NEXT STEPS

elementary program

1: exemplar tours **ELEM**

TBD

2: define **ELEM**

TBD

3: ideation **ELEM**

TBD

4: prototype **ELEM**

TBD

5: test **ELEM**

TBD

Possible Program Approaches:

Questions to be resolved during the design process

- Overarching questions:
 - Addition locations?
 - Number of classrooms?
 - Number of common spaces and sizes?
 - Existing building renovations?
 - Site changes?
- 3D Model “kit of parts”
 - For quick: “what if?” modeling to illustrate possible approaches
