intended work. The District has identified work at Baum Elementary for a roof repair/partial replacement for which HLS funds could be expended. BLDD has identified these specific projects and will submit amendments upon approval by the Board of Education. After the amendments have been approved by the Regional Office of Education and the State Board of Education Superintendent, additional approval would be taken by the Board before proceeding with this project.

FINANCIAL CONSIDERATIONS:

BLDD estimates HLS projects in the following amounts. The projects would primarily address the roof at Baum and a much needed repair or partial replacement of the 1993 addition.

Baum Elementary Roof: \$65,000

Upon approval of the HLS amendments, and board approval to proceed with the additional project, the funding of the \$65,000 in this project would be primarily paid from the HLS Fund.

STAFF RECOMMENDATION:

The Administration respectfully requests the Board of Education authorize BLDD to submit the Health Life Safety Amendments to the Regional Office of Education on behalf of Decatur Public School District 61 as presented.

School Board

Committees

The School Board may establish committees to assist with the Board's governance function and, in some situations, to comply with State law requirements. These committees are known as Board committees and report directly to the Board. Committee members may include both Board members and non-Board members depending on the committee's purpose. The Board President makes all Board committee appointments unless specifically stated otherwise. Board committee meetings shall comply with the Open Meetings Act. A Board committee may not take final action on behalf of the Board – it may only make recommendations to the Board. Administration shall annually provide a report to the Board on the status of each committee.

Special Board Committees

A special committee may be created for specific purposes or to investigate special issues. A special committee is automatically dissolved after presenting its final report to the Board or at the Board's discretion.

Standing Board Committees

A standing committee is created for indefinite term although its members will fluctuate. Standing committees are:

- 1. Discipline Action Committee. This <u>negotiations</u> committee meets once a month. This committee addresses discipline issues, guidelines, and forms pertaining to student discipline. This committee reviews concerns from building representatives as outlined in the DEA contract. The committee consists of one (1) Board member, representatives from the Association (including one Co-Chairperson), and representatives from Administration (including one Co-Chairperson). Association and Administration have equal number of representatives on the committee. Committee shall serve as the Parent Teacher Advisory Committee as well as the Behavioral Interventions Committee. The committees shall consist of equal number of representatives from the Board/Administration and the Decatur Education Association. The Decatur Education Association shall appoint one (1) elementary member, one (1) middle school member, one (1) high school member, one (1) behavior specialist/school psychologist and one (1) alternative education member.
- 2. Schedule B Committee. The purpose of this <u>negotiations</u> committee is to make recommendations regarding creation, deletions, additions and/or modifications to Schedule B positions. The committee consists of one (1) Board member, an Association representative from each level (elementary, middle, high school, K-8) and representatives from Central Office Administration. Administration members must not exceed Association members. Recommendations are submitted to the Board and Association for approval. The committee shall consist of an equal number of representatives from the Board/Administration and the Decatur Education Association. The Decatur Education Association shall appoint one (1) elementary member, one (1) middle school member,

- one (1) high school member, one (1) behavior specialist/school psychologist and one (1) alternative education member.
- 3. Finance Committee. This committee generally reviews financial matters prior to submission to the Board of Education. The committee is made up of two Board members, the Superintendent, and his/her Executive Cabinet. The committee allows for in-depth discussion on topics to provide Administration guidance prior to submitting to the Board for action.
- 4. Insurance Committee. This <u>negotiations</u> committee meets to review usage reports and makes recommendations relevant to changes to the health insurance plan document and/or employee contributions due to financial factors or changes in the law. The committee also makes dental plan recommendations regarding the placement of voluntary dental policies. The committee's voting members include up to seven (7) Decatur Education Association members, four (4) representatives of the Board including one (1) Board member, and at least one (1) representative from each union. The membership from individual unions is provided on a 1 to 100 employee basis. Members act as liaisons to report back to their respective members.
- 5. Employee Appraisal Action Committee. This <u>negotiations</u> committee shall consist of an equal number of representatives from the Board/Administration and the Association including one (1) Board member. The Association shall appoint its representatives, provided there is representation from each instructional level: early childhood, elementary, middle, secondary, and special education. The parties agree the standing Appraisal Action Committee, co-chaired by a representative of the Board and a representative of the Association, shall continue to evaluate the Appraisal Process, including procedural guidelines and forms. The Committee shall meet a minimum of one (1) time per semester primarily for purposes noted in the Teacher Collective Bargaining Agreement or otherwise in a timely manner upon request of either chair. Committee recommendations regarding amendments, deletions, additions or modifications to the Appraisal Process (procedural guidelines and/or forms) will be submitted to the Board and the Association for their consideration and approval.
- 6. Board Policy Committee. This committee shall consist of representatives from the Board and Administration. As a member of the Illinois Association of School Boards (IASB) and the IASB Policy Reference Education Subscription Services (PRESS), this committee shall meet at least quarterly to review PRESS sample policies, legal rationales, and associated references for the purpose of updating District policies and make recommendations to the full Board for consideration.

Nothing in this policy limits the authority of the Superintendent or designee to create and use committees that report to him or her or to other staff members.
