Public Participation	<p>President Clevenger noted that during Public Participation, the Board of Education asked for the following:</p> <ul style="list-style-type: none"> • Identify oneself and be brief. • Comments should be limited to 3 minutes. • Any public comments submitted to the Board Secretary will be included in the record. <p>For our listening audience, please note that during any Board of Education meeting and public participation, Board Members do NOT respond and/or comment to public comments; all comments are referred to administration. Furthermore, the Board refrains from referring to specific students or staff members by name, and requests that public commenters refrain from doing so as well. The request that you omit names was made to protect you from allegations of libel or slander or from violations of the Illinois School Student Records Act. It was not intended to shield an employee from criticism.</p> <p>Sam Mills, President of DEA, spoke to the Board and thanked everyone for starting the process at Dennis Lab School and thanked the administrative staff and teachers at American Dreamer STEM Academy for their continued hard work. Mr. Mills noted that the Strategic Plan group talked about strengths, weaknesses, opportunities and threats; he felt the biggest threat was the vacancy issue. The teacher shortages are real and affects the District on a daily basis, however, we were making steps. Would the Strategic Plan bring teachers to Decatur? If you are interested in working together to address state lawmakers, Mr. Mills was willing to meet to discuss. Solutions are needed for the vacancy issues.</p> <p>Ashley Robinson, Teacher at Muffley Elementary, spoke to the Board in regards to the teacher shortages and how it affected her school and the students; there was an issue with consistency at the beginning of the year. Ms. Robinson asked to work together in order to find a solution so that students would receive a quality education. She extended an invitation to the Board members to visit Muffley Elementary School.</p>	Information only.

The bids for the solar panels were now closed. The Board of Education discussed the EAV and administration's recommendation.</p> <p>Dr. Curry asked for guidance on uploading the truth in taxation information on our webpage 30 days prior to the hearing; it's required by law to be in the newspaper no less than 7 days, but no more than 14 days before the next meeting. This would be considered a public notice of the hearing.</p> <p>The consensus from the Board of Education was for administration to move forward and upload the truth in taxation information early and keep the date of December 10, 2024. The Board of Education would like to keep the District's options open.</p> <p>Dr. Curry asked for guidance on a municipal advisor; the Board members would like to have further conversations with the municipal advisor in the room.</p> <p>Superintendent Clark presented information regarding the Roadmap 2030, Strategic Planning and Master Facilities Plan for DPS 61, (See attached ppt from the 10/22 Open Session Board Packet).</p> <p>Vice President Dion, noted that all of the materials from the meetings were and will be uploaded to the District's website as follows: www.dps61.or/roadmap2030</p> <p>Vice President Dion and Mr. Wetzel are on the Strategic Planning Committee and they each shared their thoughts regarding the first meeting.</p> <p>Ashley Grayned, Executive Director of Innovative Programs and Strategic Planning, spoke on transparency and how the information would be available with honest feedback. There will be some community stakeholder meetings and/or sub committee meetings in the future; this would give others the opportunity to engage.</p> <p>Dr. Jay Marino, Assistant Superintendent of Support Services, noted that the outside facilitator from Green Associates, Steve Chassee, has an expertise in community engagement and will continue to assist the team. Re: 721992 Decatur SD 61, 2 Room Upgrade

Midwest Computer Products is pleased to present a quote to update 2 conference rooms Keil Building (Keil) and Professional Development Institute (PDI) for Decatur School District 61 (SD 61), Decatur Illinois

Project Summary

SD 61 is experiencing their Audio-Visual (AV) system failing in their 2 main conference/training rooms. Except for the newer Epson L570U projectors in the Keil Building the remaining AV components should be updated to give users better experience during meetings.

There are 2 Rooms being considered for upgrades, the conference room in the Keli Building and the large training room in the PDI.

Scope of Work-Keil

Keil Conference Room-Summary

Room components that will not change:

- 3 Epson L570U projectors
- 3 projection screens of varying sizes
- Extron Pole Vault ceiling rack, storage (if possible)
- Extron FF-120 speakers, unsure with or without transformers.
- Poly C70 conference bar.
- Apple TV

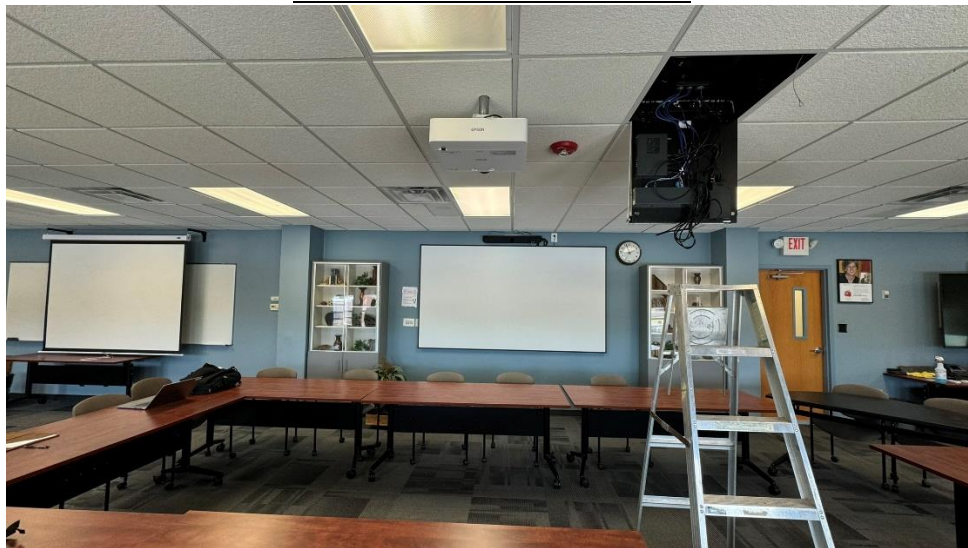

The conference room in the Keil building is 20'0" deep, by 57' 6" long by 8'8" ceilings. The ceiling is 2' by 2' acoustical tiles. There are 3 Epson L570U projectors that will be repurposed. The projection screen should also be repurposed.

The client wants the ability to project the same images to all 3 displays simultaneously. If the client only wants to use one display, they will turn off the remote projectors via the remote.

This quote is valid for 45 days.

Poly C70 over main screen

Video-Functional Description

- MCP will repurpose the 3 Epson L570U projectors and Infrastructure in this room. SD 61 wants the following devices as sources:
 - Laptop 1
 - Laptop 2
 - Apple TV
 - Poly C70 video bar
 - This is used for video calls.
- The front wall plate shall be a dual auto sensing HDMI Plate. MCP will program the plate to auto sense signal upon plugging in device.
- The Apple TV can reside either next to the switcher in the ceiling or at the projector and connect to the switcher (see switching section).
- Since all 3 projectors will have the same signal, we may use a 4 in, 1 out HDMI DA for signal distribution.
 - Clients should use remote to turn off any of the projectors if they choose to.
- The Poly C70 is controlled via IP from a separate TP and will output Video/Audio during video calls.

Switching-Signal Distribution

- MCP will install an appropriately sized switcher (4 input minimum) for this system.
 - The client's desire is to reuse the existing PoleVault ceiling rack.

Audio

- MCP will repurpose approximately 14 FF-120 speakers, MCP will verify if new speaker wire should be installed (TBD).
- MCP will remove the existing amplifier (Dukane 1A1460), which resides in the network rack, moving it to the Pole Vault ceiling rack, if possible.

This quote is valid for 45 days.

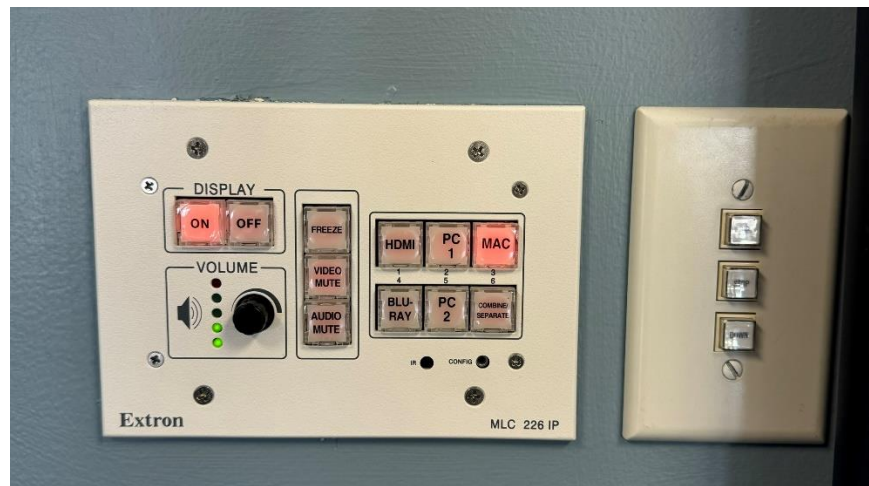

- If the new amp will not fit in the PoleVault rack, a secondary, plenum rated ceiling box may be necessary.

Current Audio Rack

Control

- The client wants an updated user interface in this room. The current system is using MLC 226.
- The new control panel will have the following functionality:
 - Display On/Off – ALL On/Off
 - Source switch
 - Input Plate 1
 - Apple TV
 - Poly C70
- Volume Control
 - Source Volume Up
 - Source Volume Down

This quote is valid for 45 days.

Current MLC 226 IP Panel

Misc AV

- SD 61 has a large display stage left of the main projection screen.
- Rather than removing the display, MCP will provide a 12-15' HDMI cable, which will allow small huddle group use.
- The display is separate from the AV system.

General notes:

- All power and network provided by others.
- Clear access to mounting area required.
- MCP requests a current reflective ceiling plan and current conduit path from displays to all devices.

- Old projectors.
- Old Poly ceiling cameras and mounts
- Old equipment is located on shelves in the room to the front right of the projection screen.
 - Exception is the Crown amplifier and Middle Atlantic power unit.
- Any cabling not deemed reusable.

Term and Termination of Orders: Usage-Based Services, Enterprise Agreements and Multi-Year Orders

- The terms of use for Usage-Based Services (i.e. Cisco-provided WebEx or Software as a Service (SaaS)) are established by the applicable third-party provider of such services either at the applicable third-party provider website or via the separate agreement between CLIENT and third-party provider.
- The "Initial Term" of an order for Usage-Based Services and/or Enterprise Agreement ("Order") starts on the date the Usage-Based Services and/or Enterprise Agreement are available for use by CLIENT and lasts for the time period stated in the Order. After the Initial Term, unless prohibited by applicable law, there will be an automatic "Renewal Term" of the same length of time unless CLIENT notifies Presidio in writing that CLIENT does not want to renew at least sixty (60) days before the end of the then current Initial Term or Renewal Term. If the fees will change for the Renewal Term, Presidio will notify CLIENT reasonably in advance of the Renewal and in time for CLIENT to accept or reject renewing the Usage-Based Services and/or Enterprise Agreement. If CLIENT agrees with the fee changes, CLIENT may do nothing and the new fees will apply for the upcoming Renewal Term.
- Either party may terminate an Order by providing the other party written notice of termination at least sixty (60) days before the end of such Initial or Renewal Term. The termination will be effective on the last day of the Initial or Renewal Term and CLIENT will pay for the Usage-Based Services and/or Enterprise Agreement until the end of the current Initial or Renewal Term regardless of when CLIENT provided notice. Notwithstanding the foregoing, Usage-Based Services and Enterprise Agreements ordered are strictly non-cancelable during the Initial Term or Renewal Term except as otherwise provided in the applicable Service Terms and/or otherwise agreed upon in writing by Presidio. CLIENT will not be entitled to any refund for terminated Usage-Based Services or Enterprise Agreements during the Initial Term or Renewal Term except as agreed upon in writing by Provider and/or Presidio

Multi-Year Agreements

- For multi-year agreements, CLIENT expressly agrees to enter into a binding, non-cancelable agreement per the billing schedule set forth in the quote. THE CLIENT ACKNOWLEDGES AND AGREES THAT THE CLIENT'S AGREEMENT AND PAYMENTS FOR A MULTI-YEAR TRANSACTION ARE ESSENTIAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN THE PARTIES FOR MULTI-YEAR AGREEMENTS, SUCH THAT PRESIDIO WOULD NOT HAVE ENTERED INTO A MULTI-YEAR TRANSACTION WITHOUT SUCH AGREEMENT.

SmartNet (Third party Maintenance)

- CLIENTS rights are subject to the terms provided by the applicable manufacturer. (per website address)

Initiated By: Maurice Payne, Director of Information Technology	Attachments: Securly Renewal Quote
Reviewed By: Dr. Rochelle Clark, Superintendent	

BACKGROUND INFORMATION:

The Children's Internet Protection Act (CIPA) and the district receiving E-Rate funding guidelines require us to ensure we are protecting students while they use district issued iPads. Securly uses multiple tools to enable monitoring of student use of the Google environment: Aware Premium, On-Call, and Filter Premium. They also offer parents the opportunity to review student technology use through the Securly Home.

Aware Premium:

Uses cutting edge AI to identify early signs of anxiety, depression, cyberbullying, self-harm, and potential violence. Aware scans files on Google Drive, Google Docs, Gmail (including attachments), and scans for images containing nudity.

Filter:

Keeps schools CIPA compliant by filtering student searchers on social media as well as search engines such as Google. The filter works 24 hours a day on student devices, regardless of if the student is on or off the DPS network.

On-Call:

Manages flagged activity notifications from Aware to conduct a thorough alert analysis and risk assessment. Securly will escalate the response by notifying school personnel by phone or text based on the risk level. If the risk is extreme, the notification will occur within minutes.

Securly Home

Weekly email reports of a child's online activity at school, search history, and list of sites visited are available to parents in the user-friendly Parent Portal. Parents can also turn students internet access on or off with a single tap, schedule when the internet goes offline, and get urgent alerts related to signs of bullying, self-harm, and other concerning content.

CURRENT CONSIDERATIONS:

This recommendation is for a 3-year renewal to continue using the Securly platform.

FINANCIAL CONSIDERATIONS:

Selecting the 3-year agreement, the annual payment is \$36,870. The total cost of the 3-year agreement is \$110,610.00 The annual payment will come from the IT Budget.

STAFF RECOMMENDATION:

The Administration respectfully requests the Board of Education approve the software agreement with Securly in the amount of \$110,610 as presented.
