FAQs

1. Why raise the credit requirements for graduation? Requirements are comparable to surrounding counties and allow us to raise the bar for students relative to preparation for college, military or the workforce.
2. What will this do to class sizes for Freshmen? Little change will occur given the number of electives available.
3. What will this do for students' access to sports? No Change (C or above).
4. How will this impact students needing credit recovery? APEX is available for students (APEX 50-59; full APEX courses with similar difficulty to in-person learning, Summer School).

Educating for Success

FAQs

5. What about current Seniors? Seniors are not impacted; their credit requirement remains **22**. This is the same for Juniors.

6. What classes will be offered to make up the 2 additional credits? We have added several electives to the Course Guide over the past two years in Career and Technical Education, etc. to support this change.

7. Does this apply to special needs children? Special needs students can earn a regular diploma by meeting the same requirements as their non-special needs peers with modifications outlined in their IEPs. *Note: Special needs students may also receive a certificate of completion with extended learning opportunities or a certificate of attendance.

Institutions categorized as Intensive necessitate the highest degree of comprehensive support and strategic intervention to address significant and enduring academic deficiencies.

Comprehensive Support Designation

These institutions require substantial operational assistance to elevate performance across various key indicators, typically entailing the implementation of detailed improvement plans.

Targeted Support Designation

Designated for specific strategic support, these schools exhibit underperformance within identified student subgroups, with the objective of ensuring equitable educational outcomes for all learners.

Commendable Performance Status

Schools in this category consistently demonstrate robust academic performance and sustained student growth, meeting or surpassing established benchmarks across all core subject areas.

Exemplary Achievement Status

These institutions achieve the pinnacle of academic excellence, consistently exceeding all expectations in both student achievement and developmental progress.

Ninth-Grade On-Track Performance Analysis

Ninth-grade on-track performance metrics serve as critical indicators for high school graduation success. Students achieving requisite academic credits and satisfactory grade performance during their inaugural year exhibit a substantially elevated likelihood of graduating within the standard timeframe.

Eisenhower High School: Performance Overview

64.09% of ninth-grade cohort achieved on-track status.

↑ 0.41 percentage points from the prior reporting period (63.68%).

This incremental gain underscores a sustained strategic commitment to first-year student support frameworks and proactive intervention protocols.

MacArthur High School: Performance Overview

76.38% of ninth-grade cohort achieved on-track status.

↓ 1.88 percentage points from the prior reporting period (78.26%).

Despite a marginal deceleration in growth, MacArthur High School consistently maintains an on-track attainment rate significantly surpassing the statewide average.

Composite Graduation Rate Analysis

Both educational institutions exhibited favorable trends in composite graduation rates, marked by significant advancements that underscore the effectiveness of sustained student support initiatives implemented throughout the academic tenure.

Composite graduation rates integrate the 4-year, 5-year, and 6-year adjusted cohort graduation rates. This methodology provides a comprehensive perspective on student academic progression across multiple cohorts, by continuously tracking student cohorts from initial ninth-grade enrollment, inclusive of transfers, thereby yielding a more holistic assessment than singular annual metrics.

76%

Eisenhower High School
Performance

Represents an increase from 70.38%

81%

MacArthur High School
Performance

Represents an increase from 78.90%

These improvements in graduation rates substantiate the efficacy of dropout prevention programs, credit recovery options, and personalized student support initiatives strategically deployed across both campuses.

Strategic Directives for District-Wide Advancement

Our demonstrated improvements are attributable to robust, validated, and empirically-supported initiatives deployed systematically across all campuses. These strategic investments are predicated upon rigorous research methodologies, exhibiting a proven track record in elevating pedagogical efficacy, strengthening instructional leadership, and optimizing student achievement.

This targeted talent acquisition strategy effectively mitigates workforce shortages, simultaneously enhancing pedagogical diversity and broadening student exposure to global perspectives.

These strategic recruitment initiatives are pivotal in ensuring that every classroom is staffed with highly-qualified educators, concurrently cultivating a globally-competent learning environment for both students and staff.

ILLINOIS SCHOOL DISTRICT TAX LEVY PROCESS AND REQUIREMENTS

DR. MIKE CURRY

BOARD OF EDUCATION MEETING
11 NOVEMBER 2025

Illinois School District Tax Levy Process & Requirements

Understanding how Illinois
school districts generate
property tax revenue.

Based on Illinois School
Code (105 ILCS 5/17-1) and
Property Tax Extension
Limitation Law (35 ILCS
200/18).

Purpose of the Tax Levy

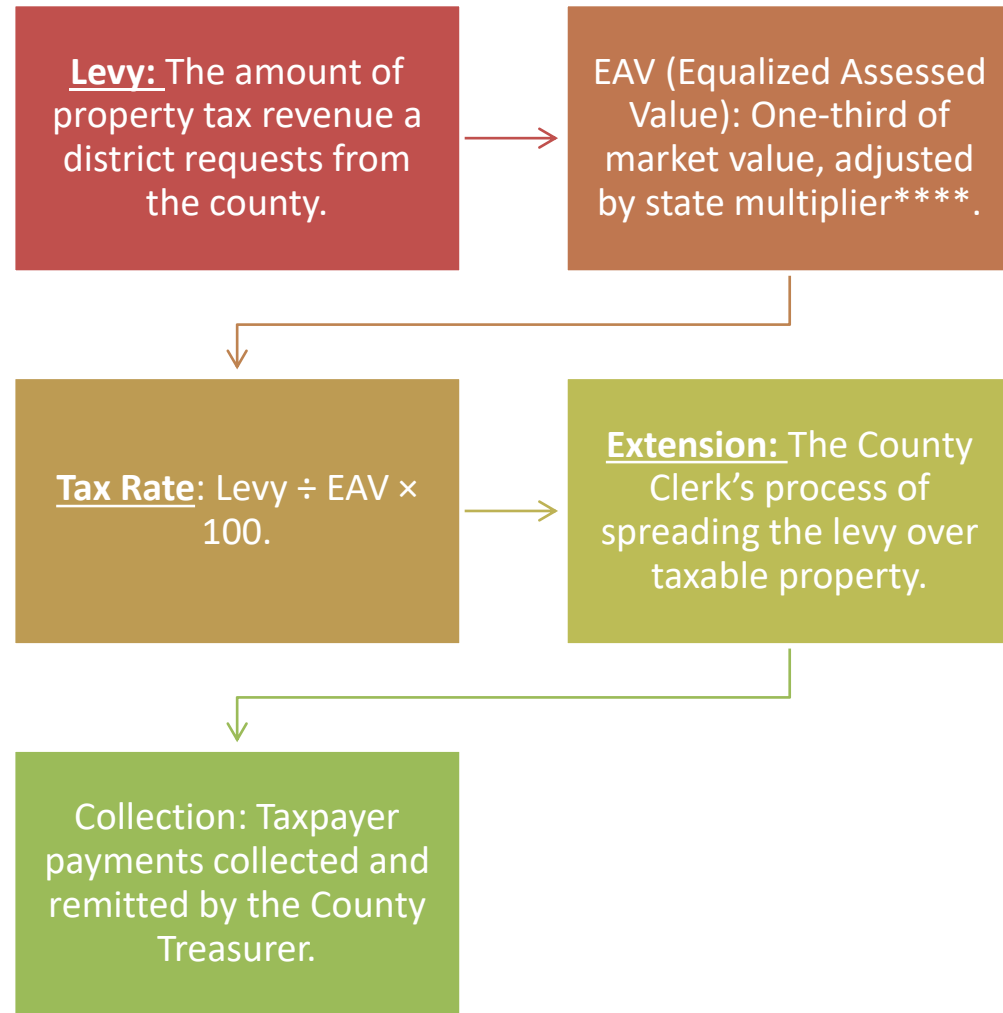

The tax levy is the school district's annual legal request for property tax revenue.

Provides the largest single source of local funding for most Illinois districts.

Levy determines the amount to be extended on the Equalized Assessed Value (EAV) base by the County Clerk.

Adopted annually by the Board of Education and filed by the last Tuesday in December.

Key Terminology

Legal Authority & Annual Timeline

Governing Statutes: 105 ILCS 5/17-1
and 35 ILCS 200/18.

Key Dates:

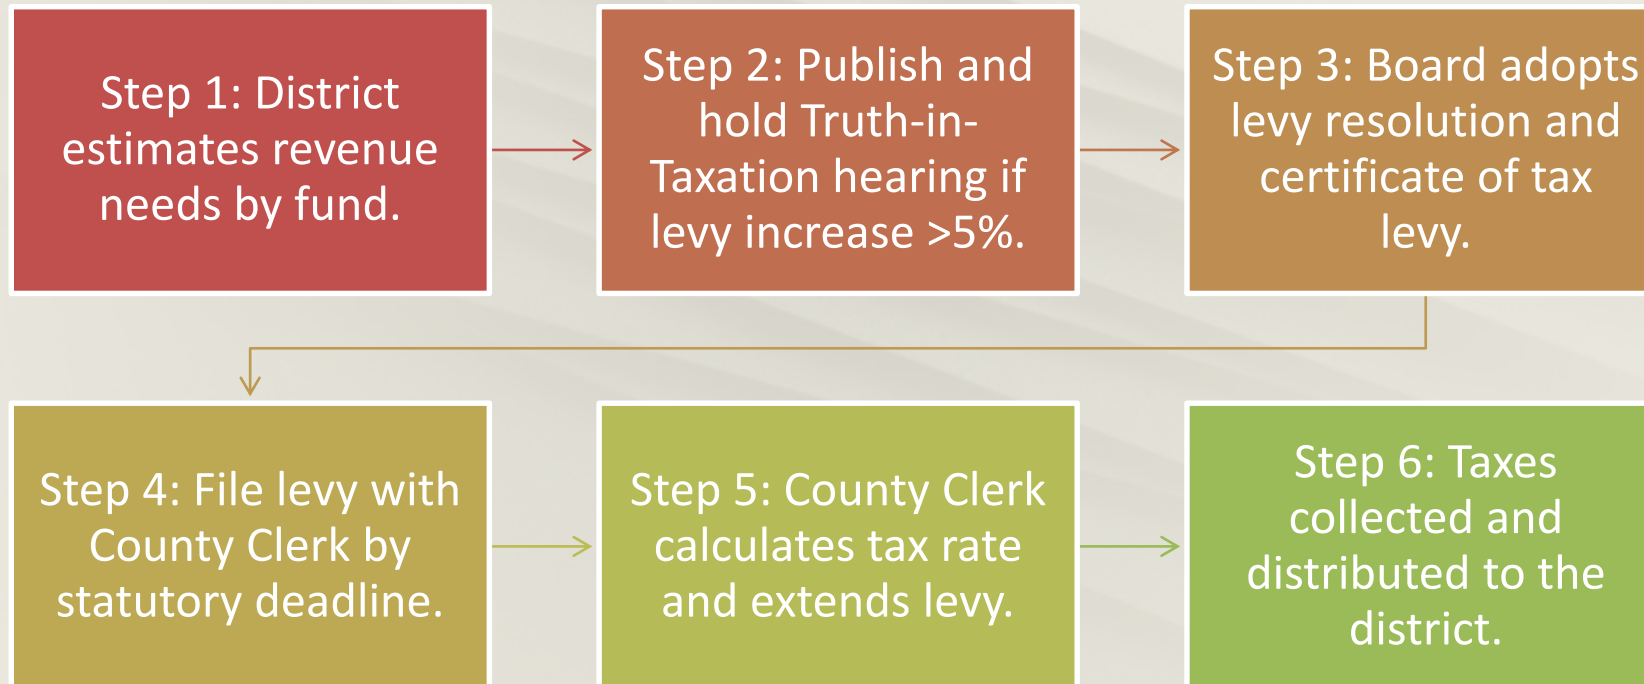

- November: Board reviews estimated
levy.

- December: Board adopts final levy
and files with County Clerk.

- Spring–Summer: County extends
rates and issues tax bills.

Late filings result in loss of current-
year tax revenue.

Tax Levy Process Overview

Truth in Taxation Act Requirements

Applies if levy increase exceeds 105% of prior year extension (5% more than prior year). If the EAV increase is estimated to be over 5% - prudent to publish a TnT.

District must publish notice in a local newspaper (not more than 14 and not less than 7 days before hearing).

Public hearing must be held before adoption of levy.

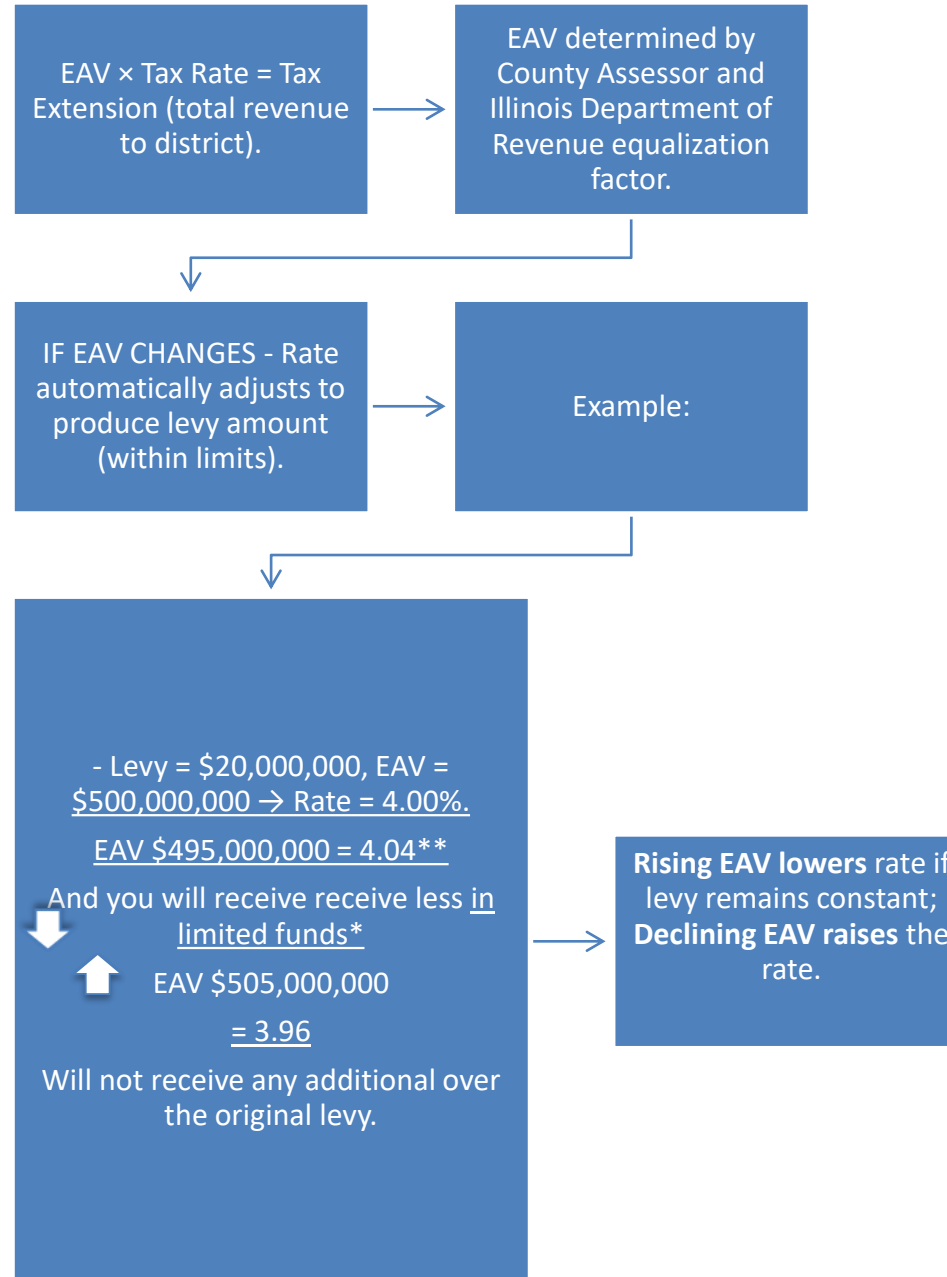

Board must approve levy by roll call vote following hearing.

Promotes transparency and community engagement.

Understanding EAV and Tax Rate Relationship

Non- PTELL Districts

Non-PTELL districts are not subject to CPI-based tax caps.

May increase levy based on EAV growth or voter-approved authority.

Can capture all new property and inflation growth automatically.

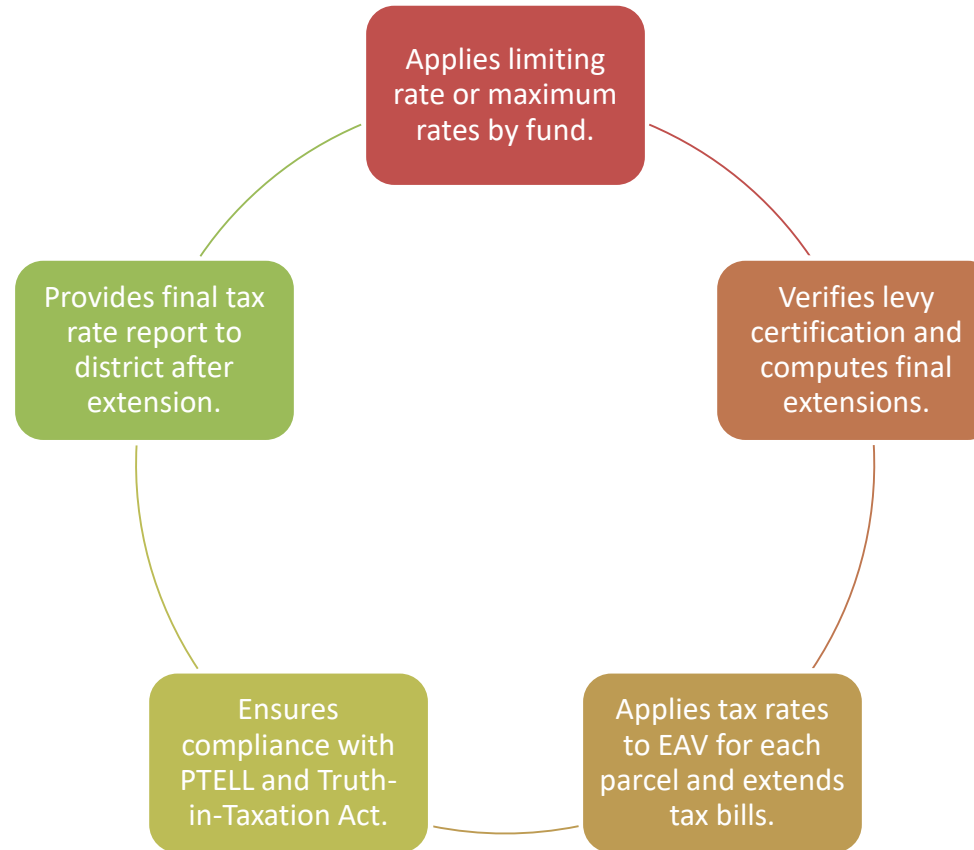

Still must comply with Truth-in-Taxation if increase exceeds 5%.

Examples: Districts in counties without tax caps (e.g., Macon, Adams, Sangamon).

Funds Included in the Levy

County Clerk's Role in Extension Process

Common Challenges & Best Practices

Estimating EAV growth before final numbers are available.

Final EAV is set in February – may increase or decrease

Timing levy adoption with board and publication deadlines.

Truth-in-Taxation information must be published no more than 14 and no less than 7 days before hearing

Understanding impact of TIFs and exemptions on taxable value.

Best Practices:

- Maintain levy calendar checklist.

- Communicate clearly with the County Clerk's Office.

- Use conservative CPI and EAV projections.

Date: November 11, 2025	Subject: Policy 6:300 Graduation Requirements
Initiated By: Dr. Edwin Robinson, Director of Teaching & Learning - Secondary	Attachments: Policy 6:300 Graduation Requirements
Reviewed By: Dr. Rochelle Clark, Superintendent and the Policy Committee	

BACKGROUND INFORMATION:

The Board Policy Committee regularly reviews Policies to adjust based on the Illinois Association School Boards PRESS recommendations, current practices, needed changes to practices, and updates to reflect changes associated with new laws. The policies are reviewed by the Board Policy Committee and the best corresponding administrator(s). Currently, administration is recommending a change to the above policy regarding graduation requirements for students.

CURRENT CONSIDERATIONS:

Administration is recommending that at the beginning of the Class of 2028, a minimum of **24** credit hours is required for graduation from Decatur Public High Schools; this would be an increase from 22 to 24. The required electives would increase from 4 to 6.

The current juniors and seniors would remain with 22 credit requirements in order to graduate. However, the current freshmen and sophomores and all classes beyond would need 24 credits in order to graduate from Decatur Public Schools.

Students would also be classified as a freshman, sophomore, junior and senior by the number of credits they earn each year. Students must earn the appropriate number of credits for each class in order to move forward to the next classification level. ***Note: Effective immediately, students who do not acquire the appropriate number of credits to be classified at the next classification level will be reclassified each year based on their credit attainment.***

INSTRUCTION

6:300 Graduation Requirements

To graduate from high school, unless otherwise exempted, each student is responsible for:

1. Completing all District graduation requirements that are in addition to the State requirements.
2. Completing all courses as provided in the School Code, [105 ILCS 5/27-22](#).
3. Completing all minimum requirements for graduation as specified in State law.
4. Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.
5. Participating in State assessments that are required for graduation by State law.
6. Filing one of the following: (1) a Free Application for Federal Student Aid (FAFSA) with the U.S. Dept. of Education, (2) an application for State financial aid, or (3) an Ill. State Board of Education (ISBE) waiver form indicating that the student understands what these aid opportunities are and has chosen not to file an application. If the student is not at least 18 years of age or legally emancipated, the student's parent/guardian must file one of these documents on the student's behalf.

A student is exempt from this requirement if: (1) the student is unable to file a financial aid application or an ISBE waiver due to extenuating circumstances, (2) the Building Principal attests the District made a good faith effort to assist the student or the student's parent/guardian with filing a financial aid application or an ISBE waiver form, and (3) the student has met all other graduation requirements.

The Superintendent or designee is responsible for:

1. Maintaining a description of all course offerings that comply with the above graduation requirements.
2. Notifying students and their parents/guardians of graduation requirements.
3. Developing the criteria for #4 above.
4. Complying with State law requirements for students who transfer during their senior year because their parent(s)/guardian(s) are on active military duty. This includes making reasonable adjustments to ensure graduation if possible, or efforts to ensure that the original (transferor) school district issues the student a diploma.
5. Taking all other actions needed or necessary to implement this policy.

Beginning with the class of 2028, a minimum of 24 credit hours is required for graduation from Decatur Public High Schools. One half (0.5) credit is earned upon successful completion of each semester course.
