources.

## GRADING & PROMOTION

Decatur Public Schools is committed to the continuous development of students enrolled in the district's schools and to student achievement of the skills for the current grade assignment for promotion to a higher grade. Students will normally progress annually from grade to grade when in the judgment of the professional staff, it is in the best interest of the student involved. Parents/Guardians will receive prior notification and explanation concerning the retention. The final decision to promote or retain a student rests with district administration.

All promotion and retention procedures will align with the established District Problem Solving Team Procedures as well as school board policy 6:280 Grading and Promotion.

### Grading and Promotion

Grading and promotion policy decisions shall be established by the Superintendent or designee. This system of grading and reporting academic achievement to students and parents/guardians will be recognized in all Decatur Public Schools. This policy will also determine when promotion and graduation requirements are met.

The decision to promote students to the next grade level will be dependent upon academic performance in reading and math, attendance, and performance on **District-Wide Assessment (DWA)** as described below. School Administrators shall ensure a personal learning plan is created for all students who are recommended for retention and/ or retained.

All non-traditional promotion (i.e. accelerated placement) and retention decisions for Decatur Public School must be approved by the Assistant Superintendent of Teaching & Learning.

### Promotion Criteria

A student's promotion status is determined by the following measures:

#### District-Wide Assessment (DWA)

- The **District-Wide Assessment (DWA)**: The district-wide assessment will be the Fast Bridge or other norm-referenced assessment administered by the district. Students with no DWA scores in either reading or math achievement will be considered based on classroom academic performance. If a student's DWA results are incomplete or inaccessible through no fault of the student, the Assistant Superintendent of Teaching & Learning shall make a promotion decision.

#### Academic Performance

- Report card grades in reading and math shall reflect a student's unit test scores and completion of homework assignments during the school year. The **final report card grade** in each subject is an average of the grades reported at the end of each of the four reporting periods.

- Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. A reasonable attempt to consult with the teacher must be made and documented by the principal prior to any change of a final grade.
- The home school must notify the parent/ guardian of any student being recommended for retention for the following school year no later than ten (10) school days after the conclusion of the first semester (i.e. 2<sup>nd</sup> quarter of grading). This notification must be documented (i.e. parent/ guardian name, contact number, date and time of contact)
- The home school must notify the Assistant Superintendent of Teaching & Learning no later than ten (10) school days after the conclusion of the first semester (i.e. 2<sup>nd</sup> quarter of grading) of any student the school may recommend for retention for the following school year.

### **Promotion Criteria for Students with Disabilities**

Decisions on whether to promote or retain a student with disabilities will be made in accordance with the Individuals with Disabilities Education Act (IDEA) and as required by other applicable law. Promotion and retention of a student having an Individualized Education Program (IEP) or receiving reasonable accommodations pursuant to Section 504 of the Rehabilitation Act shall be determined by the student's educational team.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom.

A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores;
- A technical error in assigning a particular grade or score;
- The teacher agrees to allow the student to do extra work that may impact the grade;
- An inappropriate grading system used to determine the grade; or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

### **Attendance**

Students should obtain a 95% attendance rate. In **Illinois**, chronic or habitual truant is defined as a child who is absent without valid cause for 5 percent or more of the previous 180 regular attendance days.

### **Retention**

All retained students will receive a Personal Learning Plan, which is developed by the student's school along with the student's parent/guardian. Grade cycles include grades K-3, grades 4-6, grades 7 and 8. Students Turning 15 on or before September 1<sup>st</sup> (Age Cycle 15): If the student is 15 years old on or before September 1<sup>st</sup> and has not met 8th grade promotion criteria, other attendance placement will be considered.

### **Parent Promotion Appeal**

At the conclusion of the summer school period, parents/guardians of retained students will have ten (10) school days after receiving the promotion determination notice from the home school to submit a written request (appeal) for an additional review to the Director of Teaching and Learning and then to the Assistant Superintendent of Teaching & Learning.

### **Final Approval**

All non-traditional promotion (i.e. accelerated placement) and retention decisions for Decatur Public School must be approved by the Assistant Superintendent of Teaching & Learning.

## **Homework**

Students may have assignments to complete outside of school. Parents shall cooperate with teachers to see that the work is done. Homework assignments may be given at any level from kindergarten through high school for a wide variety of reasons:

No student will be allowed to participate in the graduation ceremonies, or be listed in the graduation program unless all requirements for graduation have been completed. Any student who does not complete the requirements, but who completes the course work and provides official transcripts by the last day of summer before the next school year, will be considered a member of the graduating class. A contract outlining the course to be completed must be filed with a counselor and approved by the administration. No diploma will be issued until all of the requirements are met and the necessary transcripts have been received. **Alternative Course Credit and Course Substitutions**

A student will receive high school credit for successfully completing any course given by an institution accredited by the North Central Association of Colleges and Secondary Schools. High school transfer credits from schools approved by the state and certified by the North Central Association (NCA) or its equivalent will be evaluated by the administration. The conversion formula is typically one-half Carnegie unit of credit equals 1 semester credit hour.

Credit toward graduation requirements may be earned from colleges, and from approved correspondence courses with the prior approval of the counselor and administration.

<sup>1</sup> 23 Ill.Admin.Code §255.200(b)(4). See 6:310-E, *Class Substitution Request*, and 2:250-E2, *Immediately Available District Public Records and Web-Posted Reports and Records*. If the district does not maintain a website, delete ~~and on its website~~.

Credits earned will be counted in the grade point average according to the regular grading scale. Credits earned from schools in foreign countries will be calculated according to the regular grading scale only.

In addition, no student shall receive a certificate of graduation without passing a satisfactory examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.

Students may receive college credit through a variety of credit offerings. A student who successfully completes community college courses may receive high school credit, provided the student is a junior or senior in good academic standing; the course is approved in advance by the student and guidance counselor and the high school administration; the student assumes responsibility for all fees; and the course would be transferable to a four-year college. Three (3) semester hours credit shall be considered the equivalent of one-half (0.5) of credit toward graduation.

**The building principal or designee is responsible for notifying students and their parents/guardians of the District's graduation requirements.**

### **Physical Education Requirements**

1. A student must pass a semester of physical education for each semester in attendance, up to eight (8) semesters, unless the student is excused by a physician or by the school administration, or through an IEP. Health Education is required even though participation in physical education may be excused.

    - i. The student provides written evidence from an institution of higher education that a specific course not included in existing state or local minimum graduation standards is required for admission. Students who have failed required courses, transferred into the district with deficient credits, or lack credits due to other causes may qualify.

### **Early Graduation**

Decatur High Schools are designed to be four-year institutions. While the overwhelming majority of students attend high school for the full four years, it is possible to graduate after seven semesters. The school is not responsible to provide courses in a specific sequence to allow a student to graduate early.

Students who intend to graduate early must complete an application with their guidance counselor by December 1<sup>st</sup> of their junior year. Upon the completion of the application, the counselor will submit a request to the principal. In order to graduate early, a student must meet all requirements for graduation by the last day of final exams in December. Seniors intending to graduate early must meet with their counselor to ensure that all requirements are met. The eighth (8<sup>th</sup>) semester of PE will be waived under those circumstances.

Students who graduate early are allowed to participate in all spring senior activities, which include prom and graduation ceremonies as well as any graduation activities. Early graduates will be invited to attend any applicable awards assemblies or honor banquets. Early graduates who qualify are eligible to receive Graduation Honors.

Transfer students must complete one full semester at Decatur High Schools to be eligible for early graduation.

A person denied re-enrollment will be provided recommendations for alternatives, including adult education programs that lead to graduation or receipt of a GED. This section does not apply to students eligible for special education under the Individuals with Disabilities Education Act or accommodation plans under the Americans with Disabilities Act.

### **Student Identification**

In order to provide a safer school environment, the district has provided student identification (I.D.) cards to students at the middle and high schools. The I.D.s allow for admittance into the schools, as well as admission at extracurricular activities. It is stressed that the I.D. be in the student's possession at all times. Refer to the school handbook for specific school procedures concerning student identification.

## **GIFTED EDUCATION**

The gifted identification process has been developed to satisfy Illinois State rules and regulations and meet the particular needs of the District 61 school community.

Gifted identification takes place towards the end of second grade. FastBridge is the Universal Screener assessment used to screen students recommended for additional gifted testing. Students scoring in the 80<sup>th</sup> percentile or above on FastBridge will be considered for additional gifted testing utilizing the

CoGAT (Form 8) assessment. The CoGAT assesses verbal skills (language), quantitative (math), and nonverbal skills (spatial reasoning).

Teachers and parents may recommend that students be tested at any time during the year.

#### Subjective Criteria

At the beginning of each school year, district principals and staff are notified of students identified as gifted. Included in this notification is specific data identifying areas where students are gifted.

#### **Nomination/Withdrawal Procedure**

Students who do not meet the objective criteria may be nominated to the gifted list by a core academic educator or parent/guardian. One of the following must be submitted in writing to the Director of Curriculum & Instruction, along with written confirmation by at least one other district academic educator who is familiar with, but not related to, the student:

- A narrative documenting the learning characteristics of the student.
- Completion of Joseph Renzulli's Scale for Rating the Behavioral Characteristics for the student.

Nominations will be considered for the current school year up to the end of the first quarter.

As needed, a meeting involving educators and/or parents, Gifted Services staff, and (when age appropriate) the student, may be arranged to discuss the nomination or withdrawal recommendation.

#### **District Identification Schedule**

Gifted Services systematically identifies students with objective measures at the following intervals:

Grade 2 – FastBridge

Grade 6- FastBridge recheck

Grade 9 – PSAT

#### **Summer School**

Summer School may be offered for students from pre-kindergarten through grade twelve. Remedial, developmental, and enrichment programs are designed to meet individual student needs. Dates, times and locations of classes vary. Information regarding summer school is available in each school building in March. All retained students will be considered for summer school placement.

#### **Parent Participation**

Each school in District #61 seeks to involve parents as active partners to assist students to reach their academic goals. The Parent-Teacher Association (PTA) and formal booster clubs welcome parents to be part of their organizations. Volunteers are welcome to assist in the classrooms and with a variety of activities within the schools.

Schools with Title I programs have developed formal **School-Parent Compacts**. The Compact is intended to identify the role that students, parents, teachers, and administrators will provide in order to enhance student achievement.

#### School-Parent Compact

It shall be the goal and purpose of Decatur Public Schools to provide a high-quality curriculum and instruction in a supportive learning environment that enables the children served under Title I to meet the State's student academic achievement standards. Parents can foster this purpose by carefully monitoring attendance, homework, and behavior. Parents shall stress the need to make learning a priority. Parents are encouraged to visit the school and become involved in their children's educational career; and are encouraged to be active in the educational decisions of the child and be supportive of extra-curricular participation by their children.

Students will be given the opportunity to be successful in school and life. They will attend classes taught by highly qualified staff and be given a curriculum which will help them to achieve an education which is second to none in Illinois. They will be assessed based on the Illinois Standards

of Learning. Additional assistance will be provided to students who fall behind in educational endeavors. Services include, but are not limited to, tutoring and appropriate referrals to additional programs as indicated.

Each Title I school has developed a **Parent Involvement Policy** which outlines how parents may actively participate in the education of their child(ren). The District's Parent Involvement Policy is outlined in Board Policy 6:170, "Title 1 Programs," with exhibits for both the district level and school levels. This policy and related exhibits may be accessed on the District's website, [www.dps61.org](http://www.dps61.org), by clicking on the "Our District" tab and the "District Policies" tab.

### **The Abused and Neglected Child Reporting Act**

Whenever there is reasonable cause to suspect that a child (any person under the age of 18 years) **or an abused or neglected individual with a disability (a student aged 18 through 22)** is "abused" or "neglected," the Illinois law requires school personnel to immediately report it to the Department of Children and Family Services (DCFS).

A child shall not be considered abused for the sole reason that the child has been relinquished in accordance with the Abandoned Newborn Infant Protection Act.

**"Neglected child"** means any child who is not receiving the proper or necessary nourishment or medically indicated treatment including food or care not provided solely on the basis of the present or anticipated mental or physical impairment as determined by a physician acting alone or in consultation with other physicians or otherwise is not receiving the proper or necessary support or medical or other remedial care recognized under State law as necessary for a child's well-being, or other care necessary for his or her well-being, including adequate food, clothing and shelter; or who is subjected to an environment which is injurious insofar as (i) the child's environment creates a likelihood of harm to the child's health, physical well-being, or welfare and (ii) the likely harm to the child is the result of a blatant disregard of parent, caretaker, or agency responsibilities; or who is abandoned by his or her parents or other person responsible for the child's welfare without a proper plan of care; or who has been provided with interim crisis intervention services under Section 3-5 of the Juvenile Court Act of 1987 and whose

A child shall not be considered neglected for the sole reason that the child's parent or other person responsible for his or her welfare has left the child in the care of an adult relative for any period of time. A child shall not be considered neglected for the sole reason that the child has been relinquished in accordance with the Abandoned Newborn Infant Protection Act. A child shall not be considered neglected or abused for the sole reason that such child's parent or other person responsible for his or her welfare depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care as provided under Section 4 of this Act. A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of The School Code, as amended.

In addition to the report to DCFS, District #61 personnel will report all real or suspected abuse to the Juvenile Offices of the Decatur Police Department.

### **Care of Students With Diabetes**

The Illinois legislature enacted the *Care of Students with Diabetes Act* (“Act”) effective December 1, 2010 (105 ILCS 145/1 et. Seq). The Act **requires a parent or guardian** to submit a Diabetes Care Plan to the school for any student who seeks assistance with diabetes care in the school setting or who has been managing his or her diabetes care in the school setting.

Under the Act, specific information must be provided in the Diabetes Care Plan such as physician instructions for the student’s diabetes management and designation of appropriate school staff who will provide and supervise services for the student. Therefore, parents and guardians are encouraged to collaborate with the student’s physician and school personnel in the creation of the plan.

**The Diabetes Care Plan must be submitted to the school at the beginning of each school year**, upon enrollment, as soon as practical following a student’s diagnosis, or when a student’s care needs change during the school year. **It is the parent or guardian’s responsibility** to inform the school in a timely manner of any changes to the Diabetes Care Plan recommended by the student’s physician.

In addition to the Diabetes Care Plan, **parents must also complete forms provided by the school district regarding authorization for the administration of medication** and authorization for designated district representatives to communicate directly with the student’s physician regarding the necessary management of the student’s diabetes. **Failure to do so may result in a welfare safety call to the Department of Children and Family Services (DCFS).**

To assist the school district in safely transporting the student, the Act also requires that an information sheet be provided to any school employee who transports a student for school-sponsored activities. The information sheet identifies potential emergencies that may occur as a result of the student’s diabetes and the appropriate responses to such emergencies. Parents must assist the district in the completion of the transportation information sheet by providing the information and authorizations necessary to complete the form.

To begin the process of completing the Diabetes Care Plan and other required documents, the parent or guardian must contact the student’s building principal.

### **Life-Threatening Food Allergy Management Program**

The District has implemented a policy for managing students with life-threatening food allergies (Board Policy 7:285). If your student has a life-threatening food allergy, you must inform the building principal and submit the necessary health information and medication authorization forms to the school. A meeting will then be scheduled to review the health information submitted by the student’s physician, assess the student’s allergy management needs and develop an individual health care plan and emergency action plan for the student. An individual health care plan indicates the steps the school will take to accommodate the individual needs of the student with a life-threatening food allergy in school and at school-related activities. The accommodations provided in an individual health care plan will depend on the age of the student, the allergens involved and the facilities at the school. An emergency action plan indicates the specific treatment steps school personnel will take if a student has a life-threatening allergic reaction while at school or at a school-related activity.

### **Asthma**

Public Act 099-0843 requires schools to request an Asthma Action Plan (AAP) from parents of students with asthma.

## Medications at School

Only in exceptional cases, where failure to take a prescribed medication could jeopardize the student's health and/or education, may medication be taken in school. Taking of medication is limited to students with long-term chronic illness or disability. **Antibiotics and over-the-counter drugs (e.g., Tylenol, cough medications, and cough drops) will not be taken at school.** Homeopathic products derived from minerals, botanical substances, animal parts, microorganisms, and other sources will not be taken at school. **The nurse may decline to administer a medication that does not meet guidelines, that might be given outside of school hours, or that might jeopardize student safety.**

Authorization for the administration of both prescription and non-prescription drugs at school shall be provided on Student Health Form 24A (acquired from schools or physicians) and shall consist of written order obtained from the student's licensed prescriber and written request by the parent or guardian that medication be given during school hours. **All medication authorizations must be renewed annually by the beginning of each school year.**

During enrollment, parents or guardians shall receive "Student Health Guidelines" which further explain all health requirements and policies.

Students shall not allow other students to carry, possess, or use their prescription or non-prescription medication.

## Pesticides

Pesticides will not be applied on the paved surfaces, playgrounds, or playing fields of any school serving grades K-8 during a school day or partial school day when students are in attendance for instructional purposes. Additionally, the application of any restricted use pesticides is prohibited on or within 500 feet of school property during normal school hours. Before pesticides are used on District premises, the Superintendent or designee shall notify employees and parents/guardians of students as required by the Structural Pest Control Act, 225 ILCS 235/, and the Lawn Care Products Application and Notice Act, 415 ILCS 65/.

### **Rights Under the School Visitation Rights Act**

Parents of students attending Illinois Schools who work for employers who employ at least 50 or more individuals in Illinois have certain rights under the School Visitation Rights Act (820 ILCS 147/1). Employed parents who have worked for an employer for at least six consecutive months, who work at least half-time, and who are unable to meet with educators because of a work conflict must be given leave of up to 8 hours during the school year to attend school conferences or classroom activities related to the employee's child if the conference or classroom activities cannot be scheduled during non-work hours. However, no more than 4 hours of this time can be taken on any given day and leave under this Act may not be taken unless the employee has exhausted all accrued vacation leave, personal leave, compensatory leave, and any other leave that may be granted to the employee, except sick leave and disability leave. Before arranging attendance at the conference or activity, the employee shall provide the employer with a written request for leave at least 7 days in advance of the time the employee is required to utilize the visitation right. In emergency situations, no more than 24 hours' notice shall be required. The employee must consult with the employer to schedule the leave so as not to disrupt unduly the operations of the employer. The District will provide documentation for parents' use confirming the date and time of each school visitation upon a parent's request for such documentation. For regularly scheduled, non-emergency visitations, the District will make time available for visitation during both regular school hours and evening hours.

## STANDARDS OF CONDUCT

### General Conduct

It is necessary for any community to establish rules of conduct for its members if it is to achieve its goals. The school community is no exception. The school environment includes not only the school/district grounds, but also includes attendance and participation in all extracurricular activities and other school-related functions scheduled on or off the school campus, or while riding the school bus. Therefore, certain rules of behavior have been established for students. Students have the following responsibilities, and failure to carry out these responsibilities may result in disciplinary action:

1. It is the responsibility of each student to conduct himself/herself in the classroom in such a manner that does not interfere with his/her own learning or the learning of others in the class.
2. It is the responsibility of each student to attend class on time and to be prepared to participate.
3. It is the responsibility of each student to help keep the building clean; not to litter, mark on or deface school property and community areas.
4. It is the responsibility of each student to respect all staff and other students, and to be honest, polite and friendly. Directions are to be complied with regardless of whether a student is in the classroom, in the halls, in the cafeteria, at extracurricular activities, or at any other location on the school grounds. The perception that "he/she is not my teacher, so why should I listen to him/her" is to be avoided.
5. Students are not permitted to smoke in the building or on the school grounds or at school activities.
6. It is the responsibility of each student to keep doorways, hallways, restrooms and stairs clear at all times.
7. It is the responsibility of each student to leave the area in the event a disruption involving students occurs. The student's mere presence as an onlooker tends to lend support and encouragement to those students causing the disruption.
8. Verbal or physical harassment, bullying, and/or intimidation will not be tolerated while at school. Any student who experiences such a situation shall report the incident to the principal or his/her designee as soon as possible. No student shall try to settle the problem himself/herself by allowing the situation to escalate into a physical confrontation.
9. It is the responsibility of each student to assist in promoting a safe and secure environment. This includes reporting anything out of the ordinary or questionable to the nearest staff member and to practice good safety habits such as not propping open doors, not letting in visitors to the school, and letting a staff member know if they are witness to a potential crime, weapon or violation.
10. During fire or disaster drills it is the responsibility of each student to move quickly and quietly to the assigned safety areas. Appropriate instructions given by school personnel are to be obeyed. The health and safety of many people depends upon cooperation from students.
11. Students are expected to submit authentic work that is not copied from another. Plagiarism is intellectual theft. No student should copy the work of another. Students who plagiarize will receive consequences at the administrator's discretion after an investigation is completed.
12. It is the responsibility of students to observe the same appropriate standards of conduct at extracurricular activities (home or away) as they do at school. Violence, disruptive behavior, involvement with drugs or alcohol at extracurricular activities or on fan buses will result in serious disciplinary action. Such action may include suspension and/or expulsion from school, suspension from attendance and/or participation at future extracurricular activities, and/or police action. Parents may be required to pick up their student at an out-of-town function.
13. Students shall not engage in Sexual Misconduct which includes, but is not limited to, sexual advances, request for sexual favors, and exhibit sexually motivated physical/verbal conduct or communications of any sexual nature. See Sexual Misconduct on page 54.
14. All students are entitled to have the opportunity to obtain maximum benefit from their educational experience. Thus, it is necessary to have rules and regulations that provide an educational climate in which learning can best take place. Students who show disrespect for the rights of others and disregard regulations may be subject to disciplinary action, which could include suspension or

expulsion. In addition, they may be subject to removal from extracurricular activities and/or positions of leadership (i.e., Student Council, officer of Student Council or class).

### Bus Conduct

According to School Board Policy, certain misbehavior and misconduct will be grounds for suspension from riding the school buses. It will be the responsibility of the parent/guardian to provide transportation to and from school if this occurs. Behaviors include:

1. Prohibited student conduct as defined in the ~~Student Code of Conduct Policy~~. **Board of Education policy 7:190, *Student Behavior***
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of the bus driver's or other supervisor's directives.
6. Such other behavior as the administration deems to threaten the safe operation of the bus and/or its occupants. *(Please see the guidelines provided by the building incorporated in the student bus schedules.)*

Video/audio cameras may be used on school buses as necessary in order to monitor conduct and maintain a safe environment for students and employees.

Students suspended from the school bus who do not have alternate transportation to school shall have the opportunity to complete make up work for equivalent academic credit. It is the responsibility of the parent/guardian to notify the school that the student does not have alternate transportation.

### Student Dress Code (K-12<sup>th</sup> Grade)

## **ADMINISTRATIVE PROCEDURES**

### **SECTION I**

<b>ADMINISTRATIVE PROCEDURES</b>
----------------------------------

The Board of Education believes that its primary goal is to prepare students to be productive, contributing members of the society through education. The Board encourages the most effective use of educational strategies and techniques to achieve this goal. It is within this spirit that the Code of Conduct was created to address students' behavior in and around the school as well as during school-related functions. The Code outlines specific behaviors that are both disruptive to the educational process and/or illegal and subject to disciplinary action.

The Board recognizes that conduct is learned, and acceptable conduct, like its academic counterpart, can be taught. While disruptive conduct will not be tolerated, the Board encourages the use of educational interventions to correct the unacceptable behavior. The corrective actions taken will also be guided by preventative and educational objectives. Finally, the Board is committed to creating an environment that is safe for students and staff, and promotes learning.

The Decatur Public School District 61 considers habitual, disruptive behavior unacceptable. In most cases, discipline practices and procedures (violations and consequences) will be followed.

**Threats to school safety is defined as acute or pervasive behaviors which provoke fear and intimidation. A threat constitutes any intimidating behavior towards students and/or staff which causes a fear of injury and/or harm. Threats will not be allowed or tolerated. Threatening behaviors will be dealt with immediately and appropriate consequences will be administered.**

**Should severe or repeated misbehavior occur, the building administrator reserves the right to administer appropriate discipline in alignment with the range of administrative consequences/interventions.**

## Hard & Soft Lockdown

The lockdown of a school is not a form of student discipline. Lockdowns are used when there is danger in or near the school and students and staff need to be protected from danger. A lockdown involves securing doors and windows in an attempt to keep intruders from gaining access to staff and students. In the event of a preventative or SOFT LOCKDOWN, exterior doors are secured and no one is allowed in or out of the building; however, the routine of the school is maintained (or may be restricted) consistent with an external threat (such as a robbery at a nearby facility, suspicious activity in an area, gas leak at a nearby facility, etc). In the event of a full or HARD LOCKDOWN, there is a total cessation of school activity, no teaching, students seek shelter, classrooms are locked or doors closed, silence is maintained in the building, no one is allowed in or out of the building. Hard lockdowns are normally reserved for serious security situations.

## Hold in Place

Place and hold will be used if we need to keep all staff and students in the classroom for a short period of time. It differs from a lockdown as there is no immediate danger for any staff or students. Example: There is an escalated student being escorted in the hallway, he/she is knocking posters off the wall, shoving furniture as they walk. We call a place and hold for the building until we get that student to a safe place.

## Alternative Education

**Decatur Alternative Education (DAE)** is a DPS facility that offers progressive intervention in assisting students who may require a more structured environment. The Decatur Public School District utilizes **DAE** for grades K-12, Milligan Academy for grades 6-12, and Futures Unlimited for high school. Students will be eligible for recommendation after the schools have exhausted available and appropriate interventions at the building level. All recommendations are reviewed by the **Director of Student Services** to determine approval and length of time, as well as assist in establishing interventions upon transition. The mission of these services is to implement quality behavioral and instructional practices in a small class environment. Interventions are geared towards social development so students may achieve academic and behavioral success. Students in these programs will have the opportunity to return to their respective learning environment upon completion of their Plan of Success. Student placement is on an individual basis based on student need and/or BOE placement.

Students eligible for this program whose parent(s)/guardian(s) do not consent to placement in the program are subject to all disciplinary procedures contained in Parts A-D below.

## Part A

### EXPULSION HEARINGS AND BOARD SUSPENSION REVIEW HEARINGS

The Superintendent or designee shall implement expulsion procedures that provide, at a minimum, for the following:

1. Before a student may be expelled, the student and his or her parent(s)/guardian(s) shall be provided a written request to appear at a hearing to determine whether the student shall be expelled. The request shall be sent by registered or certified mail, return receipt requested. The request shall include:
  - a) The time, date, and place for the hearing.
  - b) What will happen during the hearing.

- c) The specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion.
  - d) A statement that the School Code allows the School Board to expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis.
- 2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing **or fail to appear at the designated time and place**, the hearing will proceed. It shall be conducted by the School Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from **a local mental health agency** ~~the Department of Human Services~~ to consult with the Board.
- 3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student **should** ~~shall~~ not be expelled. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.
- 4. If the Board acts to expel the student, its written expulsion decision shall:
  - a) Detail the specific reasons why removing the student from his or her learning environment is in the best interest of the school.
  - b) Provide a rationale for the specific duration for the recommended expulsion.
  - c) Document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student.
  - d) Document how the student's continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.
- 5. Upon expulsion, the District may refer the student to appropriate and available support services.

- The District shall comply with the provisions of the Individuals With Disabilities Education Act (IDEA) when disciplining students.
- No special education student will be expelled if the student's particular act of gross disobedience/misconduct is a manifestation of his/her disability. Any special education student whose gross disobedience/misconduct is not a manifestation of his/her disability may be expelled pursuant to Expulsion Procedures, except that such disabled student shall receive educational services as provided in the IDEA.
- A special education student may be suspended for an aggregate of ten (10) days of school per school year, regardless of whether the student's gross disobedience/ misconduct is a manifestation of his/her disabling condition, except that such student shall receive educational services in accordance with the IDEA.
- A special education student who has carried a weapon to school or to a school function; who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function; or who has inflicted serious bodily injury upon another person while at school or at a school function may be removed from his/her current placement and placed in an appropriate interim alternative educational setting for no more than 45 days in accordance with the IDEA.

In addition to reviewing whether the conduct is a manifestation of the student's disability, the team shall also review and, if appropriate, modify the student's behavior intervention plan. If there is no behavior intervention plan in place, the District shall conduct a functional behavioral assessment and develop a behavior intervention plan to address the behavior.

  - Was the misconduct the direct result of the LEA's failure to implement the IEP?
5. If, at the manifestation review conference, it is determined that the behavior of the student was a manifestation of his/her disability, the authorized administrator will not recommend expulsion. ~~The authorized administrator may request an IEP team review of the appropriateness of the educational placement of the student in accordance with the Special Education Rules and Regulations. During the period necessary to propose a new placement, the student will remain in his then-current placement unless:~~ **The IEP team shall:**

  - **In the situation where a BIP is in place, review it and/or modify the plan as necessary to address the behavior; and**
  - **Return the student to the placement from which he/she was removed, unless the parents and District agree to a change in placement, except when the student has been removed to an interim alternative education setting for drugs, weapons, and/or serious bodily injury.**
  - ~~The student has not previously been suspended for a period exceeding ten (10) school days during the same school year, in which case the student may be suspended for a maximum of ten (10) school days less such previous suspension(s);~~

  - ~~The school district obtains an order from a court of competent jurisdiction or a State of Illinois hearing officer changing the then-current placement or providing for other appropriate relief.~~

  - (c) The administration shall ensure that relevant special education and disciplinary records of the student are transmitted for consideration by the Board of Education.
7. If a special education student is expelled from school in accordance with the procedures set forth above, the District shall convene an IEP meeting to develop an educational program to deliver educational services to the student during such period of expulsion.

While the District's intent is to make Internet access available for educational goals and objectives, account holders may have the ability to access other materials as well. Students shall obey the Acceptable Use Policy when using the Internet on the network and/or the device.

District account holders take full responsibility for their access to the District's network resources and Internet. Specifically, DPS 61 makes no warranties with respect to school network resources nor does it take responsibility for:

4. During after-school activities, students are still expected to maintain the security of the laptop. Students participating in sports events shall store laptops and use the same security measures as with their other personal items.
5. Each laptop has identifying labels including the serial number that is tied to the student. Students must not modify or destroy these labels.

#### Parent/Guardian Responsibilities:

2. In order for students to be allowed to take their computers home, a student and his/her parent/guardian must sign the Student/Parent Computer Loan Agreement.
3. Monitor student use.
  - a. The parent/guardian must agree to monitor student use at home and away from school. The best way to keep students safe and on-task is to have a parent/guardian present and involved. Suggestions include:
    - i. Investigate and apply parental controls available through your Internet service provider and/or your wireless router.
    - ii. Develop a set of rules/expectations for computer use at home. Don't forget rules for social networking, instant messaging, e-mailing, online gaming and using webcams. Some websites provide parent/child agreements for you to sign. The district will not block websites or otherwise limit the use of the device outside of school.
    - iii. Demonstrate a genuine interest in what your students are doing on the computer. Ask questions and request that they show you their work often.
2. Continually dialogue with your children about online safety.
  - a. Help your child(ren) understand what information shall be private.
  - b. Explain that children shall post only information that you—and they—are comfortable with others seeing.

## **STUDENT ONLINE PERSONAL PROTECTION ACT**

### **Educational Technology Vendors Under the Student Online Personal Protection Act**

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

## Request a Review

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), parents of an enrolled student have the right to inspect and review the student's covered information held by the school, the State Board or an operator. To request this review, parents can email their request to [SOPPA@dps61.org](mailto:SOPPA@dps61.org) or send a written request to the Director of Information Technology.

### POLICY 7:140 SEARCH AND SEIZURE

**In order to** ~~To~~ maintain order and security in the schools, school authorities are authorized to conduct searches of school property and equipment, as well as of students and their personal effects. "School authorities" include school liaison police officers.

### School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

This paragraph applies to student vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent or a designee may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

### Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner which is reasonably related to its objectives and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

When feasible, the search shall be conducted as follows:

- Outside the view of others, including students;
- In the presence of a school administrator or adult witness; and
- By a certified employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by a school authority who conducted the search, and given to the Superintendent or designee.

### Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

### **POLICY 7:180 PREVENTING BULLYING AND HARASSMENT**

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations: 1. During any school sponsored-education program or activity.

2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school-sanctioned events or activities. 3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

4. Through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school-related activity, function, or program.

Definitions from 105 ILCS 5/27-23.7 Bullying includes cyberbullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student **or students** in reasonable fear of harm to the student's **or students'** person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

**Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.**

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person

as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an 7:180 7:180 1 of 5 electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, **and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the III. Human Rights Act.**

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

**Bullying Prevention and Response Plan** The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below; each numbered requirement, 1-12, corresponds with the same number in the list of required policy components in 105 ILCS 5/27-23.7(b) 1-12.

1. The District uses the definition of bullying as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, Complaint Manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted. **However, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.**

5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things: a. The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

6. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

9. The District's bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.

10. The Superintendent or designee shall post this policy on the District's Internet website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must also be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.

### FAITH'S LAW

#### **Expectations and Guidelines for Employee-Student Boundaries**

~~All District employees must maintain professional employee-student boundaries and relationships with students. This includes meeting expectations and following guidelines established by the District for employee-student boundaries. These expectations and guidelines apply to all professional, educational support, and contracted District employees. If they conflict with an applicable collective bargaining agreement, the provision is severable and the applicable bargaining agreement will control. The District understands that employees may have pre-existing relationships with families of students outside of school. These expectations and guidelines do not apply to employee-student relationships based in pre-existing relationships, including nuclear or extended families. These expectations and~~

guidelines are not intended to prohibit such interactions, provided that an awareness of employee-student boundaries is maintained at all times. This list is not exhaustive, and an employee may be disciplined for boundary violations that are not specifically listed.

### **Employee Professional and Appropriate Conduct**

All District employees are expected to maintain high standards in their school relationships, to demonstrate integrity and honesty, to be considerate and cooperative, and to maintain professional and appropriate relationships with students, parents, staff members, and others. In addition, the Code of Ethics for Illinois Educators, adopted by the Illinois State Board of Education, is incorporated by reference into this policy. Any employee who sexually harasses a student, willfully or negligently fails to report an instance of suspected child abuse or neglect as required by the Abused and Neglected Child Reporting Act (325 ILCS 5/), engages in grooming as defined in 720 ILCS 5/11-25, engages in grooming behaviors, violates boundaries for appropriate school employee-student conduct, or otherwise violates an employee conduct standard will be subject to discipline up to and including dismissal.

The Superintendent or designee shall identify appropriate employee conduct standards and provide them to all District employees. Standards related to school employee-student conduct shall, at a minimum:

- 1. Incorporate the prohibitions noted in paragraph 1 of this policy;
- 2. Define prohibited grooming behaviors to include, at a minimum, sexual misconduct. Sexual misconduct is
  - (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity;
  - (ii) by an employee with direct contact with a student;
  - (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples include, but are not limited to: a. A sexual or romantic invitation b. Dating, or soliciting a date c. Engaging in sexualized or romantic dialog d. Making sexually suggestive comments that are directed toward or with a student e. Self-disclosure or physical exposure of a sexual, romantic, or erotic nature f. A sexual, indecent, romantic, or erotic contact with the student
- 3. Identify expectations for employees to maintain professional relationships with students, including expectations for employee-student boundaries based upon students' ages, grade levels, and developmental levels. Such expectations shall establish guidelines for specific areas, including but not limited to: a. Transporting a student b. Taking or possessing a photo or video of a student c. Meeting with a student or contacting a student outside the employee's professional role
- 4. Reference employee reporting requirements of the Abused and Neglected Child Reporting Act (325 ILCS 5/), Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 et seq.), and the Elementary and Secondary Education Act (20 U.S.C. § 7926);
- 5. Outline how employees can report prohibited behaviors and/or boundary violations pursuant to Board policies 2:260, Uniform Grievance Procedure; 2:265, Title IX Sexual Harassment Grievance Procedure; and 5:90, Abused and Neglected Child Reporting; and
- 6. Reference required employee training related to educator ethics, child abuse, grooming behaviors, and boundary violations as required by law and policies 2:265, Title IX Sexual Harassment Grievance Procedure; 4:165, Awareness and Prevention of Child Sexual Abuse and Grooming Behaviors; 5:90, Abused and Neglected Child Reporting; and 5:100, Staff Development Program.

### **Employee-Student Boundaries**

The relationship between students and school employees is an inherently unequal imbalance of power because school employees are in a unique position of trust, care, authority, and influence in relation to students. District employees breach employee-student boundaries when they misuse their position of

power over a student in a way that compromises the student's health, safety, or general welfare. Employee-student boundaries are categorized into four areas that are not mutually exclusive:

- **Emotional Boundaries**—both the employee's own emotional state and self-regulation as well as students' emotional states and developmental abilities to self-regulate.
- **Relationship/Power Boundaries**—recognizing, as noted above, that the employee-student relationship is unequal and employees must safeguard against misusing positions of power.
- **Communication Boundaries**—how and what employees communicate to students, including communication that is verbal, nonverbal, in person, or via electronic means.
- **Physical Boundaries**—physical contact between employees and students.

While some employee-student boundaries are clear and easy to recognize, there are some unclear, gray areas that employees must plan for and respond to with sound judgment. This means recognizing the potential negative consequences for students and/or employees engaging in certain behaviors with students or allowing inappropriate conduct to continue. Employees may use time, place, and circumstances as a guiding principle by asking themselves:

- Is this the appropriate time for my planned action?
- Have I chosen the appropriate place for the planned action?
- Are these appropriate circumstances for me to take my planned action?

To avoid behavior or conduct which may lead to a breach in employee-student boundaries, employees should also recognize their own unique vulnerabilities. Examples of vulnerabilities that employees may experience include, but are not limited to:

- Employees regarding students as peers
- Employees who too closely identify with students and their issues
- Employees experiencing adult relationship issues
- Immature employees, or employees with an under-developed moral compass
- Employees feeling a need for attention
- Employees who abuse alcohol or other substances
- Employees who lack personal crisis management skills

Employees experiencing difficulties in their personal lives may be particularly susceptible to engaging in at-risk behavior or conduct with students. Employees must be alert to such risks and ensure they maintain professional boundaries at all times. The REFLECT ethical decision-making model may help employees evaluate and address conduct that concerns them. See <https://legacy.apsc.gov.au/reflect-aps-values-and-code-conduct-decision-making-model>.

## Professional and Appropriate Conduct

Professional and appropriate employee conduct are important Board goals that impact the quality of a safe learning environment and the school community, increasing students' ability to learn and the District's ability to educate. To protect students from sexual misconduct by employees, and employees from the appearance of impropriety, State law also recognizes the importance for District employees to constantly maintain professional and appropriate relationships with students by following established expectations and guidelines for employee-student boundaries. Many breaches of employee-student boundaries do not rise to the level of criminal behavior but do pose a potential risk to student safety and impact the quality of a safe learning environment. Repeated violations of employee-student boundaries may indicate the grooming of a student for sexual abuse. As bystanders, employees may know of concerning behaviors that no one else is aware of, so their training on: (1) preventing, recognizing,

reporting, and responding to child sexual abuse and grooming behavior; (2) this policy; and (3) federal and state reporting requirements is essential to maintaining the Board's goal of professional and appropriate conduct.

The Superintendent or designee shall identify employee conduct standards that define appropriate employee-student boundaries, provide training about them, and monitor the District's employees for violations of employee-student boundaries. The employee conduct standards will require that, at a minimum:

1. Employees who are governed by the Code of Ethics for Illinois Educators, adopted by the Ill. State Board of Education (ISBE), will comply with its incorporation by reference into this policy.
2. Employees are trained on educator ethics, child abuse, grooming behaviors, and employee/student boundary violations as required by law and policies 2:265, Title IX Sexual Harassment Grievance Procedure; 4:165, Awareness and Prevention of Child Sexual Abuse and Grooming Behaviors; 5:90, Abused and Neglected Child Reporting; and 5:100, Staff Development Program.
3. Employees maintain professional relationships with students, including maintaining employee/student boundaries based upon students' ages, grade levels, and developmental levels and following District-established guidelines for specific situations, including but not limited to: a. Transporting a student; b. Taking or possessing a photo or video of a student; and c. Meeting with a student or contacting a student outside the employee's professional role.
4. Employees report prohibited behaviors and/or boundary violations pursuant to Board policies 2:260, Uniform Grievance Procedure; 2:265, Title IX Sexual Harassment Grievance Procedure; and 5:90, Abused and Neglected Child Reporting.
5. Discipline up to and including dismissal will occur for any employee who violates an employee conduct standard or engages in any of the following:
  - a. Violates expectations and guidelines for employee-student boundaries.
  - b. Sexually harasses a student.
  - c. Willfully or negligently fails to follow reporting requirements of the Abused and Neglected Child Reporting Act (325 ILCS 5/), Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 et seq.), or the Elementary and Secondary Education Act (20 U.S.C. § 7926).
  - d. Engages in grooming as defined in 720 ILCS 5/11-25.
  - e. Engages in grooming behaviors. Prohibited grooming behaviors include, at a minimum, sexual misconduct. Sexual misconduct is any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, by an employee with direct contact with a student, that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples include, but are not limited to:
    - i. A sexual or romantic invitation.
    - ii. Dating or soliciting a date.
    - iii. Engaging in sexualized or romantic dialog.
    - iv. Making sexually suggestive comments that are directed toward or with a student.
    - v. Self-disclosure or physical exposure of a sexual, romantic, or erotic nature.
    - vi. A sexual, indecent, romantic, or erotic contact with the student.

### **General**

Staff members are expected to maintain courteous and professional relationships with students. All staff members have a responsibility to provide an atmosphere conducive to learning through consistently and fairly applied discipline and the maintenance of physical and emotional boundaries

with students. These boundaries must be maintained regardless of the student's age, the location of the activity, whether the student allegedly consents to the relationship or whether the staff member directly supervises the student. Maintaining these boundaries is an essential requirement for employment in the district.

Although this policy applies to the relationships between staff members and district students, staff members who inappropriately interact with any child may be disciplined or terminated when the district determines such action is necessary to protect students.

### **Absolute Prohibitions**

There are some interactions between staff members and students that are never acceptable and are absolutely prohibited including, but not limited to:

1. Touching, caressing, fondling or kissing students in a sexual or sexually intimate manner.
2. Dating a student or discussing or planning a future romantic or sexual relationship with a student.
3. The district may presume that this provision has been violated if a staff member begins a dating or sexual relationship with a student immediately after graduation or immediately after a student has left the district.
4. Making sexual advances toward a student or engaging in a sexual relationship with a student.
5. Engaging in any conduct that constitutes illegal harassment or discrimination as defined in policy 7:20 Harassment of Students Prohibited and policy 7:180 Preventing Bullying, Intimidation, and Harassment or that could constitute a violation of that policy if pervasive.
6. Engaging in any conduct that violates Board policies, regulations or procedures or constitutes criminal behavior.

### **Exceptions to Staff/Student Relations**

The goal of this policy is to protect students from harm and staff members from allegations of misconduct by requiring staff members to maintain professional boundaries with students. The district does not intend to interfere with or impede appropriate interactions between staff members and students.

An emergency situation or an educational purpose might justify deviation from some of the professional boundaries set out in this policy. Likewise, staff members might be related to students or have contact with students outside the school environment through friends, neighborhood or community activities, or participation in civic, religious or other organizations. These contacts might justify deviation from some of the standards set in this policy, but under no circumstance will an educational or other purpose justify deviating from the "Absolute Prohibitions" section of this policy.

The staff member must be prepared to articulate the reason for any deviation from the requirements of this policy and must demonstrate that he or she has maintained an appropriate relationship with the student. To avoid confusion, the district encourages staff members to consult with their supervisors prior to engaging in behaviors or activities that might violate professional boundaries as defined in this policy.

### **Failure to Maintain Boundaries**

Unless an educational purpose exists or an exception as defined in this policy applies, examples of situations where professional physical and emotional boundaries are violated include, but are not limited to:

1. Being alone with a student in a room with a closed or locked door or with the lights off. Counselors or others who need to work with students confidentially must discuss with their supervisors the appropriate manner of meeting with students.

2. Associating with students in any setting where students are provided, are consuming or are encouraged to use or consume alcohol, tobacco, drugs or any other product or service prohibited to minors.
3. Communicating with students about sexual topics verbally or by any form of written, pictorial or electronic communication.
4. Discussing the staff member's personal problems with or in the presence of students.
5. Sponsoring parties for students outside of school unless as part of an extracurricular activity that is appropriately supervised by additional staff members.
6. Inviting students to the staff member's home.
7. Being present when students are fully or partially nude.
8. Sending students on personal errands.
9. Allowing a student to drive the staff member's vehicle.
10. Providing a student (other than the staff member's children, stepchildren or other children living in the staff member's home) transportation in the staff member's personal vehicle without a supervisor's approval, unless another staff member or the student's parent/guardian is also present in the vehicle.
11. Allowing any student to engage in behavior that would not be tolerated if done by other similarly
12. situated students (see policy 4:110 Transportation).
13. Giving gifts to individual students.
14. Frequently pulling a student from another class or activity to be with the staff member.

### **Electronic Communication**

Staff members are encouraged to communicate with students and parents/guardians for educational purposes using a variety of effective methods, including electronic communication. As with other forms of communication, staff members must maintain professional boundaries with students while using electronic communication regardless of whether the communication methods are provided by the district or the staff member uses his or her own personal electronic communication devices, accounts, web pages or other forms of electronic communication.

The district's policies, regulations, procedures and expectations regarding in-person communications at school and during the school day also apply to electronic communications for educational purposes, regardless of when those communications occur. Staff communications must be professional, and student communications must be appropriate. Staff members may only communicate with students electronically for educational purposes. Staff members may use electronic communication with students only as frequently as necessary to accomplish the educational purpose.

1. When communicating electronically with students for educational purposes, staff members must use district-provided devices, accounts and forms of communication (such as computers, phones, telephone numbers, e-mail addresses and district-sponsored webpages or social networking sites), when available. If district-provided devices, accounts and forms of
2. communication are unavailable, staff members communicating electronically with students must do so in accordance with number two below. Staff members may communicate with students using district-provided forms of communication without first obtaining supervisor approval. These communications may be subject to review as deemed appropriate by school officials. With district permission, staff members may establish websites or other accounts on behalf of the district that enable communications between staff members and students or parents/guardians. Any such website or account is considered district sponsored and must be professional and conform to all district policies, regulations and procedures.
3. A staff member's supervisor may authorize a staff member to communicate with students using the staff member's personal telephone numbers, addresses, webpages or accounts (including, but not limited to, accounts used for texting) to organize or facilitate a district-sponsored class or activity if the communication is determined necessary or beneficial, if a district-sponsored form of communication is not available, and if the communication is related to

the class or activity. The district will provide notification to the parents/guardians of students participating in classes or activities for which personal electronic communications occurs. Staff members will be required to send the communications simultaneously to the supervisor, supervisor designee, parent or guardian. Staff members are required to provide their supervisors with all education related communications with district students upon request.

4. Staff use of any electronic communication is subject to the district's policies, regulations and procedures including, but not limited to, policies, regulations, procedures and legal requirements governing the confidentiality and release of information about identifiable students. Employees who obtain pictures or other information about identifiable students through their connections with the district are prohibited from posting such pictures or information on personal websites or personal social networking websites without permission from a supervisor.

5. The district discourages staff members from communicating with students electronically for reasons other than educational purposes. When an electronic communication is not for educational purposes, the section of this policy titled "Exceptions to Policy 5:122" applies, and if concerns are raised, the staff member must be prepared to demonstrate that the communications are appropriate. This policy does not limit staff members from communicating with their children, stepchildren or other persons living within the staff member's home who happen to be students of the district.

### **Consequences**

Staff members who violate this policy will be disciplined, up to and including termination of employment. Depending on the circumstances, the district may report staff members to law enforcement and the Illinois Department of Children and Family Services (DCFS) for further investigation, and the district may seek revocation of a staff member's license(s) with the Illinois State Board of Education (ISBE).

### **Reporting**

Any person, including a student, who has concerns about or is uncomfortable with a relationship or activities between a staff member and a student should bring this concern immediately to the attention of the principal, counselor or staff member's supervisor. If illegal discrimination or harassment is suspected, the process in policy 7:20, Harassment of Students Prohibited, will be followed.

Any staff member who possesses knowledge or evidence of possible violations of this policy must immediately make a report to the district's administration. All staff members who know or have reasonable cause to suspect child abuse shall immediately report the suspected abuse in accordance with Board policy. Staff members must also immediately report a violation or perceived violation of the district's discrimination and harassment policy 7:20 Harassment of Students Prohibited and policy 7:180 Preventing Bullying, Intimidation, and Harassment to the district's nondiscrimination compliance officer. Staff members may be disciplined for failing to make such reports.

The district will not discipline, terminate or otherwise discriminate or retaliate against a staff member for reporting in good faith any action that may be a violation of this policy.

### **Training**

The district will provide training to district staff that includes current and reliable information on identifying signs of sexual abuse in children and potentially abusive relationships between children and adults. The training will emphasize legal reporting requirements and cover how to establish an atmosphere where students feel comfortable discussing matters related to abuse.

### ***Erin's Law* Counseling Options, Assistance, and Intervention**

The Superintendent or designee will ensure that each school building's Student Support Committee identifies counseling options for students who are affected by sexual abuse and grooming behaviors, along with District and community-based options for victims of sexual abuse and grooming behaviors to obtain assistance and intervention. Community-based options must include a Children's Advocacy

Center and sexual assault crisis center(s) that serve the District, if any.

**Reporting Child Sexual Abuse, Grooming Behaviors, and/or Boundary Violations** Reasonable suspicions of child sexual abuse and grooming behaviors shall be reported to DCFS. Other boundary violations and violations of the code of conduct shall be reported to the building principal.

Community-based options must include a Children's Advocacy Center and sexual assault crisis center(s) that serve the District, if any.

## **Part H**

### **DISTRIBUTION OF POLICY**

Copies of the Discipline Policy and Procedures will be furnished to the parents/guardians of each elementary student and to students at the secondary level at the beginning of the school year or within fifteen (15) days after the school year begins, or within fifteen (15) school days after a transfer student begins classes in District 61.

## **SECTION III**

### **GENERAL CONSEQUENCES**

## Part A

### EXPECTATIONS

Students representing their school or attending a school-sponsored activity at a location other than their own school shall conform to the same standards of conduct expected in the school. Infractions are subject to the appropriate Range of Administrative Consequences/Interventions (Part B). Police or juvenile authorities and the Superintendent of Schools shall be notified of illegal infractions.

Teachers at every level must be on the alert for behavioral problems which indicate a need for help. Early detection and consistent work with the student and parents/guardians enhances the probability for successful adjustment. Range of Administrative Consequences/Interventions (Part B) shall be implemented which assist in teaching the acceptable behavior when at all possible.

Any of the procedures described in Range of Administrative Consequences/Interventions (Part B) may be utilized to try to prevent minor problems from becoming major problems (except as limited by the student conduct regulations—see Part B, *Range of Administrative Consequences/Interventions*).

- Each teacher is expected to maintain a classroom climate favorable to learning and to handle most behavioral problems through teacher-student interaction. Teachers are to establish a Classroom Interventions to be approved by the appropriate administrator and implemented prior to making an office referral, unless the behavior is of such serious nature that immediate office referral is warranted.
- If the above procedures are not producing the desired results, the teacher shall confer with the principal, counselor, social worker, dean, or assistant principal. The participants shall implement whatever plans they devise for corrections.
- If deemed advisable, a parent/guardian-teacher-student conference may be held.
- Any modification of the school day must have an agreement from the school principal and parent or guardian before proceeding to the final required step which is final approval from the Assistant Superintendent of Teaching and Learning.

If a student persists in unacceptable behavior, the student shall be sent to the principal or assistant principal at the secondary level and the principal or the acting principal at the elementary level.

Administrators may use any of the following appropriate Range of Administrative Consequences/Interventions (Part B) outlined in this code of conduct, depending upon the seriousness of the behavioral problem. See Part C, *Definitions for Consequences*, for distinction.

## Part B

### RANGE OF ADMINISTRATIVE CONSEQUENCES/INTERVENTIONS

The following range of consequences/interventions may be used to address student misbehavior. This list does not display a required sequence of disciplinary actions. These consequences/interventions may be utilized in any order at the discretion of the administrator, except where Board approval is required.

<ul style="list-style-type: none"><li>• CARE Room</li><li>• Transition Room</li><li>• Detention (before/after school or lunch)</li><li>• Expulsion (Board approval required)</li><li>• Out-of-School Suspension</li><li>• Parent Contact</li></ul>	<ul style="list-style-type: none"><li>• Parent Conference</li><li>• Referral to an Alternative Education Program</li><li>• Restitution</li><li>• Social Probation</li><li>• Restorative Circles/Peace Circles</li><li>• Warning</li></ul>
--	---

Parent notification shall occur for all consequences/interventions excluding warnings, CARE and Transition room and lunch detentions and shall be made by: writing, email, text, phone, and/or in person. Support Services may occur at all levels in the *Range of Administrative Consequences/Interventions*.

<b>DEFINITIONS OF CONSEQUENCES/INTERVENTIONS (placed in alphabetical order)</b>
---

CARE Room

CARE Room serves a multifunctional purpose to support the needs of the student. This room will serve as an opportunity for students to self-regulate, participate in behavioral modification strategies, self-reflection, coping skills, and other restorative practices. In addition to support strategies, students will be given the opportunity to complete academic assignments for equivalent credit.

Detention

Time assigned the student by a staff member or administrator to be served outside of the academic portion of the school day.

Expulsion

Board of Education approved exclusion of a student for a period of time greater than ten (10) attendance days but not to exceed two (2) calendar years. Expelled students are not allowed on District #61 property or allowed to attend any activity sanctioned by the Decatur Schools until their term of expulsion has been completed, except for the limited purpose of attending an alternative school on district property.

Out-of-School Suspension

A temporary exclusion of a student from school (including all activities sanctioned by Decatur Schools), from all school district property, from riding the school bus or from a class or classes for a period of time not to exceed ten (10) attendance days unless approved by the Board of Education. A student may be suspended from riding the school bus in excess of ten (10) attendance days for safety reasons. It is the responsibility of the parent to transport the student to and from school if the student is suspended from the bus. (Refer to Part E, *Special Education Suspension Procedures*, for special education students.) Students who are temporarily suspended have the opportunity to attend the Suspension Room at William Harris Alternative Learning Academy. The Suspension Room is an opportunity to continue to receive and complete work while suspended. The Suspension Room is supervised by a Certified Teacher, and collaboration and communication with the home-school happens to receive assignments for students.

Parent Contact

Parents/Guardians are notified of the discipline concern by phone, mail, and/or in person.

Parent Conference

A formal scheduled meeting with parents/guardians to discuss a student's behavior.

Referral to Milligan Academy

Milligan Academy is an alternative program, managed in partnership with the Regional Office of Education. Students must be in 6<sup>th</sup> through 12<sup>th</sup> grade to be eligible for support. Students can be placed at Milligan for academic or behavioral support services.

Referral to Garfield Learning Academy

Garfield Learning Academy is part of DPS 61. Students can be placed there for academic recovery or behavioral support. Placement length is based on student's individual needs, and goal reviews are conducted at the completion of each school year.

### Restitution

Students may be required to perform simple work consistent with the nature of the offense committed to remedy the damage which they or others have caused to property or grounds—for example: removal of gum from under desks and seats, repair of damaged property, removal of gang identifiers painted on buildings, repair of grounds damaged by vehicles, etc. Restitution can be assessed based on equivalent replacement or compensation for loss, damage, or injury caused.

### Social Probation

Exclusion from participation in and/or attendance at an extracurricular school-sanctioned activity.

### Transition Room

Transition Room supports the extended needs of students at the Secondary level. This room is used for students needing additional academic or behavioral support, credit recovery, and extended care. This room's purpose is to prevent the lapse of academic progress while providing unique educational opportunities.

### Warning

Students are told that repeated offense(s) will result in more severe disciplinary action.

## **Part C**

## **INTERVENTIONS AND RESOURCES**

### **Continuum of Support Services**

Services may be recommended and/or provided to students and/or families by varying levels of district employees, including building level intervention team members and Student Services employees. These services may include, but are not limited to, counseling, monitoring, and follow-ups by district staff. The creation of a positive school culture requires students, families, teachers, and administrators to work together to uphold and respect each other's rights and responsibilities.

### **Mental Health Counselors**

Per the Illinois Mental Health and Developmental Disabilities Code (405 ILCS 5/3-550), minors between the ages of 12-17 are allowed to receive up to eight (8) 90-minute sessions of counseling before the worker makes a service decision. Parent/guardian permission is required for more than the eight (8) sessions unless the service provider determines (through consultation with the minor) that attempting to obtain the consent of a parent or guardian would be detrimental to the minor's well-being.

### **Multi-Tiered System of Support**

Schools have been working to develop their continuum of available and appropriate support services. These services are accessible to all students, and the frequency (as well as duration) of interventions increase based on the needs of students. A Multi-Tiered System of Support provides three tiers of intervention, and a problem-solving process for students both academically and behaviorally. The tiers provide a layering approach to intervening with additional targeted skill-building for students.

Tier 1- provides intervention and prevention supports for all students.

Tier 2- provides intervention for students who have received all Tier 1 supports and are identified based on accumulated data points as needing additional support.

Tier 3- provides intervention for students who have received all Tier 1 and Tier 2 supports and are identified based on accumulated data points as needing more intensive supports.

Within the Multi-Tiered System of Support, schools use evidence-based approaches and practices for students needing additional supports.

Positive Behavior Interventions and Supports (PBIS) is a proactive systems approach that helps schools use effective interventions accurately and successfully.

Restorative Practices is a philosophy that seeks to establish norms of behavior and recognize any and all harm done to relationships and individuals, with the goal of making things right. Restorative Practices' three main goals are Accountability, Community Safety, and Competency Development.

## Part D

### DISCIPLINE VIOLATIONS AND RANGES OF CONSEQUENCES

All parents/guardians and students shall be aware that some of the acts listed below, as well as violations of the Safe School Zone, can also bring criminal prosecution and penalties as well as school disciplinary action, even if methods such as Restorative Practices are used. The school, the police or state's attorney, parents/guardians and/or students can bring legal action. The District will notify the police department of any act involving illegal drugs, weapons, and/or battery of district employees. Violation of the District drug policy occurs when a student or students are involved in using, being under the influence, possessing, distributing, purchasing, or selling illegal drugs or controlled substances on school district property or at any school event or activity. ***Infractions are reported electronically (known as referrals) by staff to administration.*** The asterisk (\*) indicates violations that may be reported to the police.

#### INFRACTIONS FOR LEVEL ONE

##### **Disruptive Behavior/Horseplay**

Disruptive Behavior/Horseplay occurs when a student engages in a brief behavior that disrupts the education of others.

Examples: tapping their pencil on the desk, singing, making jokes.

##### **Dress Code Violation**

Dress Code Violation occurs when a student is determined by a staff member to be out of compliance with the dress code or uniform policy and refuses to become compliant.

Examples: Visible undergarments, short or skirts too short, sagging pants.

##### **Failure to Follow Directions**

##### **Failure to Serve Detention**

Failure to Serve Detention occurs when a student knowingly fails to serve a detention as prescribed by principal or his/her designee.

Examples: intentionally not showing up for detention/skipping detention.

##### **Tardy (Repeated Unexcused)**

The Decatur Public Schools do not penalize students who come late to school occasionally for reasons recognized by the State of Illinois as valid causes for missing school. Please refer to pages 9-10 regarding the district tardy policy. Students who arrive tardy to class during the school day disrupt the

lesson and hinder learning. Students are considered tardy to class when they arrive to class after the tardy bell (start of class) without a valid pass from the building administrator or designee. If the tardiness becomes habitual, administrators or designee will meet with parents/guardians to determine the cause and develop a plan of assistance. Tardies to class will start over each quarter.

### **LEVEL ONE CONSEQUENCES**

<b>ELEMENTARY</b>	<b>SECONDARY</b>
First Offense and Subsequent Offenses <ul style="list-style-type: none"> <li>• Parent/Guardian Contact through 3 days in CARE or Transition Room</li> </ul>	First Offense and Subsequent Offenses <ul style="list-style-type: none"> <li>• Parent/Guardian Contact through 3 days in Transition Room</li> </ul>

### **INFRACTIONS FOR LEVEL TWO**

#### **Electronic Devices Violation**

Electronic Devices violation occurs when a student makes/receives incoming calls and/or text messaging for personal use during instructional time, or uses an electronic device to take a video of students or staff during the school day or school-sanctioned events without permission.

Examples: Unauthorized video recording is taking a video of staff or students during class or recording fights between students; this includes, but is not limited to: electronic signaling devices, cell phones, iPads, pagers, laptops, computers, hand-held devices of any kind, or cellular radio telecommunication.

#### **Gross Disruptive Behavior/Horseplay**

Gross Disruptive Behavior/Horseplay occurs when a student or students are involved in rough play or behavior that could cause injury, and/or make statements (hoax) that result in the disruption of class, and continue after a staff member has repeatedly redirected those actions.

Examples: running and throwing objects, flipping desk, and wrestling.

#### **Profanity/Obscenity**

Profanity/Obscenity occurs when a student or students use profane and/or obscene language or gestures directly towards other students and/or staff; and/or are in possession of magazines/literature with overt sexual content.

Examples: cursing, inappropriate materials (magazine, website, pictures).

#### **Skipping**

Skipping occurs when a student has been caught not attending a class or does not have a valid excuse or pass for not being in class.

Examples: loitering in the hallway after the bell, hiding in the auditorium, leaving school grounds.

#### **\*Theft Under \$20**

The taking or using of public or private property that does not belong to the perpetrator without permission or authorization is prohibited. Restitution will be a part of the punishment whenever possible. Student(s) involved in theft can be arrested based on the Illinois Criminal Code.

Theft (Minor) occurs when a student is involved with the taking or using of public or private property of nominal value without permission or authorization.

Examples include, but are not limited to: pencils, paper, school supplies, cash not exceeding \$20.00, food or drink items, etc.)

**\*Tobacco/Possession Paraphernalia**

Possession of tobacco or tobacco-related products including, but not limited to, cigarette lighter, cigarette paper, electronic cigarettes, and vape pens is prohibited in Decatur Public Schools. The term "possession" includes having control, custody, or care of an object or substance, regardless of whether or not the item is on the student's person, or contained in another item belonging to, or under the control of, the student, such as in the student's backpack, automobile, locker, desk, or other property. Police or juvenile authorities may be contacted.

Examples: cigarettes, vape pens, chewing tobacco, tobacco pipe, lighters, accessories.

TOPIC	DISCUSSION	ACTION
<b>Board Discussion</b>	Kent Metzger, Director of Buildings and Grounds, discussed solar panels with the Board of Education.	Information only.

The Board of Education discussed how they felt about moving forward with the locations that were presented by Nania Energy regarding installation of solar panels. The presentation included buildings that would possibly remain in our inventory and had the best land for solar panels.

Was this factored into the overall Facility's Plan? The locations were buildings that were currently not in dis-repair and would continue its usage. The Facility's Plan would help with some of the decisions regarding the inventory and usage.

Nania Energy would be responsible for solar panel replacements etc. They would be the owner, maintainer and ultimately the disposer of the solar panels. We have not asked Nania Energy to go to bid yet; they were waiting on us.

Mr. Metzger noted that the B&Gs department has a lot to maintain and prefers to let them, Nania Energy, maintain the area around the solar panels; he does not want his department to own that responsibility.

Kent Metzger, Director of Buildings and Grounds, shared an update regarding the installation of playgrounds. Hope, Muffley and Franklin were completed; South Shores was in process. The other remaining schools were Johns Hill, Parsons, Baum and Dansby. There was no certified playground inspector in place at this time.

Mr. Scheider noted the following:

- Solar panels – movement.
- School Improvement Days – previously discussed.
- Picture Day – they mess up instructional time and we should drop the second picture day.
- Standardized Testing – this has gotten extensive and develops burn-out for students. There was no need for PSAT twice a year for high school students as it was not recorded in Skyward. The percentile scores drop as students were not trying. Burnt out scores were not meaningful, especially with high school students. The amount of preparation time for testing should be reduced. Elementary should only test twice a year (FastBridge), remove the middle testing.
  - The win – wins were reducing burn-out and saving time this would improve scores. Possibly, set up a task force of different layers in the District to discuss.
- Hiring of Admins/Expectations for Training – we assume they need someone to guide them. However, there was no need for overlapping positions. Show more respect for those hired and allow them to do the job, that is what he or she was hired for.

TOPIC	DISCUSSION	ACTION
<b>Reports from Admins Update Structural Analysis</b>	<p>Kyle Hannel, Klingner &amp; Associates, presented a structural analysis on the following four buildings (attached):</p> <ul style="list-style-type: none"> <li>• Baum Elementary</li> <li>• Montessori Academy for Peace</li> <li>• Muffley Elementary</li> <li>• South Shores Elementary</li> </ul> <p>President Clevenger asked if administration could possibly develop a five to ten year rolling Facility Management Plan that would keep Board Members alert to any potential issues. This would help staff address the issues through the budget process.</p> <p>The series of presentations will continue through the May 2024 Board meetings.</p>	Information only.
<b>District-wide Assessment Update</b>	<p>Dr. Larry Gray, Assistant Superintendent of Teaching &amp; Learning, presented a District-wide Assessment update (attached).</p> <p>Mr. Wetzel asked for a trend that would help us return to pre-pandemic numbers. Dr. Gray replied they were working on that information.</p> <p>Vice President Dion noted that he was not proud of the scores and asked how could the District fix it.</p> <p>Mr. Reynolds asked if there were any additional changes as the District was trying to continue the upward trend. Dr. Gray replied that the District continues to add support to the teachers and the coordinators. This support helps educators reach every child.</p> <p>Dr. Collins-Brown asked if there were accommodations for students. Dr. Gray replied yes there were and the counselor has to fill out the form and note the needs; there was a timeline for submission for accommodations.</p> <p>Dr. Collins-Brown noted that the scores may not be valid and could be higher if the District removed the special education students and/or those who received accommodations. He was previously told that accommodations were not given. If the scores could be separated, this may be a different conversation.</p> <p>Mr. Wetzel asked for other quantifiable data, overall health, that would help note that the tables had turned. Should discipline be included? What are some key indicators that the table has turned or is turning? Is there more to academic achievement? Dr. Gray replied that he could develop other key indicators to show other increases.</p> <p>Dr. Collins-Brown noted that students were not taking the tests seriously, therefore, he felt they were not accurate based on what the District has produced, especially those with behavior issues. Testing was not an accurate tool that determines the outcome.</p>	Information only.

## Board of Education Decatur Public School District #61

<b>Date:</b> May 14, 2024	<b>Subject:</b> Macon-Piatt Special Education District (MPSED) Administrator and Administrative Support Salary Schedules for 2024-2025
<b>Initiated By:</b> Kathy Horath, Director of Special Education	<b>Attachments:</b> 2024-2025 MPSED Administrator and Administrative Support Salary Schedules
<b>Reviewed By:</b> Dr. Rochelle Clark Superintendent	

### BACKGROUND INFORMATION:

Historically, Decatur included MPSED Administrators and Administrative Support personnel in the district's salary schedules. After conferring with the MPSED board and DPS central administration, including Dr. Clark, the group determined it would be clearer to separate out the two groups with the decision going to the MPSED board. The results would then be shared with the DPS board as Administrative Agent to ratify.

### CURRENT CONSIDERATIONS:

The MPSED board reviewed the proposed salary schedule at a MPSED finance committee and a first reading in March 2024. The board voted in favor of this salary schedule at the April 18, 2024 board meeting.

### FINANCIAL CONSIDERATIONS:

The salary increases include a position change from SEA to Assistant Director, as well as two employees who are in the retirement track. Total increased cost for administrators is \$85,910, and total increased cost for administrative support personnel is \$34,622. These costs will be in the 2024-2025 MPSED budget.

### STAFF RECOMMENDATION:

The Administration respectfully requests that the Board of Education approve and ratify the Macon-Piatt Special Education District 2024-2025 Administrator and Administrative Support Salary Schedules for 2024-2025 as presented. **Please note:** the MPSED 2024-2025 Administrator and Administrative Support Salary Schedules for 2024-202 were approved by the Macon-Piatt Special Education Executive Board on April 18, 2024.

Dear Macon/Piatt District Superintendents,

Over the past several years, we have built a continuum of services to support the most under-resourced youth and families within our ROE #39 service area.

### **Our Mission**

The Macon/Piatt Regional Office of Education is committed to leading, serving, promoting, and developing quality educational programs throughout the area, ensuring academic achievement and excellence.

### **Continuum of Services**

ROE #39 is committed to working with you as a partner in service to our most vulnerable youth. As your partner, we see the myriad of needs that young people and families experience and offer your school district a continuum of services to meet those needs.

The continuum of ROE #39 programs for vulnerable youth includes:

**Regional Safe Schools Program** - serves students in grades 6-12 who are suspended, expulsion eligible/and or expelled in need of an intensive academic program with mental health supports. This program is housed in Milligan Academy.

**Truants Alternative and Optional Educational Program** - serves students who will not or have not graduated with their cohort. These programs focus on social/emotional learning while certified instructors assist students with credit recovery and accelerated credit acquisition. This program is housed at Futures Unlimited.

**Option Three Alternative Program** – serves students ages 14-16 who are considered chronically truant due to social anxiety, limited coping strategies, and compounding circumstances. These students are in need of an option to re-engage in education in a setting that is different than traditional or alternative settings. *This newly developed program is dependent on grant funding and student need.*

Enclosed you will find the Intergovernmental Agreement for the fiscal year 2025 between Macon/Piatt Regional Office of Education #39 and the district for the purpose of participating in one or all of the aforementioned programs. If you have questions about these programs, please contact Brian Plummer at bplummer@roe39.org or (217) 362-3080.

Please ensure a representative from or designee of your school board signs this document to indicate the program(s) your district may or will be utilizing for the 2024-2025 school year. Please indicate your program choice(s) by checking the box next to each program name. We recommend that all districts check RSSP, TAOEP, and OPTION THREE so that if you decide during the year to place a student in one of these programs, you will be able to do so. If you do not check these, your district will not be able to access these services during the next school year.

We thank you for your continued partnership in serving all young people and their families.

Sincerely,  
Jill R. Reedy

### **Milligan Academy – RSSP (6<sup>th</sup> -12<sup>th</sup> grade)**

**Whereas:** All students are entitled and required by law to attend school up to and including the age of seventeen.

**Whereas:** A regular school setting is no longer a viable option for academic success for students exhibiting disruptive behaviors.

**Therefore:** The Macon/Piatt Regional Office of Education #39 (ROE 39) specifically the Milligan Academy: Regional Safe School Program, and the school district listed below agree to an alternative education program as authorized by **Article 13A of The Illinois School Code** to be arranged for individual students as mutually agreed upon.

**A. Milligan Academy: Regional Safe School Program, also known as the serving school, agrees to:**

1. Provide a comprehensive Individual Optional Education Program (IOEP) subject to statutory and regulatory graduation minimum requirements called for in the **State School Code of Illinois and Illinois Administrative Code 23.**
2. Administer various assessment tools to each student to determine the educational needs of that student and use that information to design an IOEP to address the needs.
3. Prepare a school calendar in accordance with all regulations in the Illinois State School Code relating to the school calendar.
4. Expect all students to attend school every day or provide a valid reason/excuse. Milligan Academy will enforce all truancy laws.
5. Enroll the student all day or on an abbreviated schedule as called for by the IOEP.
6. Keep complete records of the student's progress and report back to the home school each year the success or failure of the student and re-enroll the student for the coming year until graduation or transfer back to the home school.

semester as long as all requirements stated in this agreement and the students' IOEP are met.

8. Use all available local, state, federal, and private social agencies to address behavior problems or concerns. Mentoring, tutoring, and counseling will be an active and important part of each student's program.
9. Sponsor a graduation ceremony through the Regional Office of Education at least once a year for all graduates. However, if the student and home school can agree the student may be excused from the Regional Office of Education ceremony and return to his/her home school for graduation.

**B. The District, also known as the home school, agrees to:**

1. Complete in full all forms and supply any additional information to Milligan Academy: Regional Safe School Program about a transferred student so a proper IOEP can be developed.
2. Designate a staff member to plan with the student, parent, and a representative of Milligan Academy a suitable Individual Optional Education Program. If the IOEP is successfully completed, the student may be administratively transferred back to his home school for additional schooling or remain in a Regional Office of Education program until graduation.
3. Prepare a diploma for each student who accumulates the necessary minimum State of Illinois graduation requirements (ILCS 5/27-22) based on a transcript issued by the program in which the student is enrolled.
4. Accept without exception all credits awarded to students as soon as they return to the home school.
5. Discontinue expulsion procedures upon the acceptance of a transferred student in the alternative program. The district can continue expulsion procedures at a later date if Milligan Academy: Regional Safe School Program fails to accomplish the terms of the IOEP or agreements made with the parent/student or unless the home school district chooses other alternatives.
6. Allow the Regional Office of Education to enroll and claim this student for the purpose of collecting state funding. Pay tuition at a rate of \$25.00 per day of enrollment to be billed at the end of each quarter.

7. Provide transportation for administratively transferred students.
8. **Limitations:** Transferred students enrolled in Milligan Academy: Regional Safe School Program will not graduate earlier than the class to which he/she belonged in the home school. Exception: The IOEP provides the opportunity for a student who enters the program as a junior high school student, if not too far behind academically, to apply himself in the program and qualify for graduation earlier than his class. As soon as the Regional Office of Education recognizes that a student is intending to do this, the home school, student, parents, and school representative will meet to discuss alternatives to early graduation. This program is an alternative program and cannot be interpreted as an accelerated program.

**C. Both parties agree to the following graduation requirements:**

1. Minimum requirements that meet state standards.
2. No opportunity to graduate earlier than one semester before the graduating class to which he/she would belong (according to the student's birth date) in their respective home school. Exceptions to this agreement may be mutually agreed upon by the home school representatives and the Director of Futures Unlimited.

**Therefore,** the Macon/Piatt Regional Office of Education #39 (ROE 39), and specifically, Option Three, a collaboration with NXT GEN, LLC, and 4M Educational Services, will provide students in Macon and Piatt counties, an alternative educational program based on SEL competencies and devised to assist students in achieving success by improving life skills, developing self-confidence, and growing educationally, while receiving experiential opportunities through career exploration.

### BACKGROUND INFORMATION:

The Title IV-A program is intended to improve students' academic achievement by increasing the capacity of states, local education agencies (LEAs), schools, and local communities to (1) provide all students with access to a well-rounded education, (2) improve school conditions for student learning, and (3) improve the use of technology in order to improve the academic achievement and digital literacy of all students.

### CURRENT CONSIDERATIONS:

A task-force of PE teachers was developed in order to determine the best curriculum needs for each of elementary and middle school. The task-force determined that SPARK PE curriculum best met each building's need.

The SPARK PE curriculum is an evidence-based program that strives to foster environmental and behavioral change in children. The objective of this program is to teach students in grades K-12 how to develop healthy lifestyles, motor skills, movement knowledge, and social and personal skills during PE classes, after-school programs, early childhood, classrooms, and recess settings.

The SPARK PE program makes it easy to implement lessons during class. It provides teachers with a coordinated package of curriculum, training, content-matched equipment, and extensive follow-up support. A comprehensive manual includes tips for implementation, videos, and skill cards in English and Spanish. Teachers can enhance the instruction using the included CD with songs that correspond with lessons. Get all online and printed resources, along with the CD, in the all-encompassing SPARKfolio. It also includes a custom box to organize and transport materials. There is also an online component for teachers and students.

### FINANCIAL CONSIDERATIONS:

The total cost for SPARK is \$66,115.44 and will be covered utilizing Title IV funds.

### STAFF RECOMMENDATION:

The Administration respectfully requests that the Board of Education approve the Gopher SPARK PE Curriculum in the amount of \$66,115.44 as presented.
